## INDEPENDENT AUDITOR'S REPORT

Savings and Retirement Plans Committee  
Inteva Products, LLC Hourly Employees' Savings Plan for UAW Locals  
Troy, Michigan

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Inteva Products, LLC Hourly Employees' Savings Plan for UAW Locals (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

---

(Continued)

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedules Required by ERISA***

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INTEVA PRODUCTS, LLC HOURLY EMPLOYEES' SAVINGS PLAN FOR UAW LOCALS  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2024 and 2023

---

**NOTE 1 – DESCRIPTION OF PLAN**

The following description of the Inteva Products, LLC Hourly Employees' Savings Plan for UAW Locals (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering certain hourly employees of Inteva Products, LLC (the Company) represented by the International Union, United Automobile, Aerospace and Agricultural Implement Workers of America on behalf of its Local 2031 of Adrian, Michigan (ADR). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Each year, participants may contribute between 1% and 60% of eligible compensation, as defined by the Plan. Employees are automatically enrolled at a 3% deferral rate upon becoming eligible to participate in the Plan and they may elect to change or discontinue deferrals at any time. Participants may also contribute amounts representing distributions from other qualified plans. Participants older than 50 years of age are allowed to make "catch-up" contributions limited to the amount defined in the Plan Document. The Company will make matching contributions for employees equal to 50% of the sum of the participant's contributions that do not exceed 6% of compensation for each payroll period. During 2024, the Company made total contributions of \$335,890.

Participant Accounts: Each participant's account is credited with the participant's own contributions, any Company contributions and Plan earnings. Each participant's account is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings, contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in their own contributions plus earnings thereon. Vesting in the Company's contribution plus earnings thereon is based upon years of continuous service for participants. Participants are 100% vested after 3 years of continuous service or upon reaching the age of 65, retirement, death, disability or permanent layoff, regardless of years of service. During 2023, the Company incurred layoffs that resulted in a partial plan termination. The individuals effected were considered 100% vested in their plan accounts as a result.

Payment of Benefits: Upon termination of service due to death, disability or retirement, a participant is eligible to receive an amount equal to the value of the participant's vested balance in his or her account. Benefit amounts under \$1,000 are automatically distributed to participants. Participants or their beneficiaries upon the death of the participant may elect to receive their vested account balances as an annuity, single lump sum, or as installments. Benefits are recorded when paid. Participants that have not attained age 59½ may make "hardship withdrawals" as defined by the Internal Revenue Code. Participants in service may also make in service withdrawals upon reaching age 59½.

Plan Termination: During 2023, the Company incurred layoffs that resulted in a partial plan termination. The individuals effected were considered 100% vested in their plan accounts as a result. The Company has the right under the plan agreement to discontinue contributions at any time and to fully terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(Continued)

**NOTE 1 – DESCRIPTION OF PLAN (Continued)**

Notes Receivable from Participants: Participants may borrow up to the lesser of \$50,000 or 50% of his or her vested account balances with a minimum loan of \$1,000. Loans will not be processed for any participant whose account balance is not sufficient for the minimum loan amount of \$1,000. The loan will bear interest at a rate commensurate with market rates for similar loans. All loans are covered by demand notes and are repayable through payroll deductions. Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Forfeitures: The Plan provides that the forfeitures of terminated participant's non-vested accounts may be used to pay the Plan's administrative expenses or to offset Company contributions to the Plan. At December 31, 2024 and 2023, there were no forfeitures available to offset future Company contributions or future administrative fees. During 2024, no forfeitures were used to offset employer matching contribution and \$9,449 of forfeitures were used to offset Plan administrative expenses.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. All other expenses of the Plan are paid by the Company.

Subsequent Events: Management has performed an analysis of the activities and transactions subsequent to December 31, 2024 to determine the need for any adjustments to or disclosure within the financial statements for the year ended December 31, 2024. Management has performed their analysis through October 13, 2025 which was the date that the financial statements were available to be issued and has determined that there are no subsequent events to disclose.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting: The financial statements are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition: The Plan's investments, other than fully benefit responsive investment contracts, are reported at fair value as further described in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

(Continued)

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**NOTE 3 – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan.

**NOTE 4 – FAIR VALUE MEASUREMENTS**

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

*Mutual Funds:* The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

*Pooled Separate Accounts:* The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each pooled separate account provides for daily redemptions by the Plan, limited to one transfer per thirty-day period, with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit.

 NOTES TO FINANCIAL STATEMENTS  
 December 31, 2024 and 2023

**NOTE 4 – FAIR VALUE MEASUREMENTS** (Continued)

*Collective Trusts:* The fair values of participation units held in the collective trusts are based on the net asset values per unit as reported by the funds' managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2024 Using			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 578,834	\$ 578,834	\$ -	\$ -
Pooled separate accounts*	874,685	-	-	-
Collective trusts*	13,053,430	-	-	-
	\$ 14,506,949	\$ 578,834	\$ -	\$ -

  

	Fair Value Measurements at December 31, 2023 Using			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 269,926	\$ 269,926	\$ -	\$ -
Pooled separate accounts*	700,821	-	-	-
Collective trusts*	11,678,414	-	-	-
	\$ 12,649,161	\$ 269,926	\$ -	\$ -

\* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

The Plan held a traditional fully benefit-responsive investment contract with Principal Life Insurance Company ("Principal"; "Issuer") that was reported at contract value, which was generally the amount a participant would have received if he or she had initiated a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represented contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The investment contract was terminated during 2024, and the Plan no longer held any fully benefit-responsive contracts as of December 31, 2024.

(Continued)

**NOTE 5 – TRADITIONAL FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT**

Principal maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract provided stability of principal and provided a specified interest rate that was guaranteed to the Plan. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There were no reserves against contract value for credit risk of the Issuer or otherwise.

Certain events could have limited the ability of the Plan to transact at contract value with the Issuer and could have resulted in a deferral of the payment at contract value for up to 12 months. Such events included but were not limited to the following: (1) removal of a group of participants from plan coverage as a result of temporary absence, change in position or other occurrence qualifying as a temporary break in service under the Plan; (2) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (3) cessation of an employment relationship resulting from a reorganization, merger, layoff, or the sale or discontinuance of all or any part of the Plan sponsor's business; (4) removal from the Plan of one or more groups or classifications of participants; (5) partial or complete plan termination; or (6) plan disqualification. The Plan administrator did not believe that the occurrence of any such event, which would have limited the Plan's ability to transact at contract value with participants, was probable.

**NOTE 6 – PARTY IN INTEREST TRANSACTIONS**

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Investment management fees are paid for by the Plan to investment managers who qualify as parties-in-interest. These investment management fees are reflected in the financial statements as a reduction of the return on the Plan's investments. Collective trust funds issued by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company qualify as party-in-interest investments. Pooled separate accounts issued by Principal Life Insurance Company, an affiliate of Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company qualify as party-in-interest investments. The investment contract issued by Principal Life Insurance Company qualifies as a party-in-interest investment. Additionally, party-in-interest transactions include notes receivable from participants at December 31, 2024 and 2023. During 2024, the Plan paid administrative fees of \$104,578 to Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, which qualify as party-in-interest transactions.

**NOTE 7 – INCOME TAX STATUS**

The Internal Revenue Service issued an opinion letter dated June 20, 2022 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.
