INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Synergy Enterprises, Inc. Employee Stock Ownership Plan
Bethesda, Maryland

Opinion on the 2024 Financial Statements

We have audited the accompanying financial statements of Synergy Enterprises, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Synergy Enterprises, Inc. Employee Stock Ownership Plan as of December 31, 2024, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of Synergy Enterprises, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Synergy Enterprises, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Synergy Enterprises, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Synergy Enterprises, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SYNERGY ENTERPRISES, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE A – DESCRIPTION OF PLAN

The following description of the Synergy Enterprises, Inc. Employee Stock Ownership Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement and the amendments thereto for a more complete description of the Plan’s provisions.

General

Synergy Enterprises, Inc. (the Company) established the Synergy Enterprises, Inc. Employee Stock Ownership Plan effective January 1, 2011, to enable eligible employees of the Company to share in the growth and prosperity of the Company and provide participants an opportunity to accumulate capital for their future economic security.

The Plan is intended to qualify as an Employee Stock Ownership Plan (ESOP), as defined in Section 4975(e)(7) of the Internal Revenue Code (Code). In addition, in accordance with Section 54.4975-11(a)(5) of the Treasury Regulations, this Plan also forms a portion of the Plan, which is a Stock Bonus Plan and is intended to qualify under Section 401(a) of the Code. The Plan reflects the applicable provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA), and the guidance issued thereunder. The Plan reflects the applicable provisions of the Pension Protection Act of 2006 (PPA’06), as well as the applicable provisions of the final regulations under Code Section 415 (Final Section 415 Regulations) and the applicable provisions of the Heroes Earnings Assistance and Relief Tax Act of 2008 (HEART’08) as well as the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Plan Committee which is appointed by the Board of Directors. The Trustee is appointed by the Board of Directors and is directed by the Plan Committee. The trust fund established by the Plan’s Trustee is the funding medium used for accumulation of assets from which benefits will be distributed.

The Plan purchased Company common stock using the proceeds of a bank borrowing guaranteed by the Company and holds the common stock in a trust established under the Plan. The borrowing is to be repaid over a period of twenty years by fully deductible Company contributions to the trust fund. As the Plan makes each payment of the principal, an appropriate percentage of stock will be allocated to eligible employees’ accounts in accordance with applicable regulation under the Code. Shares vest fully upon allocation. As of 2018, the loan borrowings were fully repaid.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Eligibility

Employees of the Company and participating affiliates are generally eligible to participate in the Plan after one year of service provided they worked at least 1,000 hours during such a plan year. Participants who do not have at least 1,000 hours of service during such a plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such year.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations of contributions are based on a participant's eligible compensation, relative to total eligible compensation. Allocations of dividends are based on a participant's share balance at the dividend date. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning-of-the-year account balance to all participants' beginning-of-the-year account balances.

Payment of Benefits

Distributions on account of death, disability, and retirement shall commence during the following Plan year as follows:

1. Company stock accounts and other investment accounts exceeding \$5,000 will be made in substantially equal annual installments over a period of five years.
2. Company stock accounts and other investment accounts less than \$5,000 will be distributed in one lump sum.

Distributions for other forms of separation from service shall commence as follows:

1. Company stock accounts and other investment accounts exceeding \$5,000 will be made beginning in the fifth Plan year following the separation from service and are made in five annual installments. Distributions are made in cash or, if a participant elects, in the form of Company common stock plus cash for any fractional share of common stock.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

2. Company stock accounts and other investment accounts less than \$5,000 will be distributed in one lump sum beginning after the plan year end in which an employee terminates.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote for any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote for any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to the provisions set forth in ERISA. Upon termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Employee Benefits Administration Committee would direct the Trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed common stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loan. The Company has elected to terminate the Plan as of September 30, 2025.

Vesting

If a participant's employment with the Company ends for any reason other than retirement (age 63 and three years of participation), permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company.

Vesting (continued)

<u>Years of Service</u>	<u>Percentage of Accounts Vested</u>
Less than Two Years	-
Two Years	20
Three Years	40
Four Years	60
Five Years	80
Six Years	100

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of their post 1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to a cumulative amount up to 50%. Participants who elect to diversify receive cash distribution. Participants eligible to diversify make their election after year-end based on the number of shares of the employer's stock held in their account at year-end.

Investments

The Company classifies its marketable equity securities as available for sale. Equity securities are carried in the financial statements at fair value, and both realized and unrealized gains and losses are included in earnings.

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, additions to net assets, and deductions from net assets, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations

The financial statement of the Plan presents separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. The value of shares is released from collateral and become allocated generally in the period in which debt service is actually paid.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The shares of the Company's stock are valued at fair value. See Note I for discussion of fair value measurements.

Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

NOTE C – TAX STATUS

The Internal Revenue Service has determined and informed the Plan Administrator by letter dated April 15, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified, and the related trust is tax exempt.

The Plan's information return filings are subject to audit by the Internal Revenue Service and the Department of Labor, generally for three years after filing. Years before 2022 are no longer subject to audit.

NOTE D – ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Company common stock, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company or its affiliates. No such officer or employee receives compensation from the Plan. The Company pays administrative expenses for the Trustee's fees directly.

NOTE E – INVESTMENTS

The Plan's investments in the Company's common stock at December 31, 2024, are as follows:

Number of Shares	220,000
Cost	\$ 2,200,000
Fair Value	1,414,600

NOTE F – MARKETABLE EQUITY SECURITIES

Cost and fair value of marketable equity securities at December 31, 2024 are as follows:

	<u>Cost</u>	<u>Gross Unrealized Gain</u>	<u>Gross Unrealized Loss</u>	<u>Fair Value</u>
Available for sale:				
Equity Securities	\$ 668,959	\$ 54,980	\$ -	\$ 723,939

The change in net unrealized holding gain on equity securities available for sale in the amount of \$31,328 has been included in net income for year ended December 31, 2024, following the adoption of ASU 2016-01.

All of the unrealized gains and losses recognized during the year ended December 31, 2024 are for equity securities still held at year end.

The fair value of all equity securities has been measured on a recurring basis using Level 1 inputs, which are based on unadjusted quoted market prices within active markets. There have been no changes in valuation techniques and related input.

NOTE G – RISKS AND UNCERTAINTIES

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with the investment in the common stock and the uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE H – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock and has indebtedness guaranteed by the Company. These are related parties and party-in-interest transactions. As described in Note B and D, the Company pays the expenses of the Plan. The Plan has a number of service providers. Such parties are parties-in-interest under ERISA.

NOTE I – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

Level 1 fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

Level 2 fair value measurements are inputs other than quoted price included in Level 1 that are observable for valuing the asset or liability, either directly or indirectly. Observable inputs include quoted price for similar assets or liabilities in active or non-active markets. These inputs may also include insignificant adjustments to market observable inputs.

NOTE I – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 Fair Value Measurements

Level 3 fair value of the Company common stock is based on an annual independent appraisal. This appraisal was based on a combination of the market and income valuation approaches consistent with prior years. The appraiser considered historical and projected cash flow and net earnings, weighted average cost of capital, market comparable, and applicable discounts and premiums.

The Employee Benefits Administration Committee, under the supervision of the Company’s Board of Directors, determines the fair value measurement policies and procedures in consultation with the Company’s chief financial officer. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following tables present fair value measurement information for the Plan’s investment in Company common stock. The carrying values of receivables, cash, and interest payable included in the accompanying statement of net assets available for benefits approximated fair value at December 31, 2024, and are thus not included in the following table:

	<u>Fair Value</u>	<u>Fair Market Measurements Using</u>

Final regulatory filings will be completed in due course. The termination process is ongoing and all plan assets will be distributed in due course.
