Independent Auditor's Report

To the Plan Administrator
TEXO Members 401(k) Plan
Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the accompanying financial statements of TEXO Members 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4a – schedule of delinquent participant contributions and Schedule H, line 4i – schedule of assets (held at end of year), as of or for the year ended December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of TEXO Members 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 1, 2011, as a multiple employer defined contribution plan, amended and restated through the years to comply with certain tax legislation. The Plan is sponsored by TEXO ABC/AGC, Inc. (the Association, Sponsor or Sponsoring Employer) covering eligible employees of the Association and Adopting Employers (Participating Employers) who are also members of the Association. Employees of the Sponsor are specifically excluded from participation. Employees are eligible to participate in the Plan based on elections made by the Adopting Employers. An Adopting Employer may elect to have different eligibility requirements provided that the maximum age is not greater than 21 years of age and length of service is not greater than one year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan's Retirement Committee is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance. The Plan has an arrangement with Transamerica Financial Life Insurance Company (Transamerica or the Custodian) for custodian services and Transamerica's affiliate, Transamerica Retirement Solutions (TRS) for recordkeeping services.

Contributions

Each year, participants may contribute an amount of their annual pre-tax and after-tax compensation as elected by their Adopting Employer, as defined by the Plan, within the limitations prescribed by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants who are age 50 and older may also contribute an additional catch-up contribution. Roth 401(k) deferrals are allowed under the Plan, if elected by Adopting Employers. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each Adopting Employer may elect the level of safe harbor, matching, and/or profit-sharing contributions. Adopting Employer contributions, if any, are recorded in the year for which the contributions apply. Non-elective contributions are allocated to participants in the same proportion as the participants' compensation of that Adopting employer. Adopting Employer's also make true-up contributions. Aggregate Adopting Employer contributions for the year ended December 31, 2024, totaled \$4,750,701. Adopting Employer contributions are invested in funds in accordance with the participant's direction and the Plan's provisions.

Contributions are subject to certain IRS limitations.

Participant accounts

Each participant account is credited with the participant's contribution and their Adopting Employer's contributions and earnings or losses thereon. Participants are charged with his or her withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant contributions are participant-directed and may be invested into various investment options offered by the Plan.

TEXO MEMBERS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Vesting

Participants are immediately vested in their individual contributions and their Adopting Employer's safe harbor contributions, if applicable, plus actual earnings or losses thereon. Vesting in the remainder of their account is based on years of credited service. Vesting schedules may vary in accordance with the schedule specified in the corresponding Adopting Employer's adoption agreement. Participant accounts become fully vested upon death, disability, reaching normal retirement age (65), or termination of the Plan.

Forfeitures

Any nonvested amounts in a terminated participant's account are forfeited by the participant and transferred to a forfeiture account. Forfeitures may be used to offset Plan administrative expenses or reduce Adopting Employers' future contributions. For the year ended December 31, 2024, forfeitures totaling \$107,464 were used to pay Plan administrative expenses and reduce Adopting Employer contributions. At December 31, 2024 and 2023, available forfeited nonvested accounts totaled \$163,215 and \$214,235, respectively.

Notes receivable from participants

Plan participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50 percent of the participant's vested account balance. Loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the inception of the loan as determined by the Plan Administrator. Principal and interest is paid ratably through regular payroll deductions. Terms range from one to five years, or greater if the loan is for the purchase of a primary residence.

Payment of benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed \$5,000 or elect a lump-sum distribution. Participants with vested amounts less than \$5,000 must elect a lump-sum distribution. Participants may take in-service withdrawals upon attainment of age 59½ or for immediate and heavy financial hardship needs, as defined in the Plan document.

Plan administration

The Sponsor is the Plan Administrator and, as such, controls and manages the operations of the Plan. The Plan's investment assets are maintained by Transamerica who invests cash received, investment, reinvestment, control and disbursement of the funds of the Plan and makes distributions to participants (as directed by the participants). Transamerica's affiliate, TRS is the Plan's recordkeeper.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

TEXO MEMBERS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts which are valued at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and the Custodian. See Note 4 for discussion of fair value measurements.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are recorded as administrative expenses and expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment recorded.

Contributions

Contributions from participants and Adopting Employer contributions are recorded in the year in which the employee contributions are withheld from compensation.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in such risks in the near-term would materially affect participants' account balances and the amounts reported in the financial statements.

Payment of benefits

The Plan records benefits when paid.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions in the year the excess contribution is received. The Plan subsequently refunded the excess contributions to the applicable participants.

TEXO MEMBERS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Plan expenses

Reasonable expenses of the Plan, including trustee, attorneys, advisors, fiduciaries, and service providers are paid by the Plan, unless otherwise paid by the Association or the Participating Employers. Expenses that are paid by the Association or the Participating Employers are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

In addition, the Plan utilizes an expense budget account (EBA). The EBA is used to pay Plan expenses, as needed. These funds are included in the Transamerica Stable Value Advantage Account (SVA) in these financial statements. The balance of the EBA as of December 31, 2024 and 2023, was \$41,668 and \$40,713, respectively. During 2024, \$314,179 of funds in the EBA were utilized to pay Plan expenses.

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, Plan management has determined it does not have any positions at December 31, 2024, that it would be unable to substantiate.

Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Financial Life Insurance Company, the Custodian, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2024 and 2023;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024; and
- Investment information included in Schedule H, Line 4i – Schedule of Assets (held at end of year) as of December 31, 2024, as shown on the ERISA-required supplemental information.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental information, including assessing whether the supplemental information is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

TEXO MEMBERS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 4 – Fair Value Measurements, Continued

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodology used at December 31, 2024 and 2023. During the year ended December 31, 2024, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the valuation methodology used for assets measured at fair value:

Pooled separate accounts - Valued at its NAV based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2024 and 2023:

	Fair Value Measurements as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 104,790,355	\$ -	\$ 104,790,355
	Fair Value Measurements as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 114,776,706	\$ -	\$ 114,776,706

TEXO MEMBERS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 5 – Guaranteed Investment Contracts with Insurance Company

Stable Value Advantage

The Plan invests in a fully benefit-responsive investment contract issued by Transamerica (the issuer). As of December 31, 2024 and 2023, contract value, as reported by Transamerica, was \$7,411,937 and \$8,490,537, respectively. Transamerica maintains the contributions in a general account. The contract is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The effective rate of interest is established every January 1 and July 1 and is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. The average crediting rate for the year ended December 31, 2024, was 2.46%. Per the contract's terms, Transamerica may not terminate the agreement prior to the scheduled maturity date.

The contract met the fully benefit-responsive investment contract criteria, and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on Transamerica's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Sponsor or other Sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of a material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of Transamerica.

Based on ongoing credit evaluation of its guaranteed investment contract investments, Plan management does not expect payment defaults or delinquencies and has not recorded an allowance for credit losses for these investments as of December 31, 2024 and 2023.

Note 6 – Party-In-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Sponsoring Employer, Adopting Employers and certain others. The Plan's investments are held, managed and issued by Transamerica. Transamerica's affiliate, TRS provides recordkeeping services to the Plan. Therefore, transactions with Transamerica and TRS qualify as party-in-interest transactions. Additionally, the Plan issues notes receivable to participants, which are secured by the balances in the participants' accounts. Such transactions are exempt from the prohibited transaction rules under ERISA.

TEXO MEMBERS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 6 – Party-In-Interest Transactions, Continued

Transamerica receives revenue from service providers for services Transamerica provides to the funds. This revenue is used to offset certain amounts owed to Transamerica for its administrative services. Fees incurred for the Plan for investment management services are included in net appreciation in fair value of investments, which were covered by revenue sharing. The Plan also made direct payments to service providers which were not covered by revenue sharing.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Adopting Employer's contributions.

Note 8 – Tax Status

The Plan adopted a non-standardized pre-approved profit-sharing/money purchase plan with CODA sponsored by Pinnacle Financial Services. Pinnacle Financial Services received an opinion on June 30, 2020, which states that the pre-approved profit-sharing plan qualified under Section 401 of the Internal Revenue Code (IRC) and, therefore, the Plan and related trust are tax-exempt. The Plan has since been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

Note 9 – Plan Transfers

In the normal course of business, the Sponsor adds Adopting Employers, and assets from the individual qualified plans that the added Adopting Employers previously sponsored are transferred into the Plan, when administratively feasible to do so. Likewise, as Adopting Employers leave the Sponsor and adopt different qualified plans, assets attributable to these outgoing Adopting Employers are transferred out of the Plan.

Note 10 – Prohibited Transactions

For the years ended December 31, 2024, 2023, 2022, 2021, 2020 and 2019, participant contributions and loan repayments totaling \$354,082, \$1,132,095, \$1,021,855, \$1,002,148, \$454,681 and \$691,520, respectively, were not remitted to the Plan by Adopting Employers, within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions as defined by ERISA. The Adopting Employers are in the process of correcting these transactions and remitting the related lost earnings to the Plan during 2025.

Note 11 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2024 through October 15, 2025, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
