INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
EZCORP, Inc. 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of EZCORP, Inc. 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of EZCORP, Inc. 401(k) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of EZCORP, Inc. 401(k) Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about EZCORP, Inc. 401(k) Plan and Trust's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of EZCORP, Inc. 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about EZCORP, Inc. 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following description of the EZCORP, Inc. 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan documents for a more comprehensive description of the Plan's provisions.

General

EZCORP, Inc. (the "Company", "Employer", or "Plan Sponsor") established the Plan on October 1, 1991, for the benefit of eligible employees of the Company and its subsidiaries. The Plan was restated effective January 1, 2022. The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), and the Internal Revenue Code, as amended (IRC). In addition, the Plan's financial statements and supplemental schedule have been prepared in compliance with accounting principles generally accepted in the United States of America (U.S. GAAP) and with ERISA.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Company has until the end of the first Plan year beginning on or after January 1, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Plan is administered by the Company. Empower Trust Company, LLC is the trustee of the Plan (the "Trustee"). Empower Annuity Insurance Company of America is the asset custodian of the Plan (the "Custodian"). The Trustee and Custodian are responsible for the custody of the Plan's assets and executing investment transactions in the periods described above. The Custodian also serves as the Plan's Recordkeeper.

Eligibility

All qualifying employees of the Company who have attained the age of twenty-one become eligible to participate in the Plan following three months of employment, as defined by the plan document. Once eligible, unless affirmatively elected otherwise, participants are automatically enrolled in the Plan at a contribution rate of 3% of pretax compensation. Contributions are mapped into a qualified default investment alternative (QDIA), as determined by the Plan Administrator, based on the participant's expected retirement date, unless the participant elects otherwise.

Notes to Financial Statements
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

Individual accounts are maintained for each Plan participant to reflect the participant's contributions, Employer contributions, and Plan earnings or losses, and may be charged with an allocation of certain administrative expenses. Investment earnings or losses are allocated to a participant's account based upon the individual participant's pro-rata mix of investments or the net asset value of the funds in which the participant invests.

Investment options

The Plan provides for contributions to be invested by the participants among a variety of investment options, including mutual funds of registered investment companies, guaranteed interest account and pooled separate accounts in accordance with participant investment elections and the provisions of the Plan's trust agreements. Participants are no longer allowed to direct their contributions into Company stock.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service (IRS). The notes are secured by the balance in the participant's account and bear interest based on the prime rate reported in the Wall Street Journal plus 1%. Any note must be repaid within five years unless for the purchase of a primary residence, in which case the repayment period is up to fifteen years. The minimum note repayment period is three months. Participants may only have one note receivable outstanding at any time. Upon termination of employment, notes receivable are due in full. Notes outstanding during the year ended December 31, 2024, carried interest rates between 4.25% and 9.50% and have various maturity dates through June 2038.

Contributions

Plan participants may elect to contribute up to 100% of the annual eligible compensation as pre-tax or after-tax Roth contributions, subject to certain maximum limitations imposed by the IRC (\$23,000 for 2024). Participants who are eligible to make elective deferrals under the Plan and who have attained age 50 before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC (\$7,500 for 2024). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted and may be made prior to meeting the eligibility requirements for participation in the Plan.

Notes to Financial Statements
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Contributions (continued)

The Plan allows for Employer discretionary matching contributions in amounts to be determined by the Company. The Company has elected to contribute Employer discretionary matching contributions in cash each pay period and perform an annual true-up of Employer discretionary matching contributions in the subsequent year. To receive the true-up contribution, a participant must be employed at the end of the year. For the year ended December 31, 2024, the Employer discretionary matching contribution is 25% of the participant's contributions up to 6% of the participant's eligible compensation. The Plan also allows for Employer discretionary non-elective profit-sharing contributions. No Employer discretionary non-elective profit-sharing contributions were made for the year ended December 31, 2024.

Vesting

Participants are immediately vested in elective deferrals and rollover contributions plus actual earnings thereon. Vesting in the Employer discretionary matching contributions, plus actual earnings thereon, is based on years of qualified service. Participants vest 33% per year beginning in the first year and are 100% vested after three years of qualified service or upon occurrence of the participant's retirement, death or disability, as defined by the plan document.

Vesting in the Employer discretionary non-elective profit-sharing contributions plus earnings thereon, is based on years of qualified service. Participants vest 20% per year beginning in the first year and are 100% vested after five years of qualified service or upon occurrence of the participant's retirement, death or disability, as defined by the Plan document.

Payment of benefits

Distributions and withdrawals are payable to participants upon retirement, termination, disability, or death. Participants may also make hardship withdrawals on the balance of their account related to their elective deferral contributions, as defined by the Plan. Participants with vested account balances of \$5,000 or less but greater than \$1,000, at the time of termination, may be distributed by the Plan Sponsor without the participant's consent by direct rollover into an individual retirement account or other eligible retirement plan, based on certain criteria, as defined by the plan document. If the participant's vested account balance is \$1,000 or less at the time of termination, the Plan Sponsor may distribute the account in a lump sum payment without the participant's consent. Also, participants may request in-service distributions from their vested account balance at any time after having attained age 59 1/2.

1. DESCRIPTION OF THE PLAN (continued)

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements and the Plan is not obligated to reimburse the Company for expenses paid on its behalf. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid are charged directly to the participant's account and are included in administrative expenses. Investment related expenses reduce Plan earnings thereby impacting net appreciation in fair value of investments.

Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to reduce Employer discretionary matching contributions or pay Plan expenses. At December 31, 2024 and 2023, there were \$30,856 and \$79,464 of forfeitures available, respectively. For the year ended December 31, 2024, forfeitures in the amount of \$106,066 and \$35,740 were used to reduce Employer discretionary matching contributions and administrative expenses, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements have been prepared on the accrual basis of accounting in accordance with U.S. GAAP and present the Plan's net assets available for benefits and changes therein.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent liabilities. Actual results could differ from these estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

EZCORP, Inc. 401(k) Plan and Trust
Notes to Financial Statements
December 31, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4). Contract value is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan (Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment related expenses are included in net appreciation of fair value of investments.

Contributions and contributions receivable

Contributions from participants are recorded based on the date that the contributions have been separated from the participant's pay by the Plan Sponsor, which is the pay date. Contributions from the Plan Sponsor are recorded in the year earned to coincide with the year in which the Plan Sponsor records the contributions to its general ledger. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Rollovers are recorded when received by the Plan's trust.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when received. If a participant ceases to make loan repayments and, upon the occurrence of a distributable event, the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Administrative expenses

Administrative expenses by the Plan are recorded when incurred. Accruals for Plan expenses not related to participant initiated transactions are recorded when due.

EZCORP, Inc. 401(k) Plan and Trust
Notes to Financial Statements
December 31, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent events

The Plan has evaluated subsequent events through October 15, 2025, the date the financial statements were available to be issued. Effective September 3, 2025, the Plan's involuntary cash out and automatic rollover provision amount was increased from \$5,000 to \$7,000. No other subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION CERTIFIED BY THE TRUSTEE AND CUSTODIAN (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the Plan administrator has instructed the Plan's independent auditor not to perform any auditing procedures with respect to certain information certified by the Trustee and Custodian (Note 1), except for comparing such information certified by the Trustee and Custodian to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year).

The following is a summary of financial information certified by the Trustee and Custodian as accurate and complete as of December 31:

	2024	2023
Investments, at fair value	\$ 49,442,681	\$ 43,641,937
Investments, at contract value	<u>827,832</u>	<u>963,082</u>

	<u>\$ 52,411,985</u>	<u>\$ 46,324,700</u>

The following is a summary of financial information certified by the Trustees and Custodian as accurate and complete for the year ended December 31, 2024:

Net appreciation in fair value of investments	\$ 5,533,480

4. FAIR VALUE MEASUREMENTS

Accounting standards define fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Such standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value within a fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds of registered investment companies: Valued based on quoted market prices of shares held by the Plan at year end.

Common stock: Valued at the closing price reported in the active market on which the individual securities are traded.

Pooled separate accounts: Valued at the net asset value (NAV) of the fund, as a practical expedient to fair value and as determined by the fund provider, based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. As of December 31, 2024 and 2023, there were no restrictions on redemptions or unfunded commitments for any of the pooled separate accounts.

Fully benefit-responsive investment contracts are not stated within the fair value hierarchy (See Note 5).

Notes to Financial Statements
December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	\$ 5,828,306	\$ -	\$ -	\$ 5,828,306
Common stock	<u>800,236</u>	<u>-</u>	<u>-</u>	<u>800,236</u>
	<u>\$ 6,628,542</u>	<u>\$ -</u>	<u>\$ -</u>	6,628,542

5. GUARANTEED INTEREST ACCOUNT WITH THE CUSTODIAN

The Plan invests in a guaranteed interest account (GIA) issued by the Custodian. The GIA is a fully benefit-responsive investment contract carried at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made, plus earnings, less participant withdrawals, and expenses. Regardless of the activity of the Plan's participants, the Custodian pays the stated contract interest rate and consider the investment a depository liability with no formal underlying maturities. Contributions into the GIA are backed by the general assets of the Custodian.

Certain events might limit the ability of the Plan to transact at contract value with the Custodian. Examples of such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the IRC or the failure to qualify for exemption from federal income taxes under Section 501(a) of the IRC; (2) premature termination of the contracts; (3) failure to meet any required or prohibited transaction exemption under ERISA; (4) amendments to the plan documents (including complete or partial Plan termination or merger with another plan); or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations; (6) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions. Although Plan participants generally may withdraw assets from the GIA without restriction, the Custodian may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. Additionally, full contract value may not be realizable if the Custodian faces a significant decline in credit-worthiness. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer or would limit the ability of the Plan to transact at contract value with participants.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semi-annual basis for resetting. The declared interest rate will always be greater than or equal to one and one half percent (1.5%).

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines a party-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person owns 50% or more of such an employer or employee association or relatives of such persons.

The Plan investments include shares of Company common stock. The Company is the Plan Sponsor as defined by the Plan; and therefore, these transactions qualify as party-in-interest. Certain Plan investments are owned and managed by the Trustee and Custodian; therefore, these investment transactions qualify as exempt party-in-interest transactions.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees paid through fund level revenue sharing arrangements. These fees reduce fund earnings thereby impacting Plan revenue applied to participants' accounts.

Revenue sharing accounts are used to pay Plan expenses or are reallocated to participant's accounts. At December 31, 2024 and 2023, there were \$16,915 and \$1,134, respectively, of revenue sharing account balances available. During December 31, 2024, revenue sharing contributions to the Plan totaled \$69,715 and were used to pay Plan expenses.

The Trustee and Custodian retain as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

8. TAX STATUS

The Plan has adopted the Non-Standardized Pre-Approved Profit Sharing Plan with CODA sponsored by Empower Retirement, LLC. The Internal Revenue Service has issued an opinion letter dated September 16, 2022, stating that the Plan is designed in accordance with applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan, is currently designed and operated in accordance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. PLAN TERMINATION

Although the Company expects to continue the Plan, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' accounts shall become 100% vested, including all Employer contributions, subject to payment of liquidation costs and expenses.
