1. Description of Plan

The following description of the Trajan Scientific Americas 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan covering all eligible employees of Trajan Scientific Americas Inc. (the Employer) who are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Nationwide Trust Company, FSB, and Nationwide Life Insurance Company are the Plan's Custodian and Insurer, respectively.

Effective July 1, 2024, the Plan was restated, and the plan year-end date was changed from June 30 to December 31. As such, the Statement of Net Assets Available for Benefits is presented as of December 31, 2024, and June 30, 2024, and the Statement of Changes in Net Assets Available for Benefits is presented for the six months from July 1 to December 31, 2024.

**Contributions**

Each year, participants may contribute up to 90 percent of annual compensation as pretax or Roth deferrals, as defined in the Plan and subject to certain Internal Revenue Service (IRS) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer may make discretionary matching or nonelective contributions. The Employer did not make any discretionary contributions during the current year. The Employer made discretionary matching contributions of 50 percent of the first 6 percent of eligible compensation that a participant contributed to the Plan. During the year ended December 31, 2024, the Employer made total contributions of \$108,707, net of forfeitures.

**Participant Accounts**

Each participant's account is credited with the participant's contributions, allocations of the Employer's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are vested immediately in their contributions, the Employer's contribution, plus actual earnings thereon.

### **Notes Receivable from Participants**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The interest rate on all outstanding loans ranged from 4.25 to 10.50 percent. Principal and interest are paid ratably through payroll deductions.

### **Payment of Benefits**

Upon retirement, death, disability, attainment of age 59 ½ or termination of employment, a participant may elect to receive the vested balance in the participant's account in a lump sum, or it may be rolled into a different individual retirement account. Certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½. The Employer is permitted to involuntarily cash-out and rollover terminated participant account balances from the Plan and into an individual retirement account if they are \$5,000 or less.

### **Forfeited and Unallocated Accounts**

At December 31, 2024 and 2023, forfeited nonvested and unallocated accounts totaled \$12,849 and \$24,588, respectively. These accounts will be used to reduce future employer contributions or pay for plan expenses. For the 2024 year ended, forfeited nonvested accounts were used to reduce employer contributions by \$35,433.

## 2. Summary of Significant Accounting Policies

### **Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

### **Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

### **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the Custodian and Insurer. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded for the plan year ended.

### **Payment of Benefits**

Benefits are recorded when paid.

### **Administrative Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment-related expenses are included in the net appreciation in fair value of investments.

### **Subsequent Events**

The Plan has evaluated subsequent events through October 14, 2025, the date the financial statements were available to be issued.

### 3. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

---

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

---

Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none"><li>• quoted prices for similar assets or liabilities in active markets;</li><li>• quoted prices for identical or similar assets or liabilities in inactive markets;</li><li>• inputs other than quoted prices that are observable for the asset or liability;</li><li>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul> If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
---------	---

---

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and June 30, 2024.

*Pooled separate accounts:* Valued at net asset value (NAV) of units held by the Plan as a practical expedient and reported by the Insurer. The NAV is based on the fair value of the underlying investments held by the pooled separate account, which are typically mutual funds or other marketable securities, less its liabilities, and then divided by the number of units outstanding. The NAV of pooled separate accounts are not publicly quoted in an active market. Pooled separate accounts held by the Plan may be redeemed at NAV daily without restriction.

*Non-benefit-responsive investment contract:* Valued at fair value by the Insurer by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and June 30, 2024:

	<b>Assets at Fair Value as of December 31, 2024</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Non-benefit-responsive investment contract	\$ -	\$ -	\$ 123,891	\$ 123,891
Pooled separate accounts <sup>(a)</sup>				\$ 8,629,878
Total assets at fair value				\$ 8,753,769

	<b>Assets at Fair Value as of June 30, 2024</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Participant-directed brokerage accounts	\$ -	\$ -	\$ 69,304	\$ 69,304
Pooled separate accounts <sup>(a)</sup>				\$ 7,350,338
Total assets at fair value				\$ 7,419,642

(a) This investment is measured at NAV as a practical expedient and has not been classified in the fair value hierarchy in accordance with FASB ASC 820-10. The fair value amount presented in this table is included to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Plan Benefits.

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the period ended December 31, 2024:

	Non-benefit-responsive investment contract
Balance, beginning of period	\$ 69,304
Interest	1,114
Purchases	53,527
Sales	(54)
Balance, end of period	\$ 123,891

**Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements**

The following tables represent the Plan’s level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2024 and June 30, 2024, respectively, and the significant unobservable inputs and the ranges of values for those inputs:

<b>December 31, 2024</b>				
<b>Instrument</b>	<b>Fair Value</b>	<b>Principal Valuation Technique</b>	<b>Significant Unobservable Inputs</b>	<b>Rate</b>
Non-benefit-responsive investment contract	\$ 123,891	Discounted Cash Flow	Fixed Crediting Rate	2.02%

  

<b>June 30, 2024</b>				
<b>Instrument</b>	<b>Fair Value</b>	<b>Principal Valuation Technique</b>	<b>Significant Unobservable Inputs</b>	<b>Rate</b>
Non-benefit-responsive investment contract	\$ 69,304	Discounted Cash Flow	Fixed Crediting Rate	2.02%

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

5. Guaranteed Investment Contract with Insurance Company

The Plan entered into a guaranteed investment contract with the Insurer. The Insurer maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on an annual basis for resetting.

6. Tax Status

The IRS has determined and informed the Employer by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject

to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100 percent vested in their accounts.

8. Party-in-Interest Transactions

Certain Plan investments are managed by the Custodian and Insurer of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2024 and June 30, 2024:

	<b>12/31/2024</b>	<b>6/30/2024</b>
Net assets available for benefits per the financial statements	\$ 8,882,121	\$ 7,547,695
Employer contributions receivable	(18,501)	(15,812)
Net assets available for benefits per the Form 5500	\$ 8,863,620	\$ 7,531,883

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the plan year ended December 31, 2024:

Net change in assets per the financial statements	\$ 1,334,426
Current year accrued employer contributions	(18,501)
Prior year accrued employer contributions	15,812
Net change in assets per the Form 5500	\$ 1,331,737

10. Subsequent Event – Change in Service Provider

Effective July 2025, Fidelity Management Trust Company was appointed as the Plan’s Trustee. Plan assets transferred to Fidelity Management Trust Company were allocated into funds comparable to those offered by the previous Nationwide Trust Company, FSB, and Nationwide Life Insurance Company. The conversion initiated a blackout period beginning June 25, 2025, and continuing through July 25, 2025. During this period, funds could not be applied to the employee-selected funds with Fidelity Management Trust Company or withdrawn from the Plan until the conversion was completed. During this period, employee contributions continued to be withheld through payroll deductions and were deposited into the Plan and allocated into the employee-selected funds at the conclusion of the blackout period.

11. Subsequent Event – Plan Amendment

Effective July 1, 2025, the Plan was amended. The amendment allowed participants to take payments of benefits as cash installments or a partial distribution, in addition to the previously permitted lump sum distribution.
