## Independent Auditor's Report

Chamberlain Group LLC Investment Committee  
Controlled Products Systems Group, Inc. 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Controlled Products Systems Group, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Emphasis of Matter—Plan Merger**

As discussed in Note 9 to the financial statements, the Chamberlain Group LLC Investment Committee of The Chamberlain Group LLC, the Plan's sponsor, approved a resolution on November 18, 2024, to merge the Plan into the Chamberlain 401(k) Plan effective December 31, 2024. All plan assets were transferred to the Chamberlain 401(k) Plan on December 31, 2024. Our opinion has not been modified with respect to this matter.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Controlled Products Systems Group, Inc. 401(k) Plan

### Notes to Financial Statements

#### Note 1. Plan Description

The following brief description of the Controlled Products Systems Group, Inc. 401(k) Plan (the Plan) sponsored by Controlled Products Systems Group, Inc. (the Company or CPSG) provides general information only. CPSG is a wholly owned subsidiary of The Chamberlain Group LLC. The Chamberlain Group LLC Investment Committee is responsible for the oversight of the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General:** The Plan is a contributory defined contribution plan covering substantially all of CPSG's employees, as defined by the Plan. Employees become eligible to participate in the Plan on the first day of the quarter following completion of three months of service and upon attainment of age 21. Participation in the Plan is voluntary; however, any eligible employee who does not enroll on his or her own, or elect to opt out of automatic enrollment, will be automatically enrolled in the Plan upon meeting eligibility requirements. Under automatic enrollment, 6% of the participant's compensation before tax will be contributed to the plan as pretax contributions in a designated Fidelity Advisor Freedom fund until changed by participants. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions:** Participants may make voluntary salary reduction (401(k)) contributions to the Plan up to 100% of their compensation in an amount not to exceed various limitations up to the maximum allowed under the Internal Revenue Code (IRC). Participants may also contribute amounts rolled over from other qualified plans (rollovers). Participants age 50 or older may also make catch-up contributions to the Plan according to the IRC. The Company makes matching contributions equal to 100% of the first 1% of compensation and then 50% of the next 5% of compensation that a participant contributes to the Plan. The Company may also make discretionary matching contributions to the Plan, as determined by the Company each year. There were no discretionary matching contributions made during the year ended December 31, 2024.

**Participant accounts:** Each participant's account is credited with the participant's contributions, the Company's matching contributions, Company discretionary matching contributions, if any, and plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are vested immediately in their voluntary salary reduction contributions plus actual earnings thereon. Vesting in the Company matching and discretionary matching contributions is based on years of continuous service. A participant is not vested until completing two years of credited service. Upon completion of two years of credited service, the participant is 100% vested. Company contributions are forfeited should the participant withdraw or terminate before completing two years of credited service.

**Payment of benefits:** Participants are eligible to receive benefit payments upon retirement, death, disability or termination of employment. Participants may elect to receive a lump-sum distribution in an amount equal to the value of their vested accounts or in partial installments, as defined by the Plan. In addition, hardship distributions are permitted if certain criteria are met, as defined by the Plan document.

**Investment options:** Upon enrollment in the Plan, participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

#### Note 1. Plan Description (Continued)

**Notes receivable from participants:** Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by a participant's highest outstanding loan balance, if any, over the preceding 12 months, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a reasonable interest rate based on the prevailing interest rates for similar loans as determined by the Company based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances at the time of loan origination. Principal and interest are paid ratably through participant payroll deductions under a reasonable repayment schedule of not more than five years, except for the purpose of acquiring a principal residence, in which case the term may not exceed 15 years.

**Forfeited accounts:** At December 31, 2024 and 2023, forfeited nonvested accounts totaled approximately \$0 and \$13,500, respectively. These accounts can be used to reduce future Company contributions or plan administrative expenses. During the year ended December 31, 2024, approximately \$18,000 of forfeitures were used to reduce Company contributions and administrative expenses.

#### Note 2. Significant Accounting Policies

**Basis of accounting:** The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

**Use of estimates:** The preparation of financial statements in accordance with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation and income recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Chamberlain Group LLC Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of benefits:** Benefits are recorded when paid.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, net of an allowance for credit losses. The allowance for credit losses was \$0 as of December 31, 2024. The allowance for credit losses was \$13,478 as of December 31, 2023.

**Administrative expense:** Certain expenses of the Plan may be paid out of assets of the Plan to the extent the Company does not pay such expenses.

**Subsequent events:** The Plan Administrator has evaluated subsequent events through October 15, 2025, the date the financial statements were available to be issued.

#### Note 3. Information Certified by Fidelity Management Trust Company, the Trustee

The following is a summary of the Plan's asset and income information as of December 31, 2024 and 2023, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule that was prepared by or derived from information provided by Fidelity Management Trust Company (Fidelity), the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Fidelity that information provided to the Plan Administrator by Fidelity related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule with respect to the following assets:

	December 31	
	2024	2023
Investment—shares of registered investment companies and money market fund	\$ -	\$ 10,951,856
Notes receivable from participants, net	-	43,629

Fidelity also certified to the completeness and accuracy of \$1,141,218 of net appreciation in fair value of investments, \$351,371 of interest and dividends related to the aforementioned assets and \$6,899 of interest income on notes receivable from participants for the year ended December 31, 2024.

#### Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

#### Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

**Shares of registered investment companies and money market fund:** Valued at the daily closing price as reported by the funds. Shares of registered investment companies held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	2023			
	Level 1	Level 2	Level 3	Total
Investments:				
Money market fund	\$ 168,027	\$ -	\$ -	\$ 168,027
Shares of registered investment companies	10,783,829	-	-	10,783,829
Total investments at fair value	<u>\$ 10,951,856</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,951,856</u>

There were no Plan assets as of December 31, 2024 (Note 9).

**Changes in fair value levels:** To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of Level 3.

#### **Note 5. Related-Party and Party-in-Interest Transactions**

The Plan invests in shares of registered investment companies managed by Fidelity; therefore, these transactions qualify as party-in-interest transactions. Fidelity also performs administrative and record-keeping services for the Plan. The Plan paid administrative and recordkeeping fees of \$48,179 during the year ended December 31, 2024.

The Company, on behalf of the Plan, pays for certain other expenses which are excluded from these financial statements. Additionally, certain employees of the Company provide various services to the Plan. These employees are not reimbursed by the Plan for such services.

The Plan has a revenue credit agreement with Fidelity; this amount of \$25,021 is included in other income in the statement of changes in net assets available for benefits. During 2024, approximately \$0 of the revenue credit account was reallocated to participants of the Plan. As of December 31, 2024 and 2023, the balance in the revenue credit account that holds these revenue credit payments amounted to \$0.

#### **Note 6. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

#### **Note 7. Tax Status**

The Internal Revenue Service has determined and informed the Company that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the IRC. Although the Plan has been amended since receiving the latest determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **Note 8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### **Note 9. Plan Merger**

In November 2024, the Chamberlain Group LLC Investment Committee of The Chamberlain Group LLC, the Plan's sponsor, approved a resolution to merge the Plan into the Chamberlain 401(k) Plan. Total assets transferred out of the Plan were approximately \$11,390,000.
