Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **EISNERAMPER LLP**

(2) EIN: **87-1363769**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		15000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries of the
Village Super Market, Inc. Local 72 Retail Clerks Employees' Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Village Super Market, Inc. Local 72 Retail Clerks Employees' Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 (in liquidation) and 2023 (ongoing), and the related statement of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 (in liquidation) and 2023 (ongoing) and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As further discussed in Notes A[1] and B[1] to the financial statements, the governing body of the Plan approved a plan of liquidation effective as of April 30, 2024, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2023 financial statements to the liquidation basis used in presenting the 2024 financial statements. Our opinion is not modified with respect to this matter.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 (in liquidation) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VILLAGE SUPER MARKET, INC. LOCAL 72 RETAIL CLERKS EMPLOYEES' RETIREMENT PLAN

Notes to Financial Statements December 31, 2024 (in liquidation) and 2023 (ongoing)

NOTE A - DESCRIPTION OF THE PLAN

The following brief description of the Village Super Market, Inc. Local 72 Retail Clerks Employees' Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

[1] General:

The Plan is a defined benefit plan sponsored by Village Super Market, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Certain members of the Board of Directors of the Company serve as trustees for the Plan.

The Plan is administered by certain members of the Company Management (the "Committee"). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Pursuant to an amendment, the Plan was terminated effective April 30, 2024, and the Committee determined at that time liquidation of the Plan was imminent. As a result, the accompanying 2024 financial statements were prepared under the liquidation basis of accounting as further discussed in Note B[1].

[2] Pension benefits:

The following description of pension benefits is prior to the Plan being frozen on January 31, 2017 to eligibility and accrual of benefits.

Benefits under the Plan begin to accrue when an individual has completed 500 hours of service within a calendar year. Benefits are determined as follows:

- Retail clerk employees:

The annual pension benefit for full-time retail clerk employees, as defined, equals \$120 multiplied by their number of years of full-time credited service, as defined, up to a maximum of \$4,200 earned prior to January 1, 1994; \$240 multiplied by their number of years of full-time credited service, as defined, up to a maximum of \$8,400 earned subsequent to January 1, 1994; and \$360 multiplied by their number of years of full-time credited service, as defined, up to a maximum of \$12,600 earned subsequent to January 1, 2000.

The annual pension benefit for part-time retail clerk employees, as defined, equals \$60 multiplied by their number of years of part-time credited service, as defined, up to a maximum of \$2,100 earned prior to January 1, 1994; \$120 multiplied by their number of years of part-time credited service, as defined, up to a maximum of \$4,200 earned subsequent to January 1, 1994; and \$240 multiplied by their number of years of part-time credited service, as defined, up to a maximum of \$8,400 earned subsequent to January 1, 2000.

- Meat employees:

The annual pension benefit for full-time meat employees, as defined, is equal to \$390 multiplied by the number of years of full-time credited service (including any fractions of a year) earned subsequent to December 17, 2008.

The annual pension benefit for part-time meat employees, as defined, is equal to \$300 multiplied by the number of years of part-time credited service (including any fractions of a year) earned subsequent to December 17, 2008.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[2] Pension benefits: (continued)

Normal retirement date is the later of the attainment of age 65 or upon the completion of five years of Plan participation if the participant is older than age 65. A participant may elect early retirement at age 55 if ten years of credited service, as defined, have been completed. The benefits payable to a participant on an early retirement date are actuarially reduced.

A participant is eligible to retire on disability retirement after completion of ten years of credited service, as defined, and attainment of age 50, provided the employee qualifies for Social Security disability benefits. The benefits payable to a participant on a disability retirement date are actuarially reduced if such disability retirement occurs before age 65.

In the event of a participant's death after meeting the requirements for early retirement, the surviving spouse shall receive for life a pension equal to 50% of the joint and 50% survivor benefit determined under the assumption that the participant had elected early retirement commencing on the first day of the month following the date of death. Upon the death of any other married vested participant, the surviving spouse will be entitled to a qualified pre-retirement survivor benefit equal to 50% of the joint and 50% survivor benefit that would have been payable to the participant had he or she left employment on his or her date of death and survived to his or her early retirement date. The pre-retirement survivor benefit will commence for the surviving spouse on the date the participant would have reached his or her early retirement date.

The normal retirement benefit is payable monthly for life. If a participating employee is married at the time of his or her normal retirement date, his or her benefit is payable in the form of a qualified joint and survivor annuity, unless this provision is specifically revoked by the participating employee with written consent of the spouse. If the participant is not married or the joint and survivor annuity has been waived, the participant may elect one of the following methods of benefit payment:

1. A lump-sum distribution;
2. Life annuity with period certain;
3. Life annuity with cash refund; or
4. A joint and survivor annuity.

The Plan also provides for death and disability benefits, as defined.

Effective January 31, 2017, the Plan was frozen as to eligibility and accrual of benefits.

The Plan was terminated effective April 30, 2024, and as a result, the Plan sponsor plans to distribute the Plan assets by purchasing annuity contracts from an insurance company for all the participants who do not elect a lump sum distribution.

[3] Eligibility:

The following description of eligibility is prior to the Plan being frozen on January 31, 2017 to eligibility and accrual of benefits.

Full-time and part-time employees of the Company's Stroudsburg store represented by the United Food and Commercial Workers Union Local 1776, formerly Local 72, are eligible for participation in the Plan provided they have at least one hour of service during the year.

Employees that met these eligibility requirements by January 31, 2017, the date the Plan was frozen, were able to participate in the Plan.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[4] Vesting:

The following description of vesting is prior to the Plan being frozen on January 31, 2017 to eligibility and accrual of benefits.

A participant becomes fully vested in his or her normal retirement benefit after the completion of five years of service, as defined. Credit for a year of service is given to a participant after he or she has attained 500 hours in that year. No partial vesting occurs prior to the completion of five years of service.

Effective January 31, 2017, the accrued benefit of each participant in the Plan became fully vested.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

As a result of the Plan termination effective April 30, 2024, the financial statements as of and for the year ended December 31, 2024 were prepared under the liquidation basis of accounting. Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process. The financial statement as of December 31, 2023 was prepared on the accrual method of accounting.

As a result of the Plan's application of the liquidation basis of accounting in 2024, an estimated amount of \$152,054 of accrued expenses expected to be incurred in liquidation were recorded as of and for the year ended December 31, 2024. Estimated payments to participants upon liquidation estimated to be \$2,509,005 were recorded as of and for the year ended December 31, 2024. Additionally, an estimated amount of \$400,000 of employer contributions were recorded as of and for the year ended December 31, 2024. The Plan has estimated these amounts based on certain assumptions which require judgement and will continually be reassessed until all of the assets are distributed to the related Plan participants. As of the date of this report, the Plan has yet to completely liquidate. Actual results could materially differ.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities and the actuarial present value of accumulated Plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisor and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the value of investments includes the Plans gains and losses on investments bought and sold, as well as held during the year.

Notes to Financial Statements December 31, 2024 (in liquidation) and 2023 (ongoing)

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Administrative expenses:

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from the Plan's financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Additionally, the Company provides personnel and office facilities for the administration of the Plan at no cost to the Plan.

[6] Adjusted Funding Target Attainment Percentage ("AFTAP"):

The Pension Protection Act (the "Act") included many provisions and numerous revisions to rules surrounding defined benefit plans, including rules that govern Plan funding. The Act established minimum funding standards for defined benefit plans and limited benefit increases and accruals for underfunded plans. Pursuant to the Act, each year the actuaries are required to certify the Plan's funded percentage. The Plan received such certification for the 2024 Plan year for the AFTAP, which is one way of measuring the funded status of a plan using actuarial assumptions mandated by the Internal Revenue Service ("IRS"), and the actuary determined that the 2024 AFTAP for the Plan is 87.33%.

[7] Subsequent events:

The Plan has evaluated events through October 15, 2025, the date the financial statements were available to be issued.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Principal Life Insurance Company has certified to the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2024 (in liquidation) and 2023 (ongoing), the statements of changes in net assets available for benefits for the year ended December 31, 2024, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2024 (in liquidation).

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2* – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for investment assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Pooled separate accounts – Valued at net asset value ("NAV"), as a practical expedient, based on the market value of the underlying investments. The NAV is not a publicly-quoted price in an active market. The pooled separate accounts are comprised of a wide variety of underlying investments, such as equities, bonds, and mutual funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023 are approximately:

Investment Assets at Fair Value as of December 31, 2024 (in liquidation)

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments measured at NAV (A):				
Pooled separate accounts (B)	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,173,190</u>

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Investment Assets at Fair Value as of December 31, 2023 (ongoing)

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments measured at NAV (A):				
Pooled separate accounts (B)	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,391,835</u>

- (A) The investments maintained in the Plan are measured at fair value using the NAV per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.
- (B) The majority of the Plan's pooled separate account investments are in the Principal LDI Bond Accounts. The Plan's investment in the Principal LDI Bond Accounts seeks to allocate assets in various fixed income corporate, foreign and municipal securities. The remainder of the Plan's pooled separate account investments are in equity indices and emerging markets.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan administrator evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

NOTE E - ACTUARIAL PRESENT VALUE OF ACCUMULATED BENEFITS

Accumulated benefits are those future periodic payments, including lump-sum distributions, which are attributable, under the Plan's provisions, to the service employees have rendered. Accumulated benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on the number of years of full-time and part-time benefit service as presented in Note A[2]. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated benefits.

The actuarial present value of accumulated benefits is determined by an actuary from Principal Life Insurance Company, and is that amount that results from applying actuarial assumptions to adjust the accumulated benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Plan contributions are made and actuarial present value of accumulated benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

**VILLAGE SUPER MARKET, INC. LOCAL 72 RETAIL CLERKS
EMPLOYEES' RETIREMENT PLAN**

**Notes to Financial Statements
December 31, 2024 (in liquidation) and 2023 (ongoing)**

NOTE E - ACTUARIAL PRESENT VALUE OF ACCUMULATED BENEFITS (CONTINUED)

The significant actuarial assumptions used in the valuation as of December 31, 2023 and 2022 are as follows:

- a. The discount rate was 6.25% (2023) and 5.75% (2022);
- b. Assumed postretirement mortality rate based upon the IRS prescribed mortality – optional combined table for small plans, female and male; and
- c. Retirement at normal retirement age 65.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Effective April 30, 2024, the Plan was terminated in accordance with applicable regulatory requirements. As of December 31, 2023, the Plan continued to operate as a defined benefit pension plan, and the accumulated plan benefits presented in this financial statement reflect the status of the Plan as of that date.

The termination of the Plan occurred subsequent to the measurement date and is therefore not reflected in the accumulated plan benefits disclosed herein. The impact of the termination, including any settlement of plan obligations and distribution of assets, will be reflected in future reporting periods as applicable.

Upon liquidation of the Plan, estimated benefits of approximately \$2,509,005 are expected to be paid to participants. These estimates are based on actuarial assumptions and plan data available as of the termination date and are subject to final settlement adjustments.

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2024 and 2023. Had the valuations been performed as of the respective December 31, there would be no material differences.

The actuarial present value of accumulated benefits as of December 31, 2023 and 2022, the dates of the most recent actuarial valuations, is approximately as follows:

	<u>2023</u>	<u>2022</u>
Vested benefits:		
Participants currently receiving benefits	\$ 391,000	\$ 332,000
Other participants	<u>2,273,000</u>	<u>2,493,000</u>
	2,664,000	2,825,000
Nonvested benefits	<u>1,000</u>	<u>1,000</u>
	\$ 2,665,000	\$ 2,826,000

NOTE E - ACTUARIAL PRESENT VALUE OF ACCUMULATED BENEFITS (CONTINUED)

The change in the actuarial present value of accumulated benefits as of December 31, 2023 and 2022 consists of approximately the following:

	<u>2023</u>	<u>2022</u>
Total actuarial present value of accumulated benefits - beginning of period	\$ 2,825,000	\$ 3,005,000
Benefits accumulated and plan experience	7,000	12,000
Interest	156,000	151,000
Actuarial assumptions and experience	(79,000)	(89,000)
Benefits paid	<u>(244,000)</u>	<u>(254,000)</u>
 Total actuarial present value of accumulated benefits - end of period	 <u>\$ 2,665,000</u>	 <u>\$ 2,826,000</u>

NOTE F - FUNDING POLICY

The funding requirements for the Plan are determined using the aggregate actuarial cost method. The Company's funding policy is to make annual contributions to the Plan in amounts that are at least sufficient to comply with the minimum funding requirements of ERISA. The minimum funding requirements of ERISA have been met for 2024 and 2023.

NOTE G - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments at December 31, 2024 and 2023 are shares of pooled separate accounts managed by Principal Life Insurance Company. As a result, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan were approximately \$68,000 and \$57,000 for the years ended December 31, 2024 and 2023, respectively.

NOTE H - PLAN TERMINATION

Effective April 30, 2024, the Company began terminating the Plan. Upon satisfaction of all regulatory requirements, the Plan will fully fund and liquidate all plan assets to purchase annuity contracts from an insurance company for all the participants who do not elect a lump-sum distribution. The Company has filed the required forms with the PBGC and expects the liquidation of the Plan to be completed by November 2025. Due to a variety of external factors, there can be no assurance that the completion of the liquidation will occur in the estimated time frame.

NOTE I - TAX STATUS

The IRS has determined and informed the Company by a letter dated July 19, 2012, stating that the Plan is qualified under the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the tax determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. In June 2025, in connection with the Plan termination as previously discussed, the Company received an updated determination letter indicating the termination of the Plan does not impact the qualified status of the Plan.

**VILLAGE SUPER MARKET, INC. LOCAL 72 RETAIL CLERKS
EMPLOYEES' RETIREMENT PLAN**

**Notes to Financial Statements
December 31, 2024 (in liquidation) and 2023 (ongoing)**

NOTE I - TAX STATUS (CONTINUED)

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2024 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE K - RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2024 and 2023:

Assumptions prescribed by law

Mortality

Before benefit payment period
 IRS Prescribed Mortality - Optional Combined Table for Small Plans, male and female.

During benefit payment period
 IRS Prescribed Mortality - Optional Combined Table for Small Plans, male and female.

Assumptions selected by actuary

Asset return 6.75% for the current plan year.
 The asset return is developed as a weighted average rate based on the target asset allocation of the plan and the long-term capital market assumptions. The calculated return is on an arithmetic mean basis. For details, see the Long-Term Capital Market Assumptions link.

Expected expense The expected expense included in target normal cost is an estimate based on prior year expenses paid from plan assets with an updated estimate of PBGC premiums. This is the best estimate available of upcoming year's expenses.

Retirement Active participants:

Age	Probability of retirement	Age	Probability of retirement
55 – 58	1%	65	25%
59	5%	66	5%
60 – 61	10%	67	75%
62	40%	68 – 69	5%
63 – 64	5%	70	100%

Inactive participants are assumed to retire at age 65.

This assumption is based on the results of recent experience analysis and anticipated future experience.

Disability None.

This plan does not offer a subsidized disability benefit; therefore, the disability assumption is built into the withdrawal assumption.

Marriage 75% married; husbands are 3 years older than wives.

This assumption does not have material impact on the results of this report and has been selected based on our best estimate of active workforce.

Withdrawal	<p>2003 Society of Actuaries Small Plan Age Table.</p> <p>We rely on a publicly published table due to the limited size of the plan. The SOA Small Plan Age Table is the most recent withdrawal experience table published by the Society of Actuaries and reflects the results of the most recent experience analysis and anticipated future experience.</p>
Form of benefit and basis	<p>100% of active participants are assumed to receive benefits as a single lump sum payable immediately for retirement benefits and as a single sum payable at retirement for withdrawal benefits. The inactive participants are assumed to receive a stream of payments at retirement.</p> <p>This assumption is based on the results of recent experience analysis and anticipated future experience.</p> <p>The lump sum benefit is based on the Applicable Mortality and the plan's funding target interest rates, as prescribed.</p>

Methods prescribed by law

Liability measure	<p>Funding target is the present value of the benefits accrued on the valuation date. Included in funding target is the value of any missed required minimum distributions (defined in IRC §401(a)(9) and Treasury Regulation §1.401(a)(9)) equal to back payments with interest at 6.00%.</p> <p>Target normal cost is based on benefits expected to accrue during the current plan year and includes an estimate of plan expenses for the year.</p>
Lump sum payments	<p>Lump sum payments are valued using the plan's funding target interest rates as required, per IRS guidance.</p>

Methods selected by plan sponsor

Asset method	<p>Market value.</p>
Yield curve rates	<p>Full yield curve. Use the rates through the month of December.</p>
PBGC premium basis	<p>Variable rate premiums are calculated using census, market value of assets and the full yield curve rates in effect on the valuation date.</p>

Methods elected by actuary

Retirees	Assets and liabilities for current and future retirees are included.
Vested benefits	<p>A benefit is included in vested benefits if it meets the requirements under PBGC. The benefit is multiplied by the participant's vesting percentage applicable to each benefit on the valuation date.</p> <p>The following ancillary benefits are always treated as nonvested: disability benefits payable to retirement age unless in pay status, pre-retirement death benefits in excess of the survivor annuity death benefit and post-retirement death benefits for non-retired participants except as noted in the Plan provisions.</p>

Assumptions and methods elected by actuary - plan accounting (ASC 960)

With the exceptions below, all assumptions and methods are the same as those used in determining your plan's regular funding target and target normal cost.

Mortality	Based on Pri-2012 total dataset base rate mortality table projected generationally using MP-2021.
Mortality base rates	<p>Before benefit payment period Employee amount-weighted, male and female</p> <p>During benefit payment period Retiree amount-weighted, male and female</p> <p>The Society of Actuaries (SOA) is an actuarial organization that periodically reviews mortality data and publishes mortality tables and improvement scales. In October 2019, the SOA released the Pri-2012 Mortality Tables for private-sector retirement plans in the U.S. The Pri-2012 report contains different sets of mortality tables based on complete dataset or various subsets. The total dataset base rate table was selected based on information provided by the plan sponsor.</p> <p>Pri-2012 section 12.4. provided three approaches for designated beneficiaries in the calculation of joint-and-survivor annuities. We believe "Approach 1" is reasonable for this plan.</p>
Mortality improvement	<p>MP-2021 is the most recent improvement scale published by the SOA in October 2021.</p> <p>In selecting this assumption, we considered the other parameters available in the MIM-2021-v4 application tool issued by the SOA in October 2023 and consider the selections in MP-2021 reasonable. Based on the sponsor's input, plan experience does not show a need for long-term excess death or COVID death load adjustments.</p>

Interest rate used to value liabilities	6.25% The interest rate used to value ASC 960 liabilities is developed as long-term expected geometric return on plan assets. Arithmetic expected return is calculated as the weighted average of broad asset classes' arithmetic returns of the plan's target asset allocation and then converted to the geometric under lognormal distribution assumption. For details, see Long-Term Capital Market Assumptions link.
Treatment of administrative expenses	No adjustments are made for administrative expenses, either through a reduction in the discount rate or by calculating a present value of future expenses. Plan sponsors may change their administrative expense handling at any time. Our approach provides consistent handling of ASC 960 liabilities from year to year, whether expenses are paid with plan assets or directly by the employer. Note – expenses paid with plan assets are required to be included in funding normal cost. As a result, the plan is reimbursed annually through required funding. Exception – contributions are not required due to assets sufficiently in excess of liabilities to fund both expenses and normal cost. In this case, administrative expenses are taken from the excess assets.
Basis for lump sums	Interest rate Based on the three segment yield curve: 3.55%, 3.95% and 4.95% The plan document defines the lump sum interest rate based on IRC §417(e) rates which closely tie to the high-quality corporate bond yields. According to our most recent study, the long-term expected yields for short, intermediate and long corporate bonds are 3.55%, 3.95% and 4.95%. For details, see Corporate AA yield in Table 3 of Long-Term Capital Market Assumptions link. Mortality We have selected the same mortality assumption for lump sum payments but with a 50/50 blend of male and female total dataset base rates and mortality improvement scales. This reflects the IRS practice of defining lump sum mortality on a unisex basis.

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Lines 6, 18, 31, 32 - Explanation of Short Plan Year
Village-Local 72 Retail Clerks EES Ret. Plan
EIN 22-1576170 Plan No. 003

The plan year beginning 01/01/2024 reflects a short plan year ending on the termination date of 04/30/2024.

The annual cost is prorated for the period from 01/01/2024 to 04/30/2024. This short period is based on the plan termination date and reflects the final IRS minimum contribution regulations. Quarterly contribution requirements have been adjusted to reflect the short period.

Schedule SB, Line 22 - Description Of Weighted Average Retirement Age
 Village-Local 72 Retail Clerks EES Ret. Plan
 EIN 22-1576170 Plan No. 003

The weighted average retirement age is weighted by the expected percentage of active participants retiring at each age. The retirement rate reflects only those participants who meet retirement eligibility. An active participant working past assumed retirement age is expected to retire at current age.

(1) Age	(2) Expected Active Headcount	(3) Retirement Rate	(4) Expected Retirements (2)*(3)	(5) Weighted Age (1)*(4)

This report reflects the maximum benefit limits under Internal Revenue Code (IRC) Section 415 and maximum compensation limits under IRC Section 401 in effect on the first day of each plan year.

The following is a summary of plan provisions and does not alter the intent or meanings of the provisions contained in the contract or plan document. This report reflects the provisions of the plan signed 10/09/2012 and plan termination amendment signed 04/26/2024.

Plan eligibility

Class Employees at the Village Supermarket Stroudsburg or Kingston stores or employees at Stroudsburg Meat covered by a collective bargaining agreement Local 1776.
Entry is frozen 01/31/2017.

Normal retirement benefit

Age Attained age 65.

Service 5 years of participation service.

Form Monthly annuity payable for 5 years and life thereafter (optional forms may be elected in advance of retirement).

Amount (accrued benefit) **Employees of Local 72:**
Full-time service
\$10 times service prior to 01/01/1994
\$20 times service on and after 01/01/1994 and prior to 01/01/2000
\$30 times service on and after 01/01/2000
Part-time service
\$5 times service prior to 01/01/1994
\$10 times service on and after 01/01/1994 and prior to 01/01/2000
\$20 times service on and after 01/01/2000
Meat Packer Employees of Local 1776:
Full-time service
\$2.71 times service on and after 12/19/2008
Part-time service
\$2.08 times service on and after 12/19/2008
Service shall be limited to 35 years, counting the oldest such year's first.
Benefit accruals are frozen as of 01/31/2017.

Early retirement benefit

Age and service	<p>Meat Packer Employees: Attained age 55 with 10 years of service or age 50 with 25 years of service.</p> <p>All other employees: Attained age 55 with 10 years of service.</p>
Form	Same as normal retirement benefit.
Amount	<p>Meat Packer Employees: Active participants – Accrued Benefit on early retirement date reduced by 2% for each year early retirement date precedes normal retirement date. Terminated participants – Accrued benefit on early retirement date reduced by 6 2/3% for each year up to five and 3 1/3% for each year between five and ten that the early retirement date precedes normal retirement date.</p> <p>All other employees: Accrued benefit on early retirement date reduced by 0.5% for each month that the early retirement date precedes normal retirement date.</p>

Late retirement benefit

Age	No maximum age.
Form	Same as normal retirement benefit.
Amount	<p>Meat Packer Employees: Greater of accrued benefit on late retirement date or accrued benefit on normal retirement date actuarially increased to the date benefits commence.</p> <p>All other employees: The accrued benefit on late retirement date; however, if retirement occurs after the April 1 following the date a participant attains age 70 ½, the benefit will be the actuarial equivalent of the amount payable when benefits were required to commence.</p>

Termination benefit

Vesting percentage	100% after five years of vesting service.
Form	Same as normal retirement benefit with income deferred until normal retirement date.
Amount	Accrued benefit on date of termination multiplied by the vesting percentage.

Disability benefit

Eligibility	Qualified for the disability benefit under the federal Old-Age Survivor and Disability Insurance Act.
Age and service	Meat Packer Employees: 10 years of service. All other employees: Attained age 50 and 10 years of service.
Form	Monthly income payable until normal retirement, death or recovery and a deferred annuity payable at the normal retirement date. A lump sum option is available.
Amount	Accrued benefit on date of disability.

Survivor annuity death benefit (a vested benefit)

Eligibility	Qualified married participant fully or partially vested in an accrued benefit.
Form	Monthly annuity payable to spouse, deferred to participant's earliest retirement date if later than the date of death.
Amount	Meat Packer Employees: For a vested participant who has attained age 40 with 10 years of service, if death occurs, the amount paid to the surviving spouse is equal to the amount that would have been paid if the participant had retired (with no reduction for early retirement) with a qualified joint and 50% survivor annuity in effect, then died the next day. All other employees: If death occurs, the amount paid to the surviving spouse is equal to the amount that would have been paid had the participant terminated employment on the date of death and survived to his/her earliest retirement age, retired with a qualified joint and 50% survivor annuity in effect, then died the next day.

Definitions

- Full-time employee** An employee regularly scheduled to work a 30-hour work week.
- Part-time employee** An employee regularly scheduled to work less than a 30-hour work week.
- Credited service** **Meat Packer Employees:**

Hours	Credited service
0 – 399	0.00
400 – 799	0.25
800 – 1199	0.50
1200 – 1599	0.75
1600 +	1.00

All other employees:

Hours	Credited service
0 – 499	0.00
500 – 749	0.25
750 – 999	0.50
1000 +	1.00

Optional forms of benefit payments

The optional forms of benefit payments are:

Monthly annuity payable for life or 5, 10 or 15 years certain and life.

Monthly annuity payable as a survivorship life annuity with survivorship percentages of 50 or 75.

Single sum payment equal to the present value of the retirement benefit.

The optional form conversion basis is 6.00% interest and the UP-1984 mortality table setback one year for payments other than lump sums.

The optional form conversion basis uses the applicable interest rate and applicable mortality table as set forth in Code Section 417 for lump sum payments. The applicable interest rate uses the fifth calendar month preceding the first day of the stability period which is the plan year.

Changes in principal eligibility or benefit provisions

There have been no changes in principal eligibility or benefit provisions since the last valuation.

Significant event

The plan terminated effective 04/30/2024.

Schedule SB, Line 24 – Change in Actuarial Assumptions
Village-Local 72 Retail Clerks EES Ret. Plan
EIN 22-1576170 Plan No. 003

Certain non-prescribed assumptions have been changed since last year. These assumptions were changed to better reflect the anticipated experience of your plan. See the attachment, Part V – Statement of Actuarial Assumptions/Methods, for the rationale for each assumption.

The assumed asset return for the current year has increased from 6.25% to 6.75%. This rate is used in the calculation of the actuarial value of plan assets.
