INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
JLG Architects Employee Stock Ownership Plan
Grand Forks, North Dakota

Opinion

We have audited the accompanying financial statements of JLG Architects Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 **and 2023**, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of JLG Architects Employee Stock Ownership Plan as of December 31, 2024 **and 2023**, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of JLG Architects Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about JLG Architects Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of JLG Architects Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about JLG Architects Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

JLG ARCHITECTS EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 PLAN DESCRIPTION

The following description of the JLG Architects Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Johnson Laffen Galloway Architects, Ltd. (the Company) established the Plan effective as of January 1, 2014. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Board of Directors of the Company. An independent trust company is the Plan's trustee.

The Company purchased all of the outstanding Company common stock and has made a discretionary contribution of stock to the Plan at year end annually since the inception of the Plan.

Eligibility

All employees of the Company are eligible to participate in the Plan after attainment of age 21 except for student interns, collective bargaining (union) employees, non-resident aliens, or any person whose relationship to the Company is deemed by the Company to be that of an independent contractor. Participants who are not employed on the last day of the Plan year or do not have at least 1,000 hours of service during such Plan year are generally not eligible for an allocation of Company contributions for such year.

Contributions

Employer contributions are determined annually by the Board of Directors of the Company subject to limitations imposed under the Internal Revenue Code. The Company may, but is not required to, make a contribution to the Plan. Employer contributions will be either in the form of employer securities or cash. Employee contributions are not permitted.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of the Plan year with an allocated share of: the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year and have worked 1,000 hours in the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

JLG ARCHITECTS EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024 AND 2023

Vesting

Participants are vested based on the number of years of credited service. A participant is 100% vested after three years of credited service. A participant will be 100% vested after reaching normal retirement age while an employee, which is defined as attaining age 65, or if the participant terminates employment due to death or as a result of becoming disabled.

Payment of Benefits

A participant will be eligible to receive a distribution following the date on which employment is terminated. If the total balance of the participant's account does not exceed \$10,000, the balance shall be paid in a lump sum during any Plan year following the close of the Plan Year in which the participant separates from service.

If the total balance of the participant's account exceeds \$10,000, the balance shall be paid in substantially equal periodic payments (no less frequently than annually) over a period of five years or, in the case of a participant (or beneficiary) with an account balance in excess of \$800,000 (adjusted for cost of living [\$1,380,000 and \$1,330,000 in years 2024 and 2023, respectively]), five years plus one additional year (but not more than five additional years) for each \$160,000 (adjusted for cost of living [\$275,000 and \$265,000 in years 2024 and 2023, respectively]) or fraction thereof by which such balance exceeds \$800,000 (adjusted for cost of living). If the separation of service is before attainment of normal retirement age, or due to a reason other than retirement, disability, or death, payments will commence no later than one year after the close of the fifth Plan year following the Plan year in which the participant separates from service. If the separation of service follows the participant's attainment of normal retirement age, or is due to disability, or death, payments will commence during any Plan year following the Plan year during which the participant separates from service.

Voting Rights

The Trustee of the Plan will generally vote all Company Stock held by it as a part of the Plan assets in accordance with its fiduciary responsibilities and the terms of the Plan. With respect to the approval or disapproval of any merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of the Company, or such other transactions which may be prescribed by applicable Treasury regulations promulgated under Code section 409(e), each participant is entitled to direct the Trustee with respect to the voting of all shares allocated to his or her account at such time. The Trustee shall vote any unallocated Company Stock in the Trust Fund, or any allocated Company Stock as to which no voting instructions have been received, in its discretion.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account, subject to the provisions of the Plan document.

JLG ARCHITECTS EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024 AND 2023

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. For the years ended December 31, 2024 and 2023, \$87,793 and \$33,072 respectively, of forfeitures were reallocated to the remaining participants in the plan and the balance of non-vested forfeitures as of December 31, 2024 and 2023 was \$0.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is not market. The put price is representative of the current value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America, ("GAAP"), as codified by the Financial Accounting Standards Board.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees which rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released, if applicable. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid, if applicable.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024 AND 2023

Investment Valuation and Income Recognition

Investments are reported at fair value. The shares of Company common stock are based on an annual independent third-party appraisal. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. In accordance with the policy of stating investments at current value, net realized and unrealized appreciation (depreciation) for the year is reflected in the statements of changes in net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. Administrative expenses paid using the Plan's assets will generally be allocated among the accounts of all participants in the Plan. A significant amount of administrative expenses were paid by the Plan sponsor and are not reflected in the financial statements.

Income Taxes

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

NOTE 3 INVESTMENTS

The Plan's investments, at December 31, are presented in the following table:

NOTE 4 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 **and** 2023.

Common Stock: The fair value of Johnson Laffen Galloway Architects, LTD. common stock held by the Plan is valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and earnings valuation techniques. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of company assets and liabilities.

Money Market Mutual Fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

JLG ARCHITECTS EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024 AND 2023

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Money Market Mutual Fund	\$ 2,554	\$ -	\$ -	\$ 2,554
Johnson Laffen Galloway Architects, LTD Common Stock	-	-	32,602,569	32,602,569
Total Assets at Fair Value	\$ 2,554	\$ -	\$32,602,569	\$32,605,123

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of **December 31, 2023**:

	Level 1	Level 2	Level 3	Total
Money Market Mutual Fund	\$ 1,052	\$ -	\$ -	\$ 1,052
Johnson Laffen Galloway Architects, LTD Common Stock	-	-	20,789,673	20,789,673
Total Assets at Fair Value	\$ 1,052	\$ -	\$20,789,673	\$20,790,725

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2024 **and 2023**, there were no significant transfers into or out of Level 3.

NOTE 5 INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated December 7, 2015, that the Plan qualifies under the applicable section of the Internal Revenue Code and is, therefore, not subject to tax under present income tax law. The Company and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024 AND 2023

NOTE 6 RELATED PARTIES AND PARTIES-IN-INTEREST

The Plan invests in Company common stock and utilizes Alerus Retirement and Benefits as its recordkeeper and GreatBanc Trust Company as its trustee. These are related party and party-in-interest transactions under ERISA.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan investments consist primarily of common stock of the Company. In general, this investment is exposed to various risks, such as interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows and other such techniques. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with this investment security, it is reasonably possible that changes in the value of the investment will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 AMENDMENT AND TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend the Plan at any time or to terminate the Plan subject to the provisions of ERISA and the Plan document. Upon termination of the Plan, the Employee Benefits Administration Committee directs the Trustee to pay all of the liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay any debt. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRS.

NOTE 9 SUBSEQUENT EVENTS

No significant events occurred subsequent to the Plan's year end. Subsequent events have been evaluated through October 14, 2025, which is the date these financial statements were available to be issued.
