Opinion

We have audited the financial statements of Texas Hospital Association Participant Directed Retirement Program for Member Hospitals Group Trust (Trust), which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits – modified cash basis of the Trust as of December 31, 2024 and 2023, and the changes in net assets available for benefits – modified cash basis for the years then ended, in accordance with the modified cash basis of accounting as described in Note 2.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matter

The accompanying financial statements are those of the Trust. The statements do not purport to present the net assets available for benefits or the changes in net assets available for benefits of the participating plans and do not contain certain information and other disclosures necessary for a fair presentation of the financial statements of the participating plans in accordance with the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States. Furthermore, these financial statements do not purport to satisfy the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* (ERISA) relating to the financial statements of employee benefit plans.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying statement of changes in net assets available for benefits by member hospitals – modified cash basis for the year ended December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. DESCRIPTION OF THE TRUST

Entity

Texas Hospital Association Participant Directed Retirement Program for Member Hospitals Group Trust (“Trust”) was designed for use by electing members of Texas Hospital Association. The Trust was created for the purpose of administering and investing the assets of the participating members’ plans, which are qualified plans under Code Section 401(a) of the Internal Revenue Code (“Code”), exclusive benefit trusts for governmental plans under Code Section 457 plans, Plan Accounts under Code Section 403(b), or Individual Retirement Accounts under Code Section 408. The Trust’s assets consist of cash, cash equivalents and various types of investment securities. The custodian was Charles Schwab Trust Bank until May 1, 2024, at which time the Trust entered into an agreement with Empower Trust Company to become the custodian and recordkeeper of the Trust. The Trust is considered to be a 103-12 Investment Entity by the Department of Labor (“DOL”) and under the Employee Retirement Income Security Act of 1974 (“ERISA”).

Trust eligibility

Eligibility for Trust participation is determined at the individual member plan level.

Trust merger

Effective December 31, 2024, the Trust merged into THA Participant Directed Retirement Program Group Trust (New Trust) with the New Trust being the surviving entity. This resulted in all assets of the Trust having been transferred to the New Trust. Eligibility for participation in the New Trust is determined at the individual member plan level and no changes were made to the individual member plans as a result of this merger.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Trust are prepared on the basis of cash receipts and disbursements (modified cash basis of accounting), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting applied by the Trust additions, contributions, expenses, and deductions are recognized when cash is received or paid and purchases and sales of securities are recorded on a settlement date basis. Investments are reported at estimated fair value except for fully benefit-responsive contracts which are reported at contract value. Accordingly, the accompanying financial statements do not purport to present net assets available for benefits and changes in net assets available for benefits in accordance with generally accepted accounting principles.

The accompanying financial statements are those of the Trust. The statements do not purport to present the net assets available for benefits or financial status of the various plans that participate in the Trust. The statements do not contain certain information and other disclosures necessary for a fair presentation of the financial status of the various plans that participate in the Trust in conformity with accounting principles generally accepted in the United States. Furthermore, these statements do not purport to satisfy the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA relating to the financial statements of employee benefit plans.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting as described in Note 2 requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplementary information. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trust Administrator determines the Trust's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the member plan.

Purchases and sales of securities are recorded on a settlement date. Investment income is recorded on the accrual basis. Net appreciation in the fair value of investments includes the Trust's gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Trust for investments in mutual fund accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of benefits

Benefit payments to participants are recorded when made.

Administrative expenses

Trust administrative expenses such as Trust administrator, consulting, governmental compliance, legal, audit, management, and insurance fees are paid by the Trust. Expenses are directly allocated to the member plans incurring the actual cost, and indirectly allocated to the individual member plans based on their respective percentage of total assets. Investment related expenses are included in net appreciation of fair value of investments. The Trust is not required to reimburse the member hospitals for expenses paid on its behalf.

Cash and cash equivalents

Cash and cash equivalents may include cash and funds received prior to year-end awaiting allocation to the appropriate investment options.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and uncertainties

The Trust provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the supplementary information.

Subsequent events

Subsequent events have been evaluated through October 15, 2025, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Trust uses a three-tier fair value hierarchy based upon observable and non-observable inputs as follows:

- *Level 1* - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Trust has the ability to access at the measurement date.
- *Level 2* - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- *Level 3* - Unobservable inputs developed using the Trust's estimates and assumptions which reflect those that market participants would use.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

- **Mutual funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Trust are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Trust are deemed to be actively traded.

December 31, 2024 and 2023

3. FAIR VALUE MEASUREMENTS (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Trust believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As previously discussed in Note 1, effective December 31, 2024 all Trust assets were transferred to the New Trust and there were no investments held by the Trust at December 31, 2024.

The following table sets forth by level, within the fair value hierarchy, the Trust’s assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	\$ 147,206,437	\$ -	\$ -	\$ 147,206,437

4. FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Trust participates in a contract with Empower Annuity Insurance Company (“EAIC”) via an investment in a Guaranteed Income Fund (“GIF”). EAIC commingles the assets of GIF with other assets. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

As described in Note 2, because GIF is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefit attributable to the investment contract. Contract value, as reported to the Trust by EAIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

GIF, which is a traditional group annuity insurance product, is included in the financial statements at contract value, principally, because of the periodic interest rate reset process, which approximates fair value.

Generally, there are not any events that could limit the ability of the Trust to transact at contract value paid within 90 days or in certain rate-based circumstances, paid overtime. There are not any events that allow the issuer to terminate the contract and which require the Trust to settle at an amount different than contract value paid either within 90 days or overtime.

5. RELATED-PARTY TRANSACTIONS

The trust administrator is Texas Hospital Association. Management fees incurred by the Trust under this administrative services agreement were \$73,964 and \$80,451 during 2024 and 2023. These fees are included in the administrative expenses on the accompanying financial statements.

Notes to Financial Statements – Modified Cash Basis
December 31, 2024 and 2023

5. RELATED-PARTY TRANSACTIONS (continued)

Fees incurred by the Trust for the investment management services were not significant during 2024 and 2023 and are included in dividends, interest, and other investment income, as they are paid through revenue sharing, rather than direct payment. As described above, the Trust made a direct payment to the trust administrator, which was not covered by revenue sharing. Any other fees related to the Trust's operation is paid by the Plan sponsor of the respective members of the Trust.

Members of the Trust

During 2024 and 2023, the Trust included plans sponsored by the following member hospitals:

- Comanche County Hospital
- Coryell Memorial Hospital
- Dimmit Regional Hospital District
- Eastland Memorial Hospital
- El Campo Memorial Hospital
- Gonzalez Healthcare Systems
- Guadalupe Regional Medical
- Hopkins County Memorial Hospital
- Martin County Hospital
- Mitchell County Hospital District
- Moore County Hospital District
- Palo Pinto General Hospital
- Rolling Plains Memorial Hospital
- Texas Hospital Association
- Uvalde Memorial Hospital
- W. J. Mangold Memorial Hospital District

Allocations of unrealized gains and losses from investments are performed monthly and are proportionate based on actual, time-weighted activity in each participating Plan.

As previously discussed in Note 1, all assets associated with the above members of the Trust were transferred to the New Trust effective December 31, 2024.

6. INCOME TAX

The Trust has not received a tax-exempt letter from the Internal Revenue Service (IRS); however, it is intended to be a tax-exempt group trust as described in Rev. Rul. 81-100, as modified by Rev. Rul. 2011-1, and Rev. Rul. 2014-67. The Trust administrator believes that the Trust is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Trust's financial statements. The Trust is subject to routine audits by taxing jurisdictions; however, the Trust is not currently under audit with respect to any tax periods in progress.

Accounting principles generally accepted in the United States of America require Trust management to evaluate tax positions taken by the Trust and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Trust is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
