INDEPENDENT AUDITOR'S REPORT

To the Participants of
the Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at the end of the year) and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived

from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**GREATER METROPLEX INTERIORS HOLDINGS, INC. EMPLOYEE
STOCK OWNERSHIP PLAN**
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1 PLAN DESCRIPTION

The following brief description of the Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for complete information.

Greater Metroplex Interiors Holdings, Inc. (the Company) established the Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan effective as of January 1, 2023. The Company is a holding company for a wholly owned subsidiary, Greater Metroplex Interiors, LLC. Greater Metroplex Interiors, LLC, is engaged in drywall construction contracts on commercial buildings.

The Plan is a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Board of Directors. The Plan has an independent third-party trustee.

On January 2, 2024, the Plan purchased 100% of the Company's common stock with a loan due to the Company. See note 8. The 1,000,000 shares of the Company's common stock is held in a trust established under the Plan. The stock was purchased at a price of \$200 per share, for an aggregate purchase price of \$200,001,881.

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, present separately the assets and liabilities and changes therein pertaining to the accounts of employees with rights in allocated common stock (allocated), and common stock not yet allocated to employees (unallocated).

Eligibility

Employees of the Company are generally eligible to participate in the Plan upon reaching the age of 21 and after one year of service provided they worked at least 1,000 hours during such service period. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such year.

STOCK OWNERSHIP PLAN**
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1 **PLAN DESCRIPTION – (continued)**

Contributions

The Company is obligated to make contributions in cash to the Plan equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Contributions to the Plan are made by the Company as determined by the Board of Directors. Contributions can be made in cash or Company common stock. The Company contributed approximately \$11,745,269 during the year ended December 31, 2024, for debt service (see Note 8) and to fund participant distributions. Employee contributions are not permitted.

Payment of benefits

Benefits are recorded when paid Distributions on account of death, disability, or retirement are made in a lump sum in the Plan year following the event. Distributions for other separations from service commence no later than the fifth Plan year following the separation from service and are made in five annual installments. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in cash or, if a participant elects, in the form of Company common stock plus cash for any fractional share of common stock. Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations. (See Put option below.) During 2024, the Company did not repurchase any shares.

Notwithstanding the above, distributions of small vested balances (under \$5,000) are generally distributed in the first year following the plan year in which the participant incurred a one-year break in service. Anticipated future distributions for employees terminated prior December 31, 2024 are approximately \$152,871.

Distributions are also available to allow certain employees to diversify their investments. The amounts above include potential diversification exposure. See Diversification below.

Voting rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interests of Plan participants and beneficiaries.

STOCK OWNERSHIP PLAN**
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1 **PLAN DESCRIPTION – (continued)**

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account, forfeitures of terminated participants' non-vested accounts, and unrealized appreciation in the value of the Plan's investments. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation.

Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balance.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest in accordance with the following vesting schedule and are 100% vested after six years of service.

<u>Years of Service</u>	<u>Vested Percent</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Put option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account.

Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify, will have an amount equal to the shares of company stock credit to his or her account transferred to the Plan's profit sharing portion, to be invested by the Trustee among three or more investment options consisting of differing types of properties, degrees of risk, and potential reward.

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. Forfeitures allocated to participants during December 31, 2024, totaled \$3,331. Forfeited non-vested accounts to be allocated to participant accounts in future years as of December 31, 2024 are \$58,817.

Termination or modification

The Company intends to continue the Plan indefinitely for the benefit of its participants. However, the Company reserves the right to terminate or modify the Plan at any time, subject to plan provisions and applicable laws and regulations. Upon full or partial termination of the Plan, all participants will become fully vested in his or her account balance. The Trustee is to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to the accounts of employees with rights in allocated stock ("allocated") and the stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment valuation and income recognition

The shares of Company common stock are reported at fair value. See Note 4 for a discussion of the fair value measurements. Dividend income (if any) is accrued on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative expenses

As provided by the plan agreement, administrative expenses maybe be paid either by the plan or the Company.

Plan Administration

The Administrator of the Plan is the Board of Directors.

Subsequent events

The Plan has evaluated subsequent events through October 15, 2025, which is the date the financial statements were available to be issued.

Note 4 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Company has the ability to access.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**GREATER METROPLEX INTERIORS HOLDINGS, INC. EMPLOYEE
STOCK OWNERSHIP PLAN**
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 4 FAIR VALUE MEASUREMENTS – (continued)

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments measured at fair value on a recurring basis at December 31, 2024 were as follows:

	<u>Fair Value</u>	<u>Fair Value Measurements Using</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

	<u>\$ 40,280,000</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 40,280,000</u>

Investments measured at fair value on a recurring basis at December 31, 2023 were as follows:

Changes in Fair Value of Level 3 Measurements

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 4 **FAIR VALUE MEASUREMENTS – (continued)**

The Greater Metroplex Interiors Holdings, Inc. common stock held by the Plan is reported at fair value based upon an appraisal. This appraisal was based upon a combination of the market and income valuation techniques. The appraiser's inputs included historical and projected cash flow and net income, weighted average cost of capital, return on assets, market multiples, and applicable discounts and premiums.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth a summary of changes in the fair value of the plan's level 3 assets for the year ended December 31, 2024 and 2023.

Balance - January 01, 2023	\$	-
Total gains (losses) included in changes in net assets available for benefits		-
Purchases		-
Sales		-
Balance - December 31, 2023		-
Total gains (losses) included in changes in net assets available for benefits		(159,721,881)
Purchases		200,001,881
Sales		-
Balance - December 31, 2024	\$	<u>40,280,000</u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2024, are reported in net unrealized appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers from levels of the fair value of the hierarchy as of the date of the event or changes in circumstances that caused the transfer. For the year ended December 31, 2024, there were no significant changes between different levels of the fair value hierarchy.

Note 5 TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated January 24, 2025, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by the U.S. Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the plan is no longer subject to income tax examinations for years prior to 2023.

Note 6 RISKS AND UNCERTAINTIES

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 7 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock and has indebtedness guaranteed by the Company. See Note 8. These are related party and party in interest transactions. As described in Note 1, the Company may pay plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

Note 8 NOTE PAYABLE

In 2024, the Plan entered into a \$200,001,881 loan agreement with the Company for the purchase of 1,000,000 shares of the Company's common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made.

**GREATER METROPLEX INTERIORS HOLDINGS, INC. EMPLOYEE
STOCK OWNERSHIP PLAN**
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 8 **NOTE PAYABLE – (continued)**

The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 81,969 shares being released and allocated for the plan year ended December 31, 2024.

The note bears interest at 1% and is to be repaid in yearly installments of \$3,803,150 until maturity in December 2089.

Future maturities of long-term debt are as follows for the years ending December 31:

2025	\$	9,934,079
2026		2,022,676
2027		2,042,903
2028		2,058,565
2029		2,083,918
Thereafter		<u>169,839,350</u>
	\$	<u>187,981,491</u>

On January 2, 2024, the Plan purchased 100% of the Company's common stock with a loan due to the Company. The 1,000,000 shares of the Company's common stock is held in a trust established under the Plan. The stock was purchased at a price of \$200 per share, for an aggregate purchase price of \$200,001,881.

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, present separately the assets and liabilities and changes therein pertaining to the accounts of employees with rights in allocated common stock (allocated), and common stock not yet allocated to employees (unallocated).

INDEPENDENT AUDITOR'S REPORT

To the Participants of
the Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at the end of the year) and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived

from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

STOCK OWNERSHIP PLAN**
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1 PLAN DESCRIPTION

The following brief description of the Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for complete information.

Greater Metroplex Interiors Holdings, Inc. (the Company) established the Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan effective as of January 1, 2023. The Company is a holding company for a wholly owned subsidiary, Greater Metroplex Interiors, LLC. Greater Metroplex Interiors, LLC, is engaged in drywall construction contracts on commercial buildings.

The Plan is a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Board of Directors. The Plan has an independent third-party trustee.

On January 2, 2024, the Plan purchased 100% of the Company's common stock with a loan due to the Company. See note 8. The 1,000,000 shares of the Company's common stock is held in a trust established under the Plan. The stock was purchased at a price of \$200 per share, for an aggregate purchase price of \$200,001,881.

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, present separately the assets and liabilities and changes therein pertaining to the accounts of employees with rights in allocated common stock (allocated), and common stock not yet allocated to employees (unallocated).

Eligibility

Employees of the Company are generally eligible to participate in the Plan upon reaching the age of 21 and after one year of service provided they worked at least 1,000 hours during such service period. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such year.

**GREATER METROPLEX INTERIORS HOLDINGS, INC. EMPLOYEE
STOCK OWNERSHIP PLAN**
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1 **PLAN DESCRIPTION – (continued)**

Contributions

The Company is obligated to make contributions in cash to the Plan equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Contributions to the Plan are made by the Company as determined by the Board of Directors. Contributions can be made in cash or Company common stock. The Company contributed approximately \$11,745,269 during the year ended December 31, 2024, for debt service (see Note 8) and to fund participant distributions. Employee contributions are not permitted.

Payment of benefits

Benefits are recorded when paid Distributions on account of death, disability, or retirement are made in a lump sum in the Plan year following the event. Distributions for other separations from service commence no later than the fifth Plan year following the separation from service and are made in five annual installments. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in cash or, if a participant elects, in the form of Company common stock plus cash for any fractional share of common stock. Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations. (See Put option below.) During 2024, the Company did not repurchase any shares.

Notwithstanding the above, distributions of small vested balances (under \$5,000) are generally distributed in the first year following the plan year in which the participant incurred a one-year break in service. Anticipated future distributions for employees terminated prior December 31, 2024 are approximately \$152,871.

Distributions are also available to allow certain employees to diversify their investments. The amounts above include potential diversification exposure. See Diversification below.

Voting rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interests of Plan participants and beneficiaries.

Note 1 **PLAN DESCRIPTION – (continued)**

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account, forfeitures of terminated participants' non-vested accounts, and unrealized appreciation in the value of the Plan's investments. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation.

Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balance.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest in accordance with the following vesting schedule and are 100% vested after six years of service.

<u>Years of Service</u>	<u>Vested Percent</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Put option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Note 1 **PLAN DESCRIPTION – (continued)**

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account.

Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify, will have an amount equal to the shares of company stock credit to his or her account transferred to the Plan's profit sharing portion, to be invested by the Trustee among three or more investment options consisting of differing types of properties, degrees of risk, and potential reward.

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. Forfeitures allocated to participants during December 31, 2024, totaled \$3,331. Forfeited non-vested accounts to be allocated to participant accounts in future years as of December 31, 2024 are \$58,817.

Termination or modification

The Company intends to continue the Plan indefinitely for the benefit of its participants. However, the Company reserves the right to terminate or modify the Plan at any time, subject to plan provisions and applicable laws and regulations. Upon full or partial termination of the Plan, all participants will become fully vested in his or her account balance. The Trustee is to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

STOCK OWNERSHIP PLAN**
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to the accounts of employees with rights in allocated stock ("allocated") and the stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment valuation and income recognition

The shares of Company common stock are reported at fair value. See Note 4 for a discussion of the fair value measurements. Dividend income (if any) is accrued on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative expenses

As provided by the plan agreement, administrative expenses maybe be paid either by the plan or the Company.

Plan Administration

The Administrator of the Plan is the Board of Directors.

Subsequent events

The Plan has evaluated subsequent events through October 15, 2025, which is the date the financial statements were available to be issued.

Note 4 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Company has the ability to access.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**GREATER METROPLEX INTERIORS HOLDINGS, INC. EMPLOYEE
STOCK OWNERSHIP PLAN**
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 4 FAIR VALUE MEASUREMENTS – (continued)

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments measured at fair value on a recurring basis at December 31, 2024 were as follows:

	<u>Fair Value</u>	<u>Fair Value Measurements Using</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

	<u>\$ 40,280,000</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 40,280,000</u>

Investments measured at fair value on a recurring basis at December 31, 2023 were as follows:

	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

Changes in Fair Value of Level 3 Measurements

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

**GREATER METROPLEX INTERIORS HOLDINGS, INC. EMPLOYEE
STOCK OWNERSHIP PLAN**
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 4 FAIR VALUE MEASUREMENTS – (continued)

The Greater Metroplex Interiors Holdings, Inc. common stock held by the Plan is reported at fair value based upon an appraisal. This appraisal was based upon a combination of the market and income valuation techniques. The appraiser's inputs included historical and projected cash flow and net income, weighted average cost of capital, return on assets, market multiples, and applicable discounts and premiums.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth a summary of changes in the fair value of the plan's level 3 assets for the year ended December 31, 2024 and 2023.

Balance - January 01, 2023	\$	-
Total gains (losses) included in changes in net assets available for benefits		-
Purchases		-
Sales		-
Balance - December 31, 2023		-
Total gains (losses) included in changes in net assets available for benefits		(159,721,881)
Purchases		200,001,881
Sales		-
Balance - December 31, 2024	\$	<u>40,280,000</u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2024, are reported in net unrealized appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers from levels of the fair value of the hierarchy as of the date of the event or changes in circumstances that caused the transfer. For the year ended December 31, 2024, there were no significant changes between different levels of the fair value hierarchy.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 5 **TAX STATUS**

The Internal Revenue Service has determined and informed the Company by a letter dated January 24, 2025, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by the U.S. Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the plan is no longer subject to income tax examinations for years prior to 2023.

Note 6 **RISKS AND UNCERTAINTIES**

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 7 **RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

The Plan invests in Company common stock and has indebtedness guaranteed by the Company. See Note 8. These are related party and party in interest transactions. As described in Note 1, the Company may pay plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

Note 8 **NOTE PAYABLE**

In 2024, the Plan entered into a \$200,001,881 loan agreement with the Company for the purchase of 1,000,000 shares of the Company's common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made.

**GREATER METROPLEX INTERIORS HOLDINGS, INC. EMPLOYEE
STOCK OWNERSHIP PLAN**
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 8 **NOTE PAYABLE – (continued)**

The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 81,969 shares being released and allocated for the plan year ended December 31, 2024.

The note bears interest at 1% and is to be repaid in yearly installments of \$3,803,150 until maturity in December 2089.

Future maturities of long-term debt are as follows for the years ending December 31:

2025	\$	9,934,079
2026		2,022,676
2027		2,042,903
2028		2,058,565
2029		2,083,918
Thereafter		<u>169,839,350</u>
	\$	<u>187,981,491</u>

On January 2, 2024, the Plan purchased 100% of the Company's common stock with a loan due to the Company. The 1,000,000 shares of the Company's common stock is held in a trust established under the Plan. The stock was purchased at a price of \$200 per share, for an aggregate purchase price of \$200,001,881.

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, present separately the assets and liabilities and changes therein pertaining to the accounts of employees with rights in allocated common stock (allocated), and common stock not yet allocated to employees (unallocated).

INDEPENDENT AUDITOR'S REPORT

To the Participants of
the Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at the end of the year) and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived

from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

STOCK OWNERSHIP PLAN**
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1 PLAN DESCRIPTION

The following brief description of the Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for complete information.

Greater Metroplex Interiors Holdings, Inc. (the Company) established the Greater Metroplex Interiors Holdings, Inc. Employee Stock Ownership Plan effective as of January 1, 2023. The Company is a holding company for a wholly owned subsidiary, Greater Metroplex Interiors, LLC. Greater Metroplex Interiors, LLC, is engaged in drywall construction contracts on commercial buildings.

The Plan is a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Board of Directors. The Plan has an independent third-party trustee.

On January 2, 2024, the Plan purchased 100% of the Company's common stock with a loan due to the Company. See note 8. The 1,000,000 shares of the Company's common stock is held in a trust established under the Plan. The stock was purchased at a price of \$200 per share, for an aggregate purchase price of \$200,001,881.

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, present separately the assets and liabilities and changes therein pertaining to the accounts of employees with rights in allocated common stock (allocated), and common stock not yet allocated to employees (unallocated).

Eligibility

Employees of the Company are generally eligible to participate in the Plan upon reaching the age of 21 and after one year of service provided they worked at least 1,000 hours during such service period. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such year.

**GREATER METROPLEX INTERIORS HOLDINGS, INC. EMPLOYEE
STOCK OWNERSHIP PLAN**
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1 **PLAN DESCRIPTION – (continued)**

Contributions

The Company is obligated to make contributions in cash to the Plan equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Contributions to the Plan are made by the Company as determined by the Board of Directors. Contributions can be made in cash or Company common stock. The Company contributed approximately \$11,745,269 during the year ended December 31, 2024, for debt service (see Note 8) and to fund participant distributions. Employee contributions are not permitted.

Payment of benefits

Benefits are recorded when paid Distributions on account of death, disability, or retirement are made in a lump sum in the Plan year following the event. Distributions for other separations from service commence no later than the fifth Plan year following the separation from service and are made in five annual installments. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in cash or, if a participant elects, in the form of Company common stock plus cash for any fractional share of common stock. Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations. (See Put option below.) During 2024, the Company did not repurchase any shares.

Notwithstanding the above, distributions of small vested balances (under \$5,000) are generally distributed in the first year following the plan year in which the participant incurred a one-year break in service. Anticipated future distributions for employees terminated prior December 31, 2024 are approximately \$152,871.

Distributions are also available to allow certain employees to diversify their investments. The amounts above include potential diversification exposure. See Diversification below.

Voting rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interests of Plan participants and beneficiaries.

Note 1 **PLAN DESCRIPTION – (continued)**

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account, forfeitures of terminated participants' non-vested accounts, and unrealized appreciation in the value of the Plan's investments. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation.

Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balance.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest in accordance with the following vesting schedule and are 100% vested after six years of service.

<u>Years of Service</u>	<u>Vested Percent</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Put option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account.

Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify, will have an amount equal to the shares of company stock credit to his or her account transferred to the Plan's profit sharing portion, to be invested by the Trustee among three or more investment options consisting of differing types of properties, degrees of risk, and potential reward.

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. Forfeitures allocated to participants during December 31, 2024, totaled \$3,331. Forfeited non-vested accounts to be allocated to participant accounts in future years as of December 31, 2024 are \$58,817.

Termination or modification

The Company intends to continue the Plan indefinitely for the benefit of its participants. However, the Company reserves the right to terminate or modify the Plan at any time, subject to plan provisions and applicable laws and regulations. Upon full or partial termination of the Plan, all participants will become fully vested in his or her account balance. The Trustee is to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to the accounts of employees with rights in allocated stock ("allocated") and the stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment valuation and income recognition

The shares of Company common stock are reported at fair value. See Note 4 for a discussion of the fair value measurements. Dividend income (if any) is accrued on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative expenses

As provided by the plan agreement, administrative expenses maybe be paid either by the plan or the Company.

Plan Administration

The Administrator of the Plan is the Board of Directors.

Subsequent events

The Plan has evaluated subsequent events through October 15, 2025, which is the date the financial statements were available to be issued.

Note 4 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Company has the ability to access.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Note 4 FAIR VALUE MEASUREMENTS – (continued)

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments measured at fair value on a recurring basis at December 31, 2024 were as follows:

	<u>Fair Value</u>	<u>Fair Value Measurements Using</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

	<u>\$ 40,280,000</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 40,280,000</u>

Investments measured at fair value on a recurring basis at December 31, 2023 were as follows:

Changes in Fair Value of Level 3 Measurements

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 4 FAIR VALUE MEASUREMENTS – (continued)

The Greater Metroplex Interiors Holdings, Inc. common stock held by the Plan is reported at fair value based upon an appraisal. This appraisal was based upon a combination of the market and income valuation techniques. The appraiser's inputs included historical and projected cash flow and net income, weighted average cost of capital, return on assets, market multiples, and applicable discounts and premiums.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth a summary of changes in the fair value of the plan's level 3 assets for the year ended December 31, 2024 and 2023.

Balance - January 01, 2023	\$	-
Total gains (losses) included in changes in net assets available for benefits		-
Purchases		-
Sales		-
Balance - December 31, 2023		-
Total gains (losses) included in changes in net assets available for benefits		(159,721,881)
Purchases		200,001,881
Sales		-
Balance - December 31, 2024	\$	<u>40,280,000</u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2024, are reported in net unrealized appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers from levels of the fair value of the hierarchy as of the date of the event or changes in circumstances that caused the transfer. For the year ended December 31, 2024, there were no significant changes between different levels of the fair value hierarchy.

Note 5 **TAX STATUS**

The Internal Revenue Service has determined and informed the Company by a letter dated January 24, 2025, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by the U.S. Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the plan is no longer subject to income tax examinations for years prior to 2023.

Note 6 **RISKS AND UNCERTAINTIES**

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 7 **RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

The Plan invests in Company common stock and has indebtedness guaranteed by the Company. See Note 8. These are related party and party in interest transactions. As described in Note 1, the Company may pay plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

Note 8 **NOTE PAYABLE**

In 2024, the Plan entered into a \$200,001,881 loan agreement with the Company for the purchase of 1,000,000 shares of the Company's common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made.

**GREATER METROPLEX INTERIORS HOLDINGS, INC. EMPLOYEE
STOCK OWNERSHIP PLAN**
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 8 **NOTE PAYABLE – (continued)**

The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 81,969 shares being released and allocated for the plan year ended December 31, 2024.

The note bears interest at 1% and is to be repaid in yearly installments of \$3,803,150 until maturity in December 2089.

Future maturities of long-term debt are as follows for the years ending December 31:

2025	\$	9,934,079
2026		2,022,676
2027		2,042,903
2028		2,058,565
2029		2,083,918
Thereafter		<u>169,839,350</u>
	\$	<u>187,981,491</u>

On January 2, 2024, the Plan purchased 100% of the Company's common stock with a loan due to the Company. The 1,000,000 shares of the Company's common stock is held in a trust established under the Plan. The stock was purchased at a price of \$200 per share, for an aggregate purchase price of \$200,001,881.

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, present separately the assets and liabilities and changes therein pertaining to the accounts of employees with rights in allocated common stock (allocated), and common stock not yet allocated to employees (unallocated).
