INDEPENDENT AUDITOR'S REPORT
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2024

To the Plan Administrator of
the Economy Mud Products Company 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Economy Mud Products Company 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Economy Mud Products Company 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Charles Schwab Bank ("CSB") as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- the information in the accompanying financial statements related to assets held by and certified to CSB agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“U.S. GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Economy Mud Products Company 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Economy Mud Products Company 401(k) Profit Sharing Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures

include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Economy Mud Products Company 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Economy Mud Products Company 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, was presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, was presented, in

all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Economy Mud Products Company 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023

1. Description of the Plan

The following description of the Economy Mud Products Company 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established effective January 1, 2008, as amended and restated effective January 1, 2009, for the employees of Economy Mud Products Company (the "Company" or "Employer"), as defined in the Plan Document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments and tax law provisions.

Administration of the Plan

The Employer is the Plan Administrator. Charles Schwab Bank ("Schwab" or "Custodian") is the investment custodian and BOK Financial Asset Management, Inc. ("BOK") is the third-party administrator, investment advisor and record-keeper for the Plan's participant-directed accounts.

Eligibility

Employees of the Company are eligible to participate in the Plan as well as begin making contributions on their date of hire.

Contributions

Participants may make tax deferred contributions of any percentage or dollar amount of their compensation during the plan year as defined in the Plan Document, up to the maximum amount allowed by law (\$23,000 for 2024 and \$22,500 for 2023). Participants who have attained age 50 before the end of the plan year are eligible to make additional tax deferred catch-up contributions of up to \$7,500 for both 2024 and 2023. Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Effective July 1, 2021, the Employer implemented the Roth contribution option.

The Plan Document permits the Employer to make discretionary matching and profit sharing contributions, which will be determined each plan year. Discretionary matching contributions totaled \$175,936 and \$157,436 for 2024 and 2023, respectively.

Excess Contributions

Amounts payable to participants totaling \$25,171 as of December 31, 2024 for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as corrective distributions payable, with a corresponding amount in corrective distributions on the statements of changes in net assets available for benefits. The Plan distributed the excess contributions prior to March 15, 2025.

Participant Accounts

Each participant's account is credited with 1) participant's deferral, 2) rollover contributions, and 3) the Employer's discretionary matching and profit sharing contributions, if any, as well as plan earnings, less an allocation of administrative expenses, if applicable. Allocations are based on participant contributions or account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the

the participant's vested account.

Vesting

Participants are immediately 100% vested in their compensation deferral, rollover contributions, safe harbor contributions and related earnings. Vesting in the Employer's discretionary matching and discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of service. Participants vest in increments of 20% each year after the second year of service and are 100% vested six years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the vested balance in the participant's account and bear interest at rates determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions or by check, and are typically repaid within one to five years. Repayments can be for longer periods if the note is used for the purchase of a participant's primary residence. The Plan Document limits participants to one outstanding note at any time.

Payment of Benefits

Benefits are generally provided upon normal retirement, disability, death or termination of employment. Upon normal retirement, disability or death, a participant is entitled to receive 100% of their account balance. Upon termination, a participant is entitled to receive the vested portion of their account balance. Employees whose vested account balance is less than or equal to \$5,000 upon termination of employment will have an involuntary cash-out distribution. Benefits are paid as a lump-sum amount as defined in the Plan Document. Financial hardship withdrawals are permitted, as defined in the Plan Document. A participant who receives a hardship withdrawal shall be prohibited from making participant contributions to the Plan for six months after receipt of such distributions.

Forfeitures

Participants terminating from the Plan forfeit the balances in their employer accounts to the extent they have not become vested in such amounts. Forfeitures may be used to reduce the Plan's administrative expenses and to reduce the Employer's discretionary contributions. At December 31, 2024, there were no unallocated forfeiture amounts and during 2024, \$9,879 of forfeitures was applied to reduce the Plan's expenses or the Employer's contributions. At December 31, 2023, there were \$5,518 of unallocated forfeiture amounts and during 2023, \$688 of forfeitures was applied to reduce the Plan's expenses or the Employer's contributions.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, as codified by the Financial Accounting Standards Board ("FASB") in its Accounting Standards Codification ("ASC").

Economy Mud Products Company 401(k) Profit Sharing Plan
Notes to Financial Statements - continued
December 31, 2024 and 2023

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator and management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates. It is at least reasonably possible that a significant change may occur in the near term for the estimates of investment valuation.

Benefits

Benefits are recorded as a reduction to net assets available for benefits when paid.

Investment Valuation and Income Recognition

The Plan's investments are primarily held in various mutual funds as well as cash equivalents, self directed brokerage accounts and a common/collective trust which are administered by the Custodian. The Plan's investments are stated at fair value. Interest and dividend income are recorded when received. The change in the current value of investments (including investments bought and sold) recorded during the period are reflected in the Statements of Changes in Net Assets Available for Benefits as net appreciation or depreciation in fair value of investments.

The Wells Fargo Stable Value Fund (common/collective trust) is designed to allow retirement trusts to have stability of investment returns, preservation of capital, liquidity to pay plan benefits, high credit quality, and reasonable tracking of interest rates. The fund may invest in conventional, synthetic, and separate account investment contracts issued by life insurance companies, banks and other financial institutions. Characteristics of these contracts allow for their principal value to remain stable regardless of the volatility of the markets. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment.

Investments in mutual funds, stock funds and self-directed brokerage accounts are based upon quoted market prices as reported by the Custodian of the Plan's assets. Cash equivalents are stated at cost which approximates fair value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the Plan Document. No allowance for credit losses have been recorded as of December 31, 2024 and 2023.

Risks and Uncertainties

The Plan provides for various investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate risk, financial market risk and credit risk. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

Notes to Financial Statements - continued
December 31, 2024 and 2023

Fees and expenses

The Plan's expenses are paid either by the Plan or the Employer, as provided by the Plan Document. Expenses that are paid directly by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other participant directed expenses, are charged directly to the participant's account and are included in expenses of the Plan. Investment related expenses are included in net appreciation of fair value of investments. During the year ended December 31, 2024, investment management fees and plan audit fees paid by the plan sponsor were \$34,180 and \$15,000, respectively. During the year ended December 31, 2023, investment management fees and plan audit fees paid by the plan sponsor were \$27,075 and \$15,000, respectively.

Subsequent Events

The Plan's management evaluates events and transactions occurring after the statement of net assets available for benefits date, but before the financial statements are available to be issued. The Plan Administrator evaluated such events and transactions through October 15, 2025, the date the financial statements were available for issuance and have determined that there are no events that require recognition in the financial statements or disclosure in the notes to the financial statements.

3. Information Certified by the Investment Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

<i>December 31,</i>	2024	2023
Cash equivalent (interest bearing cash)	\$ 195,838	\$ 113,465
Mutual funds	7,981,329	6,535,444
Common/collective trusts	-	206,817
Self-directed brokerage accounts	512,666	327,482

Net appreciation (depreciation) in fair value of investments	\$ 889,433	\$ 800,844
Dividends and interest from investments	340,772	216,255

The Plan's independent auditors did not perform auditing procedure with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

ASC 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy as defined by ASC 820 are as follows:

- Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - a. Quoted prices for similar assets or liabilities in active markets
 - b. Quoted prices for identical or similar assets or liabilities in inactive markets
 - c. Inputs other than quoted prices that are observable for the asset or liability
 - d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the assets or liability.

- Level 3 - Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

- *Cash Equivalents (Interest Bearing Cash)* : Interest bearing is stated at cost, which approximates fair value.
- *Mutual Funds* : The fair values of mutual funds are determined based on quoted market prices ("fair value") on the last business day of the plan year as reported by the investment custodian of the Plan's assets. The change in the current value of investments during the period are reflected in the Statements of Changes in Net Assets Available for Benefits as net appreciation or depreciation in fair value of investments. Investments are generally subject to the volatility of the major stock markets in which the underlying investments are held.

Economy Mud Products Company 401(k) Profit Sharing Plan
Notes to Financial Statements - continued
December 31, 2024 and 2023

- *Common Collective Trust* : The Plan invests in a stable value fund, Wells Fargo Stable Value Fund (the "Fund"). The Fund is a collective trust and is valued at its net asset value ("NAV") based on the units owned, as provided by the Custodian, and the NAV is used as a practical expedient to estimate fair value. This NAV represents the Plan's fair value since this is the amount at which the plan transacts with the Fund. The Fund is a stable value fund, which seeks to provide investors stable principal and high current income, and may invests in Full Benefit Responsive Investment Contract ("FBRIC"). The Fund includes FBRICs at contract value in determining NAV. There were no unfunded commitments. One year of notice is typically required to redeem the trust at contract value. The Custodian may waive the notice period at its sole discretion. Participants directed redemptions are allowed daily with no restrictions.
- *Self-Directed Brokerage Accounts* : The Plan also allows its participants to self-direct their funds into a range of investment options including individual common stocks, mutual funds, and other investment options provided by the Custodian. At December 31, 2024 and 2023, self-directed brokerage accounts consisted entirely of common stock and mutual funds which are valued based on quoted market prices on the last business day of the plan year as reported by the investment custodian.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuations determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's assets as of December 31, 2023 and 2022:

Investments at Fair Value as of December 31, 2024:

	(in \$)

(1) Investments in the common/collective trust accounts that are measured at net asset value per share equivalent are not classified in the fair value hierarchy. The fair value amounts presented are intended to reconcile the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

5. Income Tax Status

The Internal Revenue Service has determined and informed the Employer by a letter dated June 30, 2020, that the Plan and related trust as amended are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Employer believes it is no longer subject to income tax examinations for years prior to 2021.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has a right under the Plan Document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination or partial termination, participants become 100% vested in their account balances. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

7. Party-in-Interest Transactions

The custodian receives contributions, manages the investments of the Plan, and makes payments to participants in accordance with the Plan Document; therefore, certain transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. The Plan Administrator has approved of these activities and transactions. Fees paid by the Plan to the third-party administrator and/or custodian were \$44,390 and \$29,450 for the years ended December 31, 2024 and 2023, respectively.
