INDEPENDENT AUDITOR'S REPORT

The Board of Directors
Gilead Community Services, Inc. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Gilead Community Services, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Gilead Community Services, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gilead Community Services, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gilead Community Services, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gilead Community Services, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gilead Community Services, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) and Schedule H, line 4(a) - Schedule of Delinquent Contributions as of and for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Gilead Community Services, Inc. 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide retirement benefits in compliance with the Internal Revenue Code under Section 401(k) for employees of the plan sponsor, Gilead Community Services, Inc. (the Company). The Plan includes specific provisions for both union and non-union employee participants, which are discussed under various sections of this footnote. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On November 16, 2016, the plan sponsor entered into an affiliation agreement with The Connecticut Institute for the Blind, Inc. and became a member of a controlled group effective December 1, 2016. The members of the controlled group have maintained their separate retirement plans. As required under Internal Revenue Service regulations, the Plan's compliance testing includes the members of the controlled group together.

Eligibility

All union and non-union employees who complete 90 days of service with the Company, as defined, and are 21 years of age may enter the Plan and make salary deferral contributions. Union employees are entitled to employer discretionary nonelective contributions upon attainment of age 21 and completion of two years of service and enter the Plan for purposes of receiving employer contributions on the earlier of January 1st or July 1st after meeting the age and service requirements. Union employee participants must work 1,000 hours during each Plan year to receive such employer contributions. Non-union employees are eligible to receive employer safe-harbor match contributions effective upon the date they attain age 21 and have completed one year of service. The plan sponsor may also make discretionary profit sharing contributions to the Plan.

Contributions

Participants

Each year, participants (both union and non-union) may contribute pre-tax and Roth deferrals up to the maximum amount allowed under the Internal Revenue Code (IRC) of annual compensation, as defined in the Plan. Participants can also contribute amounts representing distributions from certain other eligible retirement plans as defined in the Plan.

Employer

The Company makes safe-harbor matching contributions for non-union participants. For the year ended December 31, 2024, the Company's safe-harbor contributions matched salary deferral contributions made by non-union employee participants at 100% of the participants' first 3% of compensation plus 50% of the participants' salary deferrals between 3% and 5% of compensation under the IRS safe-harbor matching provisions. For the year ended December 31, 2024, the Company elected to make an employer nonelective contribution between 3% and 5% of each respective eligible employee's Plan year compensation. The contribution percentage for each employee was based on a weighted scale of each respective participant's years of service (as defined in the Plan) with the Company. All contributions are limited under current Internal Revenue Code regulations.

Participant Accounts

Each participant's account is credited with their own salary deferral contributions, their rollover contributions from other plans and the Company's safe harbor and nonelective contributions as well as investment gains (losses) within the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

GILEAD COMMUNITY SERVICES, INC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Vesting

All participants are vested in all contributions immediately, including their salary deferral contributions and their rollover contributions plus actual earnings thereon as well as in all Company contributions and net earnings thereon.

Notes Receivable from Participants

Non-union and union employee participants may receive loans up to 50% of their account balances. Amounts may be borrowed between \$1,000 and \$50,000, utilizing the participant's remaining account balance as security for the loan. Interest is charged based on a commercially reasonable rate of interest comparable to loans of other lenders as determined by the plan administrator.

Loans must be repaid under time periods as specified by the Plan. Participants who do not repay their loans under certain circumstances, as defined in the Plan, will be deemed to have received a distribution subject to federal income taxes under the Plan.

Hardship Withdrawals

In the event of financial hardship, as defined under the Plan and under current Internal Revenue Service regulations, participants are permitted to receive hardship withdrawals to the extent of their own elective deferrals (excluding earnings thereon), their rollover accounts and their employer nonelective contribution accounts.

Payment of Benefits

On separation of service due to death, termination or retirement, or in the event of a participant's disability, a participant, or the participant's beneficiary(ies) in the event of death, may receive a lump-sum amount equal to the value of the participant's account.

Distributions after termination of employment for reasons other than death may be paid as soon as administratively feasible after all contributions have been allocated relating to the Plan year in which the participant's account balance became distributable. Distribution on account of death must be paid out within five years after the participant's death.

In-service withdrawals, other than hardship withdrawals are permitted under the Plan for participants who attain age 59½.

Forfeited Accounts

As all contributions were immediately and fully vested, there were no forfeited non-vested account balances in the Plan.

Investment Options

Participants direct the investment of all contributions into various investment options offered by the Plan. Based upon the participants' investment selections, the Plan purchases units accordingly, which are held in Voya Retirement Insurance and Annuity Company's pooled separate account. Participants may also elect to maintain investments in Voya Retirement Insurance and Annuity Company's fixed account which provides a guaranteed rate of interest.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

GILEAD COMMUNITY SERVICES, INC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employer Contribution Receivable

Employer contribution receivable is measured at the amount owed to participants by the Company at December 31, 2024 and 2023. Corrective contributions were made for late contributions to the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Benefits were recorded when paid.

Administrative Expenses

The plan sponsor paid significant costs for administration of the Plan, which included third party administrator fees and Plan audit fees. The participants of the Plan were charged certain fund management related fees which were deducted from the participants' self-directed accounts.

Evaluation of Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure through October 14, 2025, which is the date the financial statements were available to be issued.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Voya Retirement Insurance and Annuity Company as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

	<u>2024</u>	<u>2023</u>
Investments at fair value:		
Pooled separate accounts	\$4,783,389	\$4,151,052
Investments at contract value:		
Fixed account	<u>127,925</u>	<u>115,842</u>
	<u>\$4,911,314</u>	<u>\$4,266,894</u>

The net investment income of the Plan for the year ended December 31, 2024 is as follows:

	<u>2024</u>
Net appreciation in fair value of investments	<u>\$512,252</u>

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an investment contract that comprises a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	<u>2024</u>	<u>2023</u>
Traditional investment contract	<u>\$127,925</u>	<u>\$115,842</u>

For traditional investment contracts, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

GILEAD COMMUNITY SERVICES, INC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Fully Benefit-responsive Investment Contract, continued

The following events might limit the ability of the Plan to transact at contract value with the contract issuer:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, the following events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

PASI, LLC provided third-party administrative services to the Plan for recordkeeping, including census, compliance testing, vesting and annual report preparation as of December 31, 2024 and 2023. As a provider of services to the Plan, PASI, LLC also became a party-in-interest as defined under ERISA. The plan sponsor pays PASI, LLC for its contractual services.

Voya Retirement Insurance and Annuity Company is the investment custodian of the Plan as of December 31, 2024 and 2023. As a provider of services to the Plan, Voya Retirement Insurance and Annuity Company is the custodian and is considered a party-in-interest as defined under ERISA. Voya Retirement Insurance and Annuity Company receives fees for their service from the plan sponsor.

The Plan receives investment advisory services from Morningstar, Inc.

Notes receivable from participants totaled \$20,263 and \$17,904 at December 31, 2024 and 2023, respectively and interest income on notes receivable from participants totaled \$1,107 for the year ended December 31, 2024.

A non-voting member of the Board of Directors, in his capacity as a board Emeritus of the plan sponsor, provides his services to the Plan as a special assistant to the plan administrators in his professional capacity as a retirement plan specialist with Jacobs Financial Partners, LLC, a financial services firm. The firm is paid indirectly through a shared fee arrangement with a broker dealer who receives compensation from the Plan's mutual funds internal fund costs (12b-1 fees). As a provider of services to the Plan and its sponsor, Jacobs Financial Partners, LLC receives fees (indirectly) from the Plan for the individuals' services and is a party-in-interest to the Plan under ERISA.

All of these related party transactions and party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, no further contributions would be made to the Plan and all amounts credited to participant accounts would continue to be 100% vested and would be distributed to participants as soon as practicable.

GILEAD COMMUNITY SERVICES, INC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE 7 – TAX STATUS

The Plan received a favorable determination letter from the Internal Revenue Service dated June 30, 2020, indicating its qualified status under the Internal Revenue Code (IRC).

The Plan has been amended and restated since the effective date of the determination letter to bring the Plan into compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37. The plan administrator and the third-party administrator believe the Plan is currently designed and being operated with applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

Investments and Market Conditions

The Plan participants invest in various investment options offered by the Plan. Investment options offered in the Plan are subject to various risks, such as interest rate, market value and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemics, international conflicts or financial institution collapses. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

GILEAD COMMUNITY SERVICES, INC. 401(k) PROFIT SHARING PLAN

Fair value measurement, continued

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 or 2023.

Pooled separate accounts: Valued at their Accumulation Unit Value (AUV). The separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts and is then determined daily based on the net asset value of shares of the underlying fund and the contract's separate account charges.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2024 and 2023.

Assets at fair value as of December 31, 2024				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE 11 – REPORTING OF POOLED SEPARATE ACCOUNTS ON FORM 5500

The Plan's Pooled Separate Accounts (PSA's), which are held within the Plan's group annuity contract, do not file their own Form 5500 as a Direct Filing Entity (DFE). Accordingly, under IRS requirements, their assets are not reported as an interest in a pooled separate account on Schedule H of the Plan's Form 5500 and instead are reported as interest in registered investment companies. The PSA's are further described as an asset of the Plan's group annuity contract on Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) that is required to be attached to the Plan's Form 5500 filing.
