Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of
the Baxter International Inc. and Subsidiaries U.S. Retirement Savings Plan
Deerfield, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Baxter International Inc. and Subsidiaries U.S. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 03(a)(3)(C).

1. General Description of the Plan

The following description of the Baxter International Inc. and Subsidiaries U.S. Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document and summary plan description for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a defined contribution plan, the predecessor of which originally became effective on July 1, 1960. The Plan was created for the purpose of providing retirement benefits to United States employees of Baxter International Inc. (the Sponsor or the Company) and its subsidiaries, and to encourage and assist employees in adopting a regular savings program by means of payroll deductions through a plan that qualifies under the United States Internal Revenue Code. Plan participants may authorize the Company to make payroll deductions under the Plan ranging from 1% to 50% of their pre-tax monthly compensation, their monthly compensation after the imposition of federal income taxes or a combination of the two limited to a maximum of \$23,000 a year in 2024 and \$22,500 a year in 2023. Additionally, Plan participants may authorize the Company to make additional payroll deductions after the imposition of federal income taxes allowing them to contribute above the Internal Revenue Code limit up to a maximum of \$69,000 in 2024 and \$66,000 in 2023. Participants who have attained the age of 50 by the end of the year may contribute up to an additional \$7,500 in 2024 and 2023 in "catch-up" contributions. Newly hired employees are deemed to have elected to contribute 4% of compensation (increased by 1% per year to a total of 10%) unless they make a contrary election. The Company matches a participant's savings contributions on a dollar for dollar basis up to 4% of the participant's pre-tax and/or post tax contribution. The Company also contributes an additional non-matching 3% of compensation for all eligible employees hired on or after January 1, 2007. Effective January 1, 2023, in connection with the freeze of the Company's U.S. qualified defined benefit pension plan, each eligible employee who, on December 31, 2022, was a participant of that plan and who ceased to accrue additional benefits under that plan after December 31, 2022 is eligible for the additional non-matching contribution of 3% of compensation.

Participants are immediately vested in the elective contributions and matching contribution plus actual earnings thereon. The additional non-matching contributions become fully vested after three years of service. Participants are fully vested in the Company's non-matching contributions account, regardless of years of service with the Company, upon attaining age 65, upon becoming disabled in accordance with the provisions of the Plan or upon dying while employed by the Company. Forfeitures of nonvested accounts are used to reduce future employer contributions.

Beginning with the 2023 plan year and ending with the 2027 plan year, the Company will make transition benefit contributions to the accounts of employees who were actively accruing a pension benefit in the Company's Pension Plan at the time of that plan freeze on December 31, 2022. The amount of the transition benefit is 20% on the first \$60,000 and 3% on the remainder of the eligible employee's eligible compensation for the year. The transition benefit contributions will be made after the end of each year and the employee must be employed on the last business day of the year to receive a transition benefit contribution for that plan year. However, participants whose employment is terminated during the year by reason of death or disability will also receive that year's transition benefit contribution. Participants are immediately vested in the transition benefit contribution.

On September 29, 2023, the Company sold its BioPharma Solutions business, to Bamboo US BidCo LLC, a Delaware limited liability company (Bamboo), and Bamboo BidCo GmbH, a German limited liability company. At closing of the transaction, the Company entered into a Transaction Services Agreement (TSA) with the divested entities. Pursuant to the TSA and until December 31, 2024, Bamboo became a participating employer under the Plan. See the Subsequent Events footnote for additional information on the transfer of net assets and participants into that Plan in 2025.

Baxter International Inc. and Subsidiaries U.S. Retirement Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

Participants may borrow from their vested accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate at the last day of the month prior to the loan request, plus one percent.

Participants or their beneficiaries may elect lump-sum benefit payments, or benefits may be paid in installments. Subject to certain provisions specified in the Plan agreement, employed participants may withdraw their pre-tax contributions, matching contributions made prior to 2008, vested non-matching contributions and related earnings in cases of financial hardship and in certain other circumstances. In the case of a participant termination by reason of death or disability, the entire vested amount is paid to the person or persons legally entitled thereto.

Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings, and is charged with his or her withdrawals and an allocation of Plan-related expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The net income of the Plan is posted to the participants' accounts on a daily basis. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Upon enrollment in the Plan, a participant may direct contributions into any of 18 investment options: Stable Income Fund, Northern Trust S&P 500 Index Non-Lending Series Fund, Northern Trust International Index Non-Lending Series Fund, Northern Trust Emerging Markets Fund, Northern Trust Equity Market Index Fund, Prudential Core Plus Bond Fund, Vanguard Retirement Income Fund and eleven different Target Date Retirement Funds. Participants may not direct contributions to the Self-Managed Fund but can transfer funds into the Self-Managed Fund from other investment options.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting. Accordingly, investment income is recognized when earned and expenses are recognized when incurred.

Valuation of Investments

The fair value of Plan investments is determined as follows:

Cash and cash equivalents	These largely consist of cash and a short-term investment fund. Cash is valued at cost, which approximates fair value. The fair value of the short-term investment fund is based on the net asset value. The investment objective for this fund is to provide safety for principal, daily liquidity and a competitive yield by investing in high quality instruments.
Common-collective trusts	Value based on net asset values reported by the fund managers as of the Plan's financial statement dates and recent transaction prices. Each fund provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.
Self-managed Fund	Value based on the fair value of the underlying securities in the fund. Fund contains holdings of cash and cash equivalents, common stock, corporate and other obligations and holdings with registered investment companies. Registered investment companies are valued based upon the closing price from a national security exchange on the valuation date.

Income Recognition

Plan investment return includes dividend and interest income, gains and losses on sales of investments and unrealized depreciation or appreciation of investments. Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest is earned on an accrual basis.

The financial statements reflect the net depreciation or appreciation in the fair value of the Plan's investments. This net depreciation or appreciation consists of realized gains and losses calculated as the difference between proceeds from a sales transaction and cost determined on a moving average basis, and unrealized gains and losses calculated as the change in the fair value between beginning of the year (or purchase date if later) and the end of the year.

Fully Benefit-responsive Investment Contracts

The Plan holds cash and cash equivalents and synthetic guaranteed investment contracts (GICs), which holds limited liability companies and common collective trust funds that invest in various fixed income securities, as part of the Stable Income Fund. The fair value of the cash and cash equivalents are included in the fair value table in Note 5. The fair value of the limited liability companies is estimated using the Plan's percentage of ownership in the limited liability company based on the audited financial statements. The synthetic GICs provide for a fixed return on principal over a specified time through fully benefit-responsive contracts issued by Prudential, MetLife, RGA and Voya. The portfolio of assets underlying the synthetic GICs primarily includes fixed income commingled vehicles that invest in cash and cash equivalents, U.S. government and government agency issues, corporate credit and other fixed income obligations.

These Plan investments are presented at contract value on the Statements of Net Assets Available for Benefits. Contract value represents contributions, plus earnings, less participant withdrawals and administrative expenses. The investment contracts used by the Plan are fully benefit-responsive because the investment contract issuers are contractually obligated to make up any shortfall in the event that the underlying asset portfolio has been liquidated and is inadequate to cover participant

Baxter International Inc. and Subsidiaries U.S. Retirement Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

withdrawals and transfers at contract value. There are currently no reserves held against the contract values for credit risk of the contract issuers or any other risk.

Events that may lead to market value withdrawals that exceed 20 percent of the contract value of the synthetic GIC's of Prudential, MetLife, RGA and Voya would limit the ability of the Plan to transact at contract value with participants. These events may include restructurings, early retirement plans, divestitures, bankruptcies, or legal, tax or regulatory changes. The Plan Sponsor believes that the occurrence of any such event is remote.

The investment contract issuers can only terminate at a value different than contract value under an event of default (that was not remedied) such as failure to follow the terms of the contract. If an investment contract issuer would like to terminate the contract for another reason, the Plan can maintain the contract through an extended termination process designed to ensure continued benefit-responsive treatment for withdrawals.

Notes Receivables from Participants

Participant loans are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participant's account balances.

Payment of Benefits and Fees

Benefits are recorded when paid. Loan origination fees associated with notes receivable from participants, the Plan's record keeping and trustee fees, certain legal and communication expenses and certain administrative fees are paid by the Plan and are reflected in the financial statements as Plan expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and related notes to the financial statements. Changes in such estimates may affect amounts reported in future periods.

Other

Due from brokers for securities sold and due to brokers for securities purchased represent the net cash value of security trades initiated but not yet settled at each respective year-end.

Risks and Uncertainties

The Plan provides for various investment options which invest in any combination of common-collective trusts, synthetic guaranteed investment contracts and short-term investments. Within the self-managed fund participants can invest in common stock, corporate and other obligations and holdings with registered investment companies. Investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits. Individual participants' accounts bear the risk of loss resulting from fluctuations in investment values.

3. Eligibility Requirements

Employees become eligible to participate in the Plan as of the employee's date of employment. Eligible employees are those who meet the following requirements:

- A. U.S. employees of Baxter or its subsidiaries which have adopted the Plan;
- B. U.S. employees not covered by a collective bargaining agreement unless the agreement provides for coverage under the Plan; and
- C. U.S. employees who are not leased employees.

4. Administration of the Plan

The Northern Trust Company (the Trustee) serves as the trustee of the Plan and Voya Institutional Plan Services, LLC serves as recordkeeper for the Plan.

The Administrative Committee (the Administrator) administers the Plan and serves as the Plan fiduciary per American Institute of Certified Public Accountants standards. Members of the Administrative Committee are appointed by the Compensation Committee of the Board of Directors of Baxter and are employees of Baxter. The Investment Committee has authority, responsibility and control over the management of the assets of the Plan. Members of the Investment Committee are appointed by the Audit Committee of the Board of Directors of Baxter and are employees of Baxter.

Substantially all investment manager, trustee and administrative fees incurred in the administration of the Plan were paid from the assets of the Plan.

5. Fair Value Measurements

The fair value hierarchy under the accounting standard for fair value measurements consists of the following three levels:

- Level 1 - Quoted prices in active markets that the Plan has the ability to access for identical assets or liabilities;
- Level 2 - Quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuations in which all significant inputs are observable in the market; and
- Level 3 - Valuations using significant inputs that are unobservable in the market and include the use of judgment by the Plan's management about the assumptions market participants would use in pricing the asset or liability.

December 31, 2024 and 2023

The following tables summarize the Plan's assets and liabilities that are measured at fair value on a recurring basis.

Common-collective trusts (A)	3,446,873	—	—
Total assets	<u>\$ 3,621,116</u>	<u>\$ 115,066</u>	<u>\$ 59,177</u>

(A) The common-collective trusts, which are measured at fair value using the net asset per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the above tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the statements of net assets available for benefits. This category includes index funds and target date retirement funds for which the underlying investments may vary. These funds provide for daily redemptions by the Plan at reported net asset values per share and there are currently no redemption restrictions or unfunded commitments on these investments.

See Valuation of Investments in Note 2 above for a discussion of the methodologies used to determine the fair values of the Plan's investments. These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Certified Investments

With the exception of investments in the self-managed fund of \$203 million and \$158 million held at December 31, 2024 and 2023, respectively, and the related net appreciation of \$30 million and \$26 million for the years ended December 31, 2024 and 2023, respectively, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived

from information certified as complete and accurate by The Northern Trust Company (the Trustee of the Plan).

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to reduce, suspend or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the interest of each participating employee in the Plan shall become fully vested and such termination of the Plan would not reduce the interest of any participating employee or their beneficiaries accrued under the Plan up to the date of such termination.

8. Tax Status of the Plan

The Internal Revenue Service (IRS) has determined and informed the Plan Sponsor by a letter dated October 28, 2021 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (the IRC). The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

9. Parties-in-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. At December 31, 2024 and 2023, the Plan held participation units in investment trusts, mutual funds, common stock and cash equivalents of Charles Schwab, the brokerage provider; loans with participants; shares of registered investment companies, units of common-collective trusts, fixed income securities, or bonds, as part of the self-managed fund, managed by Northern Trust Corporation, the Plan Custodian and Goldman Sachs Asset Management, Loomis, Wellington and Vanguard, investment managers for the Plan; shares of common stock, bonds, individual separate accounts or interest rate wrapper contracts of Prudential, Metlife, RGA and Voya, issuers of the Plan's fully benefit-responsive contracts and shares of Baxter common stock as part of the Plan's self-managed fund. At December 31, 2024, the Plan's self-managed fund held 1,188 shares of Baxter common stock valued at less than \$0.1 million. As of December 31, 2023, the Plan's self-managed fund held 2,188 shares of Baxter common stock valued at less than \$0.1 million. Additionally, at December 31, 2024 and 2023, the Plan held notes receivable from participants of \$51 million and \$50 million, respectively. These transactions are allowable party-in-interest transactions under ERISA and the regulations promulgated thereunder.

Fees paid by the Plan for investment management, recordkeeping and consulting services, also qualify as party-in-interest transactions and are included in Plan expenses in the accompanying financial statements. The Company pays certain expenses for the administration of the Plan. These transactions are exempt from the party-in interest transaction prohibitions of ERISA. The Plan also reimburses Baxter, the Plan Sponsor for certain expenses incurred related to investment oversight, administration and compliance activities.

10. Subsequent Events

Effective January 1, 2025, the Simtra 401(k) Savings Plan was established for the participants that were employed by Bamboo as of December 31, 2024. Effective January 3, 2025 (the Transfer Date), the Plan transferred \$99 million of net assets attributable to the participants employed by Bamboo to the Simtra 401(k) Savings Plan. The participants employed by Bamboo became a participant in the Simtra 401(k) Savings Plan on the Transfer Date (unaudited).

On January 31, 2025, Baxter announced that it completed the sale of its Kidney Care business, known as Vantive Health LLC (Vantive) to certain affiliates of the Carlyle Group Inc. The Plan will continue and all Plan balances (including those held by Vantive employees) will remain with the Plan, subject to any election by such employees to rollover their balances to a new Vantive plan.

Plan management has evaluated subsequent events for recognition and disclosure through October 14, 2025, which is the date the financial statements were available to be issued.
