**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements**

We have performed audit of the financial statements of Quality Systems Integrated Cor 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974(ERISA), as permitted by ERISA Section 103(a)(3)(c) (ERISA Section 103(a)(3)(c) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended December 31, 2024, and the related notes to the financial statements.

Management, having determine it is permissible in the circumstances, has elected to have the audit of Quality Systems Integrated Cor 401(k) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 7 to the financial statements, are complete and accurate.

**Opinion on the 2024 Financial Statements**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.
- The information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion on the 2024 Financial Statements**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of Quality Systems Integrated Cor 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Emphasis of Matter - Basis of Accounting**

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

## **Responsibilities of Management for the 2024 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibilities for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about of Quality Systems Integrated Cor 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the 2024 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Quality Systems Integrated Cor 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Quality Systems Integrated Cor 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(1)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *2024 Supplemental Schedules Required by ERISA*

The supplemental Schedule H, Line 4i – Schedule of Assets Held (At End of Year) (modified cash basis) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements  
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following description of the Quality Systems Integrated Cor 401(k) Profit Sharing Plan & Trust, (“the Plan”), is provided for general information purposes only. Eligible employees, as defined by the Plan (“Participants”), should refer to the Plan document for a complete description of the Plan provisions.

General

The Plan is a profit sharing plan within the meaning of Internal Revenue Code (IRC) Section 401(a) and contains a cash or deferred arrangement as provided for by IRC Section 401(k). The Plan covers all eligible employees of Quality Systems Integrated Corp (“Employer”), who have attained age eighteen and have completed six months of service. One-thousand hours of service are required during each twelve month eligibility computation period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participation in the Plan becomes effective on the 1<sup>st</sup> day of each quarter during the Plan year after a Participant meets the eligibility requirements.

Mid Atlantic Trust Company is the Trustee of the Plan.

Participant Contributions

Employees who actively participate in the Plan may contribute up to seventy-five percent of their pre-tax or after-tax (Roth 401(k)) annual compensation up to the statutory limit, as defined in the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants are permitted to roll over contributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers Participants investment options into various mutual funds and an insurance investment contract. Participants may increase or decrease their elective deferrals percentage on the 1<sup>st</sup> day of each month. Participants may terminate their contributions at any time. Participants who terminate their contributions may not reinstate payroll withholding until the first day of the next Plan year. The Employer contributes fifty percentage of the aggregate Participants contribution up to a maximum of three percentage of the Participant’s compensation. Additional profit sharing amounts may be contributed at the option of the Employer’s board of directors.

During 2024, Employer matching contributions were \$89,717.

Rollover and Transfer Contributions

The Plan will accept rollover contributions from any other tax-deferred plan (401(k), IRA, 403(b)), profit sharing, pension) if proof can be furnished which shows the contribution has been in such a plan or a Rollover IRA.

1. DESCRIPTION OF THE PLAN (CONTINUED):

Participant Accounts

Each Participant's account is credited with (a) Participant's contribution and allocations (b) The Employer's contribution and (c) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on Participant earnings or account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the profit sharing and Employer contribution portions of their accounts, and any earnings credited thereon, are based upon their years of vesting service.

The Employer contributions, and any earnings credited thereon will vest according to the following schedule:

<u>Years of Service</u>	<u>Vested Interest</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Participants may borrow from their fund account a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or fifty percent of their vested account balance at the time of the loan issuance and may have up to two loans in any twelve-month period. However, a Participant may have only one loan outstanding at any time. Loans may be additionally limited in accordance with Plan provisions. The loans are secured by the balance in the Participant's account, interest rates range from 4.25% to 9.50% as of December 31, 2024, and loans mature at various dates through July 2028.

Benefit Payments

On termination of service due to death, disability, or retirement, a Participant may elect to receive either a lump sum amount equal to the value of the Participant's vested interest in his or her account or installment distribution payments. In the event of a Participant's death, the full value of their account is payable to their beneficiary in a lump sum. If a Participant dies after benefit payments have started under an installment option and after the attainment of age 72, their beneficiary will continue to receive payments in accordance with the payment option they selected. Cash-out level for terminated Participants' account balance will be \$5,000 or less.

Investment Funds

Participants may allocate their account balance to 40 investment mutual funds or the collective investment funds that are valued daily. Participants may elect to change their investment allocations on a daily basis.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Investment Funds (Continued)

Changes to investment allocations become effective on the day of the change or the next business day according to when the request for a change was made in relation to the stock market close of business.

Forfeitures

Forfeitures are first used to pay Plan expenses. Any forfeitures left after paying Plan expenses are used to offset the Employer's next matching contribution. At December 31, 2024 and 2023, forfeited accounts totaled \$2,720 and \$1,237, respectively. At December 31, 2024 and 2023, there were no forfeited contributions. Forfeited nonvested accounts available at December 31, 2024 and 2023 were approximately \$25,683 and \$24,583, respectively.

Administrative Expenses

Except for loan origination fees associated with notes receivable from Participants and trading commissions, all administrative expenses of maintaining the Plan are paid by the Employer, after Plan forfeitures are used to offset expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the modified cash method of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. The modified cash basis of accounting recognizes revenues as they are received and expenses as they are paid.

Investment contracts held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the financial statements.

**Quality Systems Integrated Cor**  
**401(k) Profit Sharing Plan & Trust**

Notes to the Financial Statements  
December 31, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the modified cash basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent Participant notes receivables are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. See note 3 for discussion of fair value measurements. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Cash and Cash Equivalents

Cash and cash equivalents consist of highly liquid investments that have original maturities of three months or less.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by the Employer.

3. FAIR VALUE OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

**Quality Systems Integrated Cor**  
**401(k) Profit Sharing Plan & Trust**

Notes to the Financial Statements  
December 31, 2024 and 2023

3. FAIR VALUE OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES (CONTINUED)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in non-active markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Common stocks, corporate bonds and U.S. government securities:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Mutual funds:* Valued at the net asset value ("NAV") of shares held by the Plan at year end.

*Collective investment fund:* Units of the fund are valued each day on which the New York Stock Exchange ("NYSE") is open for trading in accordance with the valuation procedures established by the fund Trustee. The NAV per unit is calculated as of the close of trading on the NYSE. The NAV per unit is computed by dividing the total contract value of the assets of the Fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in the fund and included in the determination of unit values. The fund sells new units and repurchases outstanding units on a daily basis. Unit purchases and redemptions are transacted at the NAV per fee class determined as of the close of business each day. The NAV is calculated daily based on contract value. The contract is a guaranteed investment contract. The fair value of the contract is determined by the fund company based on quoted market prices of the underlying investments owned by Fund Company. The valuation procedures are intended to comply with The American Institute of Certified Public Accountants' Statement of Position 94-4. Accordingly, the Trustee anticipates that guaranteed investment certificates (GICs) held by the Fund may be valued at contract value, which is expected to approximate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES (CONTINUED)

The following table sets forth by level within the fair value hierarchy a summary of Plan investments measured at fair value as of December 31, 2024 and 2023.

	Assets at Fair Value as of December 31, 2024

Mutual Funds	\$ 5,574,796	\$ -	\$ -	\$ 5,574,796
Collective Investment Fund	-	441,339	-	441,339
Total Investments at Fair Value at December 31, 2023	\$ 5,574,796	\$ 441,339	\$ -	\$ 6,016,135

4. PLAN AMENDMENT AND TERMINATION

Subject to the provisions of ERISA, the Company has the right to amend the Plan at any time, provided no amendment will divert any part of the Plan's assets to any purpose other than for the exclusive benefit of the Participants in the Plan or eliminate an optional form of distribution. In the event of Plan termination, Participants would become 100 percent vested in their Employer contributions.

There are no Plan amendments in 2024

5. RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustee and the Custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the returns earned on each fund. Certain administrative fees related to administration of the Plan were paid by the Plan or by the Employer. These transactions qualify as party-in-interest transactions.

**6. TAX STATUS**

On March 31, 2008, the IRS stated the prototype adopted by the Plan, as designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes the Plan is designed and is operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

**7. CERTIFIED INVESTMENTS BY THE TRUSTEE (UNAUDITED)**

Certain information related to investments and notes receivable from Participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from Participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2024, were obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee of the Plan.

At December 31, 2024 and 2023, the Plan's investments were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee, Mid Atlantic Trust Company, DBA MATC, as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for the Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at December 31, 2024 and 2023, as reported by the Trustee is summarized as follows:

	For the Years Indicated	
	December 31,	
	2024	2023
<u>Statement of Net Assets Available for Benefits</u>		
Mutual Funds	\$ 6,333,622	\$5,574,796

Net Increase in Net Assets per the Financial Statements	\$ 800,293
Net Income per Form 5500	\$ 800,293

9. MUTUAL FUND FEES

Certain investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads, or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

10. SUBSEQUENT EVENTS

The Plan Sponsor has evaluated the accompanying financial statements for subsequent events and transactions through October 14, 2025, the date the financial statements were available to be issued, and has determined no material subsequent events have occurred that would affect the information presented in the accompanying financial statements or require additional disclosure.
