## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator  
Sunflower Landscaping and Maintenance, Inc.  
Employee Stock Ownership Plan  
Delray Beach, Florida

**Opinion**

We have audited the financial statements of the Sunflower Landscaping and Maintenance, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Emphasis of Matter**

As described in Note 4, investments in the Sunflower Landscaping and Maintenance, Inc. common stock amounting to \$24,920,000 and \$29,340,000 as of December 31, 2024 and 2023, respectively, have been valued at estimated fair values as determined by an independent appraisal, which has been reviewed and approved by management. These amounts represent approximately 99% and 99% of Plan assets as of December 31, 2024 and 2023, respectively. Our opinion is not modified with respect to this matter.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

---

(Continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplemental Schedules Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

---

(Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SUNFLOWER LANDSCAPING AND MAINTENANCE, INC.  
EMPLOYEE STOCK OWNERSHIP PLAN  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2024 and 2023

---

**NOTE 1 - PLAN DESCRIPTION**

The following description of the Sunflower Landscaping and Maintenance, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: Effective January 1, 2005, Sunflower Landscaping and Maintenance, Inc. (the "Company") established the Plan. The Plan is a stock bonus plan under Section 401(a) of the Internal Revenue Code (IRC) and is designed to be an employee stock ownership plan under Section 4975(e)(7) of the IRC. The Plan is a noncontributory, leveraged, defined contribution plan covering substantially all employees of the Company who have completed at least one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan purchased the Company's common shares of stock from existing stockholders using funds borrowed from the Company and holds the stock in a trust established under the Plan. The loan, as applicable, is collateralized by the unallocated shares of stock and are guaranteed by the Company. Accordingly, the accompanying financial statements present separately the net assets and changes therein pertaining to the accounts of employees with vested and nonvested rights in allocated stock and stock not yet allocated to employees (unallocated). As of December 31, 2023, the Plan has fully paid off the note and the Plan does not have unallocated shares.

During 2005, the Plan entered into an \$8,000,000 term loan agreement with the Company. The proceeds of the loan were used to purchase 666,000 shares of common stock of the Company. Shares were released from the pledge annually as payments were made on the loan. Principal and interest payments were due annually, with the last payment made in 2016. During 2013, the Plan entered into a \$3,916,731 term loan agreement with the Company. The proceeds of the loan were used to purchase 1,334,000 shares of common stock of the Company. Principal and interest payments were due annually, with the last payment in 2023.

Eligibility: Employees of the Company are allowed to participate in the Plan after completion of one year of service. Upon completion of the eligibility requirements, participants are entered into the Plan on either January 1st or July 1st.

Contributions: Contributions to the Plan are at the discretion of the Company's board of directors provided that such contributions, when aggregated with the Plan's dividends, shall be sufficient to cover principal and interest on the securities acquisition loans. As the Plan makes each payment of principal and interest, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the Internal Revenue Code.

The Company can also make discretionary contribution to the Plan for funding needs. The Company made a discretionary contribution in the amount of \$1,023,565 for the plan year ended December 31, 2024.

Vesting: Vesting in each participant's account is based on years of credited service. A participant is 100% vested after three years of credited service.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

NOTES TO FINANCIAL STATEMENTS  
December 31, 2024 and 2023

---

**NOTE 1 - PLAN DESCRIPTION** (Continued)

Benefit Payments: At the election of the terminated participant, distribution of the participant's vested account balance shall commence no later than the fifth plan year following the year in which termination of employment occurs. Payments may be made in the form of cash or stock subject to a put option. Benefits paid to a terminated participant shall not include any Company stock acquired with the proceeds of an exempt loan until the close of the Plan year in which such loan is repaid in full.

Put Option: Under Federal income tax regulations, the Company stock held by the Plan includes a put option because it is not readily tradable on an established market. The put option provides participants with the right to demand that the Company buy shares of Company common stock distributed to them upon termination, at estimated fair value based upon independent appraisal. The Company can fulfill its purchase obligation over a period of five years, with accrued interest.

Participant Accounts: The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released from the unallocated account and released forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations of employer contributed stock are based on a participant's eligible compensation, relative to total eligible compensation. Allocations of stock and cash dividends are allocated to participants based on the ratio of shares held in the participant's individual account to the total number of shares allocated as of the date of the dividend. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Voting Rights: Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

Diversification: Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period, subject to certain percentage limitations. Participants who elect to diversify receive cash distributions.

Forfeitures: Participant forfeitures of employer contributions are reallocated to participants, based upon their eligible compensation. During 2024, the Plan reallocated 2,035 shares amounting to \$29,853 to the participants.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. The common shares of Sunflower Landscaping and Maintenance, Inc. are valued at estimated fair value as determined by an independent appraisal each plan year end. The deposit account of Sunflower Landscaping and Maintenance, Inc. is estimated to approximate the cost basis of the deposit account balance, based upon the liquidity of the account and the credit quality of the issuer. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Benefit Payments: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates. It is at least reasonably possible that a significant change may occur in the near term in the estimated fair value of the Plan's investment in employer securities.

Risks and Uncertainties: The Plan provides for investment in Sunflower Landscaping and Maintenance's common stock. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks, as well as risk associated with the ongoing global events. Due to the level of risk associated with the common stock and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**NOTE 3 - RIGHTS UPON PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

**NOTE 4 - FAIR VALUE MEASUREMENTS**

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

*Level 1:* Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

*Level 2:* Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

*Level 3:* Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

NOTES TO FINANCIAL STATEMENTS  
December 31, 2024 and 2023

**NOTE 4 - FAIR VALUE MEASUREMENTS** (Continued)

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Company Common Stock: Investments in Company common stock are valued by independent appraisal as of the last day of the Plan's year. The appraised values are derived using a combination of historical financial information, projected earnings, cash flow information for the Company and comparisons to other comparable businesses, as well as other input factors (Level 3 inputs). The historical and projected financial information of the Company used by the appraiser is provided to the appraiser by the Company's Chief Financial Officer (CFO). Prior to the completion of the independent appraisal, the CFO verifies the financial information in the draft appraisal against the information provided to the appraiser.

The plan trustee and CFO also review and evaluate the appraiser's methodology and assumptions, which involves discussions with the appraiser to gain an understanding of the impact on the appraisal due to the selection of the various methodologies and assumptions. The plan trustee, as fiduciary, is responsible for the final approval of the appraisal which is then presented to plan management.

Mutual Fund: The fair value of the investment in the mutual fund is determined by obtaining quoted price on a nationally recognized security exchange (Level 1 inputs).

Deposit Account: Fair value is estimated to approximate the cost basis of the deposit account balance, based upon the liquidity of the account and the credit quality of the issuer (Level 2 inputs). The Plan's investments in the deposit account occasionally exceed federally insured balances.

NOTES TO FINANCIAL STATEMENTS  
December 31, 2024 and 2023

**NOTE 6 - TAX STATUS**

The Internal Revenue Service has determined and informed the Company by a letter dated February 10, 2015 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

**NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS**

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds shares of Company common stock which is a related-party investment.

**NOTE 8 - SUBSEQUENT EVENTS**

Plan management has evaluated subsequent events for recognition and disclosure through October 15, 2025, which is the date the financial statements were available to be issued.
