INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Money Purchase Retirement Plan of
U.A. Local 716

Opinion

We have audited the financial statements of the Money Purchase Retirement Plan of U.A. Local 716 (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedules of Administrative Expenses and Schedule of Assets Held at End of Year are presented for the purpose of additional analysis and are not a required part of the financial statements. The Schedule of Assets Held at End of Year is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Supplemental information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**MONEY PURCHASE RETIREMENT PLAN OF
U.A. LOCAL 716**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 1. DESCRIPTION OF THE PLAN

General - The Money Purchase Retirement Plan of U.A. Local 716 (the Plan) was established January 1, 1982, with restatements since that time. The Plan is maintained by a joint board of trustees, consisting of an equal number of union and management representatives, pursuant to the Collective Bargaining Agreement between the Union and employers who are parties to the Agreement. The Plan is funded by contributions from the Employers and Local 716 (for its employees) to a trust fund and by net earnings on the investment of Plan assets.

The Plan is a defined contribution, multiemployer, collectively bargained money purchase pension plan covering substantially all participants under the union's collective bargaining agreement. Each employer makes payments to the Plan at the rate specified in the collective bargaining agreement between the employer and the union. The Plan is under the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

Funding Policy/Employer Contributions - The Board of Trustees established a funding policy and method, in order to promote the purpose of the Plan and to insure compliance with ERISA. Each employer contributes to the Plan such amounts and at such times as is required by the applicable provisions of the collective bargaining agreement or other Board of Trustee approved agreement. Employer contributions are accounted for as exchange transactions. Contributions are based on an hourly contribution rate for each participant's hours of service. The contribution rate was \$4.50 per hour worked through July 31, 2023, \$4.75 per hour worked effective August 1, 2023 and to \$5.25 effective August 1, 2024.

Contributions are received from employers primarily located in the State of Maine. Contributions from 3 employers represented 70% of the total contributions for the year ended December 31, 2024.

Participant Accounts - Each participant account is credited with contributions made on their behalf and adjusted by investment results and expenses. Participants may direct the investment of employer contributions made on their behalf to any investment option offered under the Plan. If the participant has not specified the allocation into a specific investment type, the contributions will be invested in a fund selected by the Trustees.

Vesting - Effective for May 31, 2001 and prior, participants became 100% vested after two years of service. Effective for June 1, 2001 through December 31, 2008, participants became 100% vested after five years.

NOTE 1. DESCRIPTION OF THE PLAN (continued)

Effective for January 1, 2009 through December 31, 2018, participants became vested based on their years of service. One year of service is 0%, two years of service is 20%, three years of service 40%, four years of service 60%, five years of service 80% and 100% vested after six years of service.

On December 5, 2019, the Board of Trustees approved the fifth amendment to the Plan to remove the Plan's vesting requirement effective January 1, 2019.

Participants are always fully vested in their Voluntary Contributions Account and their Rollover Contribution Account, if applicable.

If participants were vested in the Plumbers, Steamfitters and Metal Trades Local 321 Pension Fund, they will be fully vested in their Account under this Plan.

If your service under the Plan terminates because of retirement on or after attainment of Normal Retirement Age, disability or death, or if the Plan is terminated by the Trustees, the amounts credited to your Regular Account will be fully vested and payable to you or your beneficiary.

All Years of Service shall be counted for purposes of vesting, but in the case of a participant who has five (5) or more consecutive Breaks in Service, all Years of Service after such Breaks in Service will be disregarded for the purpose of vesting the Regular Account balance accrued before such Breaks in Service.

Benefits - Participants either may, at their option, be paid a lump sum equal to their vested portion in the account or may receive payment in the form of an annuity.

Benefits are generally paid as soon as administratively feasible after your retirement, termination of service or death. Payments must be made or begin no later than 60 days after the end of the Plan Year in which you reach 65 or, if later, the date you terminate service under the Plan, or, if later, the tenth anniversary of your joining the Plan, unless you elect in writing to defer distribution until a later date. In all cases, benefit payments must commence as of the later of April 1 following the year in which you attain age 70½ or actually retire. Effective January 1, 2020 the Trustees voted to amend the Plan and raise the age to 72 (except for individuals who turned 70 ½ prior to January 1, 2020).

Disability and Death Benefits - Disability retirement and death benefits are available to participants who have met certain requirements as specified in the Plan document.

Forfeited Accounts - On termination of service for reasons other than normal or early retirement, disability or death, the forfeited amounts will be held in a separate administrative account by the Trustees and may be used to pay operating expenses of the Plan. Cumulative forfeitures totaled \$98,658 and \$95,924 at December 31, 2024 and 2023, respectively. The amounts forfeited have not been fully disbursed and remain in the administrative account.

NOTE 1. DESCRIPTION OF THE PLAN (continued)

Voluntary Contributions - You may voluntarily contribute up to 10% of your W-2 wages earned in Covered Employment to the Plan. Voluntary Contributions are made on an after-tax basis and are fully vested and non-forfeitable at all times. Voluntary Contributions may be made periodically during the Plan Year. Voluntary Contributions will be held in a separate account (the “Voluntary Contribution Account”). There were no voluntary contributions made during the year ended December 31, 2024.

Rollover Contributions - If you are eligible to participate in the Plan, you may request the Trustees to accept amounts transferred or rolled over from another retirement plan (“Rollover Contributions”). The Trustees have the discretion to determine whether the Rollover Contribution will be accepted. If the Rollover Contribution is permitted, the amount will be held in a fully vested, separate account (the “Rollover Contribution Account”).

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Valuation of Investments and Income Recognition - The Plan’s investments in registered investment companies are stated at fair value as determined by quoted market prices. The Plan’s investment in the insurance contract is stated at contract value. See Note 11 for discussion of investment contract with insurance company and Note 10 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Allowance for credit losses - Allowance for credit losses represents the estimated losses that may be incurred in the collection of employer contributions receivable. There was no allowance established for the years ended December 31, 2024 and 2023.

NOTE 3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Trustees have the right under the Plan to partially or completely terminate the Plan at any time, by a vote of at least three-fourths of the Trustees. If the Plan and Trust are partially terminated by the Trustees, all amounts credited to the Accounts of Participants who are terminated from the Plan shall vest and become nonforfeitable. If the Plan and Trust are completely terminated or there is a complete discontinuance of contributions under the Plan by the Employers, all amounts credited to the accounts of Participants shall vest and become non-forfeitable.

NOTE 4. TAX STATUS

The Plan is qualified under Section 401(a) of the Internal Revenue Code and the related trust is exempt from federal income tax under Section 501(a).

The Plan obtained its latest determination letter on March 9, 2016, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan's legal counsel believes that the Plan is currently designed and currently being operated, in compliance with the applicable requirements of the code. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5. PARTICIPANTS LOANS

Participants, in accordance with the Plan, may borrow from their account an amount not to exceed the lesser of \$50,000 or one-half of the vested balance credited to the participant's account at the time the loan is issued. The loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to three percent above the prevailing prime rate quoted by Reuters on the date the loan is made. The interest rate ranges from 6.25% to 11.50%. Principal and interest is paid ratably on a monthly basis over a period not to extend beyond five years from the date of the loan unless the loan was used to purchase a principal residence in which case the period is not to exceed thirty years from the date of the loan. Interest income totaled \$41,999 and \$42,767 for the years ended December 31, 2024 and 2023, respectively.

On March 9, 2021, the Board of Trustees approved to update the loan policy and to amend the Plan, effective January 1, 2021, to reflect that participants be allowed to take two loans from the Plan and to reduce the waiting period to one year after a defaulted loan before another loan can be received.

NOTE 6. RECIPROCAL AGREEMENTS

The collective bargaining agreement requires employers to contribute for all employees regardless of whether the employee is a member of Local No. 716 or another affiliated local. The Plan's trustees have signed reciprocity agreements with plan trustees for a number of affiliated local unions. According to these agreements, contributions received on behalf of employees working outside the jurisdiction of their home local union are forwarded to the appropriate plan of the employee's home local union at an agreed upon rate.

NOTE 7. CONTRACT ADMINISTRATION

The Plan had an agreement with Zenith American Solutions (Zenith), a third-party administrator, to administer the Plan. The contract provided for a monthly fee of \$5,747 through December 31, 2024. This agreement was terminated as of December 31, 2024 and replaced with an administrative agreement with Daniel H. Cook Associates, Inc. (DHC) effective January 1, 2025.

NOTE 8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

The Plan rents space in the building owned by an affiliate, U.A. Local 716 Joint Apprenticeship Training Fund and Trust, a related party. Under the lease agreement effective January 2016, the Plan has a lease for a three-year period January 1, 2016 through December 31, 2018, for a monthly rent of \$229. The lease agreement is currently in process of being renewed and has continued on a month to month basis. Rent expense totaled \$2,751 for each of the years ended December 31, 2024 and 2023.

The Plan is related to the U.A. Local No. 716 Apprenticeship and Training Fund. This related party contributes to the Plan on a monthly basis on behalf of their eligible employees. The total contributions from the related party are \$10,320 and \$10,751 for 2024 and 2023, respectively.

The Plan is related to the U.A. Local No. 716. This related party contributes to the Plan on a monthly basis on behalf of their eligible employees. The total contributions from the related party are \$20,850 and \$19,115 for 2024 and 2023, respectively.

The U.A. Local 716 Health and Welfare Fund and Joint Apprenticeship Training Fund and Trust are related to the Plan through common trustees. The Funds share the cost of meeting expenses and insurance coverage. The Plan's portion of shared expenses totaled \$16,485 and \$12,429 for the years ended December 31, 2024 and 2023, respectively.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Basis of Fair Value Measurement:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2024 and 2023.

NOTE 10. FAIR VALUE MEASUREMENTS (continued)

Registered Investment Companies (RIC): RIC shares are valued at quoted market price, which represents the net asset value of shares held by the Plan at year-end and is generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation (IDC).

Reference Note 11 for investment contract with insurance company.

Total investments at fair value	<u>\$ 31,674,381</u>	<u>\$ 31,674,381</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 11. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has an investment contract with Mass Mutual Life Insurance Company (Mass Mutual/Empower). The investment is an insurance contract called SAGIC Diversified Bond II (SAGIC). The SAGIC is a market value separate investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. Under the terms of the SAGIC group annuity contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the SAGIC investment option at contract value. Contract value represents contributions and credited interest less participant withdrawals and fees. Contract value is also often referred to as "Book Value". The fair value represents the liquidation value as documented within the SAGIC contract and assumes that the intrinsic value of the general investment account guarantee is immaterial. Liquidation value is the market value of the assets in the separate account. Mass Mutual/Empower considers the SAGIC to be fully benefit responsive notwithstanding the liquidation value events under the contract that limit the ability of the plan to transact at contract value.

NOTE 11. INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued))

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: 1) temporary absence; 2) change in position or other occurrence qualifying as a temporary break in service under the Plan; 3) transfer or other change of position resulting in employment by an entity controlling, controlled by or under other common control with the employer; 4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan's sponsor's business. The Plan administrator believes the occurrence of such events, that would also limit the Plan's ability to transact at contract value with Plan participants, is not probable.

NOTE 12. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 9, 2025, which is the date the financial statements were available to be issued, and they have been evaluated in accordance with relevant accounting standards.
