Report of Independent Auditors

To the Administrator of Swisher International, Inc
Capital Accumulation Plan for Wage Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Swisher International, Inc. Capital Accumulation Plan for Wage Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 (“supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Swisher International, Inc. Capital Accumulation Plan for Wage Employees

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

The following description of the Swisher International, Inc. Capital Accumulation Plan for Wage Employees (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time hourly employees of the Swisher International, Inc. (the "Company"), whose employment is covered by a collective bargaining agreement, who have at least six months of service and are age twenty-one or older. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by a management committee appointed by the Board of Directors of the Company.

The Plan made an asset transfer to the Swisher International, Inc. Capital Accumulation Plan due to an administrative transfer of a plan participant's balance upon the participant changing eligible employee types from the Plan, pursuant to the Plan document.

Contributions

Each year, participants, except for those covered by Local Lodge No. 818 of the International Association of Machinists & Aerospace Workers (IAM 818), may contribute a minimum of 2% up to a maximum of 15% of pretax eligible salary, as defined in the Plan document. Participants covered by IAM 818 may contribute a minimum of 2% of pretax eligible salary, as defined in the Plan document, up to a maximum of the IRS' annual 401(k) deferral limitation. In addition, participants who have attained age 50 before the close of any Plan year may make additional catch-up contributions in accordance with, and subject to, the limitations of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a group of twenty-three mutual funds/money market accounts and a common collective trust as investment options for participants.

The Company makes matching contributions on behalf of each participant who makes pretax contributions during a payroll period, equal to 50% of such pretax contributions but not to exceed (1) 4% of compensation (as defined in the Plan document) for the payroll period for participant's whose employment is covered by Local 2-T of the Bakery, Confectionery, and Tobacco Workers and Grain Millers International Union (BCTWGMIU Local 2-T); (2) 5% of compensation (as defined in the Plan document) for the payroll period for participant's whose employment is covered by the Retail, Wholesale and Department Store Union ("RWDSU") and (3) 6% of compensation (as defined in the Plan document) for the payroll period for participant's whose employment is covered by either Local Lodge No. 818 of the International Association of Machinists & Aerospace Workers (IAM 818) or Local Lodge No. 1003 (affiliated with District Lodge No. 112), International Association of Machinists & Aerospace Workers (IAM 1003).

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and account earnings based upon the investment activity in the period. The benefit to which a participant is entitled is that which can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus allocated earnings thereon.

Employer contributions and earnings thereon, vest as follows:

Years of Vesting Service	Vested Percentage
Less than 1 year	0 %
1 but less than 2 years	25 %
2 but less than 3 years	50 %
3 but less than 4 years	75 %
4 or more years	100 %

Notes Receivable From Participants

Participants may borrow from their accumulated vested account balance a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are collateralized by the balance in the participant's account, and as such, no allowance for uncollectible accounts is recorded.

Only one loan may be outstanding at a time, and it must be repaid within a maximum of five years, unless used for the purchase of a principal residence, in which case repayment must be made within a maximum of 15 years. Loans shall be made as specified in the Plan document.

Each loan shall bear interest on any unpaid balance at a rate per annum to be set periodically by a committee appointed by the Board of Directors of the Company, provided, however, that the rate of interest for such loan shall not exceed the maximum legal rate of interest established by any statute of the State of Connecticut. Current loans bear interest at rates that range from 5.25% to 10.50%. Notes receivable from participants are measured at unpaid principal balance plus accrued, but unpaid interest.

Payment of Benefits

On termination of employment, a participant may elect to receive the accumulated value of the vested interest in his or her account as a lump-sum distribution in accordance with Plan provisions. Minimum required distributions, to certain participants, are distributed in the form of an annuity, and terminated participants may convert to a lump sum distribution at any time. A participant's vested interest in his or her account is reduced by the value of any loans outstanding upon termination of employment.

Forfeited Accounts

Forfeitures of unvested participant accounts may be used to offset future Company contributions. There were forfeited nonvested accounts of \$1,819 and \$1,732 for the years ended December 31, 2024 and 2023, respectively. During the year ended December 31, 2024, \$5,361 in accumulated forfeitures were used to offset the Company's contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America, (“US GAAP”).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that *affect* the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. The most significant estimate is the valuation of the Plan’s investments. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows the Financial Accounting Standards Board’s authoritative guidance on Fair Value Measurements and Disclosures; Accounting Standards Codification Topic 820 (“ASC 820”), “Fair value measurements and Disclosures”, establishes a framework for measuring fair value. The guidance defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price methodology).

The framework provides a fair value hierarchy that prioritizes the inputs of valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
 - If the assets or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

December 31, 2024 and 2023

Following is a description of the valuation methodologies used for investments measured at fair value, including the general classification of such assets pursuant to the valuation hierarchy:

- *Registered Investment Companies (Mutual Funds and Money Markets)* -Mutual funds and money markets are valued at their respective net asset values ("NAV"). The NAV is typically determined by the fund at the close of regular trading in the active market in which the fund is traded. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Investments in mutual funds and money markets are classified as Level 1 within the valuation hierarchy.
- *Common Collective Trusts* -The investments are public investment vehicles using the NAV provided by the fund administrator. Common collective trusts are valued at the NAV representing the value of which shares may be purchased or redeemed. The beneficial interest in the net assets of the trust is represented by units. Issues and redemptions of units are recorded, upon receipt of the unit holder's instruction in good order, based on the next determined net asset value per unit. Net asset value per unit is determined each business day.

Investment Income Recognition

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net depreciation in fair value of investments, which consists of the realized gains and losses and the unrealized appreciation and depreciation on these investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds and the Vanguard Retirement Savings Trust. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

3. Information Certified by the Plan's Trustee

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule which was certified by Vanguard Fiduciary Trust Company ("Trustee") as of December 31, 2024 and 2023 and for the year ended December 31, 2024 as complete and accurate, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

	2024	2023
Statement of net assets available for benefits		
Investments, at fair value	18,243,776	\$ 19,314,332

	<u>\$ 2,479,983</u>	

4. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	NAV	Total
Common collective trust (a)	\$ -	\$ -	\$ -	\$ 3,520,340	\$ 3,520,340

- a. In accordance with subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts present in the statement of net assets available for benefits.

Notes to Financial Statements

December 31, 2024 and 2023

The Plan recognizes transfers between levels of the valuation hierarchy when they are incurred. There were no transfers between levels of the valuation hierarchy for the years ended December 31, 2024 and 2023.

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2024 and 2023, respectively.

		December 31, 2024			
December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period

5. Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are managed by an affiliate of Vanguard Fiduciary Trust Company who acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from prohibited transactions rules. In addition, participant loans are considered to be party-in-interest transactions. The Plan is not charged for administrative services performed on its behalf by the Company. The Company has paid substantially all other administrative expenses for the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

7. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Plan by a letter dated November 1, 2017 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Subsequent to the issuance of the determination letter, the Plan was amended. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt. Accordingly, no provision for income taxes has been made.

Swisher International, Inc. Capital Accumulation Plan for Wage Employees

Notes to Financial Statements

December 31, 2024 and 2023

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

8. Subsequent Events

The Plan has evaluated subsequent events through October 15, 2025, the date the financial statements were available for issuance, and has determined that there are no material events or transactions that would require adjustment of the financial statements or additional disclosure in the financial statements.
