Independent Auditor's Report

RSM US LLP

The Chamberlain Group LLC Investment Committee
Chamberlain 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Chamberlain 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter-Plan Merger

As discussed in Note 9 to the financial statements, the Chamberlain Group LLC Investment Committee of The Chamberlain Group LLC, the Plan's sponsor, approved a resolution on November 18, 2024, to merge Controlled Products Systems Group 401(k) Plan and Systems LLC 401(k) Plan into the Plan effective December 31, 2024. All plan assets of Controlled Products Systems Group and Systems LLC, were transferred to the Plan on December 31, 2024. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Chamberlain 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following brief description of the Chamberlain 401(k) Plan (the Plan), sponsored by The Chamberlain Group LLC (the Company or CGI), provides general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Chamberlain Group LLC Investment Committee is responsible for the oversight of the Plan.

General: The Plan is a contributory defined contribution plan. Full-time employees become eligible on the date coinciding with, or next following the completion of 30 days of service. Part-time employees, who have completed 1,000 hours of service within 12 months of hire date, or in any subsequent plan year, are also eligible to participate. Participation in the Plan is voluntary; however, any eligible employee who does not enroll on his or her own, or elect to opt out of automatic enrollment, will be automatically enrolled in the Plan upon meeting eligibility requirements. Under automatic enrollment, 3% of the participant's compensation before tax will be contributed to the plan as pre-tax contributions in a designated Fidelity Advisor Freedom fund until changed by participants. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may make voluntary salary reduction (401(k)) contributions to the Plan from 2% to 50% of their compensation in an amount not to exceed various limitations up to the maximum allowed under the Internal Revenue Code (IRC). Participants may also contribute amounts rolled over from other qualified plans (rollovers). Highly compensated employees' deferral limit is 12% of their compensation, as defined by the Plan. Participants age 50 or older may also make catch-up contributions to the Plan according to the IRC. The Company makes matching contributions equal to 50% of the first 6% of compensation that a participant contributes to the Plan. The Company may also make discretionary matching contributions to the Plan, as determined by the Company each year. There were no discretionary matching contributions made in 2024.

The Plan allows for an additional supplemental Company contribution equal to 4.5% to 6% of compensation. The percentage of the additional supplemental contribution credited to the eligible participant's individual accounts is based on years of vested service, as defined, regardless of whether they currently contribute to the Plan. The 2024 supplemental Company contribution was approximately \$7,494,000 of which approximately \$600,000 was funded by the forfeitures account when the Company remitted this contribution in 2025.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's matching and discretionary contributions, if any, and allocations of any additional supplemental Company contributions and plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their voluntary salary reduction contributions and Company matching and discretionary contributions plus actual earnings thereon. Vesting in the additional supplemental Company contribution is based on years of continuous service. A participant is not vested until completing three years of service. Upon the participant's third year of service the participant is 100% vested.

Payment of benefits: Participants are eligible to receive benefit payments upon retirement, death, disability or termination of employment. For balances over \$5,000, participants may elect to receive a lump-sum distribution in an amount equal to the value of their vested accounts or in annual installments not to exceed 10 years. Balances under \$5,000 will be paid to participants as a lump-sum payment. In addition, hardship distributions are permitted if certain criteria are met.

Chamberlain 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Investment options: Upon enrollment in the Plan, participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,500 up to a maximum equal to the lesser of \$50,000 reduced by a participant's highest outstanding loan balance, if any, over the preceding 12 months, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a reasonable interest rate based on the prevailing interest rates for similar loans as determined by the Company based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances at the time of loan origination. Principal and interest are paid ratably through participant payroll deductions under a reasonable repayment schedule of not more than five years, or not more than 20 years for loans for the purchase of a principal residence.

Forfeited accounts: At December 31, 2024 and 2023, forfeited nonvested accounts totaled approximately \$724,000 and \$360,000, respectively. These accounts are used to reduce future Company contributions. During 2024, approximately \$187,000 was used to reduce Company contributions and approximately \$184,000 was used to pay for plan expenses.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Chamberlain Group LLC Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Administrative expense: Certain expenses of the Plan may be paid out of assets of the Plan to the extent that the Company does not pay such expenses.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Defaulted loans are treated as distributions based upon the terms of the plan document.

Chamberlain 401(k) Plan

Notes to Financial Statements

Note 3. Information Certified by Fidelity Management Trust Company, the Trustee

The following is a summary of the Plan's asset and income information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule that was prepared by or derived from information provided by Fidelity Management Trust Company (Fidelity), the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Fidelity that the information provided to the Plan Administrator by Fidelity related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule with respect to the following assets:

| | December 31 | |
|-----------------------------------------------------------------------------|----------------|----------------|
| | 2024 | 2023 |
| Investments—shares of registered investment companies and money market fund | \$ 337,302,460 | \$ 268,748,154 |
| Notes receivable from participants | 3,704,494 | 3,105,383 |

Fidelity also certified to the completeness and accuracy of \$43,256,791 of net appreciation in fair value of investments, \$4,648,369 of interest and dividends related to the aforementioned investments, and \$228,725 of interest income on notes receivable from participants for the year ended December 31, 2024.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Chamberlain 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Shares of registered investment companies and money market fund: Valued at the daily closing price as reported by the fund. Shares of registered investment companies and the money market fund held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies and the money market fund held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

| | 2024 | | | |
|-------------------------------------------|----------------------|-------------|-------------|----------------------|
| | Level 1 | Level 2 | Level 3 | Total |
| Investments: | | | | |
| Money market fund | \$ 13,912,700 | \$ - | \$ - | \$ 13,912,700 |
| Shares of registered investment companies | 323,389,760 | - | - | 323,389,760 |
| Total investments at fair value | <u>\$337,302,460</u> | <u>\$ -</u> | <u>\$ -</u> | <u>\$337,302,460</u> |
| | | | | |
| | 2023 | | | |
| | Level 1 | Level 2 | Level 3 | Total |
| Investments: | | | | |
| Money market fund | \$ 12,836,164 | \$ - | \$ - | \$ 12,836,164 |
| Shares of registered investment companies | 255,911,990 | - | - | 255,911,990 |
| Total investments at fair value | <u>\$268,748,154</u> | <u>\$ -</u> | <u>\$ -</u> | <u>\$268,748,154</u> |

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no significant transfers in or out of Level 3.

Chamberlain 401(k) Plan

Notes to Financial Statements

Note 5. Related-Party Transactions

The Plan invests in shares of registered investment companies managed by Fidelity; therefore, these transactions qualify as party-in-interest transactions. Fidelity also performs administrative and recordkeeping services for the Plan. The Plan paid to Fidelity administrative and recordkeeping service fees of \$415,238 in 2024.

The Company, on behalf of the Plan, pays for certain other expenses which are excluded from these financial statements. Additionally, certain employees of the Company provide various services to the Plan. These employees are not reimbursed by the Plan for such services.

The Plan has a revenue credit agreement with Fidelity; this amount of \$447,919 is included in other income in the statement of changes in net assets available for benefits. During 2024, approximately \$400,000 of the revenue credit account was re-allocated to participants of the Plan. As of December 31, 2024 and 2023, the balance in the revenue credit account that holds these revenue credit payments amounted to \$0.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Note 7. Tax Status

The Internal Revenue Service has determined and informed the Company that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the IRC. Although the Plan has been amended since receiving the latest determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Chamberlain 401(k) Plan

Notes to Financial Statements

Note 9. Plan Mergers and Subsequent Event

The Chamberlain Investment Committee of The Chamberlain Group LLC, the Plan's sponsor, approved a resolution on November 18, 2024, to merge Controlled Products Systems Group 401(k) Plan and Systems LLC 401(k) Plan into the Plan effective December 31, 2024. All plan assets of Controlled Products Systems Group 401(k) Plan and Systems LLC 401(k) Plan., were transferred to the Plan on December 31, 2024. Total assets transferred into the Plan were approximately \$33,080,000.

Effective January 1, 2025, the Plan was amended and restated to:

- Adjust the employee contribution range to 1% to 60%,
- Modify the employer matching contribution to match 100% on the first 4% of your compensation and 50% on the next 2% of your compensation,
- Removal of the additional supplemental Company contribution equal to 4.5% to 6% of compensation, and
- Modify the vesting of Company contributions are 100% vested after one year of service.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 15, 2025, the date the financial statements were available to be issued.
