Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: TRAILBREAKER ACCOUNTING PLLC

(2) EIN: 39-3265760

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

| | Yes | No | Amount |
|--|-------------------------------------|-------------------------------------|---------|

INDEPENDENT AUDITORS' REPORT

To the Trustees and Administrators of the MBCI Tribal Government Enterprise 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the MBCI Tribal Government Enterprise 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the Statement of Net Assets Available for Benefits as of December 31, 2024, the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the MBCI Tribal Government Enterprise 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the MBCI Tribal Government Enterprise 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the MBCI Tribal Government Enterprise 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the MBCI Tribal Government Enterprise 401(k) Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the MBCI Tribal Government Enterprise 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the MBCI Tribal Government Enterprise 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 9, 2024 indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with the modified cash basis accounting, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agreed to or was derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedules related to assets held by and certified to by a qualified institution agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Sincerely,

Spokane, Washington

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the MBCI Tribal Government Enterprise 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all full-time employees of the MBCI Tribal Government Enterprise Division (MBCI) who are at least 18 years old, except for certain groups excluded by the Plan document. Tribal Government Enterprises included in the Plan are as follows: Choctaw Resort Development Enterprise, Choctaw Residential Center Enterprise, Chahta Enterprise and Choctaw Shopping Center Enterprise. MBCI is one of three federally recognized tribes of Choctaw Native Americans, and the only one in the state of Mississippi. The Plan began operations effective January 1, 1997. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration – The Plan's Investment Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. MCBI is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. MCBI has delegated certain responsibilities for the operation and administration of the Plan. Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, and TransAmerica Life Insurance Company (TransAmerica), (collectively, the Custodians) are responsible for the custody and management of the Plan's assets. The Custodians maintain participant accounts and transactions related to participant-initiated activity.

Contributions – Each year, participants may contribute from 1% to 25% of their annual eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. MBCI may make discretionary contributions to the plan but did not make any in 2024. Contributions are subject to certain IRS limitations.

Participants' Accounts – Each participant's account is credited with the participant's contribution and Plan earnings. The accounts are set up in participant-directed, individual accounts administered by the Plan custodian. Contributions and earnings or losses are credited to the accounts as the amounts are received by the custodian. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. A participant is 100% vested after five years of credited service.

See Independent Auditors' Report

Investment Options – Participants direct the investment of their contributions into selected investment products offered by the Plan custodian. The investment options include fixed income accounts, and various income, growth, value, blend, and international mutual fund accounts. Participants may change their investment options daily.

Payment of Benefits – Benefits are payable to participants or designated beneficiaries upon retirement, death, disability, or termination of employment, and they are entitled to receive a lump-sum amount equal to the value of the participant’s vested interest in their account. Benefits may also be distributed in the event of a participant’s immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

Upon termination of service, a participant may elect to receive an amount equal to the value of the participant's vested account balance in a lump-sum amount, annual installments or a combination of single sums of not less than \$100 per distribution. As of December 31, 2024, there were no undistributed benefits as requested by participants that had not been paid.

Participant Loans – The Plan allows loans to participants for a minimum of \$1,000 up to a maximum amount of 50% of a participant’s vested account balance, or \$50,000, subject to the approval of a loan application. Loans are secured by the balance in the participant’s account and a promissory note. Participants may not have more than one loan outstanding at any time. The interest rate is based on rates available for similar loans from commercial lending institutions as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Forfeitures – Forfeited non-vested accounts totaled \$350,150 as of December 31, 2024. Forfeitures are used to offset the Plan's administrative expenses and then to reduce employer contributions.

Plan Termination – Although it has not expressed any intent to do so, the Sponsor has the right, under terms of the Plan, to terminate the Plan subject to the provisions of ERISA.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates in the Preparation of Financial Statements – The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan’s investments are stated at fair value except for its investment in the Principal Fixed Income Guaranteed Option, which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. Contract value represents contributions made under contract, plus

See Independent Auditors’ Report

MBCI Tribal Government Enterprise 401(k) Plan
Notes to Financial Statements
December 31, 2024

interest, less withdrawals and administrative expenses. The Plan designates contract value as the only required measure for fully benefit-responsive investment contracts and eliminates fair value measurement and certain disclosures.

Registered investment company funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the registered investment company funds are open-ended and are registered with the Securities and Exchange Commission (SEC). These registered investment company funds are required to publish their daily net asset value (NAV) and to transact at that price. The common/collective trusts are valued at the NAV of units held by the Plan. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net increase (decrease) includes the Plan's gains and losses on investments bought and sold as well as held during the year

Contributions and Contributions Receivable – Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by MBCI, which is the pay date. MBCI contributions, if any, are recorded in the year earned to coincide with the year in which MBCI records the contributions in its general ledger. The Plan records receivables for contributions based upon contributions recorded in the Plan year but received by the Plan subsequent to year end. Rollover contributions from participants are recorded based on the date the contributions are received by the Custodians.

Plan Administration Costs – Administrative expenses of maintaining the Plan may be paid by MBCI or the Plan, as provided by the Plan document. Expenses that are paid directly by the Sponsor are excluded from these financial statements. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in the net appreciation (depreciation) of fair value of investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2024.

Payment of Benefits – Benefits are recorded when paid.

Reclassifications – Certain items presented in the 2023 financial statements were reclassified to conform to the 2024 financial statement presentation.

Notes to Financial Statements
December 31, 2024

Subsequent Events – Management has evaluated, for potential recognition or disclosure in the financial statements, subsequent events that have occurred through October 15, 2025, which is the date that the financial statements were available to be issued.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN TRUSTEE

The Plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8. Accordingly, the Custodians, determined to be qualified institutions by the Plan administrator, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statement of Net Assets Available for Benefits as of December 31, 2024,
- Net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024,
- Investments and notes receivable from participants reflected on the Schedule of Assets (held at end of year) as of December 31, 2024.

Accordingly, as requested by the Plan administrator, the Plan's independent auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedules.

NOTE 4 – INCOME TAX STATUS

The Plan has adopted the non-standardized pre-approved profit-sharing plan with CODA sponsored by Principal (the pre-approved plan). The IRS informed Principal by a letter dated June 30, 2020, that its pre-approved plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

See Independent Auditors' Report

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value accounting guidance establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plans have the ability to access.
- Level 2** Inputs to the valuation methodology other than quoted prices included in Level 1 are observable for the asset or liability, either directly or indirectly, and include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

Common and Collective Trusts – Investments in the collective investment fund are valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less fees and expenses, divided by the number of outstanding units. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan was to initiate a full redemption of the collective investment fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation is carried out in an orderly business manner. The collective investment funds have no unfunded commitments and can be redeemed daily.

See Independent Auditors' Report

MBCI Tribal Government Enterprise 401(k) Plan
Notes to Financial Statements
December 31, 2024

Registered Investment Company Funds – Registered investment company funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above could produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes these investment valuation methods are appropriate, the use of different methodologies or assumptions could result in different fair value measurements at the reporting date.

The fair value measurements for the Plan’s investments at December 31, 2024 were:

| <u>December 31, 2024</u> | <u>Fair Value</u> | <u>Type of Fair Value Measurement</u> | | |
|-------------------------------------|----------------------|---------------------------------------|---------------------|----------------|
| | | <u>Level 1</u> | <u>Level 2</u> | <u>Level 3</u> |
| Common collective trusts | \$ 4,083,624 | \$ - | \$ 4,083,624 | \$ - |
| Registered investment company funds | 34,643,165 | 34,643,165 | - | - |
| Investments at Fair Value | <u>\$ 38,726,789</u> | <u>\$ 34,643,165</u> | <u>\$ 4,083,624</u> | <u>\$ -</u> |

NOTE 6 – GUARANTEED INVESTMENT CONTRACT

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract (GIC) with Principal. Principal maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a semi-annual basis for resetting. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date without 30 days’ notice.

Because the GIC is fully benefit-responsive, contract value is the relevant measure for the GIC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract, the Principal Fixed Income Guarantee Option, was \$152,127 at December 31, 2024. The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. No events are probable of occurring that might limit the ability

See Independent Auditors’ Report

of the Plan to transact at contract value with the contract issuers or that would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) a breach of material obligation under the contract, (2) a material misrepresentation, or (3) a material amendment to the agreement without the consent of the issuer.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 8 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similar to a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation, arrangements, expense allowances or similar items.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

MBCI pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions. The Plan has included in its investment fund options certain funds managed by the Custodians or one of the Custodians' affiliates. Transactions in these funds are considered party-in-interest transactions under ERISA. Such transactions are permitted under provisions of the Plan and are specifically exempt from prohibition of party-in-interest transactions under ERISA.

NOTE 9 – NON-EXEMPT TRANSACTIONS

There were delays by MBCI in submitting several employee contributions during the Plan year ended December 31, 2024. The Company is in the process of remediating the late payments.
