## INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee of  
Quorum Health Retirement Savings Plan  
Brentwood, Tennessee

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Quorum Health Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter — Supplemental Schedules Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024 and schedule of delinquent participant contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEAR ENDED DECEMBER 31, 2024

---

### 1. DESCRIPTION OF PLAN

The following description of the Quorum Health Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. QHCCS, LLC (the “Company”), a wholly-owned subsidiary of Quorum Health Corporation (“QHC”), is the sponsor of the Plan (“Plan Sponsor”).

**General**—The Plan is a defined contribution plan and covers substantially all salaried employees of the Company. Employees are immediately eligible to make deferrals and eligible for the employer match after 1 year of service (“participants”). There is no age requirement in order to participate in the Plan. Employees who are not eligible to participate in the Plan include certain non-resident aliens, leased employees, residents of Puerto Rico, employees whose employment is governed by the terms of a collective bargaining agreement and employees who are eligible to participate in other retirement plans maintained by the Company that are intended to be qualified under Internal Revenue Code (the “Code”) Section 401(a) that also provide for a cash-or-deferred arrangement or contain a qualified Roth contribution arrangement. The Retirement Committee, which consists of members approved by the Board of Directors of the Company (the “Administrator”), controls and manages the operation and administration of the Plan.

**Contributions**—Each participant may elect to defer compensation, as defined in the Plan, by up to 50%, not to exceed the maximum amount as determined by the Code. Participants may also contribute amounts representing after tax contributions (“Roth contributions”) or distributions from other qualified defined benefit or defined contribution plans. The Plan provides for a non-discretionary employer matching contribution.

For the year ended December 31, 2024, the Company contributed a non-discretionary amount equal to 100% of the first 1% and 50% of the next 1% of eligible employee contributions and a flexible discretionary match. Catch up contributions are not subject to matching contributions. Plan Sponsor contributions may not exceed the maximum amount allowable for federal income tax purposes.

**Participant Accounts**—Each participant’s account is credited (charged) with the participant’s contributions, allocations of Plan Sponsor contributions, investment earnings (losses) and administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Investment Options**—Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions to the Plan are invested by the Trustee according to the participant’s instructions in one or a combination of several fund options. Participants may change their investment elections or initiate transfers between funds by giving notice to the Trustee. The Plan currently offers a variety of mutual funds and collective investment trusts as investment options for participants.

**Vesting**—Participants are vested immediately in their participant contributions, plus actual earnings thereon. Vesting in Plan Sponsor discretionary matching contributions is based on years of service. Termination of participation in the Plan prior to the scheduled vesting period for a reason other than death, disability or retirement results in forfeiture of the unvested portion of the participant’s account balance. The participants are vested after one year of service for the discretionary matching contribution.

**Notes Receivable from Participants**—Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant’s account and bear interest at fixed rates ranging from 3.25% to 9.50%, which was commensurate with local prevailing rates as determined by the plan administrator at the time the loan was taken. Principal and interest are collected ratably through payroll deductions. The duration of the loans range between 6-60 months for general loans and 12-120 months for residential loans.

**Payment of Benefits**—Distributions from the Plan are permitted upon a participant’s death, disability or retirement. In addition, certain payments are permitted if a participant terminates employment for any other reason. On termination of service, if a participant’s vested account balance exceeds \$5,000, the participant may generally elect to receive a single, lump-sum payment or installments over a period of time not to exceed the participant’s assumed life expectancy. Account balances that do not exceed \$5,000 generally may only be distributed as a lump-sum payment. In-service withdrawals are available for a participant upon attainment of age 59 1/2.

**Forfeited Accounts**—Forfeitures are created when participants terminate employment prior to becoming fully vested in the Company contribution portion of their accounts. Any portion of Plan forfeitures not allocated in the Plan year in which they are forfeited (“Forfeiture Year”) may be allocated in the following Plan year to pay Plan expenses or to offset the Plan Sponsor contributions for the Forfeiture Year. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$289,629 and \$327,116, respectively, of which \$173,673 was used to pay plan expenses during 2024.

**Hardship Withdrawals**—The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59 1/2. Hardship withdrawals are limited to the participant’s elective account balance.

**Administrative Expenses**—Any expenses paid directly by the Company related to the Plan are excluded from these financial statements. Fees related to maintaining the Plan, the administration of notes receivable from participants, transaction expenses, recordkeeping and investment management services are charged directly to the participant’s account and are included in administrative expenses.

**Plan Termination**—Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting**—The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

**Investment Valuation and Income Recognition**—Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Retirement Committee determines the Plan’s valuation policies utilizing information provided by its third-party investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold, as well as held, during the year.

**Notes Receivable from Participants**—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

**Payment of Benefits**—Benefits are recorded when paid.

**Transfers**—The Company sponsors other defined contribution plans in which participants of this Plan may become eligible participants. Similarly, participants in the other Company defined contribution plans may become eligible to participate in this Plan. In such situations, the employees’ respective participant accounts are transferred to or from these other plans sponsored by the Company. There were no transfers in 2024.

**Use of Estimates**—The preparation of financial statements in conformity GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Risks and Uncertainties**—The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants’ account balances and the amounts reported in the financial statements.

**Subsequent Events**—The Plan has evaluated events and transactions that occurred between December 31, 2024 and October 15, 2025, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements. No events occurred that require additional disclosure or adjustments to the Plan’s financial statements.

### **3. CERTIFIED INVESTMENT INFORMATION**

The following is a summary of the information regarding the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included in the Plan’s financial statements and supplemental schedules that were prepared by or derived from information prepared by Voya Institutional Trust Company, the trustee of the Plan and furnished to the Plan administrator. The Plan

administrator has obtained certifications from the trustee that such information is complete and accurate.

<b>Statements of Net Assets Available for Benefits</b>	<b>2024</b>	<b>2023</b>

Note 4: All investment balances and investment information, excluding the level of investments.

#### **4. FAIR VALUE MEASUREMENTS**

The Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

**Level 1**—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2**—Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3**—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

**Mutual Funds**—Valued based on quoted prices in an active market.

**Collective Investment Trusts:**

**Collective Investment Trust**—Valued at the net asset value of units of a bank collective trust. The net asset value as provided by the trustee is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner.

**Stable Value Fund**—A collective trust fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to confirm that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy—mutual funds	<u>\$ 76,693,172</u>	<u>\$</u>	<u>\$</u>	\$ 76,693,172
Investments measured at NAV as a practical expedient <sup>(a)</sup>				<u>177,089,244</u>
Investments at fair value				<u>\$ 253,782,416</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy—mutual funds	<u>\$ 56,792,447</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 56,792,447
Investments measured at NAV as a practical expedient <sup>(a)</sup>				<u>201,385,074</u>
Investments at fair value				<u>\$ 258,177,521</u>

<sup>(a)</sup> Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which the fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments.

Description	Fair Value at December 31		Unfunded Commitments	Redemption Frequency (If Eligible)	Redemption Notice Period
	2024	2023			
Collective investment trusts	<u>\$ 177,089,244</u>	<u>\$ 201,385,074</u>	NA	Daily	NA
Total	<u>\$ 177,089,244</u>	<u>\$ 201,385,074</u>			

## 5. INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 6. RELATED PARTY AND EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. These transactions qualify as exempt party-in-interest transactions.

**7. NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS**

The Company remitted certain participant contributions and loan repayments of \$448,849 to the trustee later than required by Department of Labor (DOL) Regulation 2510.3-102. The Company will file Form 5330 with the IRS and pay the required excise tax on the transaction. In addition, participant accounts will be credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.
