Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Cash Balance Plan No. 2

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Pillsbury Winthrop Shaw Pittman LLP Cash Balance Plan No. 2 (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods

Actuarial Basis

Overview

This 2024 Form 5500 Schedule SB for the Pillsbury Winthrop Shaw Pittman LLP Cash Balance Plan No. 2 (“Plan”) has been prepared for the Internal Revenue Service, the Department of Labor, and the Pension Benefit Guaranty Corporation. The purpose of this 2024 Schedule SB is to provide reporting of the Plan’s minimum funding and other Plan information as requested to the Department of Labor’s Employee Benefits Security Administration (the “EBSA”), as stated in the instructions to the 2024 Form 5500. This 2024 Schedule SB consists of the three-page Schedule SB form provided by the EBSA and the associated attachments filed concurrently with this form.

This 2024 Schedule SB is signed and dated by Daniel B. Jaffe. Mr. Jaffe is the responsible actuary for this 2024 Schedule SB for the Plan, and as an Enrolled Actuary and a Member of the American Academy of Actuaries, is qualified to issue this 2024 Schedule SB. Mr. Jaffe is not aware of any conflict of interest which could potentially impact the objectiveness of this work.

This 2024 Schedule SB may not be relied upon by any other party or for any other purposes than as stated above. The funded status disclosed in this 2024 Schedule SB is produced on the basis discussed in this reporting. In particular, Plan assets and liabilities have been measured as of the January 1, 2024 valuation date according to the data, assumptions and methodologies as discussed in this reporting. Other than as disclosed in this reporting, the responsible actuary is not aware of any subsequent events that would have a material impact on the results published here.

Future actuarial measurements may differ significantly from the current measurements presented in this report due to a variety of factors. An analysis of the potential range of such future measurements is outside the scope of this report.

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods (continued)

Liability Method

For minimum funding purposes, liabilities shown in this report have been computed using a method similar to the Unit Credit method. Use of this method for minimum funding is mandated by statute.

Liability Allocation

The objective of any liability method is to accrue for each participant's Plan benefit based on the allocation of liability between past, present and future.

Liability for past periods should be fully accrued, or if not, any unaccrued past service liability requires remedial accruals. Liability for the present period (e.g., the current plan year) should be accrued as expense for the current period. Liability assigned to future periods should be deferred to future years, and thus result in no current period accrual.

Thus, the current period expense will consist of benefit accruals for the current period, plus any remedial past service accrual.

Unit Credit

Under the Unit Credit method, liabilities are assigned to past, present and future periods based on the accrual of Plan benefits for those periods, as follows:

- Past service: the present value of the benefits accrued under the Plan as of the beginning of the plan year. For funding purposes, this is called the **Target Liability**.
- Current service: the present value of benefits accrued under the Plan during the plan year. For funding purposes, this is called the **Target Normal Cost**.
- Future service: the present value of benefits to accrue after the end of the plan year.

The current year's required contribution is generally determined as the Target Normal Cost, plus remedial funding of any unfunded Target Liability, minus any overfunding of the Target Liability.

Liabilities shown in this report were determined using actuarial valuation software designed by a third party. This software is designed for the specific purpose of modeling pension plan liabilities and costs and is the standard pension valuation software used by Gallagher Benefit Services, Inc. The results in this report are based on various inputs into the software model, including the plan provisions and assumptions shown in this report, demographic information provided by the Plan sponsor and financial information provided by US Bank. While the results have been tested and reviewed for overall accuracy and consistency, we have relied upon the validity of the underlying software coding in preparing this report.

Asset Valuation Method

The actuarial value of assets is equal to the market value of assets as of the valuation date including receivable contributions for the prior plan year that are made after the valuation date. These receivable contributions are discounted back to the valuation date using the Effective Interest Rate for the prior plan year before adding to the actuarial value of assets.

Contributions that are made for the current plan year, whether made before or after the valuation date, are excluded from the actuarial value of assets.

Valuation Data

The valuation date for the 2024 actuarial valuation is January 1, 2024. Except as discussed below, the January 1, 2024 valuation date is also the information date for this report.

The Plan sponsor provided data on all relevant employees and participants as of the January 1, 2024 valuation date. Employee and participant data was reviewed for reasonableness and consistency, but was otherwise relied upon for accuracy and completeness. If any of the reported data were inaccurate, or if the reported data were not complete, these results would require modification and could not be relied upon.

Any changes in participant data effective after the January 1, 2024 valuation date were not considered in this report.

Only those individuals who completed the Plan's eligibility requirements and became participants on or before the January 1, 2024 valuation date are included in this valuation.

All financial data was provided by the Plan's asset custodian, US Bank. With the exception of the dates and amounts of subsequent Plan contributions, changes in financial data after the January 1, 2024 valuation date were not considered in this report, with any exceptions to this statement fully noted in this report. The financial data received was reviewed for consistency with the Plan's published funding recommendations, but was otherwise not reviewed or analyzed.

The compensation limitations of Code section 401(a)(17) and the benefit limitations of Code section 415(b) have been incorporated into our calculations.

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods (continued)

The following assumptions were used in valuing the liabilities and benefits under the Plan.

Economic

Yield Curve Election:	The Plan sponsor did not elect to use the full yield curve.
Applicable Month:	The Plan sponsor elected to base Segments Rates on the October immediately preceding the valuation year.
MAP-21 Segment Rates as modified by HATFA:	First Segment: 4.75% compounded annually Second Segment: 4.87% compounded annually Third Segment: 5.59% compounded annually
Interest on Cash Balances:	2.50% compounded annually. This is our reasonable estimate of anticipated experience under the Plan, taking into account the Plan's asset allocation and our expectations for long-term returns in the investment markets.

Other

Mortality:	IRS 2024 Static Mortality Table for small plans as described in IRS Regulation 1.430(h)(3)-1(c) for plan years on or after January 1, 2024. Payment Commencement: Active participants are assumed to commence distribution of their Plan benefits according to the following schedule:

<u>Participant Age</u>	<u>Commencement Rate</u>
60	60%
61	50%
62	55%
63	70%
64 to 66	80%
67	85%
68	75%
69 to 70	85%
71 to 74	90%
75 and older	100%

Distributions are not available to active participants under age 60.

Participants terminated as of the valuation date are assumed to take distribution according to the following table:

<u>Age at Valuation Date</u>	<u>Immediate</u>	<u>Deferred to 62</u>
Under 60	70%	30%
60 and older	100%	0%

Participants active as of the valuation date who are assumed to terminate are assumed to take distribution according to the following table:

<u>Age at Termination</u>	<u>Immediate</u>	<u>Deferred to 62</u>
Under 60	70%	30%
60 and older	100%	0%

These rates were developed based on Plan experience for the period January 1, 2010 to December 31, 2019, and represent our reasonable estimate of anticipated future experience under the Plan.

75 and older	100%

These rates were developed based on Plan experience for the period January 1, 2010 to December 31, 2019, and represent our reasonable estimate of anticipated future experience of the Plan.

Disability: None assumed.

Expenses: No direct load for payment of expenses is assumed.

Form of Payment: Lump sum. This assumption is our reasonable estimate of anticipated future experience under the Plan, and reflects the fact that all except eight of the benefit elections under the Plan since its 2004 inception have been single-sum distributions.

PPA Benefit Restrictions: As required by IRS regulation, it is assumed that no PPA benefit restrictions apply in the current and all future plan years, regardless of the Plan's current funded status or any current imposition of such restrictions.

Top 25 Lump Sum Restrictions: As required by IRS regulation, it is assumed that the Top 25 lump sum restrictions will not apply in the current and all future plan years, regardless of the Plan's current funded status or any current imposition of such restrictions.

Changes in Assumptions

The Segment Rates and Mortality assumptions were updated for the 2024 plan year, as required for minimum funding calculations by IRS regulations under IRC section 430.

Otherwise, for this 2024 actuarial valuation, there have been no other changes to the actuarial assumptions from the 2023 actuarial valuation.

Nature of Assumptions

The Segment Rates and the Mortality assumptions are dictated by the provisions of the Pension Protection Act of 2006. These two assumptions were determined by IRC section 430 and the associated IRS regulations, and the Plan sponsor method elections previously made.

The assumptions with regard to the PPA Benefit Restrictions and Top-25 Lump Sum Restrictions were determined for minimum funding calculations by the IRS regulations under IRC section 430.

In the opinion of the responsible actuary, except as dictated by IRC section 430 and the associated IRS regulations, each actuarial assumption for which the actuary is allowed discretion is reasonable, taking into account the experience of the Plan and reasonable expectations, and which, in combination, represent the responsible actuary's reasonable estimate of the anticipated experience under the Plan.

Pillsbury Winthrop Shaw Pittman LLP
Cash Balance Plan No. 2

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Pillsbury Winthrop Shaw Pittman LLP Cash Balance Plan No. 2 (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

PILLSBURY WINTHROP SHAW PITTMAN LLP
CASH BALANCE PLAN NO. 2
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Pillsbury Winthrop Shaw Pittman LLP Cash Balance Plan No. 2 (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more specific provisions.

A. General

The Plan is a cash balance defined benefit pension plan that was established January 1, 2004 to provide benefits to eligible partners and authorized management employees of Pillsbury Winthrop Shaw Pittman LLP (the “Firm”). The Plan was most recently restated effective January 1, 2019. The Plan was amended effective January 1, 2024 and 2023, respectively, to add certain new participants to Tables D-2 and D-3. The plan administrator believes the Plan is designed and operated in compliance with applicable requirements of the Internal Revenue Code (the “Code”) and provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

B. Administration and Expenses

The Firm has appointed an Administrative Committee (the “Committee”) to manage the operation and administration of the Plan. Assets of the Plan are held in a master trust together with the assets of Pillsbury Winthrop Shaw Pittman LLP Cash Balance Plan No. 1 (“Plan No. 1”), a related plan administered by the Committee. The plans are individual account plans. Accordingly, the Plan holds a specifically identifiable interest in assets maintained in the master trust. U.S. Bank, N.A., is the directed trustee of the Plan and custodian of assets maintained in the master trust. Galliard Capital Management is the investment manager. The Firm pays substantially all costs of administering the Plan.

C. Eligibility

Partners and authorized management employees are automatically enrolled in the Plan unless an eligible Firm member makes a one-time irrevocable election not to participate. Plan entry is the January 1 and July 1 coincident with or next following the date on which a Firm member becomes a partner or authorized management employee.

D. Contributions

The Plan is entirely funded by the Firm. The Firm is required to fund toward 100% of the value of accrued benefits, and each year the minimum required contribution will generally be equal to the value of benefits expected to be earned during the year plus a seven-year amortization installment of unfunded accrued benefits, if any. The Code sets forth minimum contributions to assure adequate funding and a maximum amount that an employer may deduct as a Plan contribution. The Plan meets ERISA minimum funding requirements for the year ended December 31, 2024.

E. Contribution Credit and Interest Credit

A contribution credit and an interest credit are computed for each eligible participant. A participant’s contribution credit is based on the participant’s assignment among one of three tables provided under the Plan and is determined according to the participant’s point tier for

the year as approved by the Firm's Managing Board. Full year contributions ranged from \$7,000 to \$90,000 for 2024. Contributions allocated to participants with less than a full year of service are prorated.

Interest is credited monthly based on the actual return on Plan assets for the month. The interest credit is reduced by an amount sufficient to provide for monthly grandfathered interest credits on Cash Balance Accounts accrued as of December 31, 2010. The annual interest credit for active participants for 2024 was 4.8925%.

F. Vesting

Participants are immediately 100% vested in their accounts.

G. Payment of Benefits

Normal retirement under the Plan is age 60. Benefits are payable upon attaining normal retirement age, at retirement or upon death or disability. Participants may elect a single life annuity, 50% joint and survivor annuity, 75% joint and survivor annuity or lump sum payment. Lump sum payments may be paid in cash or as a direct rollover to another qualified plan or to an IRA. Upon termination of employment, a participant's benefit under the Plan is equal to his or her actuarially determined notional account balance as of December 31 preceding the participant's termination date, plus a pro-rated contribution credit for service during the year of termination. Mid-year distributions are subject to monthly interest crediting. Prior to termination, participants may take in-service distributions on the April 1st coincident with or following their normal retirement date. Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

B. Investment Valuation and Income Recognition

Master trust investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

C. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Estimates (Continued)

and assumptions that affect reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results may differ from those estimates.

D. Risks and Uncertainties

Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the value of investments in the near term could materially affect the amounts reported in the financial statements.

Plan contributions are made, and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, the discount rate and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the financial statements.

E. Subsequent Events

Management has evaluated subsequent events through October 13, 2025, the date on which the financial statements were available to be issued. Effective March 1, 2025, a new defined benefit plan sponsored by the Firm was established and approximately \$27 million in assets and liabilities were spun out of this Plan to the new plan. Other than for the matter just disclosed, there are no other material subsequent events that require recognition or additional disclosure in the Plan's financial statements.

NOTE 3 - INCOME TAX STATUS

The Plan received its most recent favorable determination letter on February 28, 2020, in which the Internal Revenue Service stated that the Plan is designed in compliance with the applicable requirements of the Code. The Firm believes the Plan is operated in accordance with and continues to qualify under applicable requirements of the Code and related state statutes, and the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 - ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service participants have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants and their

NOTE 4 - ACCUMULATED PLAN BENEFITS (Continued)

beneficiaries. Benefits payable under all circumstances; retirement, death or termination of employment, are included to the extent they are deemed attributable to service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an enrolled actuary, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death or retirement) between the valuation date and the expected date of payment. Significant actuarial assumptions used in the December 31, 2024 and 2023 valuations are:

Payment Commencement

Active participants are assumed to commence in-service distribution of their plan benefits according to the following schedule for 2024 and 2023:

Participant Age	Commencement Rate
60	60%
61	50%
62	55%
63	70%
64 to 66	80%
67	85%
68	75%
69 to 70	85%
71 to 74	90%
75 and older	100%

In-service distributions are not available to active participants under age 60.

Participants terminated as of the valuation date are assumed to take a distribution according to the following table for 2024 and 2023:

Age at Valuation Date	Immediate	Deferred to 62
Under 60	70%	30%
60 and older	100%	0%

Participants active as of the valuation date who are assumed to terminate are assumed to take a distribution according to the following table for 2024 and 2023:

NOTE 6 - PLAN TERMINATION

Certain benefits under the Plan are covered by the insurance protection of the Pension Benefit Guaranty Corporation (“PBGC”). The PBGC does not guarantee all benefits under the Plan, and the amount of protection is subject to certain limitations. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency at that time of the Plan’s net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Firm.

NOTE 7 - INTEREST IN MASTER TRUST

The Firm established a master trust for investment of assets of the Plan and Plans No. 1. Each participating retirement plan has an undivided interest in the master trust. Contributions and distributions are allocated between the Plan and Plan No. 1 in accordance with directions of the Committee. Investment gains and losses are allocated between plans according to each plan’s interest in master trust investments. At December 31, 2024 and 2023, the Plan’s interest in investments held in the master trust was 68% and 69%, respectively.

Fair values of master trust investments and the Plan’s interest in master trust investments were as follows at December 31:

	December 31, 2024	
	Master Trust Balances	Plan's Interest in Master Trust Balances
Money Market Mutual Funds	\$ 8,766,977	\$ 4,967,722
U.S. Government Securities	27,344,689	19,214,452
Corporate Debt Securities	25,106,215	17,641,531
State, Municipal Bonds and Other Debt Securities	1,373,134	964,868
Totals	\$ 62,591,015	\$ 42,788,573
	December 31, 2023	
	Master Trust Balances	Plan's Interest in Master Trust Balances
Money Market Mutual Funds	\$ 8,749,859	\$ 5,301,141
U.S. Government Securities	23,157,922	16,355,264
Corporate Debt Securities	25,719,807	18,164,593
State, Municipal Bonds and Other Debt Securities	1,439,301	1,016,505
Totals	\$ 59,066,889	\$ 40,837,503

Changes in the Plan’s interest in the master trust are attributable to the aggregate investment activity of Plan participants during 2024 and include contributions and other transfers to the trust, investment gains and losses, withdrawals, expenses and other transfers from the master trust. Following are the changes in net assets of the master trust for the year ended December 31, 2024:

The Plan's portion of the net investment gain of the Master Trust was \$1,893,604.

NOTE 8 - FAIR VALUE MEASUREMENTS

Accounting guidance establishes a hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are quoted prices for identical securities in an active market. Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

Money market mutual funds and U.S. Treasury securities are valued at closing market prices. Fair values of U.S. Government securities, other than U.S. Treasury securities, corporate, state, municipal bonds and other debt securities are obtained from a pricing service and are based on recent sales of similar securities and other observable market data. Although the plan administrator believes these valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value could result in a different fair value measurement at the reporting date.

The following tables summarize Plan investments at December 31 based on the inputs used to value them:

Schedule SB, Part V – Summary of Plan Provisions

Except as noted in this report, this valuation is based on the Plan’s provisions as of the January 1, 2024 valuation date. Any amendments to the Plan’s provisions that are adopted or are effective after the January 1, 2024 valuation date are not reflected in this valuation except as noted in this report.

EIN/PN 94-1311126 / 004

Effective Date Originally effective January 1, 2004. The Plan was most recently amended and restated on September 30, 2019, effective January 1, 2019.

Recent Amendments The Plan was amended on December 29, 2023, effective January 1, 2023, to add certain new participants to Tables D-2 and D-3 for the 2023 Plan Year.

Plan Year January 1 to December 31.

Eligibility All firm partners, and firm-wide department heads with the designation of “Chief” or “Director” whose annual base salary rate as of December 1st of the immediately preceding Plan Year is not less than \$200,000, with US source income who do not waive participation. Participants enter the Plan on the Effective Date or, if not then eligible, on the January 1 or July 1 on or next following the date when eligibility is attained.

Hours of Service Hours of Service are imputed at the rate of 190 hours per month for each month during which a partner works or is credited with one or more hours of work.

Benefit Service A year of Benefit Service will be granted for each Plan Year a participant earns 2,280 Hours of Service.

Schedule SB, Part V – Summary of Plan Provisions (continued)

If, during a Plan Year, a participant earns less than 2,280 Hours of Service, but earns 1,000 or more Hours of Service, a full year of Benefit Service for the Plan Year is granted if the participant is an active participant at year-end, and a partial year of Benefit Service for the Plan Year is granted, calculated as the ratio of Hours of Service in the Plan Year to 2,280 hours, if the participant is not an active participant at year-end.

If, during a Plan Year, a participant earns less than 1,000 Hours of Service, no Benefit Service is granted for the Plan Year.

Service prior to the Plan’s Effective Date is excluded.

Plan Benefit

The participant’s Cash Balance Account.

Cash Balance Contributions

A Participant’s Cash Balance Contribution is determined based on the assigned Table (listed in the Plan’s document) and the Partnership Point Tier each year, as follows:

Point Tier	Table D-1	Table D-2	Table D-3
Tiers 1 and 2	\$ 7,000	\$ 15,000	\$ 20,000
Tiers 3, 4 and 5	10,000	20,000	30,000
100	15,000	30,000	45,000
110	20,000	40,000	60,000
120	25,000	50,000	75,000
140	20,000	40,000	60,000
160	27,500	52,500	72,500
180	37,500	65,000	85,000
200	42,500	72,500	90,000
225	47,500	80,000	90,000
250	55,000	90,000	90,000
275	70,000	90,000	90,000
300	70,000	90,000	90,000
350	70,000	90,000	90,000
400	70,000	90,000	90,000

Participants who have attained age 60 by the end of the Plan Year are assigned the Contribution for the next-higher Partnership Point Tier.

Schedule SB, Part V – Summary of Plan Provisions (continued)

Cash Balance Interest

For active Participants as of April 30, 2016 entitled to a 2016 Cash Balance Contribution (or who are senior counsels with entitlement to a 2015 Cash Balance Contribution), Interest is credited monthly based on the actual return on Plan assets for the month, reduced by an amount sufficient to provide for monthly grandfathered interest credits on Cash Balance Accounts accrued prior to January 1, 2011, but in no event greater than the monthly-equivalent “third segment interest rate” for the Plan Year. For such Participants, Interest is provided on mid-year distributions.

For all other Participants, Interest is credited based on the applicable interest-crediting rules under the Plan prior to the April 21, 2016 amendment.

Vesting

Participant Cash Balance Accounts are fully vested at all times.

Normal Retirement

First of the month coincident with or next following age 60.

Accrued Benefit

The Actuarial Equivalent of the participant’s Cash Balance Account.

Benefit Commence

Participants may commence distribution of their Cash Balance Accounts upon termination of firm employment. Prior to termination, participants may take in-service distributions on the April 1st coincident with or following their Normal Retirement Date.

Payment Form

Participants may elect a single life annuity, 50% joint and survivor annuity, 75% joint and survivor annuity, or a lump sum payment.

Annuity Conversion

Cash Balance Accounts are converted to annuities based on: 1) the applicable mortality table for the Plan Year containing the determination date; and 2) the annual rate of interest on 30-year Treasury securities for the month immediately preceding the calendar quarter in which the Annuity Starting Date occurs, less 50 basis points (0.50%).

Grandfathered minimum annuity conversion bases exist for benefits earned prior to January 1, 2019.
