Independent Auditor's Report

The Employee Benefits Committee
Moen Incorporated Pension Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Moen Incorporated Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Moen Incorporated Pension Plan

Notes to Financial Statements

1. Description of the Plan

The following is a brief description of the Moen Incorporated Pension Plan (the Plan). Participants should refer to the Plan document for a more complete description of the Plan's provisions, which is available from the Plan administrator.

General

The Plan is a non-contributory defined benefit plan covering all employees of Moen Incorporated (the Company) not covered by a collective-bargaining agreement, except for certain participants transferred into the Plan from other benefit plans sponsored by the Company. The Company's ultimate beneficial owner is Fortune Brands Innovations, Inc. (FBIN), formerly Fortune Brands Home & Security, Inc. (FBHS).

Employee retirement benefits are based on length of service, as well as earnings prior to retirement. An employee shall become eligible for participation in the Plan when the individual has completed at least 1,000 hours of service in the 12-month period beginning with his or her date of hire, or any calendar year thereafter. Effective January 1, 2008, the Plan closed to new entrants with the exception of special rules that apply to certain transferred employees, as outlined in the Plan document. Effective January 1, 2010, employees in the Company's Las Vegas location, who were employed on a salaried basis prior to January 1, 2008, became eligible to participate in the Plan. Benefit service and accruals were frozen on December 31, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan's investment assets are held in the Fortune Brands Home & Security, Inc. Master Retirement Trust (the FBHS Master Retirement Trust or Master Trust), along with the assets of another plan sponsored by subsidiaries of FBIN, for investment purposes. The Master Trust investments are administered and held by The Northern Trust Company (the Trustee).

Pension Benefits

Employees become fully vested after five years of vesting service. Participants are eligible for monthly pension benefit payments beginning at the normal retirement age (the later of age 65 or after five years of vesting service in the Plan if their employment is terminated with all FBIN entities). Benefits are calculated according to an integrated benefit formula based upon total years and months of credited service multiplied by a percentage of final average monthly earnings.

The normal form of pension benefit for a participant with no eligible spouse is an annuity payable for the participant's lifetime only. The normal form of pension benefit for a participant with an eligible spouse is an annuity payable at an actuarially reduced amount for the participant's lifetime and thereafter, at a specific percentage of such amount for the eligible spouse's lifetime.

A participant may elect to modify the normal form of pension benefit by exercising one of several options, including a single-life annuity, various joint and survivor annuities, or various period-certain annuity options. Reduced benefits are payable upon early retirement after attaining age 55 with a minimum of five years of vesting service.

The Plan also provides for disability and deferred pension benefits. A participant is considered disabled as long as he or she meets the definition of totally and permanently disabled as expressed in the Plan. A participant is eligible for a deferred vested pension if his or her employment is

Notes to Financial Statements

terminated with the Company before death or retirement, after completing at least five years of vesting service.

Effective October 18, 2023, the Plan was amended to allow for certain eligible participants to receive, in lieu of any other benefit payable under the Plan, a one-time lump-sum payment of his or her normal retirement benefit or immediate annuity payments subject to certain terms as defined in the Plan. The window period for eligible participants to receive a lump-sum payment of his or her vested benefit began on October 18, 2023 and concluded on November 22, 2023. For participants who elected to receive an immediate annuity, the start date of the payments was December 1, 2023.

During the fourth quarter of 2024, the Company entered into two agreements with an insurance company to purchase group annuity contracts and transferred \$126.7 million of pension plan obligations and related assets of the Moen Incorporated Pension Plan. The agreements cover approximately 1,928 retirees and other beneficiaries (the Transferred Participants). All Transferred Participants continued to receive their benefits from the Plans until January 1, 2025, at which time the insurance company began paying and administering the retirement benefits of the Transferred Participants. The transactions resulted in no changes to the amount of the benefits payable to the Transferred Participants.

Funding Policy

The Company contributes such amounts, as are necessary, on an actuarial basis to provide the Plan with assets sufficient to meet the benefits to be paid to Plan participants. The minimum funding requirements of ERISA were satisfied in 2024 and 2023.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits changes therein, at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments—except for the group annuity contract, which is at contract value—are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date in the principal or most advantageous market for the asset or liability. Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk.

Moen Incorporated Pension Plan

Notes to Financial Statements

Purchases and sales of investments by the Master Trust are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Plan provides for payment of certain administrative expenses from Plan assets. Expenses paid to the Trustee and the investment managers are allocated to the Plan based on the ratio of the Plan's assets to the fair value of all assets held in the Master Trust, and are included in the accompanying statements of changes in net assets available for benefits in Plan's interest in FBHS Master Retirement Trust for the years ended December 31, 2024 and 2023. Expenses paid to the Pension Benefit Guaranty Corporation (PBGC), the Plan's actuary, and other various Plan-related expenses that may be incurred are allocated specifically to each plan and are presented in the accompanying statements of changes in net assets available for benefits as administrative expenses.

Risks and Uncertainties

The Plan holds a beneficial interest in the Master Trust. The Master Trust invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits is reported, based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. The actuarial present value of accumulated plan benefits is determined by Aon Consulting Inc. (Aon), the Plan's actuary, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Moen Incorporated Pension Plan

Notes to Financial Statements

The actuarial present value of accumulated plan benefits as of the most recent valuation date, January 1, 2024 (beginning of year), is as follows:

Actuarial Present Value of Accumulated Plan Benefits

Vested benefits:	
Participants currently receiving payments	\$ 152,568,889
Other participants	74,657,040
Total Vested Benefits	227,225,929
Non-Vested Benefits	1,477,393
Total Actuarial Present Value of Accumulated Plan Benefits	\$ 228,703,322

Changes in the present value of accumulated plan benefits are as follows:

Present Value of Accumulated Plan Benefits, January 1, 2023	\$ 278,170,474
Increase (decrease) during the year attributable to:	
Interest accumulation	15,392,656
Benefits paid	(35,058,400)
Changes in actuarial assumptions	(26,645,033)
Other changes	(3,156,375)
Present Value of Accumulated Plan Benefits, January 1, 2024	\$ 228,703,322

The significant actuarial assumptions used in the valuation as of January 1, 2024 are as follows:

Mortality	Pri-2012 employee, retiree, and contingent survivor mortality rates, projected generationally from 2012 using Scale MP-2021 as adjusted to reflect anticipated near term and long-term endemic effects of COVID-19 (2021 Scale MP-2021).
Retirement age assumptions	The age at which current active employees are assumed to retire varies between ages 55 and 70. All employees, aged 70, are assumed to retire.
Interest rate	7.05% (2023 interest rate: 5.90%)

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan was to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

4. Fair Value Measurements

The Plan's management established a three-tiered hierarchy of inputs to establish a classification of fair value measurements for disclosure purposes. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

Moen Incorporated Pension Plan

Notes to Financial Statements

The three levels of the fair value hierarchy are as follows:

Level 1 - This level consists of inputs to the valuation methodology that are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 - This level consists of inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the assets or liabilities (including volatilities).
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - This level consists of inputs that are unobservable for the asset or liability (including the entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability) and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investment in the Master Trust as of December 31, 2024 and 2023 is presented at fair value, which has been determined based on the fair value of the underlying investments of the Master Trust. The Plan's investment in the group annuity contract is at contract value.

Plan management uses the following methods and significant assumptions to estimate fair value of investments in the Master Trust as of December 31, 2024 and 2023. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The investments held by the Master Trust are valued as follows:

Collective Funds - These funds are valued at the net asset value (NAV) of units of each bank collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is provided by the Trustee and is based on the fair value of the underlying investments held by the funds less their liabilities. Were the Plan to initiate a full redemption of a collective trust, the investment advisor generally reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Moen Incorporated Pension Plan

Notes to Financial Statements

Multi-Strategy Hedge Fund - This fund is valued at the NAV, as reported to the Plan from the fund's manager. The NAV is used as a practical expedient to estimate fair value and is calculated based on the Plan's share of the total fund's net assets at fair value.

Real Estate Fund - This fund is valued at the NAV, as reported to the Plan from the fund's manager. The NAV is used as a practical expedient to estimate fair value and is calculated based on the Plan's share of the total fund's net assets at fair value.

Cash - Cash consists of future contracts on U.S. Treasury notes and bonds primarily used to hedge interest rate exposures.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

See Note 5 for the investments held by the Master Trust by level within the fair value hierarchy as of December 31, 2024 and 2023.

In accordance with the policy of stating investments at fair value, the Plan's portion of net appreciation (depreciation) in the fair value of the investments in the Master Trust consists of realized gains and losses and unrealized appreciation (depreciation) on those investments. The net appreciation (depreciation) of the Master Trust, along with interest, dividends, and other income, net of Master Trust expenses, are presented in the accompanying statements of changes in net assets available for benefits as Plan's interest in net investment income (loss) of FBHS Master Retirement Trust for the years ended December 31, 2024 and 2023.

5. Interest in FBHS Master Retirement Trust

The FBHS Master Retirement Trust investments are stated at fair value or contract value, as reported by the Trustee and management. The ratio of the Plan's assets to the fair value of all assets held in the Master Trust is used to allocate interest income, dividend income, other income, realized gains (losses), unrealized appreciation (depreciation) in the market value of investments, and certain investment management fees on a monthly basis. Other changes in net assets available for plan benefits are directly attributable to the Plan and are, therefore, not subject to allocation.

The Plan has an undivided interest of 71.5% and 57.6% and in the Master Trust at December 31, 2024 and 2023, respectively.

The following provides additional information regarding redemption restrictions, if any, and for funds that do not file an annual report on Form 5500 as a direct-filing entity, the investment strategy is provided:

- (a) All of the collective funds file an annual report on Form 5500 as a direct-filing entity. Except for one fund, the collective funds have daily liquidity, and withdrawals are permitted either daily or with 15 business days' written notice. One fund provides liquidity quarterly with a 45 day advance notification requirement to redeem at quarter-end. There were no unfunded commitments related to the collective funds.
- (b) This fund is a multi-strategy fund of hedge funds investing in multiple strategies and asset classes to provide investment returns uncorrelated to other asset classes. Liquidity is gated and subject to approval by the fund manager. There were no unfunded commitments related to this fund.
- (c) This fund is a strategic property fund, investing in a wide variety of value-added real estate opportunities with a focus on the office, industrial/warehouse, and residential/multi-family sectors to provide investment returns uncorrelated to other asset classes. Liquidity is gated and subject to approval by the fund manager. There were no unfunded commitments related to this fund.

The Master Trust invests in a guaranteed deposit account through a group annuity contract with Prudential Retirement Insurance and Annuity Company (Prudential), formerly, Connecticut General Life Insurance Company. The contract is stated at the contract value, as determined and reported by Prudential. The contract value is defined as the sum of all allocations and transfers made to the guaranteed deposit account as of any date, plus accumulated interest credited to such date, less

Moen Incorporated Pension Plan

Notes to Financial Statements

the sum of all amounts withdrawn from the guaranteed deposit account and adjustments made for excess withdrawals prior to such date.

Prior to the first date of each calendar year, Prudential will notify the contract holder, in writing, of the annual rates of credited interest, which will be applied to the amounts held in the guaranteed deposit account during the next calendar year. The rates contained in such notice will be (1) the annual rate of credited interest to be applied to new contributions, and transfers to and withdrawals from the guaranteed deposit account during such year (the new money rate) and (2) the annual rate of credited interest to be applied during such year to amounts that were held in the guaranteed deposit account on the last day of the preceding year (the accumulated asset rate). For the Plan year ended December 31, 2023, the new money rate and accumulated asset rate are 3.50% and 2.55%, respectively.

The contract may be terminated at any time by written notice from the contract holder to Prudential. The contract will terminate as of the later of the date indicated in such notice, or 15 days after the notice is given.

During the fourth quarter of 2024, this contract was terminated prior to the annuity retiree buyout, see Note 1.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan's provisions to discontinue its contributions at any time and to terminate the Plan, subject to the provisions set forth in ERISA. In the event the Plan terminates, participants will become fully vested in their benefits, and the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations.

In addition, the PBGC insures certain benefits for beneficiaries and vested participants under the Plan if the Plan terminates. Whether all participants receive their benefits, should the Plan terminate at some future time, will depend on the sufficiency of the Plan's net assets at the termination date to provide these benefits and may also depend on the financial condition of the Plan sponsor and on the level of benefits guaranteed by the PBGC.

7. Tax Status

The Plan obtained its latest determination letter on May 25, 2017, in which the Internal Revenue Service (IRS) stated that the Plan, as then-designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods in progress.

8. Information Certified by a Qualified Institution

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as indicated below, Northern Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements is complete and accurate:

- Plan's interest in FBHS Master Retirement Trust, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Plan's interest in FBHS Master Retirement Trust, at contract value, as shown in the statements of net assets available for benefits as of December 31, 2023.
- Plan's interest in net investment income of FBHS Master Retirement Trust, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.
- Net assets of the FBHS Master Retirement Trust available for benefits and net investment income of the FBHS Master Retirement Trust, as shown in Note 5 as of and for the years ended December 31, 2024 and 2023.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

9. Related Party and Parties-in-Interest Transactions

Certain Plan investments are collective trusts managed by the Northern Trust Company and Aon. The Northern Trust Company is the Trustee, as defined by the Plan, and Aon is the Plan's actuary and, therefore, these transactions qualify as party-in-interest transactions during the years ended December 31, 2024 and 2023. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers.

10. Subsequent Events

Management of the Plan has evaluated subsequent events through October 15, 2025, the date these financial statements were available to be issued, and there were no material subsequent events that required recognition or additional disclosures in these statements.

Benefit Limits

Projected benefits are limited by the current IRC section 415 maximum benefit of \$275,000.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Schedule SB Attachment (Form 5500) —2024 Plan Year
Moen Incorporated Pension Plan
EIN: 36-0548230 PN: 001

Terminated Vested Benefit

Eligibility

Five years of vesting service.

Benefit

Accrued normal retirement benefit reduced by 1/2% for each month the participant is less than 62 years of age (up to two years), and 1/3% for each month the participant is less than 60 years of age. Benefits are payable at early retirement date.

Preretirement Surviving Spouse Benefit

Eligibility

Active or deferred vested participants with five years of vesting service who have been married for at least one year.

Benefit

50% of the accrued normal retirement benefit payable at the date the participant would have been age 55 and completed five years of vesting service (or age at death if later), reduced for early commencement before age 62.

Normal Form of Payment

For unmarried participants: Life annuity.

For married participants: The actuarial equivalent qualified joint and survivor annuity.

Optional Forms of Payment

50% joint and survivor annuity (with or without 10-year period certain).

100% joint and survivor annuity (with or without 10-year period certain).

75% joint and survivor annuity.

Five-, 10-, or 15-year certain and life annuity. Actuarial equivalence for this purpose is based on a 6.00% interest rate and the RP-2000 Combined Healthy Mortality Table, blended 50% male and 50% female with no age setbacks.

Voluntary lump sum cash-out (\$1,001–\$5,000).

Effective October 18, 2023 the plan was amended to allow for a one-time large amount lump sum payment option for deverred vested participants.

Definitions

Benefit Service

Former Fortune Brands Pension Plan

Effective Date	January 1, 1986. Last restated effective January 1, 2002. Last amended effective January 1, 2008.
Eligibility for Participation	The first day following 12 months of employment, provided the employee completes at least 1,000 hours of service in the first 12 months of employment. If 1,000 hours are not completed in the first 12 months of employment, the 1/1 following the first plan year during which the employee completes at least 1,000 hours of service. No employee who first completes an hour of service on or after January 1, 2008 shall become a plan participant, and no employee rehired on or after January 1, 2008 shall again become a plan participant. As of December 31, 2016, benefit accruals were frozen.
Normal Retirement	
Eligibility	Age 65 and the earlier of five years of vesting service or five years as a plan participant.
Monthly Benefit	The greater of [(1) + (2)] and (3) below: (1) Standard formula up until December 31, 2007: (a) 1.75% final average monthly compensation times benefit service (maximum 15 years) up until December 31, 2007; plus (b) 1.00% final average monthly compensation times benefit service in excess of 15 years (maximum 20 years) up until December 31, 2007. (2) Standard formula post December 31, 2007: (a) 1.00% final average monthly compensation times benefit service post December 31, 2007 (maximum 35 years total benefit service including pre-2008 benefit service). (3) Minimum formula. The prior plan accrued benefit plus the sum of (a) and (b), however, all eligible service after December 31, 2007 has a 1% accrual (i.e., if maximum years have not already been reached):

Schedule SB Attachment (Form 5500) —2024 Plan Year

Moen Incorporated Pension Plan

EIN: 36-0548230 PN: 001

- (a) 1.75% final average monthly compensation times benefit service after December 31, 2001 (maximum 15 years minus benefit service earned prior to 2002); plus
- (b) 1.00% final average monthly compensation times benefit service after December 31, 2001 in excess of 15 years minus benefit service earned prior to 2002 (maximum 20 years). If a participant had 15 or more years of benefit service as of December 31, 2001, this part becomes 1% times final average monthly compensation times benefit service earned after December 31, 2001.

Early Retirement

Eligibility

Age 55 and 10 years of vesting service.

Benefit

The greater of (1) or (2) below:

- (1) The standard formula normal retirement benefit reduced 1/2 of 1% for each month by which the commencement date precedes age 62.
- (2) The minimum formula attributed to benefit service after December 31, 2001 reduced 1/2 of 1% for each month by which the commencement date precedes age 62. For participants who retire with 12 years of vesting service, the prior plan accrued benefit is reduced 7/12 of 1% for each month by which the commencement date precedes age 60; the prior plan accrued benefit is unreduced at 30 years of vesting service.

Disability Retirement

Eligibility

Participants in the plan entitled to benefits under the company's Long-Term Disability plan.

Benefit

The retirement benefit is the normal retirement benefit based on compensation at date of disability. Vesting service and benefit service continue to accrue during the period of disability.

Vested Termination Benefit

Eligibility

Five years of vesting service.

Schedule SB Attachment (Form 5500) —2024 Plan Year

Moen Incorporated Pension Plan

EIN: 36-0548230 PN: 001

Benefit

The accrued benefit payable at normal retirement, or if the participant had completed 10 years of vesting service, the accrued benefit payable as early as age 55, reduced $\frac{1}{2}$ of 1% for each month by which the commencement date precedes age 65.

Preretirement Surviving Spouse Benefit

Eligibility

After being married for at least one year, after becoming vested, and before receiving any benefits under the plan.

Benefit

For participants with less than 10 years of vesting service: 50% of the amount that would have been payable if the participant had terminated employment on the date of death (if not already terminated), deferred payment to age 65, and then elected the 50% joint and survivor form of payment.

For participants with 10 (but less than 12) years of vesting service: 50% of the amount that would have been payable if the employee had terminated employment on the date of death (if not already terminated), survived to his or her earliest retirement age (if not already eligible for retirement), and then begun to receive a 50% joint and survivor annuity.

For participants with 12 years of vesting service: the amount determined as for participants with 10 years of vesting service except that the prior plan accrued benefit will be payable as a 100% joint and survivor annuity.

Normal Form of Payment

For unmarried participants: Life annuity.

For married participants: The actuarial equivalent qualified joint and survivor annuity.

Optional Forms of Payment

50%, 75%, or 100% joint and survivor annuity, 10 or 15 year certain and life annuity, or life annuity.

Actuarial equivalence for this purpose is based on a 6.00% interest rate and the RP-2000 Combined Healthy Mortality Table blended 50% male and 50% female with no age setbacks.

The prior plan provides age 62 and age 65 Social Security level income options for the prior plan accrued benefit.

Effective October 18, 2023 the plan was amended to allow for a one-time large amount lump sum payment option for deverred vested participants.

Schedule SB, line 24 — Change in Actuarial Assumptions

The funding valuation reflects the following assumption changes:

- A change in the unlimited expected return on assets from 6.15 percent to 7.30 percent.
- A change in the beneficiary survival probability assumption for current retirees based on the valuation mortality table for the duration between retirement date and valuation date for beneficiary records for with survival status could not be directly confirmed for valuation date January 1, 2023 to valuation date January 1, 2024.

These changes were made to better reflect the anticipated plan experience. Neither of these assumption changes reduced the funding shortfall; as such, approval of the Commissioner is not required.
