INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Azura Credit Union Capital Accumulation Plan
Topeka, Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed an audit of the financial statements of the Azura Credit Union Capital Accumulation Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2024, and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed, as described in the Auditor's Responsibilities for the Audit of the Financial Statements Section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements Section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the Financial Statements (Cont'd)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental *Schedule H line 4i – Schedule of Assets Held* as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Azura Credit Union Capital Accumulation Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established by Azura Credit Union (the Credit Union), effective April 1, 1997. The Plan was set up for the purpose of allowing employees of the Credit Union to defer a portion of their annual base compensation for federal income tax purposes in accordance with Section 401(k) of the Internal Revenue Code. The Plan is a defined contribution plan covering all eligible employees of the Credit Union. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administrator and Trustees

The Credit Union is the Plan Sponsor and named Plan Administrator. The Plan Administrator is responsible for oversight of the Plan. The plan has a National Board of Trustees that helps with monitoring of the Investments. The plan administrator has final oversight regarding plan expenses and fees, which is part of the annual plan review with CUNA Mutual. Matrix Trust Company is the Plan's Custodian and is also the Trustee of the Plan. The Custodian holds all the Plan's assets and executes all of the Plan's transactions. CMFG Life Insurance Company provides all participant recordkeeping and administration services. The Plan trustees are made up of a National Board of Trustees of CUNA Mutual Group Trustee Retirement Programs.

Effective December 27, 2024, Lincoln Financial Group Trust Company (Lincoln) is the trustee and custodian of the plan, and Lincoln Retirement Financial Services Company LLC provides participant recordkeeping and administration services for the Plan. All net funds of the plan were transferred to Lincoln Financial Group Trust Company on this date and concurrently deposited into comparable funds of Lincoln Financial Group Trust Company as of December 31, 2024.

Eligibility

The Credit Union employees must be 21 years of age and obtain 3 months of service to become eligible to participate in the Plan and may enter the Plan on the first day of the month after becoming eligible.

Effective December 27, 2024, credit union employees must be 18 years of age and obtain 3 months of service to become eligible to participate in the Plan and may enter the Plan on the first entry date based on when the requirements are met under the Plan provisions.

Participant Accounts

Each participant's account is credited with the participant's contribution, which is an allocation of the Credit Union's matching and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. Participant accounts are valued daily.

Contributions to the Plan

Participants are permitted to contribute up to the maximum allowed by the IRS, as defined in the Plan document, to the Plan on a tax-deferred basis. Rollovers from qualified plans are allowed under the provisions of the Plan. There is also a minimum amount that an employee may defer, which is one percent of compensation per payroll period. Employees age 50 or older are entitled to "catch-up contributions" if eligible.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF THE PLAN (CONT'D)

Contributions to the Plan (Cont'd)

Effective January 1, 2023, the plan became a qualified contribution arrangement 401k plan (QACA). The Company no longer makes matching contributions to the Plan. Instead, the employer will make a safe harbor matching contribution of 100%, but not to exceed four percent of a participant's compensation. Participants will be 100% vested in such contributions after two years of service with the Company. Under two years of service will result in no vesting of such contributions.

Payment of Benefits and Distributions

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Effective January 1, 2024, in-service distributions may be taken from certain accounts that participants are 100% vested in and have attained the age of 59½. The amount of distributions will be limited to participants' vested accrued benefits or account balances and are subject to all restrictions, procedures, and plan provisions which otherwise apply to such distributions. The Plan also contains provisions by which participants may withdraw a portion of his or her account in the case of defined hardship.

Effective August 2, 2024, if a participant's vested account balance does not exceed \$5,000, then the vested account balance may only be distributed in a single lump-sum payment. If a participant's vested account balance exceeds \$5,000, the participant must give consent prior to any distribution. If a vested account balance exceeds \$5,000, a participant may elect to receive a distribution of the balance through either a lump-sum payment, installments over a period of not more than the participant's life expectancy, or through partial withdrawals.

Notes Receivable from Participants

Participants may borrow from their vested account balances a minimum amount of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of his or her vested account balance. The loan is secured by the balance in the participant's account. Plan Administrators determine the interest rate, which is based on similar types of loans by other lenders.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service. Regardless of the vesting schedule, employees are 100% vested upon death.

Forfeited Accounts

Forfeited non-vested accounts will be used first to pay any administrative expenses, and any remaining will be used to reduce future employer matching contributions. As of December 31, 2024, and 2023, forfeited accounts totaled \$0. During 2024 and 2023, \$30,103 and \$11,681 of forfeitures were used to reduce employer contributions.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF THE PLAN (CONT'D)

Investment Options

Upon enrollment in the Plan, participants may direct their participant accounts to be invested in various mutual funds, general insurance accounts, or in a fixed deferred group annuity. These funds include a variety of investment options with various objectives and degrees of financial risk.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records and the accompanying financial statements are maintained on the accrual basis of accounting. Employee contributions are recorded when withheld from pay. Employer contributions are recorded in the period to which they pertain. Expenses are recorded in the accounting period in which they are incurred.

Use of Estimates

The preparation of the financial statements, in accordance with accounting principles generally accepted in the United States of America, requires the Plan management to make estimates and assumptions that affect the reported amounts of the Plan assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive deposit administration contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Custodian and investment advisors. See Note 3 for discussion of fair value measurements.

Investments in fully benefit-responsive deposit administration contracts are reported at contract value. Contract value is the relevant measurement for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussion of investments valued at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024, and 2023. If a participant ceases to make loan repayments, and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits payments to participants are recorded when paid.

Fees and Expenses

Certain expenses of maintaining the Plan, including recordkeeping, investment management, and participant transaction fees are paid by the Plan. Fees related to the administration of notes receivable from participant and benefit payments are charged directly to the participants' accounts and are included in administrative expenses. Direct fees for custodian and recordkeeping services are paid by the Plan and are also included in administration expenses. Certain investment-related expenses are included in the net appreciation in fair value of investments.

Reclassification

Certain prior year amounts have been reclassified to conform to the current year's presentation.

Subsequent Events

The Plan has evaluated subsequent events through the date of this report, the date which the financial statements were available to be issued.

NOTE 3 FAIR VALUE MEASUREMENTS

Fair value as defined under United States Generally Accepted Accounting Principles (U.S. GAAP) is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows.

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

AZURA CREDIT UNION CAPITAL ACCUMULATION PLAN
Topeka, Kansas

NOTES TO FINANCIAL STATEMENTS

NOTE 3 FAIR VALUE MEASUREMENTS (CONT'D)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Registered Investment Companies (Mutual Funds)

Registered Investment Companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset values (NAVs) and to transact at those prices. The funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or relative future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in different fair value measurements at the reporting date.

NOTE 3 FAIR VALUE MEASUREMENTS (CONT'D)

The tables below segregate all financial assets as of December 31, 2024, and 2023, that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date.

Total Assets at Fair Value	\$ 11,325,848	\$ -	\$ -	\$ 11,325,848

NOTE 4 STABLE VALUE FUND

The Plan participated in a stable value fund with CUNA Mutual Group ("CUNA") through December 27, 2024, upon which select funds were transferred into a comparable stable value fund with Lincoln Financial Group Trust Company (Lincoln). These funds are deposit administration group annuities. CUNA and Lincoln maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value fund. Contract value, as reported to the Plan by CUNA and Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: the Plan's failure to qualify under Section 401 (a) or Section 401 (k) of the IRC, the establishment of a defined contribution plan that competes with the Plan for employee contributions, any change in law, regulation or administrative rulings applicable to the Plan that could have a material adverse effect on the stable value fund, any communication given to unitholders by the Plan Sponsor, any other Plan fiduciary (including CUNA and Lincoln) that is designed to induce or influence unitholders not to

NOTES TO FINANCIAL STATEMENTS

NOTE 4 STABLE VALUE FUND, (CONT'D)

invest in the stable value fund or to transfer assets out of the stable value fund, any transfer of assets from the stable value fund to a competing investment option, or withdrawals initiated by the Plan Sponsor. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The stable value fund does not permit CUNA or Lincoln to terminate the agreement prior to the scheduled maturity date.

NOTE 5 – UNAUDITED INFORMATION CERTIFIED BY THE TRUSTEE

The Credit Union (Plan Administrator) has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian, Matrix Trust Company, has certified that investment information included in the accompanying financial statements and supplemental schedules is complete and accurate. This includes the investment information reflected in the accompanying statements of net assets available for benefits, the statement of changes in net assets available for benefits, and the schedule of assets (held at end of year).

NOTE 6 RELATED PARTY and PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Matrix Trust Company (the Custodian) of the Plan. In addition, the Plan pays direct compensation to the third-party administrator related to recordkeeping and administration services. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the Custodian from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments and services are considered party-in-interest transactions. However, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

No material investment activity was managed by Lincoln Financial Group Trust Company during the plan year ended December 31, 2024.

NOTE 6 RELATED PARTY and PARTY-IN-INTEREST TRANSACTIONS, (CONT'D)

The Plan's investment in an insurance contract was managed by CMFG Life Insurance Company through December 27, 2024, the insurance company of the Plan. Subsequent to December 27, 2024, the Plan's investment in an insurance contract was managed by Lincoln Financial Group Trust Company. Therefore, the investment transactions qualify as party-in-interest transactions.

NOTE 7 RECONCILIATION TO FORM 5500

Net assets available for benefits from the Form 5500, "Annual Return/Report of Employee Benefit Plan," (Form 5500) agree with the Plan's financial statements.

AZURA CREDIT UNION CAPITAL ACCUMULATION PLAN
Topeka, Kansas

NOTES TO FINANCIAL STATEMENTS

NOTE 8 TAX STATUS OF THE PLAN (CONT'D)

The Plan has obtained its latest determination letter dated January 3, 2011, in which the Internal Revenue Service stated that the Plan, as then designed, complied with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of the date of the financial statements, the Plan Administrator believes that the Plan has no uncertain tax positions that qualify for further recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax period in progress.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 PLAN TERMINATION

Although it has not expressed any intent to do so, the Credit Union may, at its discretion, elect to discontinue its contributions at any time, or terminate or amend the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Credit Union may determine.
