Independent Auditors' Report

To the Participants and Plan Administrator of
Kohl's Group Health Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the financial statements of Kohl's Group Health Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 12 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2024 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4(j) - Schedule of Reportable Transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2023 Financial Statements

We have audited the statement of net assets available for benefits of the Plan as of December 31, 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 (not presented herein), and in our report dated October 10, 2024, we expressed an unmodified opinion on those 2023 financial statements.

Kohl's Group Health Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

The following description of the Kohl's Group Health Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was established by Kohl's Department Stores, Inc. (the Company), a wholly-owned subsidiary of Kohl's Corporation, effective January 28, 1993, as restated January 1, 2022. The Plan was established to provide health benefits (hospital, surgical, major medical, prescription drugs and dental) to all full-time employees of the Company who work at least 32 hours per week, the participant's spouse and children and certain qualifying retirees. The Plan also includes fully-insured accident and sickness, business travel and accident and long-term disability benefits for full-time employees. A fully-insured dental plan is available for part-time employees of the Company who meet certain eligibility requirements, as defined by the Plan. Full-time and part-time employees of the Company who meet certain eligibility requirements, as defined by the Plan, can also participate in fully-insured vision, life and accidental death and dismemberment, supplemental life and accidental death and dismemberment, flexible spending accounts (FSA), legal service and employee assistance programs. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company's Administrative Committee has overall responsibility for the operation and administration of the Plan.

FSAs are funded with employee-elected pre-tax payroll deductions and can be used by the employee to pay health and dependent care expenses incurred during the year. Claims must be submitted for reimbursement prior to the end of a specified grace period in the subsequent year and unused balances are forfeited each year.

The Plan offers the use of various wellness centers to full-time employees of the Company who meet certain eligibility requirements, as defined by the Plan. These wellness centers provide certain primary and express medical care services including pharmacy care services at certain locations. The cost of operating the wellness centers is paid for by the Company and are excluded from these financial statements.

Health Savings Plan

The Plan offers funding to employee health savings accounts (HSA), funded with employee-elected pre-tax payroll deductions and can be used by the employee to pay health care expenses incurred during the year.

Contributions

The Company voluntarily contributes amounts to the Plan so as to maintain a sufficient balance to pay for benefit payments, insurance, premiums and administrative expenses. The Company generally contributes the maximum amounts allowed as a tax deduction under the Internal Revenue Code (IRC). Under present law, the Company is limited as to the amounts to deduct for future benefits to current employees and retirees.

Participant contributions represent health premiums collected from employees for benefit coverage and are based on the type of coverage elected.

Stop-Loss Coverage

The Plan has two agreements with insurance companies for stop-loss coverage for health and dental claims in an effort to limit its exposure for self-insurance benefits. Coverage for plan years ended December 31, 2024 and 2023 provides for reimbursement of annual costs in excess of \$2,000,000. There are no amounts due to the Plan related to stop-loss coverage as of December 31, 2024 and 2023.

Kohl's Group Health Plan

Notes to Financial Statements

December 31, 2024 and 2023

Administrative Expense

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Bank of America (the Trustee). See Note 4 for fair value measurements.

All investments of the Plan are held under a trust agreement dated January 28, 1993, with Bank of America Merrill Lynch (the Bank). The Trustee has discretionary authority for the purchase and sale of certain investments approved by the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

The Plan has agreements with various companies which act as agents in processing benefit payments. The Plan provides funds to these companies to make benefit payments for eligible claims incurred by a participant. Health claims are recorded when paid by the third-party administrators. These companies charge a fee for administering the claims based upon the number of covered participants and the provider network used.

The Plan also offers its participants the option to select a health maintenance organization (HMO) in most of its major markets.

Stop-Loss Coverage

Premiums for stop loss insurance totaling \$826,763 are included in insurance premiums paid in the accompanying Statement of Changes in Net Assets Available for Benefits. Stop-loss refunds totaling \$51,366 have been netted with health claims paid in the accompanying Statement of Changes in Net Assets Available for Benefits.

Kohl's Group Health Plan

Notes to Financial Statements

December 31, 2024 and 2023

Refunds

Refunds due from the Plan's prescription drug plan are recorded when earned. Refunds are collected by the Company and remitted to the Plan and as such are reported as employer contributions receivable as of the financial statements date, with the offset being netted against claims paid. The Plan was due \$3,202,995 and \$2,933,326 for rebates related to the prescription drug plan as of December 31, 2024 and 2023, respectively.

Health Reimbursement Arrangement

The Plan allows participants to enroll in FSAs and HSAs for qualifying medical expenses. These accounts are not maintained by the Plan and are administered by a third party. Amounts owed to the third party are included in health savings plan deposits payable on the accompanying Statements of Net Assets Available for Benefits.

Cash and Cash Equivalents

The Plan considers depository accounts to be cash and cash equivalents. The Plan periodically has cash balances in excess of insured amounts. The Plan's management periodically evaluates the creditworthiness of the financial institution in which it places its cash. The Plan has not experienced, and does not expect to incur, any losses on these deposits.

Participant Contributions Receivable

Participant contributions not remitted as of December 31, 2024 and 2023 are reported as a receivable on the accompanying statements of net assets available for benefits.

Claims Incurred But Not Reported

The Plan's liability for claims incurred but not reported is estimated based on information provided by the third-party administrators of the Plan. The information consists of actual payments made subsequent to the financial statement date that were incurred prior to or on the financial statement date. The estimate also takes into consideration prior claims experience and the expected time period from the date such claims are incurred to the date the related claims are submitted and paid. The plan sponsors believe this information is sufficient to make a reasonable estimate of the claims incurred but not reported for current benefit coverage. It is possible that significant changes from the estimates could occur.

The Plan's liability for claims incurred but not reported is \$13,940,000 and \$14,864,000 as of December 31, 2024 and 2023, respectively, which is gross of any stop-loss reimbursements.

Claims Reported But Not Paid

The Plan's liability for claims reported but not paid is estimated based on information provided by the third-party administrators of the Plan. The information consists of the average lag of business days between the date a claim is processed by the third-party administrator and invoiced to the Plan, and the date the Plan remits payment. The plan sponsor believes this information is sufficient to make a reasonable estimate of the claims reported but not paid. It is possible that significant changes from the estimates could occur.

The Plan's liability for claims reported but not paid is \$3,866,000 and \$2,567,000 as of December 31, 2024 and 2023, respectively.

Kohl's Group Health Plan

Notes to Financial Statements

December 31, 2024 and 2023

Subsequent Events

Management has evaluated the impact of all subsequent events through October 15, 2025, the date the Plan's financial statements were available to be issued.

Effective January 1, 2025, Kohl's terminated the service agreement with one of their health care providers. The coverage under this provider is being replaced with an existing provider. Plan management is evaluating the impact of this change on the Plan.

3. Postretirement Benefits

The postretirement benefits obligation represents the actuarial present value of those estimated future postretirement health benefits that are attributed to employee service rendered through December 31. The Grandfathered Postretirement Benefit Plan (Grandfathered Plan) is composed of two groups. The first group is eligible full-time employees hired before 1970 that receive full Company-paid coverage after they retire. The second group consists of eligible full-time employees hired between January 1, 1970 and January 1, 1978 that receive a reimbursement of Medicare Part B premiums up to a maximum of \$185 and \$175 per month after they retire as of December 31, 2024 and 2023, respectively. The Executive Postretirement Benefit Plan (Executive Plan) consists of select retired and active senior executives of the Company that receive full Company-paid coverage, but are required to make periodic contributions.

The actuarial present value of the expected postretirement benefit obligation is determined by applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claim costs. Such estimates are adjusted for the time value of money (through discounts for interest), the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) and to reflect the portion of those costs expected to be borne by Medicare, the retired participants and other providers. Due to the uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

For measurement purposes, a 6.07% annual rate of increase in the per capita cost of covered healthcare benefits was assumed for 2024 and a 6.51% rate was assumed for 2023. The rates will be graded down by 0.05% to 0.18% per year to an ultimate rate of 4% in 2049.

The following were other significant assumptions used in the actuarial valuations:

Weighted Average Discount Rate

- Grandfathered Plan: 5.55% and 5.20% as of December 31, 2024 and 2023, respectively
- Executive Plan: 5.80% and 5.35% as of December 31, 2024 and 2023, respectively

Mortality

- Active Participants: PRI 2012 Employee Mortality Table for Healthy Males and Females with no collar adjustments (Grandfathered Plan) and white collar adjustments (Executive Plan) projected with mortality improvements using the MMP2019 projection scale
- Inactive Participants: PRI 2012 Retiree Mortality Table for Healthy Males and Females with no collar adjustments (Grandfathered Plan) and white collar adjustments (Executive Plan) projected with mortality improvements using the MMP2019 projection scale

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

Kohl's Group Health Plan

Notes to Financial Statements

December 31, 2024 and 2023

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Money market fund: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024	Level 1	Level 2	Level 3	Total
Money market fund	\$ 7,405,129	\$ -	\$ -	\$ 7,405,129
Total investments at fair value	\$ 7,405,129	\$ -	\$ -	\$ 7,405,129

Assets at Fair Value as of December 31, 2023	Level 1	Level 2	Level 3	Total
Money market fund	\$ 2,495,483	\$ -	\$ -	\$ 2,495,483
Total investments at fair value	\$ 2,495,483	\$ -	\$ -	\$ 2,495,483

5. Benefit Obligations

Health costs incurred by participants and their beneficiaries and dependents are covered by an administrative service only (ASO) contract and various insurance contracts maintained by the Plan. It is the present intention of the Company and the Plan to continue obtaining insurance coverage for benefits. As stated in Note 1, the Company is not permitted under present tax law to deduct amounts for future benefits (beyond one year). Insurance premiums for future years in respect of the Plan's postretirement obligation will be funded by the Company's contributions to the Plan in those later years.

The following presents the components of the Plan's benefit obligations and the related changes in benefit obligations as of December 31, 2024 and 2023:

Benefit Obligations	2024	2023
Health claims and insurance premiums payable	\$ 1,558,984	\$ 810,419
Estimated obligation for claims incurred but not reported	13,940,000	14,864,000
Estimated obligation for claims reported but not paid	3,866,000	2,567,000
Postretirement benefit obligations	5,426,000	6,570,000
Total benefit obligations	\$ 24,790,984	\$ 24,811,419

The following presents the changes in the Plan's health claims and insurance premiums payable, estimated obligation for claims incurred but not reported and reported but not paid:

Amounts Currently Payable	
Balance, beginning of year	\$ 18,241,419
Claims and insurance premiums reported and approved for payment	187,405,463
Claims and insurance premiums paid	(186,281,898)
Balance, end of year	\$ 19,364,984

The following presents the change in the Plan's postretirement benefit obligations:

Postretirement Benefit Obligations, Net of Amounts Currently Payable	
Balance, beginning of year	\$ 6,570,000
Interest cost	338,000
Net benefit payments	(447,000)
Other actuarial gains and losses	(1,035,000)
Balance, end of year	\$ 5,426,000

The excess of benefit obligations over net assets of the Plan as of December 31, 2024 is expected to be funded through future contributions from the Company and participants.

Health claims incurred but not reported have been aggregated as adequate time has passed to provide sufficient data on costs incurred for the Plan years ended December 31, 2024 and 2023.

Kohl's Group Health Plan

Notes to Financial Statements

December 31, 2024 and 2023

The postretirement benefit obligations, principally health benefits, related to the following categories of participants (including their beneficiaries and dependents) are as follows as of December 31, 2024:

Postretirement Benefit Obligations, Net of Amounts Currently Payable	
Current retirees	\$ 5,383,000
Participants not yet fully eligible for benefits	43,000
Total postretirement benefit obligation, net	\$ 5,426,000

The foregoing assumptions are based on the presumption the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

6. Concentrations

As of December 31, 2024 and 2023, the Plan's investments are concentrated in one fund.

7. Medicare Subsidy

The Medicare Prescription Drug, Improvement and Modernization Act of 2003 (the Act) requires employers sponsoring postretirement healthcare plans to provide prescription drug benefits. The Act provides for a prescription drug benefit under Medicare as well as a federal subsidy to sponsors of retiree healthcare benefit plans providing a benefit that is at least actuarially equivalent to Medicare Part D. Under the Act, the Medicare subsidy amount is received directly by the plan sponsor and not the related Plan. Further, the plan sponsor is not required to use the subsidy amount to fund postretirement benefits and may use the subsidy for any valid business purpose. The accumulated postretirement benefit obligations as of December 31, 2024 and 2023 and the changes in the accumulated benefit obligations for the years then ended do not reflect any amount associated with the Medicare subsidy as the Plan is not directly entitled to the Medicare subsidy.

8. Related-Party and Party in Interest Transactions

Fees for recordkeeping and other services rendered by parties in interest are paid by the Plan. Plan management believes that the fees paid to parties-in-interest were based upon customary and reasonable rates for such services.

The Plan's investments are administered under a contract with the Trustee of the Plan. Contributions are held and managed by the Trustee, who invests cash received, interest and dividend income and makes distributions to participants. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules of ERISA.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to modify the benefits provided to active employees, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, any covered expenses which have been incurred prior to the date of termination will be payable in accordance with terms and conditions of the Plan. Plan assets will be allocated first to the payment of claims, and thereafter in a manner that is for the exclusive benefit of the participants, except that any taxes and administration expenses may be paid from the plan assets.

10. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated August 1, 1994, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the exemption letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

11. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of the investment security such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

12. Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024. Accordingly, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits, and the supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024 and the information reported in the supplemental schedule, Schedule H, Line 4(j) - Schedule of Reportable Transactions for the year ended December 31, 2024.
