INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
the Communications Test Design, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Communications Test Design, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Communications Test Design, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Communications Test Design, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Communications Test Design, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Communications Test Design, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Communications Test Design, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

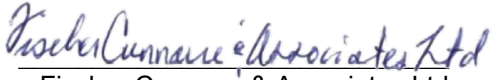

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) Profit Sharing Plan

Notes to the Financial Statements
For the Years Ended December 31, 2024 and 2023

1. The Plan

The following description of the Communications Test Design, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Communications Test Design, Inc. (the "Company"). Effective April 15, 2024, the Plan was amended to permit participation by commonly owned employers, with their employees eligible for matching and nonelective contributions under the same formulas and allocation methods as the Company. Employees become eligible to participate in the Plan after one month of service. Additionally, the Plan recognizes the entry date on the first day of each month following the month the employee becomes eligible. The Plan allows participants to be credited for certain service with related and predecessor employers for all purposes under the Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administration – The 401(k) Trustee Committee is responsible for the oversight of the Plan including the appropriateness of the Plan's investment offerings and the monitoring of investment performance. Empower Trust Company, LLC and Empower Life and Annuity Insurance Company collectively ("Empower") are the Plan's trustee and custodian, respectively, and Empower Retirement, a subsidiary of Empower & Annuity Insurance Company, is the Plan's recordkeeper.

Contributions – Each year, participants may contribute up to 100% of their annual compensation to the Plan, as defined in the Plan agreement, subject to applicable Internal Revenue Service ("IRS") limits. Contributions may be made on a pre-tax basis and, effective January 1, 2024, on a Roth (after-tax) basis. Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan is currently being operated to permit Roth contributions, and a conforming amendment will be adopted by the applicable IRS amendment deadline.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled into the Plan unless they opt out of participating in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation.

The Company may elect to make a discretionary profit sharing contribution, as well as a matching employer contribution to the Plan based on a discretionary percentage of base compensation that a participant contributes to the Plan. For the years ended December 31, 2024 and 2023, the Company declared employer profit sharing contributions of \$13,864,056 and \$12,943,830, respectively, which were allocated to the participants as described in the Plan agreement. During 2024 and 2023, the Company's matching contributions were 10% of the participant's contributions up to 5% of their eligible compensation. For the years ended December 31, 2024 and 2023, the Company matching contributions totaled \$1,727,538 and \$1,643,098, respectively. The discretionary profit sharing contributions and matching Company contributions are participant-directed. Contributions are subject to certain IRS limitations.

Participants direct the investment of their contributions into various investment options offered by the Plan. Currently, the Plan offers two guaranteed interest contracts, a collective trust fund and 24 mutual funds as investment options for participants. Participants may change their investment options at any time.

Communications Test Design, Inc.

401(k) Profit Sharing Plan

Notes to the Financial Statements For the Years Ended December 31, 2024 and 2023

Participant Accounts – Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in their contributions, including their rollovers, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Generally, a participant is 100% vested after six years of credited service. A participant shall become 100% vested upon death, disability, or normal retirement.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loans are secured by the vested balance in the participant's account and bear interest at rates that range from 4.25% to 9.50%. The Plan does not allow for refinancing of notes receivable. Principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits – Upon termination of service due to death, disability or retirement, or upon termination of employment, a participant will generally receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. Certain in-service distributions are permitted pursuant to the Plan document.

Forfeited Accounts – At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$1,748,545 and \$2,047,087, respectively. These accounts may be used to reduce future employer contributions or pay administrative expenses. During 2024 and 2023, forfeitures of \$67,033 and \$101,004, respectively, were used to pay administrative expenses. The accrued employer discretionary profit sharing contributions for the year ended December 31, 2024, will be reduced by \$1,695,656 when they are funded in 2025. The accrued employer discretionary profit sharing contributions for the year ended December 31, 2023, were reduced by \$1,986,972 when they were funded during 2024.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Communications Test Design, Inc.

401(k) Profit Sharing Plan

Notes to the Financial Statements
For the Years Ended December 31, 2024 and 2023

Investment Valuation and Income Recognition – Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value, see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Trustee Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian, trustee, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees and administrative expenses are recorded when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default based upon the terms of the Plan agreement, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits – Benefits are recorded when paid.

Expenses – All expenses deemed allowable by the Plan agreement are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. A portion of service fees are returned to the Plan based on a revenue sharing agreement with Empower Life & Annuity Insurance Company. The revenue sharing amounts received are credited to an administrative account, which is used to pay administrative expenses incurred by the Plan. Revenue sharing credits are included in net appreciation (depreciation) in fair value of investments. As of December 31, 2024 and 2023, the balance in the administrative account was \$14,534 and \$22,625, respectively.

3. Information Prepared and Certified by Trustee and Custodian

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Empower Life and Annuity Insurance Company, the trustee and custodian, respectively, qualified institutions.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, are described as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access;

Level 2: Inputs other than quoted prices that are observable for the assets and liabilities, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in inactive markets;

Level 3: Unobservable inputs that reflect the reporting entity’s own assumptions and are significant to the fair value measurement.

As of December 31, 2024, the Plan’s investments measured at fair value on a recurring basis were as follows:

	Basis of Fair Value Measurements as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 343,766,133	\$ -	\$ -	\$ 343,766,133
Total investments in the fair value hierarchy at fair value	\$ 343,766,133	\$ -	\$ -	343,766,133
Collective trust fund measured at net asset value (“NAV”) (a)				11,937,817
Total investments measured at fair value				\$ 355,703,950

Communications Test Design, Inc.

401(k) Profit Sharing Plan

Notes to the Financial Statements For the Years Ended December 31, 2024 and 2023

As of December 31, 2023, the Plan's investments measured at fair value on a recurring basis were as follows:

	Basis of Fair Value Measurements as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 310,567,553	\$ -	\$ -	\$ 310,567,553
Total investments at fair value	\$ 310,567,553	\$ -	\$ -	\$ 310,567,553

- (a) In accordance with ASC Subtopic 820-10, certain investments that are measured at NAV per share (or its equivalent) as a practical expedient to estimate fair value, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued using the NAV as a practical expedient as determined by the issuer based on the fair value of the underlying assets within the fund and the present values of future cash flows using the current discount rate.

Investments Measured at NAV – The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024.

December 31, 2024	NAV	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
SSGA Russell Small Cap Index Fd Class S	\$ 11,937,817	N/A	Daily	None

5. Fully Benefit-Responsive Investment Contracts

The Plan has fully benefit-responsive investment contracts with Empower that are traditional investment contracts. Empower maintains the amounts allocated to the contract in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the Plan. The crediting interest rate is determined on a quarterly basis, as designated by the custodian. The crediting interest rate is subject to guaranteed minimum floor, as defined on an annual basis by the custodian.

These contracts meet fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the guaranteed contracts at December 31, 2024 and 2023 was \$32,056,357 and \$33,120,645, respectively.

Certain events limit the ability of the Plan to transact at contract value with Empower. Such events include, but are not limited to: (1) amendments to the Plan agreement (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) or premature termination of the contract. The plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with Empower and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from the contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

The guaranteed contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Notes to the Financial Statements
For the Years Ended December 31, 2024 and 2023

6. Related-Party Transactions and Party in Interest Transactions

Certain Plan investment contracts are managed by Empower, the custodian, and a related-party to the recordkeeper and trustee of the Plan, for which fees are charged and, therefore, these transactions qualify as party in interest transactions. Certain administrative fees have been paid through a revenue sharing agreement with Empower, see Note 2. Administrative fees paid by the Plan that were not covered by revenue sharing were \$444,163 and \$303,325 for the years ended December 31, 2024 and 2023, respectively. Additionally, loans to participants are also considered party in interest transactions. Although the above transactions are party in interest transactions, they are exempt from the prohibited transaction rules of ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Tax Status

The underlying volume submitter prototype plan has received an opinion letter from the IRS dated June 30, 2020 stating that the form of the Plan is accepted under Section 401(a) of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. In accordance with Revenue Procedure 2011-49, 2011-44 I.R.B. 608, the Plan sponsor has adopted this Plan and may rely on the current qualifications of the IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan has been designed to comply with the requirements of the Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
