## Independent Auditors' Report

The Partners  
ASP 2016 US (Sunshine Holdings) LP:

### *Opinion*

We have audited the financial statements of ASP 2016 US (Sunshine Holdings) LP (the AIV), which comprise the statement of financial condition, including the schedule of investments, as of December 31, 2024, and the related statements of operations and cash flows for the year then ended, the statements of changes in partners' equity for each of the years in the two-year period then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the AIV as of December 31, 2024, and the results of its operations and its cash flows for the year then ended, and the changes in its partners' equity for each of the years in the two-year period then ended, in accordance with U.S. generally accepted accounting principles.

### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the AIV and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the AIV's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

### *Auditors' Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the AIV's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the AIV's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## **ASP 2016 US (Sunshine Holdings) LP**

### **Notes to Financial Statements**

**December 31, 2024**

#### **General Information**

ASP 2016 US (Sunshine Holdings) LP (AIV), a Delaware limited partnership and alternative investment vehicle, was organized on September 23, 2016, and began operations on October 18, 2016 (commencement of investment operations). The General Partner of the AIV is the ASP Carry Partners 2016 LP (General Partner). The AIV and General Partner are managed and advised by Adams Street Partners, LLC (Advisor). The Advisor is registered with the US Securities and Exchange Commission as a registered investment advisor. The AIV's operating agreement (AIV Agreement) states that the AIV shall continue until the dissolution of the Fund, unless the AIV is sooner dissolved by the General Partner in its sole discretion or by operation of law.

Pursuant to Section 2(d) of the Adams Street 2016 US Fund LP's (the Fund) operating agreement, the Advisor formed an alternative investment vehicle to make certain investments. The financial statements and notes of the Fund and the AIV are presented separately.

ASP Partners 2016 LP is an employee investment vehicle that is not allocated management fees or incentive amounts. Adams Street Partners, LLC is not allocated management fees or incentive amounts. ASP Partners 2016 LP and Adams Street Partners, LLC are Special Limited Partners. The General Partner is not allocated management fees and receives an allocation of 100.00% of the incentive amount.

The AIV was formed for the purpose of making certain investments in private markets limited partnerships purchased from unaffiliated limited partners, referred to as secondary investments. It is expected that the liquidation of the limited partnership interests will generally coincide with the term of the AIV. Secondary investments are generally illiquid and cannot be redeemed.

#### **Significant Accounting Policies**

##### ***Basis of Presentation***

The financial statements have been prepared in conformity with U.S. generally accepted accounting principles (GAAP). The AIV is an investment company under the criteria established within Accounting Standards Codification (ASC) Topic 946 *Financial Services – Investment Companies* and applies the specialized accounting and reporting guidance included therein.

##### ***Use of Estimates***

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts

## ASP 2016 US (Sunshine Holdings) LP

### Notes to Financial Statements

December 31, 2024

of increases and decreases in partners' equity from operations during the reporting period. Actual results could differ from those estimates.

#### ***Cash and Cash Equivalents***

Cash represents demand deposits held at financial institutions. Cash and cash equivalents are held at major financial institutions and are subject to credit risk to the extent those balances exceed applicable Federal Deposit Insurance Corporation (FDIC) or Securities Investor Protection Corporation (SIPC) limitations. The AIV records its holdings in daily valued money market mutual fund investments as cash equivalents as these investments are held for meeting short-term liquidity requirements rather than for investment purposes. The carrying amount included in the Statement of Financial Condition for cash and cash equivalents approximates the fair value.

#### ***Investment Transactions and Income***

Interest income is recognized on an accrual basis. Investment transactions are accounted for on the trade date.

Distributions from partnerships and similar vehicles are recorded as portfolio income or realized gains/losses in accordance with information provided by the underlying manager at the time of the transaction. Reclassifications of prior investment transactions may be required based on subsequent information received from the underlying manager. These reclassifications may impact current year purchases, proceeds and realized gains and losses on investments. Cost is equal to total drawn or paid in the AIV's currency less any return of cost distributed by these investments. Any cost remaining at the time the investment is liquidated is recorded as a realized loss.

#### ***Investment Valuation***

The AIV records its investments at fair value in accordance with GAAP. Fair value is the price that would be received upon the sale of an investment in an orderly transaction between market participants at the measurement date.

The investments fall into one of the following four categories within the fair value hierarchy:

- Level 1 - inputs reflect unadjusted quoted prices in active markets for identical assets or liabilities that the AIV has the ability to access at the measurement date.

Level 1 investments held by the AIV typically consist of public stock positions distributed from partnership investments. Management does not adjust the quoted price for such instruments, even in situations where the AIV holds a large position and a sale could reasonably impact the quoted price.

## ASP 2016 US (Sunshine Holdings) LP

### Notes to Financial Statements

December 31, 2024

- Level 2 - inputs include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability other than quoted prices, either directly or indirectly, including inputs in markets that are not considered to be active.

Level 2 investments held by the AIV may consist of public stock positions where the valuation is adjusted to reflect illiquidity and/or non-transferability.

- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Level 3 investments held by the AIV typically consist of other investments that are not measured at net asset value.

- Investments measured at net asset value – the input is the practical expedient in the FASB's fair value measurement guidance.

Generally, the fair values of partnership investments and similar vehicles are based on the capital account balances reported by the underlying vehicles subject to management review and adjustment. These capital account balances reflect the fair value of the underlying vehicles' investments.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by management. Management considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary and provided by multiple, independent sources that are actively involved in the relevant market. The categorization of an investment within the hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to management's perceived risk of that investment.

#### ***Income Taxes***

AIV taxable income or loss is reported by the partners individually and, accordingly, no provision has been made for taxes based on income. The AIV provides for state replacement and other tax expense, as applicable.

The AIV files Federal, Illinois and other state tax returns as required by law. Management has

reviewed the AIV's tax positions and has not identified any uncertain tax positions which would require the AIV to record a tax exposure reserve. The AIV's four most recent tax years remain subject to examination by taxing authorities in those jurisdictions.

#### Investments

The following table presents the investments carried at fair value on the Statement of Financial Condition as of December 31, 2024 by the ASC 820-10 valuation hierarchy (as described above):

#### Fair Value Measurements as of December 31, 2024

Level 1	Level 2	Level 3	Investments measured at net asset value	Total
\$0.00	\$0.00	\$0.00	\$2,752,411.00	\$2,752,411.00

While management believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to estimate the fair value of investments in non-marketable privately held investment funds could result in a different estimate of fair value at the reporting date. Those fair value estimates, including those carried at net asset value, may differ significantly from the values that would have been determined had a readily available market for such investments existed, or had such investments been liquidated or sold to non-affiliated investors, and these differences could be material to the financial statements.

#### Management Fee

The AIV shall not pay any management fee. Any contribution made by a limited partner to the AIV shall be treated, to the extent relevant, as having been contributed to the Fund for the purposes of calculating the management fee in respect of such limited partner.

#### Partners' Equity

##### *Equity Contributions*

As of December 31, 2024 the AIV has equity contributions paid of \$3,349,999. Capital contributions of the Fund and AIV shall not exceed an amount equal to the Fund subscription amount. The Fund's unfunded capital commitments will be called as needed to purchase investments of the AIV.

### **Notes to Financial Statements**

**December 31, 2024**

#### ***Allocation of Income and Expenses***

Income and expenses of the AIV are allocated to the partners in accordance with the terms of the AIV agreement. An incentive amount equal to 10% multiplied by the excess of aggregate distributions over aggregate capital contributions combined for the Fund and the AIV is allocated to the General Partner (100%) when the combined activity of the Fund and the AIV exceeds a 7% preferred return. The incentive amount is allocated between the Fund and the AIV based on their relative net gain/loss amounts after Fund management fees are partially allocated to the AIV. The estimated incentive allocation is based on the provisions of the Fund Agreement, assuming that in the future all payment conditions will be met and that all amounts are realized and distributed as of the reporting date.

Cumulative incentive allocated to the General Partner at December 31, 2024 and December 31, 2023 was \$157,394 and \$209,478, respectively. Cumulative incentive allocation paid to the General Partner at December 31, 2024 and December 31, 2023 was \$170,391 and \$170,391, respectively.

#### ***Distributions***

Distributions are made at the discretion of the Advisor in accordance with the terms of the AIV Agreement. All cash or securities received by the AIV that are attributable to investments other than secondary investments shall be distributed to all partners in proportion to their respective ownership interests. All cash or securities received by the AIV that are attributable to secondary investments shall be tentatively apportioned among the partners in proportion to their respective percentage interests. Amounts so apportioned to the General Partner shall be distributed to it, and amounts so apportioned to each limited partner shall be distributed in accordance with the waterfall calculation per the AIV Agreement, which is consistent with the allocation of income and expenses as discussed above.

#### ***Commitments and Contingencies***

As of December 31, 2024 the AIV has unfunded commitments of \$727,266. The unfunded portion of the commitment is a contractual obligation to be met in accordance with the terms of the specific partnership agreements. Because of the inherent uncertainty in predicting the timing of these commitments, management is unable to estimate the fair value of these commitments. The AIV believes that it will be able to satisfy such commitments from commitments due from the Fund's limited partners, if any, and proceeds received from investments.

#### ***Line Of Credit***

The following disclosure provides a summary of the terms of the line of credit facility that the AIV had access to during the year.

As of December 31, 2024:

Facility Lender	BMO Harris
Facility Capacity, Maximum	\$1,000,000
Maturity Date	On Demand
Interest Rate	Greater of PRIME rate less 0.75% or SOFR 3 Month Term Rate plus 2.275%
Outstanding Balance	\$0
Total Borrowings in 2024	\$0
Total Paydowns in 2024	\$0
Expenses Related to the Facility in 2024	\$0

### Financial Highlights

Financial highlights are calculated for the limited partners taken as a whole. The IRR and expense ratio calculations presented include the effects of borrowing during the period, if any. The timing of limited partner contributions and distributions and the net asset value of the AIV would be different if borrowing was not used, and the differences could be material.

The AIV's since inception Internal Rate of Return (IRR) for the limited partners is net of incentive allocation and is computed based on the actual dates of limited partner equity contributions and distributions and the ending aggregate limited partners' equity balances (residual value). The IRR as of December 31, 2023 was determined to be not meaningful (N/M).

IRR, since inception through December 31, 2024	58.88%
IRR, since inception through December 31, 2023	N/M

The net investment income/loss and operating expense ratios are computed using the weighted average net assets for the AIV. These ratios do not reflect the AIV's proportionate share of income and expenses of the underlying investment vehicles.
