### Independent Auditors' Report

Plan Administrator, Board of Trustees and Participants  
OneSource Retirement Savings Plan  
Wilkes-Barre, Pennsylvania

#### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of OneSource Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

## ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of OneSource Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about OneSource Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of

assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of OneSource Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about OneSource Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter – Supplemental Schedules Required by ERISA***

The supplemental schedule of the Schedule H, Line 4i – Schedule of Assets (Held at End of the Year) and Schedule H, Line 4a – Schedule of Delinquent Contributions as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The

information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# ONESOURCE RETIREMENT SAVINGS PLAN

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024  
(With Comparative Information at December 31, 2023)

### NOTE 1      Description of plan

The following description of OneSource Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and individual Company adoption agreements for a more complete description of the Plan’s provisions.

#### General

The Plan is a defined contribution plan covering substantially all employees of OneSource Leasing Solutions, Inc., Penn’s Northeast, Troy Manufacturing, Crestwood Membranes, Inc., Harrold’s Pharmacy, Savello USA, Inc., Blasi Printing Corp., Elite Spine & Sports Physical Therapy, Green Machine Lawn Service, Inc., BIC Customer Product Manufacturing, ProGuard Warranty, 4RAM, Ohl Fuel Oil, Inc., American Paper Bag, and Triple J Trucking, Inc. (the “Companies”) who have completed one hour to one year of service, depending on the individual company, and attained age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The respective companies’ Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees. Troy Manufacturing’s contract with OneSource Retirement Savings Plan expired on December 18, 2024 and \$2,380,397 was transferred to Troy Manufacturing’s John Hancock account on December 31, 2024. Harrold’s contract with OneSource Retirement Savings Plan expired on May 31, 2024 and \$1,633,493 was transferred to Harrold’s Empower Plan on June 6, 2024.

#### Contributions

Participants in the Plan may elect to defer a portion of their pretax earnings not to exceed a statutory maximum based on a percentage of compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The various Companies’ may make discretionary matching contributions or non-elective contributions, or profit-sharing contribution. Contributions are subject to certain IRS limitations.

#### Participant accounts

Each participant’s account is credited with the participant’s contributions and Companies’ matching contributions, as well as allocations of the Companies’ profit-sharing contribution, non-elective contributions and Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. A participant self-directs their investment among the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

#### Notes receivable from participants

Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant’s account and bear a reasonable rate of interest. Principal and interest are paid ratably through payroll deductions.

## ONESOURCE RETIREMENT SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024  
(With Comparative Information at December 31, 2023)

#### Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Companies' contribution portion of their account varies per the individual Company. The vesting schedules range from full and immediate to a graded vesting schedule with 100% vesting after six years of credited service.

#### Payment of benefits

On termination of service, death, disability or retirement, a participant is eligible to receive a distribution of their vested account balances. The normal form of benefit payment is a lump-sum distribution.

#### Forfeited accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture. Forfeitures are used to reduce employers' contributions. Forfeitures amounted to \$3,040 and \$13,552 at December 31, 2024 and 2023, respectively. Also, in 2024, the forfeiture amounts related to Troy Manufacturing and Harrold's Pharmacy in the total amount of \$11,173 were reduced from the forfeiture account balance due to them leaving the Plan and this amount was transferred to their new plan and included in Transfer of assets from this plan.

#### Setting Every Community Up for Retirement Enhancement Act (SECURE) 2.0 Act

President Biden signed the Consolidated Appropriations Act (CAA), including the SECURE 2.0 Act, into law on December 29, 2022. SECURE 2.0 builds on changes made by the SECURE Act of 2019 and the Plan document has been amended for the provisions required to be effective in 2024 and will be amended in accordance with the required timeline of the act to meet the applicable provisions effective after December 31, 2024.

#### NOTE 2      Summary of significant accounting policies

#### Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

#### Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

## NOTES TO FINANCIAL STATEMENTS

**YEAR ENDED DECEMBER 31, 2024**  
**(With Comparative Information at December 31, 2023)**

### Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's fixed annuity investment meets the criteria to be considered traditional fully-benefit responsive and therefore is reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed annuity because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The fixed annuity is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by the custodian, represents contributions made under the contract, plus earnings, less participant withdrawal and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The fixed annuity investment is credited with earnings of the underlying assets compared to the minimum interest crediting rate of 1%, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable that might limit the ability of the Plan to transact at contract value with the contract issuers and limit the ability of the Plan to transact at contract value with the participants. In addition, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured breach of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without consent of

the issuer. The Plan administrator does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants or the issuer, is probable.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

#### Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

#### Note receivable from participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make note repayments and the Plan administrator considers the participant note to be in default, the note balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

#### Payment of benefits

Benefits are recorded when paid.

#### Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants as well as participant withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Other costs are borne by OneSource Leasing Solutions, Inc.

#### NOTE 3 Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

## ONESOURCE RETIREMENT SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS

#### YEAR ENDED DECEMBER 31, 2024 (With Comparative Information at December 31, 2023)

- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of new realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's investment assets carried at fair value, as of December 31, 2024 and 2023.

	Investment Assets at Fair Value December 31, 2024			
	Level 1	Level 2	Level 3	Total

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2024, there were no transfers into or out of Level 3. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024 was obtained by management and agreed to or derived from information certified as complete and accurate by Great-West Trust Company LLC (the custodian of the Plan).

#### NOTE 6 Plan termination

The Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

#### NOTE 7 Tax status

The Plan qualifies under Section 401(a) of the Internal Revenue Code (“IRC”) and has received a determination letter dated June 30, 2020 that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### NOTE 8 Related party transactions and party in interest transactions

Certain Plan investments are administered under contract with Great-West Trust Company, LLC, the custodian of the Plan. Contributions are held and managed by the custodian who invest cash received, interest, and dividend income and makes distributions to participants. These transactions qualify as party in interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Great-West Trust Company, LLC (“Great-West”) provides certain administrative services to the Plan pursuant to an agreement between the Company and Great-West. Great-West receives revenue from mutual fund service providers for services Great-West provides to the funds. This revenue is used to offset certain amounts owed to Great-West for its administrative services to the Plan.

Certain expenses of the custodian are paid by the Plan related to plan operations and investment activity. Additionally, certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

## ONESOURCE RETIREMENT SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024  
(With Comparative Information at December 31, 2023)

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

See Note 10 for a discussion of non-exempt party-in-interest transactions.

NOTE 10 Delinquent participant contributions

During 2024, the Company identified 29 instances, where participant contributions and loan repayments were not remitted to the Plan in violation of the Department of Labor (DOL) regulations. These contributions amounted to \$157,767. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Employer is in the process of remitting the lost earnings for these transactions. The related lost earnings expected to be remitted to the Plan during 2025 are \$2,986. The Company corrected the lost earnings outside the Voluntary Fiduciary Correction Program in 2025.

During 2023, the Company identified 48 instances, where participant contributions and loan repayments were not remitted timely to the Plan in violation of the Department of Labor (DOL) regulations. These contributions amounted to \$216,603. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The related lost earnings remitted to the Plan during 2024 were \$1,527. The Company corrected the lost earnings outside the Voluntary Fiduciary Correction Program in 2024.

NOTE 11 Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefit.

NOTE 12 Subsequent events

The Plan has evaluated subsequent events through October 15, 2025, which is the date the Plan's financial statements were available to be issued.
