Independent Auditors Report

To the Participants and Board of Trustees of
The Teamster – UPS National 401(k) Tax Deferred Savings Plan
Atlanta, Georgia

Opinion

We have audited the financial statements of The Teamster – UPS National 401(k) Tax Deferred Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information listed in the table of contents as of December 31, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

The Participants and Board of Trustees of
The Teamster – UPS National 401(k) Tax Deferred Savings Plan

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The Teamster – UPS National 401(k) Tax Deferred Savings Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of The Teamster – UPS National 401(k) Tax Deferred Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the *Plan document* for a more complete description of the Plan's provisions, which is available from Plan management.

General

The Plan is a voluntary defined contribution plan established for employees of United Parcel Service, Inc. (UPS), except for those employees employed by UPS Ground Freight, Inc., who are represented by the International Brotherhood of Teamsters (IBT) or other labor unions as approved by the trustees and who satisfy the participation requirements of the Plan. Employees are eligible to become a participant on their first day of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan was established July 1, 1988 and last restated January 1, 2014 (as amended from time to time), and allows participants to defer a portion of their compensation on a pre-tax and after-tax basis under the rules of Sections 401(k) and 401(m) of the Internal Revenue Code (IRC) and satisfy the conditions for participant-directed investments under the rules of Section 404(c) of ERISA.

Plan Administration

The Plan is supervised by ten trustees (Board of Trustees or Trustees), consisting of five IBT trustees and five UPS trustees. The responsibility of the Board of Trustees is to act in the best interest of plan participants at all times. The Trustees have the exclusive power and discretion to interpret the Plan document and to decide all matters arising in its administration and operations, including questions pertaining to eligibility for, and the amount of, benefits to be paid by the Plan. Through December 31, 2024, Empower Annuity Insurance Company (EAIC), formerly Prudential Retirement Insurance and Annuity Company (PRIAC), prior to the PRIAC's acquisition by EAIC, served as plan administrator and Bank of New York Mellon served as plan custodian. During 2024, the investment manager changed from Bank of New York Mellon to BlackRock.

Contributions

Participants, other than eligible participants in Puerto Rico, may elect to contribute to the Plan up to 35% of their eligible regular compensation on a pre-tax or after-tax basis and up to 5% of their eligible regular compensation on a voluntary after-tax basis. Participants may also defer up to 100% of any option week pay. Participants employed in Puerto Rico may elect to contribute up to 10% pre-tax of their eligible compensation to the Plan. The total of a participant's annual deferrals may not exceed 35% of eligible regular earnings, as adjusted for deferrals from special bonus or qualified vacation compensation, not to exceed the maximum dollar limit as defined by the IRC (\$23,000 and 22,500 for 2024 and 2023, respectively). Participants who are age 50 or older or who will turn 50 during the Plan year are eligible to make catch-up contributions in accordance with IRC Section 414(v), up to 35% of their eligible regular compensation (up to \$7,500 for 2024 and 2023, respectively). Participants may contribute to the Plan an amount consisting of an eligible roll-over distribution or transfer from a conduit Individual Retirement Account (IRA). Participants direct the investment of their contributions into various investment options offered by the Plan.

A former participant may contribute to the Plan provided that the former participant (1) ceased to be a participant as a result of retirement, (2) makes a contribution to the Plan within 18 calendar months from the date of retirement, and (3) has not otherwise received a distribution of the participant's individual account. Rollover contributions are at all times fully vested and non-forfeitable.

Participants direct the investment of their contributions into various investment options offered by the Plan.

The Teamster – UPS National 401(k) Tax Deferred Savings Plan

Notes to Financial Statements

Participant Accounts

Each participant has an individual account and is credited with the participant's voluntary contribution and investment earnings. Administrative expenses are charged to participant accounts on a per capita basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 (less any amounts borrowed from any other UPS plans) or 50% of their account balances. Loan terms range from 1 to 5 years or up to 20 years for the purchase of a primary residence. The loans are secured by up to one-half of the balance in the participant's account and bear interest at a fixed rate equal to one percentage point above the prime rate on the last business day of the calendar quarter prior to the calendar quarter in which the participant makes application for the loan. Interest rates range from 4.25% to 10.50%. Principal and interest are paid ratably through regular payroll deductions. Upon termination of employment, a participant with an outstanding loan must repay the entire loan or the participant will be deemed to have received a taxable distribution.

Payment of Benefits

The Plan does not permit withdrawals or distributions (other than their after-tax, rollover contributions and the investment earnings thereon), prior to age 59½, except in the case of hardship, upon termination of employment, or upon the death or total and permanent disability of the participant. In order to qualify for a hardship withdrawal, the participant must satisfy the legal requirements of a financial hardship as set forth in Internal Revenue Service regulations. The participant may elect to receive a lump-sum distribution or to rollover the participant's vested interest into a qualified plan. Participants invested in the Self-Managed Account may choose to receive an "in-kind" distribution from the Self-Managed Account in lieu of a distribution in cash. The value of all other investment options will be distributed in cash.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

The Teamster – UPS National 401(k) Tax Deferred Savings Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Investment management fees and asset custody expenses incurred in connection with managing the Plan's investments are charged against investment returns. Additionally, expenses incurred in administering the Plan are charged to participant accounts on a per capita basis. The administrative cost of processing distributions, rollovers, loan applications, and distributing loan proceeds are deducted from that participant's account.

Plan Management's Review of Subsequent Events

The Plan has evaluated subsequent events through October 15, 2025, the date the financial statements were available to be issued.

The Teamster – UPS National 401(k) Tax Deferred Savings Plan

Notes to Financial Statements

Note 3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Insurance company separate accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted market price. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value.

The insurance company separate accounts were part of the BNY Mellon Securities Lending Program. Therefore, the underlying securities on loan have been collateralized.

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The common collective trusts are part of the BlackRock Securities Lending Program. Therefore, the underlying securities on loan have been collateralized.

Notes to Financial Statements

Self-managed accounts: Accounts may include the following investments: cash and cash equivalents, stocks, bonds, and registered investment companies. Cash and cash equivalents are valued at cost plus accrued interest. Stocks and registered investment companies are valued on the basis of readily determinable market prices. Bonds are valued using pricing models maximizing the use of observable inputs for similar securities.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	(In Thousands)	
	2024	2023

Fair Value of Investments that Calculate NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023, respectively:

	Fair Value (In Thousands)		Unfunded Commitment	Redemption Frequency	Redemption Notice Period

(a) The investment objective of this category is to provide investors with a mix of assets based on a typical underlying plan participant having reached retirement or with a projected retirement date approximately within five years of the target date.

(b) The investment objective of this category is to track the performance of indices or an index of a particular financial market (i.e. the S&P 500).

(c) The investment objective of this category is to maintain short-term liquidity and stability of principal.

Note 4. Guaranteed Investment Contracts with Investment and Insurance Companies

The Plan offers an investment called the Stable Value Fund, which is managed by Insight Investment and is comprised of a common collective trust and investments in fixed income securities that are covered by five synthetic investment contracts issued by five different issuers. Within this structure, the Plan owns both the fixed income securities and the wrapper contracts. Synthetic investment contracts are disclosed on the face of the financial statements as guaranteed investment contracts at contract value.

The Teamster – UPS National 401(k) Tax Deferred Savings Plan

Notes to Financial Statements

In a synthetic guaranteed investment contract (GIC) structure, the Plan invests in fixed income securities. To reduce the risk of losses on these investments, the Plan purchases a wrapper contract (synthetic GIC) from an insurance company or bank, which enables Plan participants to transact at a specified contract value by protecting the principal amount invested over a specific period of time.

The Plan's investments covered by the wrapper contracts earn interest at interest crediting rates that are typically reset on a monthly or quarterly basis. These interest crediting rates use a formula that is based on the characteristics of the underlying fixed income portfolio. The minimum interest crediting rate for all investment contracts is 0%. Factors that can influence the future average crediting rates are (i) the level of market interest rates; (ii) the amount and timing of participant contributions, transfers, and withdrawals into/out of the investment contract; (iii) the investment returns generated by the fixed income investments that underlie the investment contracts; or (iv) the duration of the investments underlying the investment contracts. The crediting rate formula amortizes the realized and unrealized market value gains and losses over the duration of the underlying investments.

In certain events, the amounts withdrawn from investment contracts may be payable at fair value rather than contract value. These events include the termination of the Plan, a material adverse change to the provisions of the Plan, if the Company elects to withdraw from an investment contract or if the terms of a successor plan do not meet the contract issuer's criteria for issuance of a similar contract. Based upon the Plan's experience to date, the events described above are not probable of occurring in the foreseeable future.

In some cases, an investment contract issuer may terminate a contract with the Plan and settle at amounts different than the contract value. Examples of these events include the Plan's loss of its qualified status, material breaches of responsibilities that are not cured or material and adverse changes to the provisions of the Plan. If one of these events was to occur, the investment contract issuer could terminate the contract at the market value of the underlying investments.

Note 5. Related Party Transactions and Party in Interest Transactions

Certain plan investments are shares of commingled funds (common collective trusts) managed by Bank of New York Mellon and BlackRock. Bank of New York Mellon is a custodian and investment manager, and BlackRock is an investment manager, as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees charged to the Plan by Bank of New York Mellon amounted to \$2,525,487 and \$3,655,829 for 2024 and 2023, respectively. Fees charged to the Plan by BlackRock amounted to \$622,593 for 2024.

Certain accounting and other administrative functions are performed by officers and employees of UPS (who may also be participants in the Plan) at no cost to the Plan. UPS pays certain plan administration and recordkeeping fees on behalf of the Plan. During December 31, 2024 and 2023, UPS paid \$1,107,305 and \$1,085,463 during the year in plan administration and recordkeeping fees. These transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

Note 6. Plan Termination

Although the Trustees have not expressed any intent to do so, the Trustees have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the assets then remaining in the Plan, after providing for any administrative expenses, shall be allocated among the participants.

The Teamster – UPS National 401(k) Tax Deferred Savings Plan

Notes to Financial Statements

Note 7. Tax Status

The Internal Revenue Service (IRS) had determined and informed the Plan by a letter dated February 17, 2016, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

Plan participants invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
