## INDEPENDENT AUDITOR'S REPORT

Mr. Russel McNorton, Plan Administrator/Trustee  
TACK 401k Plan  
Elizabethtown, Kentucky

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed audits of the financial statements of TACK 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of TACK 401k Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

### Opinion on the 2024 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion on the 2024 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report.

- 1 -

We are required to be independent of TACK 401k Plan to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the 2024 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TACK 401k Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the 2024 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TACK 401k Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TACK 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *2024 Supplemental Schedules Required by ERISA*

The supplemental schedules listed in the Table of Contents as of and for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

*Auditor's Report on the 2023 Financial Statements*

The financial statements of the TACK 401k Plan as of and for the year ended December 31, 2023, were audited by predecessor auditors. In accordance with Section 103(a)(3)(C) of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (29 CFR 2520.103-8), the 2023 audit did not extend to statements or information related to assets held for investment that were certified by a qualified institution. The predecessor auditors' report, dated October 7, 2024, expressed an opinion that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"); and (b) the information in the 2023 financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). The predecessor auditors' report also stated that the form and content of the supplemental schedules for 2023, other than the information in those schedules that agrees to or is derived from the certified investment information, were presented fairly, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information in the 2023 supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by such institution.

NOTE A – DESCRIPTION OF THE PLAN

The following description of TACK 401k Plan (the “Plan”) is provided for general information purposes. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all employees, except non-resident aliens and residents of Puerto Rico, who meet eligibility requirements detailed in the plan document. The Plan contains an automatic enrollment feature once an employee becomes eligible. As detailed in the plan document, an employee becomes eligible to participate in the elective deferral, matching contributions, and employer profit sharing contributions with an age requirement of 21 and two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Trustee oversees the governance of the Plan. The Plan’s Administrator determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Trustee.

Contributions: In accordance with plan provisions, participants are eligible for discretionary employer matching contributions upon making elective deferral contributions to the Plan. The employer may, in its sole discretion, make non-elective contributions on behalf of participants who meet certain eligibility requirements as defined in the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible participants are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate set at three percent of eligible compensation. Contributions subject to the auto-enrollment provision are designated as pre-tax elective deferral contributions and are automatically invested in a designated balance fund until changed by the participant.

Active participants may make elective deferral contributions up to 90 percent of participants eligible plan compensation on a pre-tax or after-tax basis as defined in the plan document, not to exceed the maximum dollar amount as set forth by the Internal Revenue Code (“IRC”). Participants can change the contribution percentage they have previously elected at any time via the Plan’s online portal. All employees that are eligible to make elective deferrals under the Plan and who have attained the age of 50 before the close of the plan year are eligible to make catch-up contributions in accordance with, and subject to the limitations of IRC Section 414(v). The Plan allows elective deferral contributions to be made as Roth Contributions. Roth Contributions are elective deferral contributions that are made in the same manner as pre-tax elective deferral contributions except that Roth contributions are made to the Plan on an after-tax basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

Participant Accounts: Each participant’s account is credited with the participant’s contribution and allocations of the employer’s matching contributions, Plan earnings (losses), and any administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting of Benefits: Participants are immediately vested in their own contributions, rollover contributions, and qualified non-elective contributions plus actual earnings thereon. Participants will become fully vested upon attainment of normal retirement age while an employee, death while an employee, or becoming disabled while an employee, in accordance with the IRC. The employer matching contributions and non-elective contributions account will vest based on years of vesting service in accordance with the following schedule:

Vesting Schedule	
Years of Service	Percentage
Less than 1	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

NOTE A – DESCRIPTION OF THE PLAN – Continued

Notes Receivable from Participants: Participants can borrow from their account balances with interest charged at a reasonable rate of interest as determined by the Plan Administrator based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate shall remain fixed throughout the duration of the loan. The minimum loan is \$500 and the maximum amount is the lesser of one-half of the participant's vested account balance or \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior twelve-month period. The loans are secured by the participant's account balance less any current outstanding loan balance. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: Participants are eligible for distributions of their vested account balance upon death, disability, retirement, termination of employment, or if subject to required minimum distribution rules. Upon death, a participant's vested interest will be paid to the designated beneficiary or beneficiaries. On termination of services for reasons other than death, fully vested benefits entitled to the participant can be distributed in a lump sum payment, partial payment, or in partial installments subject to the required minimum distribution rules. Participants may defer receipt of their distribution if eligible under the Plan's provisions. Participants who do not meet the requirement to postpone distribution of their vested balance and fail to request a distribution, will be subject to an automatic distribution under the Plan's cash-out provisions.

The Plan provides for participant withdrawals in the event of financial hardship. To qualify for financial hardship withdrawal, a participant must have immediate and heavy financial needs that cannot be satisfied by other available resources. The amount of any taxable withdrawal that is not rolled over into a qualifying retirement account will be subject to federal and applicable state income taxes.

Forfeited Accounts: Forfeitures of terminated participant's nonvested employer contribution accounts may be applied to the payment of the Plan's administrative expenses or allocated to the employer contribution accounts of the remaining participants to reduce employer contributions under the Plan. For the year ended December 31, 2024, forfeitures of nonvested accounts totaled \$20,704 and were used to reduce employer contributions. As of December 31, 2024, there was no ending forfeited account balance.

Investment Options: Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants.

Funding Policy: Participant deferrals and any corresponding employer matching contributions are remitted each pay period to the Plan Custodian and are invested per participant instructions. Employer discretionary contributions are deposited annually.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The Plan's financial statements are prepared using the accrual basis of accounting. Employee contributions and employer matching contributions are recognized as revenues in the period in which salaries are earned. Employer discretionary contributions are recognized as revenues in the determined and allocated by the Plan. Benefit payables are recognized when due and payable in accordance with the terms of the Plan.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from these estimates.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Investment Valuation and Income Recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or net depreciation on the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make scheduled repayments and the Plan administrator deems the note receivable to be in default, the note receivable balance is reduced, and a benefit payment recorded based on the terms of the plan document.

Excess Contributions Payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as accounts payable, with a corresponding reduction to contributions. There were no excess contributions payable for the years ended December 31, 2024 and 2023.

Payment of Benefits: Benefits paid are recorded when paid. The plan provides for payment of benefits to participants (or their beneficiaries) upon retirement, termination, disability, or death, in accordance with the provisions of the Plan document. Distributions are made in the form of a lump sum, annuity, or other permitted forms as elected by the participant.

Expenses: Certain expenses of maintaining the Plan are paid by the plan sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in either net appreciation or net depreciation in the fair value of investments. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

New Accounting Pronouncements Not Yet Adopted: Management is not aware of any new accounting pronouncements that have been released, and are not yet effective, which will have a significant impact on its financial position or results of operations in future periods.

Date of Management's Review: Subsequent events were evaluated through October 14, 2025, which is the date the financial statements were available to be issued.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan measures and reports certain assets and liabilities at fair value. The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

- Level 1 – Inputs are unadjusted quoted prices available in active markets for identical assets as of the reporting date and have the highest priority.
- Level 2 – Inputs consist of observable inputs other than quoted prices for identical assets in Level 1, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.
- Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability. The reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented and there were no changes in the methods used to measure fair value as of December 31, 2024 and 2023.

The Plan’s financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels discussed as of December 31, 2024 and 2023, are as follows:

2024				
Plan Assets at Fair Value				
	Level 1	Level 2	Level 3	Total
Mutual Funds at Fair Value	\$ 671,054			\$ 671,054

  

2023				
Plan Assets at Fair Value				
	Level 1	Level 2	Level 3	Total
Mutual Funds at Fair Value	\$ 573,882			\$ 573,882

Mutual funds are categorized as Level 1. These investments are valued using quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The mutual funds held by the Plan are considered actively traded.

The Plan’s policy is to recognize significant transfers of investments into or out of Level 3. For the years ended December 31, 2024 and 2023, there were no transfers of investments into or out of Level 3.

Realized and unrealized gains and losses included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023, are reported in net appreciation or depreciation in fair value of investments.

#### NOTE D – COMMON COLLECTIVE TRUST

The Invesco Stable Asset Fund (Fund) is a collective trust fund in the Invesco Asset Trust (ISAT), which is a collective trust of Invesco Trust Company (Trustee). The ISAT was established by the Trustee to be administered as a collective trust exclusively for the collective investment and re-investment of assets contributed thereto by eligible pension and profit-sharing trusts and other eligible entities. The primary investment objectives are to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The Fund invests 100 percent of its assets in Class C units of Invesco Stable Value Trust consisting of ADP85, ADP30, ADP59, and ADPZ. The investment objectives of the Fund are identical among each class of units. The Plan's balance in the Fund at December 31, 2024 and 2023 was \$13,767 and \$11,073, respectively.

In general, if the contract value of the investment agreements exceeds the market value of the underlying investments (including accrued interest), the investment contract issuer becomes obligated to pay that difference to the Fund in the event that permitted individual plan participant withdrawals result in a total contract liquidation. The circumstance under which payments are made and the timing of payments between the Fund and the contract issuer may vary based on the terms of the investment contracts, and the investment contract issuer's obligation to pay is subject to significant conditions relating to, among other things, the types and frequency of withdrawals from or by the Fund.

The Trustee's Board of Directors may at any time direct the termination and liquidation of ISAT or any Fund by resolution. The Trustee will send notice of the adoption of such resolution to each Participating Trust to whom a regular periodic accounting would be rendered with respect to each participating account. On termination of ISAT or any Fund, the Trustee may reserve, in connection with any transfer or distribution of assets, an amount adequate to assure payment of its fees and expenses and to provide for any other liabilities of ISAT or any of its respective Funds properly incurred or to be incurred, and finally shall dispose of any balance of such amount to the same parties and in the same proportions as the rest of the assets were disposed.

#### NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination or complete discontinuance of contributions, participants would become 100 percent vested in their employer contribution.

#### NOTE F – TAX STATUS

The Plan operates under a pre-approved 40(k) plan sponsored by ADP. The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated October 6, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax period in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

NOTE G – INFORMATION PREPARED AND CERTIFIED BY THE QUALIFIED INSTITUTION OF THE PLAN

The following is a summary of the unaudited information regarding the Plan, included in the Plan’s financial statements and supplemental schedule that was prepared by or derived from information reported by the qualified institution of the Plan. The Plan administrator has obtained certifications from the qualified institution that such information is complete and accurate at December 31, 2024 and 2023, as follows:

	2024	2023
Statements of Net Assets Available for Benefits		
Investments at Contract Value	\$ 13,767	\$ 11,073
Investments at Fair Value	671,054	573,882
Statement of Changes in Net Assets Available		
Net Appreciation in Fair Value of Investments	\$ 44,802	
Interest and Dividends	23,823	
Other Income	806	
Interest Income on Note Receivables from Participants	6,296	

The qualified institution of the Plan also certifies all investment balances and investment information in Note C, excluding the classification of investments by level.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in multiple investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE I – PARTY-IN-INTEREST TRANSACTIONS

Net Assets Available for Benefits includes Notes Receivable from Participants at December 31, 2024. As a result, these assets and all transactions relating to these assets qualify as party-in interest transactions. Related loan fees and interest are charged directly to the borrowing participant’s account. For the year ended December 31, 2024, related loan fees and interest charged directly to the borrowing participant’s account totaled \$1,250 and \$6,296, respectively. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

#### NOTE J – LATE REMITTANCE OF PARTICIPANT AND EMPLOYER CONTRIBUTIONS

During the year ended December 31, 2022 and December 31, 2023, certain participant contributions totaling \$5,057 and employer contributions totaling \$9,062 were not remitted to the Plan within the time frame prescribed by the Department of Labor (“DOL”) regulations. Under these regulations, such amounts are required to be transmitted to the Plan as soon as they can reasonably be segregated from the Employer’s general assets. As of December 31, 2024, participant receivables of \$5,057 and employer receivables of \$9,062 remain outstanding in connection with these delinquent contributions. Management is in the process of evaluating corrective actions, including the calculation and deposit of lost earnings to affected participant accounts and the filing of Form 5330, as applicable.

#### NOTE K – PARTICIPANT VESTING

During the year ended December 31, 2023, participant vesting was discovered to be incorrect due to the incorrect calculation of hours worked. As a result, \$76 of one participant’s account balance was incorrectly forfeited to the Plan and subsequently used to reduce employer contributions. The transaction represents the use of plan assets for the benefit of the employer, which constitutes a prohibited transaction ERISA and Internal Revenue Code. As of December 31, 2024, an employer receivable of \$76 remains outstanding in connection with this incorrect forfeiture of vested account balance. The Plan Sponsor intends to correct this matter in accordance with the Department of Labor’s Voluntary Fiduciary Correction Program (“VFCP”) and the Internal Revenue Service’s applicable correction procedures.

#### NOTE L – ACCOUNTS RECEIVABLE RESULTING FROM INCORRECT COMPLIANCE TESTING

During the year ended December 31, 2023, it was determined that two participants had excess employer contributions incorrectly calculated during compliance testing, and as a result, \$499 was incorrectly forfeited and used to reduce future employer contributions. As of December 31, 2024, the employer receivable of \$499 remains outstanding in connection with the incorrect forfeiture of the participants’ account balance. Management is in the process of evaluating corrective actions, including the calculation and deposit of lost earnings to affected participant accounts and the filing of Form 5330, as applicable.

#### NOTE M – SUBSEQUENT EVENTS

As of October 13, 2025, the Plan Sponsor had not yet remitted participant contributions, employer contributions, and the related lost earnings to the Plan and had not filed Form 5330 with the Internal Revenue Service to report and pay the excise tax associated with the prohibited transactions described more fully in Note J. The Plan Sponsor has indicated its intention to correct the late remittances in accordance with the DOL’s VFCP and the Internal Revenue Service’s applicable correction procedures. Management believes the corrective actions, once completed, will fully remedy the prohibited transactions and restore the Plan to the position it would have been in had the remittances been made timely.

As of October 13, 2025, the Plan Sponsor had not yet corrected the matter concerning the incorrect forfeiture of a participant’s vested balance or entered into any VFCP with the Department of Labor described in Note K. The Plan Sponsor has indicated its intention to correct this incorrect forfeiture in accordance with the DOL’S VFCP and the Internal Revenue Service’s applicable correction procedures. Management believes the corrective actions, once completed, will fully remedy the prohibited transactions and restore the Plan to the position it would have been in had it correctly calculated the participant’s vested balance.

As of October 13, 2025, the Plan Sponsor had not yet remitted the employer contribution concerning the incorrect compliance testing described in Note L. The Plan Sponsor intends to take corrective action in accordance with the DOL’s VFCP and the Internal Revenue Service’s applicable correction procedures. Management believes the corrective actions, once completed, will fully remedy the prohibited transactions and restore the Plan to the position it would have been in had it correctly calculated the participant’s vested balance.
