Independent Auditors' Report

To the WW Plan Administration Committee and  
the Participants of the WW Savings Plan:

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audits***

We have performed audits of the accompanying financial statements of the WW Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audits"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("Qualified Institution").

Management has obtained certifications from a Qualified Institution as of December 31, 2024, and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements referred to above related to assets held by and certified to by a Qualified Institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audits of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditors' Report

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

***Other Matter - Supplemental Schedule(s) Required by ERISA***

The supplemental schedule of Schedule H, Part IV, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

Independent Auditors' Report

statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a Qualified Institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024, AND 2023  
AND FOR THE YEAR ENDED DECEMBER 31, 2024

### 1. **Description of the Plan**

The following is a brief description of the WW Savings Plan (the "Plan"), which is provided for general information purposes only. The Plan document and individual statements provided to each Plan participant should be referred to for more complete information.

#### **General**

The Plan is a qualified defined contribution pension plan covering eligible employees who are members of WW International, Inc. and affiliates (the "Company"). The Plan provides deferred compensation benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan investments are administered and held in a trust by the Plan's trustee, Fidelity Management Trust Company (the "Trustee"), which also serves as the custodian of the Plan. The Trustee is qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Workplace Services LLC, an affiliate of the Trustee, is the record-keeper of the Plan. The Plan administrator and a committee comprised of Company officials is responsible for overseeing and ensuring compliance with the Plan document. The Trustee, the record-keeper, and the Plan administrator are appointed by the Company.

#### **Plan Amendments**

Effective October 4, 2023, the Plan converted from an individually designed plan to a non-standardized pre-approved plan. This conversion resulted in minor amendments, including, but not limited to, removing (1) a minimum in-service withdrawal amount and (2) limit of two in-service withdrawals per year, allowing after-tax rollover contributions, allowing Qualified Reservist Distributions, and allowing hardship withdrawals to be taken on account of hardship incurred by a designated beneficiary. Participants should refer to the Plan document for complete information.

The Plan has implemented certain requirements of the Consolidated Appropriations Act of 2023, which included retirement provisions referred to as the SECURE 2.0 Act ("SECURE 2.0"), which builds upon the Setting Every Community Up for Retirement Enhancement Act of 2019. SECURE 2.0 legislation required the Plan to, among others, delay the commencement date for required minimum distributions from 72 to 73, effective January 1, 2023. Written amendments to the Plan to reflect these operational changes are not required to be adopted until a later date in accordance with applicable laws and Internal Revenue Service ("IRS") guidance.

## NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024, AND 2023  
AND FOR THE YEAR ENDED DECEMBER 31, 2024

### 1. Description of the Plan

#### **Eligibility**

A salaried employee becomes eligible to participate in the Plan on their date of hire or, if later, the first day of the month coincident with or following when they change from non-salaried to salaried. Non-salaried employees become eligible to participate in the Plan on the first day of the month following the 12-month anniversary of their hire date or the first day of the month following any subsequent Plan year, provided that they work at least 1,000 hours or more during the relevant period. All salaried employees are automatically enrolled upon meeting the eligibility requirements above.

#### **Participant Contributions**

Effective October 4, 2023, participants may also make after-tax contributions. Participant contributions in an aggregate amount are limited to 50% of eligible compensation, as defined, as further limited by the Internal Revenue Service Code (“IRC”) limits, as discussed below. Contribution percentages may be increased or decreased at any time throughout the Plan year.

All salaried employees are deemed to have elected a contribution of 3% of eligible compensation invested in the Qualified Default Investment Alternative, as defined, unless they instruct the Plan administrator or record-keeper otherwise. For all Plan purposes, eligible compensation is defined as total wages and salary of an employee, including any overtime pay, bonuses, and commissions and excluding deferred compensation, stock options and other distributions with special tax benefits, as defined in the Plan document.

For 2024, the maximum amount of compensation that may be considered for deferral purposes by participant and employer contributions is \$345,000. For 2024, total participant contributions are limited to a maximum of \$23,000. Additionally, for 2024, individuals who are at least 50 years of age can make a “catch-up” contribution not to exceed \$7,500. The maximum annual addition for 2024, which may be contributed or allocated to a participant’s account under the Plan, shall not exceed the lesser of 100% of a participant’s compensation or \$69,000 for employees under age 50 and \$76,500 for employees over the age of 50.

#### **Employer Contributions**

The Company provides for matching contributions of fifty percent of the first six percent of eligible compensation that a participant, whether salaried or not, contributes to the Plan as pre-tax or Roth deferral contributions. Any matching contributions must be made by the Company’s tax return due date for the year in question.

## WW SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024, AND 2023  
AND FOR THE YEAR ENDED DECEMBER 31, 2024

#### 1. Description of the Plan

##### **Employer Contributions**

In addition, the Company may make a discretionary profit-sharing contribution that is allocated to each participant based on the ratio of the participants' compensation to total compensation, at the discretion of the Company's Board of Directors. To qualify for a discretionary profit-sharing contribution, a participant must complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year. No discretionary profit-sharing contribution was authorized for the year ended December 31, 2024.

##### **Rollover Contributions**

Any eligible employee, even if they are not a participant, may make a transfer to the Plan of a benefit from a qualified retirement plan of another employer referred to as a rollover.

##### **Investments**

Participants direct the investment of their contributions into various investment options offered by the Plan. The participants, in accordance with the Trust Document, direct the Trustee to deposit their contributions to the investments they specify.

##### **Vesting**

Participants are fully and immediately vested in their own contributions and rollovers. Participants are 100 percent vested in employer contributions after three years of service.

##### **Participant Accounts**

The Plan administrator establishes and maintains a separate account for each participant which is credited for rollover and voluntary contributions the participants make, employer contributions and Plan earnings. Income earned and net appreciation or depreciation on Plan investments are allocated to each participant's account for a particular investment in proportion to their account balances in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### **Notes Receivable from Participants**

Notes receivables are permitted against the vested portions of each participant's account. The amount of the note cannot be less than \$1,000 or exceed the lesser of \$50,000 or 50% of the current value of the participant's vested account balance. Each note granted to a participant must be repaid in full before any subsequent note is granted. The notes are secured by the vested balance in the participant's account. The notes carry a rate of interest of prime plus one percent as set by the Plan quarterly. The interest rate on notes outstanding at December 31, 2024, ranged from 4.25% to 9.5% per annum. Any such borrowings are to be repaid within five years unless the note is for the purchase of a principal residence for which the repayment period may not extend beyond 15 years. A note becomes immediately due and payable upon a participant's termination of employment, death or disability.

## NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024, AND 2023  
AND FOR THE YEAR ENDED DECEMBER 31, 2024

### 1. Description of the Plan

#### **Forfeited Accounts**

Upon termination of employment participants forfeit their non-vested balances. Forfeited amounts are applied in the following order: 1) to restore certain forfeited matching contributions and profit-sharing contributions if the participant is rehired in certain instances, 2) to defray Plan administrative expenses or 3) to reduce future Matching Contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$629,362 and \$313,942 respectively. There was \$395,244 of forfeited amounts used to reduce Company contributions and \$0 used to pay administrative expenses during the year ended December 31, 2024.

#### **ERISA Budget Account**

The Trustee through its revenue sharing arrangements (“Shared Revenue”) with investment companies, shares a portion of the Shared Revenue with retirement plans which it services. The ERISA Budgeted Account can be used to either reduce Plan expenses or be reallocated to participant accounts. At December 31, 2024 and 2023, the remaining portion of the Shared Revenue, referred to as the ERISA Budget Account in the aggregate amount of \$410,555 and \$293,915, respectively, is included in the investment balance on the Statements of Net Assets Available for Benefits. During the year ended December 31, 2024, the Plan received \$99,079 of Shared Revenue from the Trustee, which was recorded as “Other income” on the Statement of Changes in Net Assets Available for Benefits.

#### **Retirement**

A participant may elect retirement on the first day of the month coincident with or following the date on which they attain the age of 65. Early retirement is not permitted.

#### **Distributions of Benefits**

Distributions to participants are available upon the following events: retirement, termination of employment, the attainment of age 59 ½, disability or death. A participant’s benefit, consisting of his/her entire vested account balance, is paid in the form of either a lump sum distribution or a rollover to an IRA or another qualified plan. Installments were permitted for distributions made or commenced on or before December 31, 2007.

Participants with an account balance of \$1,000 or less will receive a distribution upon termination of employment. A participant with an account balance in excess of \$1,000 may elect to defer payment. In the absence of an election, the participant will receive his or her distribution upon the later of normal retirement age of 65 or termination of employment. The Plan also provides for hardship withdrawals to participants meeting certain requirements as described in the Plan Document. In all cases, participants must begin receiving Required Minimum Distributions, under IRS guidelines, upon reaching the later of retirement or age 73.

## WW SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024, AND 2023  
AND FOR THE YEAR ENDED DECEMBER 31, 2024

#### 1. Description of the Plan

##### **Administrative Expenses**

Administrative expenses may be paid out of the Plan or by the Company. For the year ended December 31, 2024, the Company incurred certain administrative expenses relating to the Plan without chargeback to the Plan.

#### 2. Summary of Significant Accounting Policies

##### **Basis of Accounting**

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

##### **Use of Estimates and Assumptions**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

##### **Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements. Purchases and sales of securities are reflected on a trade date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) of the fair value of its investments, which includes the Plan's gains and losses on investments bought and sold as well as held during the year.

##### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024, or 2023.

##### **Payment of Benefits**

Benefit payments to participants or beneficiaries are recorded when paid.

# WW SAVINGS PLAN

## NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024, AND 2023  
AND FOR THE YEAR ENDED DECEMBER 31, 2024

### 2. Summary of Significant Accounting Policies

#### **Risks and Uncertainties**

The Plan provides for various investment options. Investment securities are exposed to various risks including but not limited to, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

#### **Income Tax Status**

Effective October 4, 2023, the Plan is an adoption of a non-standardized pre-approved plan that received an IRS opinion letter on June 30, 2020, stating that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the IRC. An employer adopting this pre-approved plan is considered to have a plan qualified under Section 401(a) of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status.

The Plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the trust established under the Plan is tax-exempt. No provision for income taxes has been included in the financial statements since the Plan has no unrelated business income tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the DOL. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, and 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the IRS or the DOL, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2021.

#### **Subsequent Events**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2025, which is the date the financial statements were available to be issued.

## WW SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024, AND 2023  
AND FOR THE YEAR ENDED DECEMBER 31, 2024

#### 3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100 percent vested in their employer contributions.

#### 4. Investments

For the year ended December 31, 2024, the Plan's investments appreciated (including gains and losses on investments bought and sold, as well as held during the year) in value by \$21,650,410.

#### 5. Fair Value Measurements

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

## WW SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024, AND 2023  
AND FOR THE YEAR ENDED DECEMBER 31, 2024

#### 5. Fair Value Measurements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

**Interest-bearing cash and mutual funds:** Valued at the daily closing price as reported by the fund. Interest-bearing cash and mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and as such are classified as Level 1 on the fair value measurements hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024, and 2023:

	<b>2024</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Interest-bearing cash	\$ 8,431,678	\$ -	\$ -	\$ 8,431,678

AS OF DECEMBER 31, 2024, AND 2023  
AND FOR THE YEAR ENDED DECEMBER 31, 2024

#### **5. Fair Value Measurements**

##### **Changes in Fair Value Levels**

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the year ended December 31, 2024, there were no purchases, issuances, transfers in or out of Level 3.

#### **6. Related Party and Party-in-Interest Transactions**

Certain Plan investments are shares of funds managed by an affiliate of the Trustee. Administrative expenses are paid to the Trustee and its affiliate who acts as the record-keeper of the Plan. Transactions with the Trustee and its affiliates qualify as party-in-interest transactions. Notes receivable from Plan participants also qualify as party-in-interest transactions. The above transactions are not, however, considered prohibited transactions under CFR 408 (b) of the ERISA regulations.

#### **7. Unaudited Information Certified by the Plan's Trustee**

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee, as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule:

Independent Auditors' Report

To the WW Plan Administration Committee and  
the Participants of the WW Savings Plan:

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audits***

We have performed audits of the accompanying financial statements of the WW Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audits"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("Qualified Institution").

Management has obtained certifications from a Qualified Institution as of December 31, 2024, and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements referred to above related to assets held by and certified to by a Qualified Institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audits of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditors' Report

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

***Other Matter - Supplemental Schedule(s) Required by ERISA***

The supplemental schedule of Schedule H, Part IV, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

Independent Auditors' Report

statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a Qualified Institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024, AND 2023  
AND FOR THE YEAR ENDED DECEMBER 31, 2024

### 1. **Description of the Plan**

The following is a brief description of the WW Savings Plan (the "Plan"), which is provided for general information purposes only. The Plan document and individual statements provided to each Plan participant should be referred to for more complete information.

#### **General**

The Plan is a qualified defined contribution pension plan covering eligible employees who are members of WW International, Inc. and affiliates (the "Company"). The Plan provides deferred compensation benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan investments are administered and held in a trust by the Plan's trustee, Fidelity Management Trust Company (the "Trustee"), which also serves as the custodian of the Plan. The Trustee is qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Workplace Services LLC, an affiliate of the Trustee, is the record-keeper of the Plan. The Plan administrator and a committee comprised of Company officials is responsible for overseeing and ensuring compliance with the Plan document. The Trustee, the record-keeper, and the Plan administrator are appointed by the Company.

#### **Plan Amendments**

Effective October 4, 2023, the Plan converted from an individually designed plan to a non-standardized pre-approved plan. This conversion resulted in minor amendments, including, but not limited to, removing (1) a minimum in-service withdrawal amount and (2) limit of two in-service withdrawals per year, allowing after-tax rollover contributions, allowing Qualified Reservist Distributions, and allowing hardship withdrawals to be taken on account of hardship incurred by a designated beneficiary. Participants should refer to the Plan document for complete information.

The Plan has implemented certain requirements of the Consolidated Appropriations Act of 2023, which included retirement provisions referred to as the SECURE 2.0 Act ("SECURE 2.0"), which builds upon the Setting Every Community Up for Retirement Enhancement Act of 2019. SECURE 2.0 legislation required the Plan to, among others, delay the commencement date for required minimum distributions from 72 to 73, effective January 1, 2023. Written amendments to the Plan to reflect these operational changes are not required to be adopted until a later date in accordance with applicable laws and Internal Revenue Service ("IRS") guidance.

## NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024, AND 2023  
AND FOR THE YEAR ENDED DECEMBER 31, 2024

### 1. Description of the Plan

#### **Eligibility**

A salaried employee becomes eligible to participate in the Plan on their date of hire or, if later, the first day of the month coincident with or following when they change from non-salaried to salaried. Non-salaried employees become eligible to participate in the Plan on the first day of the month following the 12-month anniversary of their hire date or the first day of the month following any subsequent Plan year, provided that they work at least 1,000 hours or more during the relevant period. All salaried employees are automatically enrolled upon meeting the eligibility requirements above.

#### **Participant Contributions**

Effective October 4, 2023, participants may also make after-tax contributions. Participant contributions in an aggregate amount are limited to 50% of eligible compensation, as defined, as further limited by the Internal Revenue Service Code (“IRC”) limits, as discussed below. Contribution percentages may be increased or decreased at any time throughout the Plan year.

All salaried employees are deemed to have elected a contribution of 3% of eligible compensation invested in the Qualified Default Investment Alternative, as defined, unless they instruct the Plan administrator or record-keeper otherwise. For all Plan purposes, eligible compensation is defined as total wages and salary of an employee, including any overtime pay, bonuses, and commissions and excluding deferred compensation, stock options and other distributions with special tax benefits, as defined in the Plan document.

For 2024, the maximum amount of compensation that may be considered for deferral purposes by participant and employer contributions is \$345,000. For 2024, total participant contributions are limited to a maximum of \$23,000. Additionally, for 2024, individuals who are at least 50 years of age can make a “catch-up” contribution not to exceed \$7,500. The maximum annual addition for 2024, which may be contributed or allocated to a participant’s account under the Plan, shall not exceed the lesser of 100% of a participant’s compensation or \$69,000 for employees under age 50 and \$76,500 for employees over the age of 50.

#### **Employer Contributions**

The Company provides for matching contributions of fifty percent of the first six percent of eligible compensation that a participant, whether salaried or not, contributes to the Plan as pre-tax or Roth deferral contributions. Any matching contributions must be made by the Company’s tax return due date for the year in question.

## WW SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024, AND 2023  
AND FOR THE YEAR ENDED DECEMBER 31, 2024

#### 1. Description of the Plan

##### **Employer Contributions**

In addition, the Company may make a discretionary profit-sharing contribution that is allocated to each participant based on the ratio of the participants' compensation to total compensation, at the discretion of the Company's Board of Directors. To qualify for a discretionary profit-sharing contribution, a participant must complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year. No discretionary profit-sharing contribution was authorized for the year ended December 31, 2024.

##### **Rollover Contributions**

Any eligible employee, even if they are not a participant, may make a transfer to the Plan of a benefit from a qualified retirement plan of another employer referred to as a rollover.

##### **Investments**

Participants direct the investment of their contributions into various investment options offered by the Plan. The participants, in accordance with the Trust Document, direct the Trustee to deposit their contributions to the investments they specify.

##### **Vesting**

Participants are fully and immediately vested in their own contributions and rollovers. Participants are 100 percent vested in employer contributions after three years of service.

##### **Participant Accounts**

The Plan administrator establishes and maintains a separate account for each participant which is credited for rollover and voluntary contributions the participants make, employer contributions and Plan earnings. Income earned and net appreciation or depreciation on Plan investments are allocated to each participant's account for a particular investment in proportion to their account balances in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### **Notes Receivable from Participants**

Notes receivables are permitted against the vested portions of each participant's account. The amount of the note cannot be less than \$1,000 or exceed the lesser of \$50,000 or 50% of the current value of the participant's vested account balance. Each note granted to a participant must be repaid in full before any subsequent note is granted. The notes are secured by the vested balance in the participant's account. The notes carry a rate of interest of prime plus one percent as set by the Plan quarterly. The interest rate on notes outstanding at December 31, 2024, ranged from 4.25% to 9.5% per annum. Any such borrowings are to be repaid within five years unless the note is for the purchase of a principal residence for which the repayment period may not extend beyond 15 years. A note becomes immediately due and payable upon a participant's termination of employment, death or disability.

## NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024, AND 2023  
AND FOR THE YEAR ENDED DECEMBER 31, 2024

### 1. Description of the Plan

#### **Forfeited Accounts**

Upon termination of employment participants forfeit their non-vested balances. Forfeited amounts are applied in the following order: 1) to restore certain forfeited matching contributions and profit-sharing contributions if the participant is rehired in certain instances, 2) to defray Plan administrative expenses or 3) to reduce future Matching Contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$629,362 and \$313,942 respectively. There was \$395,244 of forfeited amounts used to reduce Company contributions and \$0 used to pay administrative expenses during the year ended December 31, 2024.

#### **ERISA Budget Account**

The Trustee through its revenue sharing arrangements (“Shared Revenue”) with investment companies, shares a portion of the Shared Revenue with retirement plans which it services. The ERISA Budgeted Account can be used to either reduce Plan expenses or be reallocated to participant accounts. At December 31, 2024 and 2023, the remaining portion of the Shared Revenue, referred to as the ERISA Budget Account in the aggregate amount of \$410,555 and \$293,915, respectively, is included in the investment balance on the Statements of Net Assets Available for Benefits. During the year ended December 31, 2024, the Plan received \$99,079 of Shared Revenue from the Trustee, which was recorded as “Other income” on the Statement of Changes in Net Assets Available for Benefits.

#### **Retirement**

A participant may elect retirement on the first day of the month coincident with or following the date on which they attain the age of 65. Early retirement is not permitted.

#### **Distributions of Benefits**

Distributions to participants are available upon the following events: retirement, termination of employment, the attainment of age 59 ½, disability or death. A participant’s benefit, consisting of his/her entire vested account balance, is paid in the form of either a lump sum distribution or a rollover to an IRA or another qualified plan. Installments were permitted for distributions made or commenced on or before December 31, 2007.

Participants with an account balance of \$1,000 or less will receive a distribution upon termination of employment. A participant with an account balance in excess of \$1,000 may elect to defer payment. In the absence of an election, the participant will receive his or her distribution upon the later of normal retirement age of 65 or termination of employment. The Plan also provides for hardship withdrawals to participants meeting certain requirements as described in the Plan Document. In all cases, participants must begin receiving Required Minimum Distributions, under IRS guidelines, upon reaching the later of retirement or age 73.

## WW SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024, AND 2023  
AND FOR THE YEAR ENDED DECEMBER 31, 2024

#### 1. Description of the Plan

##### **Administrative Expenses**

Administrative expenses may be paid out of the Plan or by the Company. For the year ended December 31, 2024, the Company incurred certain administrative expenses relating to the Plan without chargeback to the Plan.

#### 2. Summary of Significant Accounting Policies

##### **Basis of Accounting**

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

##### **Use of Estimates and Assumptions**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

##### **Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements. Purchases and sales of securities are reflected on a trade date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) of the fair value of its investments, which includes the Plan's gains and losses on investments bought and sold as well as held during the year.

##### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024, or 2023.

##### **Payment of Benefits**

Benefit payments to participants or beneficiaries are recorded when paid.

# WW SAVINGS PLAN

## NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024, AND 2023  
AND FOR THE YEAR ENDED DECEMBER 31, 2024

### 2. Summary of Significant Accounting Policies

#### **Risks and Uncertainties**

The Plan provides for various investment options. Investment securities are exposed to various risks including but not limited to, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

#### **Income Tax Status**

Effective October 4, 2023, the Plan is an adoption of a non-standardized pre-approved plan that received an IRS opinion letter on June 30, 2020, stating that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the IRC. An employer adopting this pre-approved plan is considered to have a plan qualified under Section 401(a) of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status.

The Plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the trust established under the Plan is tax-exempt. No provision for income taxes has been included in the financial statements since the Plan has no unrelated business income tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the DOL. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, and 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the IRS or the DOL, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2021.

#### **Subsequent Events**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2025, which is the date the financial statements were available to be issued.

## WW SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024, AND 2023  
AND FOR THE YEAR ENDED DECEMBER 31, 2024

#### 3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100 percent vested in their employer contributions.

#### 4. Investments

For the year ended December 31, 2024, the Plan's investments appreciated (including gains and losses on investments bought and sold, as well as held during the year) in value by \$21,650,410.

#### 5. Fair Value Measurements

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

## WW SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024, AND 2023  
AND FOR THE YEAR ENDED DECEMBER 31, 2024

#### 5. Fair Value Measurements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

**Interest-bearing cash and mutual funds:** Valued at the daily closing price as reported by the fund. Interest-bearing cash and mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and as such are classified as Level 1 on the fair value measurements hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024, and 2023:

	<b>2024</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Interest-bearing cash	\$ 8,431,678	\$ -	\$ -	\$ 8,431,678
Mutual funds	190,996,634	-	-	190,996,634
Investments, at fair value	\$199,428,312	\$ -	\$ -	\$199,428,312
	<b>2023</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>

AS OF DECEMBER 31, 2024, AND 2023  
AND FOR THE YEAR ENDED DECEMBER 31, 2024

#### **5. Fair Value Measurements**

##### **Changes in Fair Value Levels**

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the year ended December 31, 2024, there were no purchases, issuances, transfers in or out of Level 3.

#### **6. Related Party and Party-in-Interest Transactions**

Certain Plan investments are shares of funds managed by an affiliate of the Trustee. Administrative expenses are paid to the Trustee and its affiliate who acts as the record-keeper of the Plan. Transactions with the Trustee and its affiliates qualify as party-in-interest transactions. Notes receivable from Plan participants also qualify as party-in-interest transactions. The above transactions are not, however, considered prohibited transactions under CFR 408 (b) of the ERISA regulations.

#### **7. Unaudited Information Certified by the Plan's Trustee**

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee, as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule:
