INDEPENDENT AUDITORS' REPORT

To the Trustees
ProPack Logistics US, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of ProPack Logistics US, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements related to assets held for investment of the plan by a bank or similar institution that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 10 to the financial statements, effective April 2024, the Company was acquired by Stord, Inc. No formal decision regarding the Plan's future was made until 2025. Subsequent to year-end, the Plan was amended to be formally terminated effective May 2025. Participants became fully vested in all funds. All funds were distributed from the Plan by May 8, 2025. Because the decision to terminate the Plan was not made during 2024, the Plan has continued to report on the going-concern basis. No adjustment has been made to these financial statements as a result of these events.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transaction that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule of Delinquent Participant Contributions for the year ending December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PROPACK LOGISTICS US, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the ProPack Logistics US, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document or the Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering eligible employees of ProPack Logistics US, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is designed to comply with ERISA Section 404(c) whereby fiduciaries receive certain protections against claims related to investment losses incurred by participants

The Plan was amended and restated most recently effective January 1, 2021, to comply with regulatory requirements.

Eligibility – Employees are eligible to contribute to the Plan on the first day of service. Employees who have completed six months of service are eligible to receive Company contributions.

Employees covered by a collective bargaining agreement, non-resident aliens with no U.S. Source income, and independent contractors are not eligible to participate in the Plan.

Contributions – Upon meeting eligibility requirements, participants are automatically enrolled in the Plan with salary deferrals at 3% of eligible compensation unless the participant makes a contrary election. Every year, the deferral increases by 1% until either the maximum amount of contributions allowed by the Internal Revenue Service is reached or 6% of eligible annual compensation. Participants may elect to contribute their eligible compensation up to statutory limits. Participants may elect to make nondeductible Roth contributions to the Plan. The Plan allows participants that have attained the age of 50 to make catch-up contributions.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company contributes a safe harbor matching contribution equaling 100% of participants' eligible salary deferral contributions up to 1%, plus 50% of participants' eligible salary deferral contributions between 1% and 6% of eligible compensation for the years ended December 31, 2024 and 2023.

The Company may also make discretionary matching or profit-sharing contributions to the Plan. No such contributions were made for the years ended December 31, 2024 and 2023.

Vesting – Participants are immediately vested in their 401(k) salary deferral contributions, amounts rolled over from other qualified plans, Company safe harbor matching contributions, and any earnings thereon. Participants are 100% vested in all accounts upon reaching normal retirement age, death, disability, or termination of the Plan.

**PROPACK LOGISTICS US, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS**

December 31, 2024 and 2023

NOTE 1. DESCRIPTION OF THE PLAN, (continued)

The Company's nonelective and discretionary matching contributions, plus any earnings thereon, vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0-1	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6 or more	100 %

Participant accounts – Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contribution and allocations of the employer contributions and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – The Plan entered into Group Annuity Contract #601539 with Transamerica Life Insurance Company ("Transamerica"). Under the contract, participants direct their investments into a variety of pooled separate accounts which were based on mutual funds as their underlying investments. The net asset values of the pooled separate accounts are not publicly quoted. The net asset values for these investments were reported by the fund manager daily and as of the financial statement dates based on recent transaction prices. The separate accounts held by the Plan provided for daily redemption by the Plan at reported net asset value, with certain exceptions. The contract also includes an option to invest in a stable value fund which maintains participant account balances in the general accounts of Transamerica Life Insurance Company and provides a return at interest rates provided under the contract. The Plan is permitted to redeem investments at contract value on the measurement date, with certain exceptions.

Notes receivable from participants – Participants may borrow from participant accounts starting at \$1,000 up to a maximum equal to the lesser of one-half of their vested account balance or \$50,000. Loan repayment terms are five years or less except for loans used to acquire a primary residence, in which case the repayment period may not exceed 30 years. A participant may have only one loan outstanding at any time. The loans are secured by the participant's vested account balance and bear interest at a rate commensurate with prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. If a participant terminates, their loan plus accrued interest becomes due and payable to the Plan.

Payment of benefits – Upon termination of service due to death, disability, retirement or termination of employment, a participant, or their beneficiary in the case of death, will receive a benefit equal to the value of the participant's vested interest in his or her account in the form of a lump-sum payment or a direct rollover to an eligible retirement plan. Installment payments are only permitted to satisfy Required Minimum Distribution rules. If the participant's account balance is \$5,000 or more, the Participant may choose to defer receiving payment until triggered under Required Minimum Distribution rules and regulations. If the participant's account balance is less than \$5,000, the Plan may automatically distribute the funds.

See independent auditors' report

PROPACK LOGISTICS US, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1. DESCRIPTION OF THE PLAN, (continued)

Participants that have attained age 59 ½ may withdraw balances from those accounts which are fully vested while still employed by the Company.

Participants that incur financial hardship, as defined in the Plan, may request to receive a distribution. Hardship distributions are made from participant contributions and subject to approval by the employer in a non-discriminatory manner.

Administrative and investment expenses – The Plan provides that certain expenses of the Plan may be paid by the Plan or the Company. Certain administrative expenses are covered by the Company at no cost to the Plan. Expenses paid directly by the Company are excluded from these financial statements. Investment-related expenses are included within net appreciation of fair value of investments. General administrative expenses not paid by the Company are allocated to participant accounts based on net assets. Participant specific expenses related to participant notes receivable and distributions are charged to specific participants accounts.

Forfeitures – Forfeitures of terminated participants' non-vested account balances can be used to pay plan expenses and/or to reduce the Company's matching contributions. Forfeited nonvested accounts totaled \$45,860 and \$24,250 at December 31, 2024 and 2023. Forfeited non-vested accounts applied to reduce expenses totaled \$8,856 and \$1,104 for the years ended December 31, 2024 and 2023.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition – Except for the fully benefit-responsive investment contract, which is reported at contract value, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by its investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

See independent auditors' report

PROPACK LOGISTICS US, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

Notes receivable from participants – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees may be charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable – Excess contributions payable represents corrections to reduce contributions from certain highly compensated participants to satisfy applicable compliance regulations. These amounts, and related earnings thereon, are refunded in the following year. For financial statement purposes, the amounts are recorded as a reduction in the current year contributions.

Payment of benefits – Benefits are recorded when paid to participants and beneficiaries.

Subsequent Events – Plan management has evaluated subsequent events up to October 15, 2025, the date when the financial statements were available to be issued.

NOTE 3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data via correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement

**PROPACK LOGISTICS US, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS**

December 31, 2024 and 2023

NOTE 3. FAIR VALUE MEASUREMENTS, (continued)

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for the Plan’s assets measured at fair value. There have been no changes in valuation methods during the reporting period.

Pooled Separate Accounts: The fair value of the Plan’s interest in pooled separate accounts is based on the fund’s daily Net Asset Value (“NAV”), which is considered by Plan management to be the best approximation of fair value. The unit value of the fund is calculated daily and available to Plan Administrators and client investors on the custodian’s website. Underlying holdings which consist of mutual funds are primarily valued based on the NAV reported by the mutual fund each day, adjusted for other balances in the account using independent appraisals or independent pricing sources, as necessary. There are no unfunded commitments from participants in the Plan who invest in this account and redemption can occur daily; however, there are no notice periods required for liquidation by individuals. Certain fees may apply in the event of contract termination.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 3,832,694	\$ -	\$ 3,832,694
	<u>\$ -</u>	<u>\$ 3,832,694</u>	<u>\$ -</u>	<u>\$ 3,832,694</u>

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive group annuity contract with Transamerica. Transamerica maintains the contributions in a general account. As discussed in Note 1, during 2021 the Plan changed contracts with Transamerica. However, the new contract and the old contract provide substantively the same structure for the fixed portion of the contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The contract is presented on the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract as of December 31, 2024 and 2023, was \$313,936 and \$234,806. The crediting interest rate is set by the issuer and is subject to semi-annual adjustment. There is no stated minimum or maximum interest rate. The crediting interest rate was 1.65% and 1.25% as of December 31, 2024 and 2023. The average yield was 1.58% and 1.18% during 2024 and 2023.

Certain events limit the Plan's ability to transact at contract value with Transamerica. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

NOTE 5. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in all account balances. Plan assets will be distributed to the participants after payment of expenses properly chargeable to the trust fund. The accompany financial statements have been prepared assuming the Plan will continue as a going concern.

As discussed in Note 10 below, subsequent to year-end, it was determined that the Plan would be formally terminated..

NOTE 6. FEDERAL INCOME TAX STATUS

Effective January 1, 2021, the Plan adopted a Non-Standardized Pre-Approved Profit-Sharing Plan with CODA developed by CCH Incorporated. CCH Incorporated received a favorable opinion letter dated June 30, 2020, which states that the plan as submitted is acceptably designed in compliance with Section 401 of the Internal Revenue Code. Although the Plan has been amended since receiving their determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. With certain exceptions, the Plan is no longer subject to examination by U.S. federal tax authorities after three years.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan allows participants to direct contributions into various investments. The underlying securities of these investments are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain underlying securities and the level of uncertainty related to changes in the value of the funds, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 8. CERTIFICATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Transamerica Financial Life Insurance Company Inc., the custodian of the Plan, has certified as to the completeness and accuracy of all investment and participant notes information reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, the Statements of Changes in Net Assets Available for Benefits for the years then ended, and the supplementary Schedule of Assets (Held at End of Year) as of December 31, 2024.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 9. COMPLIANCE

During the year ended December 31, 2022 the Company failed to remit \$15,886 of participant salary deferrals and loan payments into the Plan in a timely manner in accordance with applicable rules and regulations. The amount has not been corrected as of the date of these financial statements.

NOTE 10. SUBSEQUENT EVENT

Effective April 2024, the Company was acquired by Stord, Inc. No formal decision regarding the Plan's future was made until 2025. Subsequent to year-end, the Plan was amended to be formally terminated effective May 2025. Participants became fully vested in all funds. All funds were distributed from the Plan by May 8, 2025. No adjustment has been made to these financial statements as a result of these events.
