## INDEPENDENT AUDITOR'S REPORT

The Trustee and Plan Committee  
NOI Profit Sharing Plan

### **Opinion**

We have audited the financial statements of NOI Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## INDEPENDENT AUDITOR'S REPORT (Continued)

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) as of December 31, 2024 and reportable transactions for the year ended December 31, 2024, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

**INDEPENDENT AUDITOR'S REPORT (Continued)**

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**NOI Profit Sharing Plan  
Notes to Financial Statements**

**1. DESCRIPTION OF PLAN**

The following brief description of the NOI Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2002, and most recently amended and restated effective January 1, 2021, under the provisions of Section 401(a) of the Internal Revenue Code (IRC), for the benefit of eligible employees of Orthopedic Institute of Newport Beach Limited Partnership (OINB, the Plan Sponsor) and its affiliate, Innovative Health Management Partner, LLC (IHMP) (collectively, the Employer). All employees of the Employer who have completed three months of service are eligible to participate in the Plan. Union employees, leased employees, and non-resident aliens are excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Administration

The Plan is administered by written plan and trust agreements. The Plan trustee, consisting of certain partners of OINB, are responsible for management of the Plan's assets. Charles Schwab & Co. Inc. (Charles Schwab) is the custodian of the Plan.

Contributions

The Employer may make a discretionary profit sharing contribution to the Plan for participants who are employed on the last day of the Plan year and have completed at least 500 hours of service during the Plan year. In 2024, management approved a profit sharing contribution of \$364,774. Participants may also contribute amounts representing distributions from other qualified plans. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the related employer contribution, and allocations of (a) any additional employer contribution, (b) forfeitures of terminated participants' nonvested accounts, if available, (c) Plan earnings, and (d) administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the employer's profit sharing contribution is based on years of service wherein a participant works at least 1,000 hours during the year, with participants becoming 100% vested after five years of service. A participant becomes fully vested in all profit sharing contribution accounts in the event the participant reaches normal retirement age or upon death.

**NOI Profit Sharing Plan**  
**Notes to Financial Statements (Continued)**

**1. DESCRIPTION OF PLAN (Continued)**

Forfeited Accounts

Forfeited accounts are used to pay plan administrative expenses or are added to the employer contributions and allocated to the remaining participants' accounts. In 2024, forfeitures of \$23,310 were applied against administrative expenses and \$10,209 were allocated to participants. Available balances at December 31, 2024 and 2023 were \$30,906 and \$35,849, respectively.

Payment of Benefits

Participants are eligible for distribution of benefits when there is one of the following distributable events: termination of employment, death, or retirement. Benefits are normally paid in a lump-sum cash payment. In addition, in-service withdrawals are allowed under certain conditions.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contribution portion of their account.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES**

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for disclosures regarding fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Capital gains distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the plan for investments in mutual funds and exchange-traded funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of the investment return for each investment.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Continued)**

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless paid by the Employer, at its option. Expenses paid by the Employer are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Asset management charges are paid to cover expenses incurred in the administration of the Plan, including distribution and processing expenses and are reflected as administrative expenses.

Payment of Benefits

Benefits are recorded when paid.

**3. FAIR VALUE MEASUREMENTS**

Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, established a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under ASC 820 with the related inputs to the valuation methodology are described as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.

Level 2 - Significant other observable (directly or indirectly) inputs, including quoted prices for similar assets in active markets or in inactive markets and other market observable inputs such as interest rate, credit risks, etc.

Level 3 - Significant unobservable inputs, including the Plan's own assumptions in determining the fair value of investments.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Exchange-Traded Funds (ETFs)

Valued at the closing price reported on the active market where the individual ETFs are traded. ETFs are registered with the United States Securities and Exchange Commission (SEC) and are deemed to be actively traded.

**NOI Profit Sharing Plan**  
**Notes to Financial Statements (Continued)**

**3. FAIR VALUE MEASUREMENTS (Continued)**

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023:

<u>As of December 31, 2024</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total investments	<u>\$ 2,737,113</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,737,113</u>

**4. PARTY-IN-INTEREST TRANSACTIONS**

The Plan's cash account is managed by an affiliate of the Plan's custodian, Charles Schwab. In 2024, certain investment expenses related to services performed by the Plan's investment advisor were paid directly by the Plan and totaled \$23,310. The above transactions qualify as allowable party-in-interest transactions for which there are statutory exemptions.

**5. INCOME TAX STATUS**

The Internal Revenue Service has determined and informed the Employer by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan trustee believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

**NOI Profit Sharing Plan**  
**Notes to Financial Statements (Continued)**

**5. INCOME TAX STATUS (Continued)**

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**6. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**7. SUBSEQUENT EVENTS**

In preparing these financial statements, the Plan administrator has evaluated subsequent events and transactions for potential recognition or disclosure through October 14, 2025, the date the financial statements were available to be issued.

## INDEPENDENT AUDITOR'S REPORT

The Trustee and Plan Committee  
NOI Profit Sharing Plan

### **Opinion**

We have audited the financial statements of NOI Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## INDEPENDENT AUDITOR'S REPORT (Continued)

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) as of December 31, 2024 and reportable transactions for the year ended December 31, 2024, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

**INDEPENDENT AUDITOR'S REPORT (Continued)**

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**NOI Profit Sharing Plan  
Notes to Financial Statements**

**1. DESCRIPTION OF PLAN**

The following brief description of the NOI Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2002, and most recently amended and restated effective January 1, 2021, under the provisions of Section 401(a) of the Internal Revenue Code (IRC), for the benefit of eligible employees of Orthopedic Institute of Newport Beach Limited Partnership (OINB, the Plan Sponsor) and its affiliate, Innovative Health Management Partner, LLC (IHMP) (collectively, the Employer). All employees of the Employer who have completed three months of service are eligible to participate in the Plan. Union employees, leased employees, and non-resident aliens are excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Administration

The Plan is administered by written plan and trust agreements. The Plan trustee, consisting of certain partners of OINB, are responsible for management of the Plan's assets. Charles Schwab & Co. Inc. (Charles Schwab) is the custodian of the Plan.

Contributions

The Employer may make a discretionary profit sharing contribution to the Plan for participants who are employed on the last day of the Plan year and have completed at least 500 hours of service during the Plan year. In 2024, management approved a profit sharing contribution of \$364,774. Participants may also contribute amounts representing distributions from other qualified plans. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the related employer contribution, and allocations of (a) any additional employer contribution, (b) forfeitures of terminated participants' nonvested accounts, if available, (c) Plan earnings, and (d) administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the employer's profit sharing contribution is based on years of service wherein a participant works at least 1,000 hours during the year, with participants becoming 100% vested after five years of service. A participant becomes fully vested in all profit sharing contribution accounts in the event the participant reaches normal retirement age or upon death.

**NOI Profit Sharing Plan**  
**Notes to Financial Statements (Continued)**

**1. DESCRIPTION OF PLAN (Continued)**

Forfeited Accounts

Forfeited accounts are used to pay plan administrative expenses or are added to the employer contributions and allocated to the remaining participants' accounts. In 2024, forfeitures of \$23,310 were applied against administrative expenses and \$10,209 were allocated to participants. Available balances at December 31, 2024 and 2023 were \$30,906 and \$35,849, respectively.

Payment of Benefits

Participants are eligible for distribution of benefits when there is one of the following distributable events: termination of employment, death, or retirement. Benefits are normally paid in a lump-sum cash payment. In addition, in-service withdrawals are allowed under certain conditions.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contribution portion of their account.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES**

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for disclosures regarding fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Capital gains distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the plan for investments in mutual funds and exchange-traded funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of the investment return for each investment.

**NOI Profit Sharing Plan**  
**Notes to Financial Statements (Continued)**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Continued)**

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless paid by the Employer, at its option. Expenses paid by the Employer are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Asset management charges are paid to cover expenses incurred in the administration of the Plan, including distribution and processing expenses and are reflected as administrative expenses.

Payment of Benefits

Benefits are recorded when paid.

**3. FAIR VALUE MEASUREMENTS**

Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, established a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under ASC 820 with the related inputs to the valuation methodology are described as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.

Level 2 - Significant other observable (directly or indirectly) inputs, including quoted prices for similar assets in active markets or in inactive markets and other market observable inputs such as interest rate, credit risks, etc.

Level 3 - Significant unobservable inputs, including the Plan's own assumptions in determining the fair value of investments.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Exchange-Traded Funds (ETFs)

Valued at the closing price reported on the active market where the individual ETFs are traded. ETFs are registered with the United States Securities and Exchange Commission (SEC) and are deemed to be actively traded.

**NOI Profit Sharing Plan**  
**Notes to Financial Statements (Continued)**

**3. FAIR VALUE MEASUREMENTS (Continued)**

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023:

<u>As of December 31, 2024</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

**4. PARTY-IN-INTEREST TRANSACTIONS**

The Plan's cash account is managed by an affiliate of the Plan's custodian, Charles Schwab. In 2024, certain investment expenses related to services performed by the Plan's investment advisor were paid directly by the Plan and totaled \$23,310. The above transactions qualify as allowable party-in-interest transactions for which there are statutory exemptions.

**5. INCOME TAX STATUS**

The Internal Revenue Service has determined and informed the Employer by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan trustee believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

**Notes to Financial Statements (Continued)**

**5. INCOME TAX STATUS (Continued)**

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**6. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**7. SUBSEQUENT EVENTS**

In preparing these financial statements, the Plan administrator has evaluated subsequent events and transactions for potential recognition or disclosure through October 14, 2025, the date the financial statements were available to be issued.
