INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee, Plan Administrator and Participants of
SURVICE Engineering Company 401k Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of SURVICE Engineering Company 401k Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Retirement Plan Committee, Plan Administrator and Participants of
SURVICE Engineering Company 401k Profit Sharing Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Retirement Plan Committee, Plan Administrator and Participants of
SURVICE Engineering Company 401k Profit Sharing Plan

Auditor's Responsibilities for the Audits of the Financial Statements - continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Retirement Plan Committee, Plan Administrator and Participants of
SURVICE Engineering Company 401k Profit Sharing Plan

Supplemental Schedule Required by ERISA - continued

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SURVICE ENGINEERING COMPANY 401K PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan of SURVICE Engineering Company and its participating employer, SURVICE Engineering Company, LLC (collectively, the Company). The Plan was established on June 1, 1984 and is subject to the provisions of ERISA.

The plan document was amended with various effective dates during 2024. Significant changes to plan provisions are discussed throughout these financial statements.

On December 29, 2022, the SECURE 2.0 Act of 2022 (SECURE 2.0 Act) was signed into law. The SECURE 2.0 Act makes various required and optional changes applicable to tax qualified retirement plans with varying effective dates through 2027. Certain mandatory changes to plan provisions or optional changes to be made to plan provisions as a result of the SECURE 2.0 Act are discussed in these financial statements. The plan document is required to be amended in regard to the requirements of SECURE 2.0 Act by December 31, 2026.

Eligibility: The Plan covers substantially all employees of the Company; however, employees covered by a collective bargaining agreement, leased employees, nonresident aliens, temporary employees and interns are excluded. Though, temporary employees and interns who complete 1,000 hours of service during an eligibility computation period (as defined) and attain age 21 are eligible to participate in the Plan. New employees are eligible for auto enrollment 10 days after their hire date, unless otherwise directed by the employee. Predecessor employer service for various contracts will be recognized for vesting and eligibility, as defined in the Plan.

Contributions: Each year, participants may elect to contribute up to 60% of their eligible compensation, as defined, up to the maximum allowable contribution under the Internal Revenue Code (IRC). These contributions may be made as pre-tax or after-tax Roth deferral contributions. Effective January 1, 2024, voluntary, non-deductible, after-tax employee contributions are permitted, up to a maximum of \$10,000 annually, and 65% of eligible compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions and may exceed the 60% deferral limit. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans. In addition, participants can elect an in-plan Roth conversion of employee deferrals, qualified automatic contribution arrangement (QACA) matching contributions (effective January 1, 2024) and fully vested QACA non-elective contributions that are not part of an outstanding participant note balance.

Under the Plan's auto enrollment provision, a pre-tax contribution of 8% of eligible compensation will automatically be elected, unless otherwise directed by the employee. This initial automatic deferral percentage shall increase by 1% of compensation annually up to a maximum amount of 15% of compensation. Effective June 9, 2024, the annual 1% increase program for automatically enrolled participants also applies to participants who have elected to have their deferrals withheld on an after-tax Roth basis. The automatic escalation takes place each January 1st. Special rules apply for rehired employees.

**SURVICE ENGINEERING COMPANY 401K PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Contributions - continued: The Company provides for the following contributions on behalf of participants:

Effective January 1, 2024, a QACA matching contribution equal to 100% of the first 5% of the eligible participant's compensation contributed to the Plan. The Plan's provisions also provide for a true-up provision under which a participant's QACA matching contribution is re-determined on the last day of the plan year based on the participant's elective contributions during the plan year. During 2024, the Company contributed \$1,872,854, net of forfeitures.

Effective January 1, 2024, an additional matching contribution, as defined. For 2024, no additional matching contribution was made.

A discretionary nonelective contribution in an amount determined by the Board of Directors. The discretionary formula is a cross-tested participant group allocation formula, as defined. To be eligible for this contribution, the employee must be employed on the last day of the plan year and have 1,000 hours of service during the plan year. The allocation requirements to receive the discretionary nonelective contribution are waived for participants upon death or who become disabled, as defined, or retire at normal or early retirement age, as defined. No discretionary nonelective contribution was made for 2024.

Qualified Nonelective Contributions (QNECs) to eligible participants, as defined in the Plan. No QNECs were made for 2024.

Participant Accounts: Each participant's account is credited with the participant's contributions and Company contributions, as well as allocations of plan earnings or losses. Participant accounts are charged with participant recordkeeping fees (net of offsets) and any participant requested transaction fees. Allocations are based on participant earnings/losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants may direct the investment of their contributions and Company contributions into various registered investment companies (mutual funds) offered by the Plan. For those participants who do not make an investment selection, their contributions and the Company contributions are automatically invested in the Plan's qualified default investment account.

Vesting: Participants are immediately vested in their contributions and QNECs plus earnings thereon. Vesting in the Company contributions is based upon years of service as follows:

Years of Service	QACA Matching & Nonelective Contributions	Discretionary Nonelective Contributions	Discretionary Matching Contributions
1	0%	0%	0%
2	100%	25%	25%
3	100%	50%	50%
4	100%	75%	100%
5	100%	100%	100%

Additional vesting schedules apply to matching contributions made prior to January 1, 2002 and discretionary contributions for those employees terminated prior to January 1, 2007. However, regardless of the vesting schedules, participants will become fully vested upon death, total and permanent disability or upon reaching retirement age (as defined) while still employed.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account, bear interest at the prime rate plus 1% and can only exceed a repayment period of five years for the purchase of a principal residence, in which case the maximum repayment period is 10 years. Only one note may be outstanding at a time. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits: Benefit payments are payable upon termination of employment, death or retirement (as defined) and may be in the form of lump sum payments or partial withdrawals. The Plan shall make automatic distributions of vested account balances that are less than \$7,000 (as updated by the SECURE 2.0 Act) in accordance with plan provisions. Distributions from a participant's rollover account may be made at any time. Hardship withdrawals and in-service withdrawals at age 59 ½ or for qualified birth or adoption of a child are also permitted, subject to provisions defined in the plan document.

Forfeitures: Forfeitures of Company contributions (due to participants' termination prior to full vesting) are to be used to pay administrative expenses and then used to reduce Company contributions. During 2024, the Company's QACA matching contribution remittances were reduced by \$149,681 and administrative expenses of \$1,567 were paid from the balance in the forfeited nonvested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Basis of Accounting: The Plan's financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant notes are reclassified as distributions based on the terms of the plan document. Terminated participants can elect to continue loan repayments personally to avoid loan default.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Contributions: Contributions from plan participants and the QACA matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits: Benefits are recorded when paid. As of December 31, 2024, there was \$1,048,186 allocated to the account of a participant who had elected to withdraw from the Plan, but had not yet been paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment management fees of individual fund investments are charged to the respective investment and included in the net appreciation/depreciation of the investment. Fees related to the administration of notes receivable from participants and participant distributions and participant recordkeeping fees (net of offsets) are charged directly to participant accounts and are included in administrative expenses.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 - INFORMATION CERTIFIED BY A QUALIFIED INSTITUTION

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest income on notes receivable from participants and dividend income for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (FMTC), a qualified institution and trustee of the Plan.

NOTE 5 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed FMR LLC, by a letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Plan investments consist of registered investment companies managed and/or issued by Fidelity Investments. Fidelity Investments is the parent company of Fidelity Workplace Services, LLC (FWS), the Plan's recordkeeper, and FMTC, the trustee of the Plan. Transactions with Fidelity Investments, FWS and FMTC qualify as party in interest transactions.

NOTE 6 - RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS - CONTINUED

FWS provides certain administrative services to the Plan pursuant to the Fidelity Investments Retirement Plan Service Agreement (the Agreement) between the Company and FWS. In conjunction with the Agreement, FWS receives quarterly recordkeeping revenue in the form of a per participant fee. This revenue is subject to offsets (as defined) of Fidelity and non-Fidelity investment products. However, if the offsets exceed the revenue, they are to be allocated pro rata among eligible participants (as defined) based on their account balances, excluding note balances.

FWS also receives compensation with respect to any non-Fidelity funds that are offered as investment options in the Plan, as disclosed in separate agreements, for services provided by FWS with respect to such investment funds. FWS is authorized to retain net float earnings earned on the investment transaction account balances in overnight short-term investments and may also retain the difference between the float earnings and bank fees it collects.

Under the Agreement, participants also pay transactional fees relative to notes receivable from participants and participant distributions. Fees paid by the Plan to FWS, net of offsets and forfeitures, amounted to \$48,922 for 2024. The Plan or Company may make payments to FWS for administrative expenses not covered by the aforementioned fees.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. As of December 31, 2024 and 2023, 66% of net assets available for benefits is invested in the Vanguard Target Retirement Funds; however, by their nature, these funds are a diversified mix of equities and fixed income that rebalance over time.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to Schedule H of Form 5500:
