Independent Auditors' Report

The Partners
Adams Street 2016 US Fund LP:

Opinion

We have audited the financial statements of Adams Street 2016 US Fund LP (the Fund), which comprise the statement of financial condition, including the schedule of investments, as of December 31, 2024, and the related statements of operations and cash flows for the year then ended, the statements of changes in partners' equity for each of the years in the two-year period then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as of December 31, 2024, and the results of its operations and its cash flows for the year then ended, and the changes in its partners' equity for each of the years in the two-year period then ended, in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

General Information

Adams Street 2016 US Fund LP (the Fund), a Delaware limited partnership, was organized on September 17, 2015, and began operations on January 26, 2016 (commencement of investment operations). The General Partner of the Fund is ASP Carry Partners 2016 LP (General Partner). The Fund and General Partner are managed and advised by Adams Street Partners, LLC (Advisor). The Advisor is registered with the US Securities and Exchange Commission as a registered investment advisor. The Fund's operating agreement (Fund Agreement) states that the Fund shall continue until December 22, 2027, subject to extension for up to three successive one-year periods at the sole discretion of the General Partner.

Pursuant to Section 2(d) of the Fund Agreement, the Advisor formed an alternative investment vehicle to make certain investments. ASP 2016 US (Sunshine Holdings) LP (AIV), a Delaware limited partnership, was organized on September 23, 2016, and began operations on October 18, 2016. The financial statements and notes of the AIV are presented separately and should be read with the Fund's financial statements.

ASP Partners 2016 LP (Special Limited Partner) is an employee investment vehicle that is not allocated management fees or incentive amounts. The General Partner is not allocated management fees and receives an allocation of 100.00% of the incentive amount.

The Fund was formed for the purpose of investing in private markets limited partnerships or similar pooled investment vehicles (primary and secondary investments or collectively partnership investments) and privately-held portfolio companies (co-investments). Primary investments are investments in an original issuance of a private markets fund. Secondary investments are purchased from unaffiliated limited partners. It is expected that the liquidation of the limited partnership interests will generally coincide with the term of the Fund. Primary and secondary investments are generally illiquid and cannot be redeemed. A co-investment is generally a minority investment alongside a financial investor, which sources and structures the investment. The investment is typically made through an intermediary vehicle controlled by the sponsor, and therefore, the Fund does not have control of the disposition of the underlying asset.

Significant Accounting Policies

Basis of Presentation

The financial statements have been prepared in conformity with U.S. generally accepted accounting principles (GAAP). The Fund is an investment company under the criteria established within Accounting Standards Codification (ASC) Topic 946 *Financial Services – Investment Companies* and applies the specialized accounting and reporting guidance included therein.

Adams Street 2016 US Fund LP

Notes to Financial Statements

December 31, 2024

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in partners' equity from operations during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash represents demand deposits held at financial institutions. Cash and cash equivalents are held at major financial institutions and are subject to credit risk to the extent those balances exceed applicable Federal Deposit Insurance Corporation (FDIC) or Securities Investor Protection Corporation (SIPC) limitations. The Fund records its holdings in daily valued money market mutual fund investments as cash equivalents as these investments are held for meeting short-term liquidity requirements rather than for investment purposes. The carrying amount included in the Statement of Financial Condition for cash and cash equivalents approximates the fair value.

Investment Transactions and Income

Interest income is recognized on an accrual basis. Investment transactions are accounted for on the trade date.

Distributions from partnerships and similar vehicles are recorded as portfolio income or realized gains/losses in accordance with information provided by the underlying manager at the time of the transaction. Reclassifications of prior investment transactions may be required based on subsequent information received from the underlying manager. These reclassifications may impact current year purchases, proceeds and realized gains and losses on investments. Cost is equal to total drawn or paid in the Fund's currency less any return of cost distributed by these investments. Any cost remaining at the time the investment is liquidated is recorded as a realized loss. For other investments, realized gains and losses and investment income on investment transactions are determined using cost calculated on a specific identification basis.

For investments in partnerships and similar vehicles denominated in foreign currencies, contributions are translated into the Fund's currency at the exchange rate at the time of the contribution. As distributions occur, the cost in the Fund's currency is reduced at the exchange rate at the time of the distribution.

Investment Valuation

The Fund records its investments at fair value in accordance with GAAP. Fair value is the price that would be received upon the sale of an investment in an orderly transaction between market

Adams Street 2016 US Fund LP

Notes to Financial Statements

December 31, 2024

participants at the measurement date.

The investments fall into one of the following four categories within the fair value hierarchy:

- Level 1 - inputs reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access at the measurement date.

Level 1 investments held by the Fund typically consist of public stock positions distributed from partnership investments or held as a result of an initial public offering of a co-investment. Management does not adjust the quoted price for such instruments, even in situations where the Fund holds a large position and a sale could reasonably impact the quoted price.

- Level 2 - inputs include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability other than quoted prices, either directly or indirectly, including inputs in markets that are not considered to be active.

Level 2 investments held by the Fund may consist of public stock positions where the valuation is adjusted to reflect illiquidity and/or non-transferability.

- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Level 3 investments held by the Fund typically consist of other investments that are not measured at net asset value. When observable prices are not available management uses valuation techniques for which sufficient and reliable data is available. The valuation of nonmarketable privately-held investments requires significant judgment by management due to the absence of quoted market values, inherent lack of liquidity, changes in market conditions and the long-term nature of such assets.

- Investments measured at net asset value – the input is the practical expedient in the FASB's fair value measurement guidance.

Generally, the fair values of partnership investments and similar vehicles are based on the capital account balances reported by the underlying vehicles subject to management review and adjustment. These capital account balances reflect the fair value of the underlying vehicles' investments.

Adams Street 2016 US Fund LP

Notes to Financial Statements

December 31, 2024

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by management. Management considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary and provided by multiple, independent sources that are actively involved in the relevant market. The categorization of an investment within the hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to management's perceived risk of that investment.

Foreign Currency Translation

Investments and unfunded commitments in currencies other than US dollar are translated into US dollar at the exchange rates on the valuation date. Transactions in currencies other than US dollar are translated into US dollar at the exchange rate on the date of the transaction.

The Fund does not isolate that portion of the results of operations arising from the effect of changes in foreign exchange rates on investments from fluctuations arising from changes in market prices of investments held. Those fluctuations are included with net realized and unrealized gain or loss from investments in the Statement of Operations.

Income Taxes

Fund taxable income or loss is reported by the partners individually and, accordingly, no provision has been made for taxes based on income. The Fund provides for state replacement and other tax expense, as applicable.

The Fund files Federal, Illinois and other state tax returns as required by law. Management has reviewed the Fund's tax positions and has not identified any uncertain tax positions which would require the Fund to record a tax exposure reserve. The Fund's four most recent tax years remain subject to examination by taxing authorities in those jurisdictions.

Investments

The following table presents the investments carried at fair value on the Statement of Financial Condition as of December 31, 2024 by the ASC 820-10 valuation hierarchy (as described above):

Adams Street 2016 US Fund LP

Notes to Financial Statements

December 31, 2024

Fair Value Measurements as of December 31, 2024

Level 1	Level 2	Level 3	Investments measured at net asset value	Total
\$41,235.40	\$0.00	\$0.00	\$477,729,258.42	\$477,770,493.82

While management believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to estimate the fair value of investments in non-marketable privately held investment funds could result in a different estimate of fair value at the reporting date. Those fair value estimates, including those carried at net asset value, may differ significantly from the values that would have been determined had a readily available market for such investments existed, or had such investments been liquidated or sold to non-affiliated investors, and these differences could be material to the financial statements.

Management Fee

The annual management fee to the Advisor is calculated and paid quarterly in arrears on the last business day of the quarter. The fee is based upon each limited partner's respective subscription agreement and ranges from 0.40% to 1% of the limited partner's capital committed to the Fund. Management fees are reduced in certain years in accordance with the terms of the Fund Agreement.

To the extent the Advisor receives compensation from investments, management fees are reduced by 100% of such compensation. Such reductions, if any, are included in the Statement of Operations.

Partners' Equity

Equity Contributions

Committed capital, equity contributions paid, and unfunded capital commitments are as follows at December 31, 2024:

	<u>Committed Capital</u>	<u>Equity Contributions Paid</u>	<u>Unfunded Capital Commitments</u>
General Partner	\$ 854,000	753,936	91,689
Special Limited Partner	2,829,750	2,498,187	318,669
Limited Partners	424,686,540	374,925,460	46,432,350
Balance at December 31, 2024	\$ <u>428,370,290</u>	<u>378,177,583</u>	<u>46,842,708</u>

Unfunded capital commitments will be called as needed to purchase investments and to pay expenses of the Fund and AIV. Unfunded capital commitments are reduced by capital calls for related alternative investment vehicles, if any. Equity contributions are called from the partners in proportion to their commitment amounts.

Allocation of Income and Expenses

Income and expenses of the Fund are allocated to the partners in accordance with the terms of the Fund Agreement. The General Partner is allocated a carried interest of 10% of the cumulative profits from secondary investments after limited partners have received a preferred return of 7% on capital contributions used to make secondary investments. Secondary carried interest will be paid to the General Partner after each limited partner has received distributions equal to such partner's aggregate capital contributions that were used for secondary investments plus the applicable preferred return. In addition, the General Partner is allocated a carried interest of 10% of the cumulative profits from direct co-investments after limited partners have received a preferred return of 7% on capital contributions used to make direct co-investments. Direct co-investment carried interest will be paid to the General Partner after each limited partner has received distributions equal to such partner's aggregate capital contributions that were used for direct co-investments plus the applicable preferred return. If the limited partners have received a preferred return of 7% on all contributions to the Fund then the General Partner will be allocated carried interest on cumulative profits from both secondary investments and direct co-investments even if the preferred return related specifically to each investment type has not been reached.

Cumulative incentive allocated to the General Partner at December 31, 2024 and December 31, 2023 was \$5,655,799 and \$5,776,760, respectively. Cumulative incentive allocation paid to the

Adams Street 2016 US Fund LP

Notes to Financial Statements

General Partner at December 31, 2024 and December 31, 2023 was \$2,115,186 and \$1,761,517, respectively.

Distributions

Distributions are made at the discretion of the Advisor in accordance with the terms of the Fund Agreement. All cash or securities received by the Fund that are attributable to investments other than secondary investments and co-investments shall be distributed to all partners in proportion to their respective ownership interests. All cash or securities received by the Fund that are attributable to secondary investments and co-investments shall be tentatively apportioned among the partners in proportion to their respective percentage interests. Amounts so apportioned to the General Partner shall be distributed to it, and amounts so apportioned to each limited partner shall be distributed in accordance with the waterfall calculation per the Fund Agreement, which is consistent with the allocation of income and expenses as discussed above.

Commitments and Contingencies

As of December 31, 2024 the Fund has unfunded commitments of \$48,254,077. The unfunded portion of the commitment is a contractual obligation to be met in accordance with the terms of the specific partnership agreements. Because of the inherent uncertainty in predicting the timing of these commitments, management is unable to estimate the fair value of these commitments. The Fund believes that it will be able to satisfy such commitments from commitments due from the Fund's limited partners, if any, and/or proceeds received from investments.

Line Of Credit

The following disclosure provides a summary of the terms of the line of credit facility that the Fund had access to during the year.

Financial Highlights

Financial highlights are calculated for the limited partners taken as a whole. An individual limited partner's return and ratios may vary based on different management fee arrangements. The IRR and expense ratio calculations presented include the effects of borrowing during the period, if any. The timing of limited partner contributions and distributions and the net asset value of the Fund would be different if borrowing was not used, and the differences could be material.

The Fund's since inception Internal Rate of Return (IRR) for the limited partners is net of management fees and incentive allocation and is computed based on the actual dates of limited partner equity contributions and distributions and the ending aggregate limited partners' equity balances (residual value).

IRR, since inception through December 31, 2024	17.14%
IRR, since inception through December 31, 2023	19.39%

The net investment income/loss and operating expense ratios are computed using the weighted average net assets for the Fund. These ratios do not reflect the Fund's proportionate share of income and expenses of the underlying investment vehicles. The net investment income/loss and operating expense ratios presented on a committed capital basis are presented as supplemental disclosures to the required information.

For the year ended December 31, 2024:

Ratio to average net assets:

Net investment income/loss (not including incentive allocation)	0.69%
Operating expenses	-0.61%
Incentive allocation	<u>0.02%</u>
Total expenses and incentive allocation	-0.59%

Ratio to committed capital:

Net investment income/loss (not including incentive allocation)	0.80%
Operating expenses	-0.71%
Incentive allocation	<u>0.03%</u>
Total expenses and incentive allocation	-0.68%
