## Independent Auditor's Report

**To the St. Joseph Health System Total Rewards Management Committee  
St. Joseph and Covenant Health Systems 401(k) Plan  
Renton, Washington**

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of St. Joseph and Covenant Health Systems 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matter - Supplemental Schedules Required by ERISA**

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary information agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**ST. JOSEPH AND COVENANT HEALTH SYSTEMS 401(k) PLAN**

**Notes to Financial Statements  
For the Year Ended December 31, 2024**

---

**Note 1 - Plan Description**

The following description of the St. Joseph and Covenant Health Systems 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

**General** - The Plan is a defined contribution plan established by St. Joseph Health System (the Company) for eligible employees of the Company and other participating employers. The Plan is a multiple employer plan within the meaning of Internal Revenue Code (IRC) Section 413(c) to the extent a participating employer is not an affiliate of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is part of the Providence St. Joseph Health Master Trust (the Master Trust), a master trust arrangement, and has a divided interest in the Master Trust. Fidelity management Trust Company (Fidelity) serves as the trustee for the Master Trust which includes assets of the Plan, the 401(k) Savings Plan, and the Providence Health & Services 401(a) Service Plan.

Eligible employees can begin participating in the elective deferral and match portion of the Plan on the first day of the payroll period following their date of hire.

**Contributions** - Participants may elect to defer up to 75% of their eligible compensation as pre-tax or Roth contributions. In addition, participants can make regular after-tax contributions which may be limited to ensure the Plan passes the ACP test. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans (rollover). The Plan includes a provision whereby participants are automatically enrolled approximately 45 days after their hire or rehire date at a 6% deferral rate unless they elect a different deferral rate or decline enrollment in the Plan. Automatically enrolled participants will have their deferral rate increase by 1% each year, up to a maximum of 10%, unless otherwise elected.

Participants receive employer match on pre-tax and Roth contributions equal to 50% of each participant’s contributions, up to a maximum range of 3% to 6% of eligible compensation based on years of match level service. Regular after-tax contributions are not eligible for employer match. Participants are credited with a year of match level service for each calendar year in which they are credited with at least 1,000 eligible hours.

Participants will be entitled to an allocation of employer discretionary contributions if they complete 1,000 hours of service during the plan year and are employed on the last day of the plan year. For the year ended December 31, 2024, eligible participants received employer discretionary contribution according to the following schedule:

| <u>Years of Benefit Service</u> | <u>Annual Contribution (% of Pay)</u> |
|---------------------------------|---------------------------------------|
| Less than 10                    | 3%                                    |
| 10 - 14                         | 5%                                    |
| 15 or more                      | 6%                                    |

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

**Notes to Financial Statements  
For the Year Ended December 31, 2024**

---

**Note 1 - Continued**

**Participant Accounts** - Each participant’s account is credited with the participant’s contributions, employer contributions (if eligible), and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants direct the investment of their account into various investment options offered by the Plan.

**Vesting** - Participants are immediately vested in their contributions and employer match plus actual earnings thereon. Vesting in the employer discretionary contribution portion of their account is based on vesting years of service, defined as any plan year during which the participant is credited with at least 1,000 hours of service, according to the following schedule:

| Years of Vesting Service | Percentage Vested |
|--------------------------|-------------------|
| Less than 2              | 0%                |
| 2                        | 25%               |
| 3                        | 50%               |
| 4                        | 75%               |
| 5 or more                | 100%              |

**Forfeited Accounts** - As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$486,033 and \$251,345, respectively. During 2024, \$3,608,961 in forfeited accounts were used in accordance with the provisions specified in the Plan document.

**Payment of Benefits** - Upon termination of service, a participant or beneficiary may elect to receive a lump-sum distribution equal to the value of the participant’s vested interest in their account or installments paid at least annually in the amount specified by the participant. Participants who have attained age 59½ may also elect to receive a distribution of all or any portion of their vested account balance prior to termination of employment (in-service withdrawals) except from their prior plan annuity account. The Plan allows for hardship withdrawals in accordance with provisions specified in the Plan document. Participants may also elect to receive in-service withdrawals from balances rolled into the Plan and from the regular after-tax portions of their account.

**Notes Receivable From Participants** - Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant’s account. Interest rates are set at 1% above the prime rate, as defined. Principal and interest are paid directly by participants to the Plan’s recordkeeper (outside of payroll).

#### Note 2 - Significant Accounting Policies

**Basis of Accounting** - The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition** - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes Receivable From Participants** - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the loan balance is reduced, and a benefit payment is recorded.

**Payment of Benefits** - Benefits are recorded when paid.

**Administrative Expenses** - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Certain expenses specifically related to the activity of a particular participant are allocated directly to the participant's account. Certain investment related expenses are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements.

**Subsequent Events** - The Plan's management has evaluated subsequent events through August 22, 2025, the date the financial statements were available to be issued.

#### Note 3 - Interest in Master Trust

The Master Trust records are maintained by each investment fund option. Funds are allocated to the participating plans in accordance with plan provisions and participant allocation elections. The allocation of net assets is based on the respective number of shares or units held by the plans' participants as of year end. The allocation of investment income is calculated daily based on the shares or units held by the plans' participants as of that day's end.

#### Note 4 - Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than the quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

## ST. JOSEPH AND COVENANT HEALTH SYSTEMS 401(k) PLAN

### Notes to Financial Statements For the Year Ended December 31, 2024

#### Note 4 - Continued

Level 3 - Unobservable inputs that are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Master Trust's assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Self-Directed Brokerage Accounts - Accounts primarily consist of mutual funds, exchange traded funds, and common stocks that are valued on the basis of readily determinable market prices.

Registered Investment Company Funds - Valued at the daily closing price as reported by the fund. Registered investment company funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Collective Trust Funds - Valued at the NAV provided by the funds' trustee. These funds trade on a regular basis, have a published price that the Plan can obtain at any time and are valued based on this published price.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31:

|   | Fair Value Measurements as of December 31, 2024 |             |             |                         |

## **ST. JOSEPH AND COVENANT HEALTH SYSTEMS 401(k) PLAN**

### **Notes to Financial Statements For the Year Ended December 31, 2024**

---

#### **Note 5 - Certified Information**

Certain information in the accompanying financial statements and supplementary information related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and investment income or loss and interest income from notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

#### **Note 6 - Party-in-Interest Transactions**

Certain Plan investments are managed by Fidelity or its affiliates. Transactions with such investments qualify as party-in-interest transactions. The Plan pays certain expenses related to plan operations to various service providers and also issues loans to participants. These transactions are party-in-interest transactions.

#### **Note 7 - Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants would become 100% vested in their employer contributions.

#### **Note 8 - Tax Status**

The Plan obtained its latest determination letter dated April 5, 2018, in which the IRS states that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan's management and the Plan's legal counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

#### **Note 9 - Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### **Note 10 - Delinquent Contributions**

The Company determined there were instances in which participant deferral contributions, for a subset of the total population, were not deposited by the Company as plan assets within the time limitation stipulated under the Department of Labor's (DOL) regulations. During 2022, \$7,785 of deferral contributions were identified as delinquent. The Company restored lost earnings associated with the delinquent deposits during 2023 and has filed an application under the Voluntary Fiduciary Correction Program (VFCP).
