Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Samsung 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SAMSUNG 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Samsung 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan, established January 1, 1987, is a defined contribution plan which provides for employee contributions under Section 401(k) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, and covers all full-time employees who are not covered by a collective bargaining agreement of the following participating employers (collectively, the "Company"):

- Samsung Electronics America, Inc. ("SEA")
- Samsung Semiconductor, Inc. ("SSI")
- Samsung International, Inc. ("SII")
- Samsung Research America, Inc. ("SISA")
- NeuroLogica Corp. ("NEUR")
- Samsung Oak Holdings, Inc. ("OAKS")
- Samsung Electronics Home Appliances America, LLC (effective November 1, 2017) ("SEHA")
- Joyent Inc (effective March 1, 2018) ("JOYT")
- Samsung Austin Semiconductor, LLC ("SAS")
- Samsung Federal, Inc. (effective August 1, 2023) ("SFED/SFRD")

Effective February 28, 2023, the DACOR division ceased operations.

Effective August 1, 2023, Samsung Federal, Inc. was added to the Samsung 401(k) Plan as a participating employer.

Effective August 1, 2024, Samsung HVAC, LLC ("QTSD"), one of the contributing employers to the Plan, was removed from the list of participating employers following an organizational divestiture. As a result, QTSD ceased to make contributions to the Plan after that date and the Plan was formally amended to reflect the withdrawal of QTSD as a participating employer. The removal of QTSD did not have a material impact on the Plan's financial statements for the year ended December 31, 2024.

Eligibility: Employees not covered under a collective bargaining agreement are eligible to contribute to the Plan immediately. Employees are also eligible for an allocation of employer contributions. All employees are eligible to receive employer contributions immediately.

Contributions: Participants may elect to contribute, on a pretax basis, the maximum dollar limitation allowable under Internal Revenue Service ("IRS") regulations. Participants may also designate a portion of their contributions as Roth deferral contributions, which are after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of rollovers. The Company may contribute a discretionary matching contribution to each participant who is making pretax salary deferrals. Effective January 1, 2021, the Company allowed participants to enter into a special salary reduction agreement to make deferral contributions up to 80% of and from any Company paid cash bonuses.

SAMSUNG 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Investments: Participants direct the investment of their accounts into various investment options offered by the Plan. Currently, the Plan offers several mutual funds and collective trusts, as well as a self-directed brokerage account, which allows participants to invest in various other mutual funds and common stocks. As part of a separately managed fund (the "Stable Value Fund"), the Plan also offers an investment in a fully benefit-responsive group annuity contract through New York Life Insurance Company (See Note 8). Participants are permitted to direct the investments in their accounts on a daily basis.

Participant Accounts: Each participant's account is credited with the participant's own contribution, an allocation of (a) the Company's contribution and (b) Plan earnings and is charged with his or her withdrawals and an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings, contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in employer contributions plus earnings thereon is based on years of continuous service, as summarized below.

Years of Service	Vesting Percentage				
	SEHA, Hired prior to January 1, 2023	SEHA, Hired on or after January 1, 2023	SII, NEUR and QTSD	SAS	All Other Participating Employers
Less than 1	0%	0%	0%	100%	0%
1	25%	50%	50%	100%	25%
2	50%	100%	100%	100%	50%
3	75%	100%	100%	100%	75%
4	100%	100%	100%	100%	100%

Payment of Benefits: Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, an installment payout, or an annuity.

Participants who terminate service with a vested balance of less than or equal to \$5,000 will have their benefits paid as a lump-sum distribution. Any distribution greater than \$1,000 made without the participant's consent before retirement age will be rolled over to an IRA designated by Plan administrator.

Notes Receivable from Participants: Participants may borrow from their fund accounts a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's vested account and bear an interest rate which is commensurate with local prevailing rates. The loans are required to be paid off in 5 years except in the case of mortgages. Principal and interest is repaid ratably through payroll deductions.

Forfeitures: For the plan year ended December 31, 2024, forfeitures of \$5,024,532 were used to reduce employer contributions to the Plan. As of December 31, 2024 and 2023, the Plan had \$5,082,529 and \$3,262,671, respectively, of forfeited non-vested funds available to reduce future employer contributions to the Plan.

(Continued)

SAMSUNG 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants are paid by participants. The Plan's recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition: The Plan's investments, other than the fully benefit-responsive group annuity contract held within the separately managed fund, are reported at fair value as further described in Note 5. The fully benefit-responsive group annuity contract is valued at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investments. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2024 may not necessarily be indicative of amounts that could be realized in a current market exchange.

Fair Value of Financial Instruments: The estimated fair values of the Plan's receivables and payables approximate their carrying values, based upon their short-term nature.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 4 - CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs.

The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual and Money Market Funds: The fair values of mutual and money market fund investments, held within and outside of the self-directed brokerage accounts, are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs). The fair values of these investments are based upon the closing net asset value per share of the fund on the day of the valuation as reflected on a national securities exchange.

Collective Trusts: The collective trusts are valued based on the net asset values per unit as reported by the fund managers.

Common Stocks Held within Self-Directed Brokerage Accounts: The fair values of investments in common stocks are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis, and which are held directly by the Plan are summarized below:

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds a money market fund, a collective trust, and various mutual funds (held within and outside of the self-directed brokerage accounts) that are managed by certain affiliates of Fidelity Management Trust Company ("FMTC"), trustee of the Plan. These transactions, as well as trustee fees, record keeping fees, investment management fees, and certain professional fees for the administration of the Plan that were paid either directly or indirectly by the Plan to FMTC or its affiliates represent party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 7 - TAX STATUS

The IRS issued an opinion letter dated June 30, 2020, indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

December 31, 2024 and 2023

NOTE 7 - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 8 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a fully benefit-responsive traditional investment contract ("FBRIC") that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the FBRIC was \$97,810,801 and \$100,759,575 at December 31, 2024 and 2023, respectively.

The Plan's FBRIC is a group annuity contract with New York Life Insurance Company ("NYL"), held within the Stable Value Fund, along with a STIF money market portfolio fund for liquidity purposes. NYL maintains the contributions in a separate account. The interest crediting rate is updated monthly based upon contract provisions, and it may not be less than 0%. NYL's separate account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of NYL or otherwise.

The Plan's group annuity contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which NYL may terminate the contract. Examples of circumstances which would allow NYL to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, NYL could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

NOTE 9 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 15th, 2025, which is the date the financial statements were available to be issued.

Effective March 28, 2025, the definition of compensation was updated to exclude reimbursements, fringe benefits, moving expenses, deferred compensation, welfare benefits, unused leaves, differential wages, severance pay and payments made towards the global mobility program.
