The Plan Administrator
Clean Scapes Employee Stock Ownership Plan

Opinion

We have audited the financial statements of Clean Scapes Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets (deficit) available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets (deficit) available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Clean Scapes Employee Stock Ownership Plan

Summary of Significant Accounting Policies

Description of Plan

The following brief description of the Clean Scapes Employee Stock Ownership Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General

Clean Scapes Enterprises, Inc. (the “Company”) established the Plan effective as of January 1, 2021. The Plan operates as a leveraged employee stock ownership plan (“ESOP”) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (the “Code”) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Company is the Plan’s sponsor and serves as plan administrator. The Board of Directors (the “Board”) means the Board appointed by the employer to govern the Plan. Ventura Trust is the Plan’s third-party trustee (“Trustee”) that holds the stock for the participants and the unallocated shares.

The Plan purchased the Company’s common stock (“stock”) using proceeds of borrowings from the Company (see Note 3). The borrowings are to be repaid through 2050.

The borrowings are collateralized by the unallocated shares of stock. As the Plan makes each payment of principal and interest, an appropriate percentage of stock will be allocated to eligible employees’ accounts in accordance with applicable regulations under the Code. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023 and for the year ended December 31, 2024 present separately the assets and liabilities and changes therein pertaining to:

- a.) the accounts of employees with rights in allocated common stock (“allocated”), and
- b.) common stock not yet allocated to employees (“unallocated”).

Eligibility

Employees 21 years of age on April 26, 2021 were eligible to participate in the Plan as of the Plan’s effective date. Thereafter, employees of the Company are eligible to participate in the Plan after completing one year of service and attaining 21 years of age. A year of service is defined as a 12-month period in which the employee has 1,000 hours of service. Participants will enter the Plan on January 1 and July 1 of year in which they become eligible. Excluded employees include non-resident aliens who receive no earned income from the Company which constitutes income from sources within the United States, leased employee, and members of a labor union.

Clean Scapes Employee Stock Ownership Plan

Summary of Significant Accounting Policies

Contributions

The Company is obligated to make contributions to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its note payable. Employee contributions are not permitted. Contributions to be used for loan repayments of \$7,944,475 were authorized for the Plan for the year ended December 31, 2024. Company contributions receivable was \$5,440,704 as of December 31, 2024 and was received on May 27, 2025.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Vesting

Participants vest in the Company's contributions based on the following schedule:

Years of Service	Percentage Vested
0	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

The employee account becomes 100% vested in the event of a participant's death, disability, or normal retirement.

Clean Scapes Employee Stock Ownership Plan

Summary of Significant Accounting Policies

Payment of Benefits

Distribution of plan benefits due to termination for normal retirement, disability, death, or other reasons will be made in shares of Company common stock (see put option below), lump-sum, or in annual installment payments over a period generally not to exceed five years, unless the participant elects to receive benefits over a longer period of time. Normal retirement benefits will commence to be distributed to participants within one year after the close of the year during which participants retire. If participants continue to work for the corporation past the normal retirement date, distributions of benefits will be deferred until retirement. Death benefits will commence to be distributed within one year after the year of the death. If participants become permanently disabled while participating in the Plan, benefits will commence within one year after the close of the plan year in which employment with the Corporation is terminated. If employment with the Company is terminated for any reason other than death, disability or retirement, entitled benefits will commence to be distributed within five years after the close of the year in which employment with the Company is terminated but not before the note payable is repaid.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of his or her account balance, less any amounts previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution. The election to diversify is made subsequent to year-end based upon the shares of employer stock in the participant's account at year-end. During the year ended December 31, 2024, there were no diversification amounts in the Plan.

Summary of Significant Accounting Policies

Voting Rights

With respect to employer securities held in a participant's employer securities account, a participant has the right to direct the Trustee regarding the voting of such employer securities that are allocated to his employer securities account with respect to any corporate matter which involves the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or such similar transaction. On other corporate matters requiring a vote of the shareholders, the Trustee shall properly vote employer securities allocated to participant accounts in its sole discretion. The Trustee shall have the right to vote in its discretion employer securities held in the unallocated employer securities account and any employer securities which a participant or beneficiary fails to vote.

Right of First Refusal

The right of first refusal shall provide that prior to any subsequent transfer, the shares must first be offered for purchase in writing to the Company, on behalf of the Plan, at the fair market value. The fair market value for these shares of Company common stock shall be the greater of the price offered to the participant by the prospective purchaser or the most recent preceding valuation date of the Plan. The Company and the Trustee have 14 days to exercise this right of first refusal.

Administrative Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company has paid the operating expenses for the Plan for the year ended December 31, 2024.

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. Forfeitures allocated to participants during December 31, 2024 were 5,292 shares totaling \$61,650. Forfeited non-vested accounts to be allocated to participant accounts in future years as of December 31, 2024 and 2023 were 1,882 shares totaling \$21,928 and 5,838 shares totaling \$46,177, respectively.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Clean Scapes Employee Stock Ownership Plan

Summary of Significant Accounting Policies

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (“allocated”) and (b) stock not yet allocated to employees (“unallocated”), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment Valuation and Income Recognition

The shares of Company common stock are reported at fair value. See note 2 for a discussion of the fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payments of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

1. Investments

The Plan's investment in Company stock is presented in the following table:

	December 31, 2024		December 31, 2023	
	Allocated	Unallocated	Allocated	Unallocated
Clean Scapes Enterprises, Inc. common stock:				
Number of shares	239,780	760,220	131,426	868,574
Original cost	\$ 13,255,998	\$ 42,028,002	\$ 7,265,755	\$ 48,018,245
Estimated fair value	\$ 2,793,429	\$ 8,856,571	\$ 1,039,576	\$ 6,870,424

2. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 Inputs to the valuation methodology unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024		2023	
	Level 3	Total	Level 3	Total
Investment in Clean Scapes Enterprises, Inc. common stock	\$ 11,650,000	\$ 11,650,000	\$ 7,910,000	\$ 7,910,000
Total assets at fair value	\$ 11,650,000	\$ 11,650,000	\$ 7,910,000	\$ 7,910,000

Changes in Fair Value of Level 3 Assets

The following table is a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2024:

Balance, beginning of year	\$ 7,910,000
Unrealized appreciation in estimate fair value	3,740,000
Balance, end of year	\$ 11,650,000

The following is a description of the valuation techniques used for assets measured at fair value.

Cash – The carrying amounts reported are at cost, which approximates their fair values.

Company common stock – The fair value of the Company's common stock held by the Plan is valued at an estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques as illustrated in the following table.

Instrument	Fair Value	Principle Valuation Technique	Unobservable Inputs
Clean Scapes Enterprises, Inc. common stock	\$ 11,650,000	Income approach (discounted cash flow method)	Projected income statements Projected balance sheet Projected cash flow Weighted average cost of capital Discount rate Discount for lack of marketability
		Market approach (guideline transaction method)	Private equity transactions EBITDA multiple Discount for lack of marketability

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Note Payable

On May 12, 2021, the Plan entered into a \$51,596,200 promissory note with the Company. The proceeds of the note were used to purchase 1,000,000 shares of the Company's outstanding common stock. Unallocated shares are collateral for the note. The agreement provides for the note to be repaid over 30 years. The note bears interest at the rate of 2.16% per annum. The promissory note was amended on April 22, 2022 to increase the original principal amount to \$55,284,000. The amendment was deemed effective as of May 12, 2021. The balance due under the promissory note as of December 31, 2024 and 2023 is \$47,147,382 and \$48,601,363, respectively.

Maturities of this note are expected to be as follows:

<i>Years ending December 31,</i>	
2025	\$ 1,485,387
2026	1,517,471
2027	1,550,249
2028	1,583,734
2029	1,617,943
Thereafter	39,392,598
	<hr/>
	\$ 47,147,382

The shares purchased are unallocated to secure the note. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 108,354 and 34,149 shares being released and allocated for the plan years ended December 31, 2024 and 2023, respectively.

4. Related Party and Party in Interest Transactions

The Plan invests in Company common stock and has indebtedness guaranteed by the Company. These are related party and party in interest transactions. As described in the summary of significant accounting policies, the Company paid plan operating expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

Notes to Financial Statements

5. Risks and Uncertainties

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

6. Plan Termination

The Plan Sponsor reserves the right to terminate the Plan at any time, subject to plan provisions. Upon termination of the Plan, the entire interest of each of the affected participants shall become 100 percent vested. Upon termination of the Plan, the Trustee will pay all liabilities and expenses of the Plan and sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. See Note 8.

7. Tax Status

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated July 1, 2022, stating that the Plan is qualified under the Code on condition the Plan adopt proposed amendments submitted to the IRS. The Plan adopted the amendments retroactively effective on January 1, 2021 and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since complying with the determination letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the Code. Therefore, the Plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

The Plan has evaluated subsequent events occurring after December 31, 2024, the date of the most recent statements of net assets available for benefits, through October 15, 2025, the date the financial statements were available to be issued.

On June 1, 2025, the Plan sold 100% of the Company's common stock to a third party. In connection with the sale, the Plan's note payable to the Company was cancelled in exchange for the unallocated shares of the Company's common stock that were held as collateral for the loan. As a result, the loan was extinguished and all remaining unallocated shares were released and transferred to the acquiring entity, and the Plan no longer holds any Company common stock.

Subsequent to the sale of the Company's common stock, the Board approved the termination of the Plan effective on June 2, 2025. Effective with the termination, all participants of the Plan shall vest 100% in their respective account balances. The Plan shall distribute all assets of the Plan to the Plan participants as soon as practicable after the termination.

These events occurred after December 31, 2024 and represent nonrecognized subsequent events. Accordingly, no adjustments have been made to the accompanying financial statements as of and for the year ended December 31, 2024.

The Plan does not believe any other subsequent events have occurred that would require further disclosure or adjustment to the financial statements.
