## INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of the  
Paintmakers' Local Union 1310  
Pension Fund

### Opinion

We have audited the financial statements of the Paintmakers' Local Union 1310 Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (in liquidation) as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits (in liquidation) for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits (in liquidation) as of December 31, 2024 and 2023, and the changes in its net assets available for benefits (in liquidation) for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Report on Supplemental Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedules of Administrative Expenses (in liquidation), referred to as “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole.

PENSION PLAN**

**NOTES TO FINANCIAL STATEMENTS**

DECEMBER 31, 2024 AND 2023

**NOTE 1. DESCRIPTION OF PLAN**

The following brief description of the Paintmakers' Local Union 1310 Pension Plan (the Plan) is provided for general informational purposes only.

The Plan is a terminated defined benefit pension plan which included all employees covered under collective bargaining agreements and employees of the Paintmakers' Local 1310. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan permits early retirement at ages 62-65 for employees with five or more years of credited service. The accrued monthly pension benefit is based upon years of credited service and contributory hours. No credited service will be counted after December 15, 2007. Employees who have attained five years of vesting service are entitled to monthly pension benefits beginning at normal retirement age (65) equal to their accrued monthly pension benefit at the time of retirement. No vesting service after September 1, 2008 is counted. A pre-retirement survivor benefit is payable to the spouse of any participant who dies after earning the right to a vested benefit, provided that they have been married for at least one year prior to the participant's death.

The Plan was amended effective January 1, 2018 to allow for an actuarial increase accrued benefit for an employee who retires in a calendar year after the calendar year in which the employee attains the age 70 ½ to take into account the period after age 70 ½ in which the employee was not receiving any benefits under the Plan.

The Plan was amended effective January 1, 2018 to allow for an increase in benefits if the Annuity starting date is after the Participant's Normal Retirement age. The benefit will be actuarially increased 1% per month for each month after age 65.

Participants may elect to receive their pension benefit in the form of either a joint and 50% survivor annuity, joint and 75% survivor annuity or the full annuity form, or annuity with 120 months certain.

During 2020, the Plan became insolvent and began receiving financial assistance from the PBGC. As part of the agreement to receive financial assistance, benefits were adjusted to adhere to the PBGC benefit formula.

## **NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Method of Accounting** - The financial statements are prepared using the liquidation basis of accounting.

**Investments and Investment Income** - Investments in interest bearing cash were carried at fair value as provided by the custodial bank's trust department based on quoted market prices.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold during the year.

**Actuarial Present Value of Accumulated Plan Benefits** - Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service which employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

**Payment of Benefits** - Benefit payments to participants are recorded upon distribution.

**Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

## **NOTE 3. FUNDING POLICY**

Income is recognized when withdrawal liability payments are received from employers due to the uncertainty that the assessments will be paid in full. Withdrawal liability payments are accounted for as exchange transactions.

## **NOTE 4. TAX STATUS**

The Plan obtained its latest determination letter on February 19, 2016, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code and was, therefore, exempt from Federal income taxes under the provisions of Section 501(a). The Plan's counsel believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the U.S. Federal, state, or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Typically, plan tax years will remain open for three years; however, this may differ depending upon the circumstances of the Plan.

## NOTE 5. PLAN TERMINATION AND PBGC FUNDING

Effective September 1, 2008, the Plan was terminated by mass withdrawal of all the employers from the Plan. Two remaining employers were allocated withdrawal liability in accordance with ERISA on a mass withdrawal basis. There will no longer be collectively bargained contributions made on behalf of covered employees. However, the employers are required to remit withdrawal liability payments to the Plan on a quarterly basis.

The Plan issued a notice of insolvency to the Pension Benefit Guaranty Corporation (PBGC). In connection with this notice, the Plan submitted an application for financial assistance requesting that the PBGC provide supplemental funding for payment of benefits and reasonable administrative expenses incurred by the Plan after the depletion of existing plan assets. The Plan became insolvent effective June 2020.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. The PBGC does not guarantee all types of benefits and the amount of any individual participant's benefit protection is subject to certain limitations. Some benefits may be fully or partially provided for while other benefits may not be provided at all.

In June 2020, the Plan and the PBGC executed a Promissory Note under which the PBGC will provide financial assistance to the Plan on a quarterly basis in the form of a loan. The PBGC has the right to demand repayment of the loan or any portion thereof, however the PBGC does not expect repayment as the Plan is insolvent.

Financial assistance received by the Plan was as follows:

Received in 2020	\$ 445,900
Received in 2021	491,800
Received in 2022	616,300
Received in 2023	471,500
Received in 2024	<u>495,700</u>
Total financial assistance	<u>\$ 2,521,200</u>

## NOTE 6. ACTUARIAL INFORMATION

Actuarial valuations of the Plan were made by a consulting actuary as of January 1, 2024. Information shown in the reports included the following:

Actuarial present value of accumulated plan benefits:	
Vested benefit liability:	
Participants and beneficiaries currently receiving benefits	\$ 5,801,139
Terminated vesteds	1,977,379
PBGC expense load	<u>115,900</u>
Total actuarial present value of accumulated plan benefits	7,894,418
Less market value of assets (excluding PBGC assistance)	<u>(232,491)</u>
Unfunded vested benefit liability	<u>\$ 7,661,927</u>

As reported by the actuary, the changes in the actuarial present value of accumulated plan benefits during the year ended December 31, 2023 were as follows:

Actuarial present value of accumulated plan benefits as of January 1, 2023	<u>\$ 10,505,189</u>
Increase (decrease) during the year attributable to:	
Benefit payments	(639,294)
Increase for interest	397,355
Experience (gains)/losses	485,982
Changes in assumptions	(820,714)
Plan changes	(2,150,000)
PGBC expense load	<u>115,900</u>
Total	<u>(2,610,771)</u>
Actuarial present value of accumulated plan benefits as of January 1, 2024	<u>\$ 7,894,418</u>

The actuarial valuations were made using the unit credit cost method. Some of the more significant assumptions used in the valuations as of January 1, 2024 were as follows:

- a. Assumed Retirement Age - Normal retirement age.
- b. Retirement Age - Active participants were assumed to retire from covered employment at age 65, or at their current age, if greater. Terminated vested participants were assumed to retire on their normal retirement date.
- c. Mortality: 2024 - 1994 GAM table projected to 2034 using Projection Scale AA (previously, 1994 GAM table projected to 2033 using Projection Scale AA).

**NOTE 6. ACTUARIAL INFORMATION (continued)**

- d. Percent married - Assumed 70%. Female spouse assumed 3 years younger than male spouse.
- e. Discount rate: 2024 - 5.06% for the first 20 years and 4.37% thereafter (previously, 3.90% for the first 20 years and 3.65% thereafter).
- f. Asset valuation method - equal to the market value of assets due to the Plan's mass withdrawal status.

The above actuarial assumptions and actuarial cost methods are based on the terminated status of the Plan. Pension benefits in excess of the present assets of the Plan are dependent upon employer withdrawal liability payments received and income from investments.

**NOTE 7. RISKS AND UNCERTAINTIES**

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

**NOTE 8. EMPLOYER WITHDRAWAL LIABILITY**

The employers of the Plan effectuated a mass withdrawal from the Plan effective September 1, 2008. Withdrawal liabilities have been calculated by the actuary but are subject to change.

Two employers are currently making quarterly withdrawal liability payments totaling \$45,000 including interest at the rate of 7.00%. At December 31, 2024 and 2023, the outstanding principal amount of employer withdrawal liability was \$2,313,019, and an allowance for credit losses has been provided for in the amount of \$2,313,019. The annual payment amounts do not change, but the years to amortize the total withdrawal liability are infinity for both employers.

Both employers have made their required payments for 2024 and 2023. Management expects both employers to continue making payments as required. The required payments are not sufficient to cover the interest on the principal amounts. These employers will continue to pay in perpetuity. Since the principal amount of their withdrawal liability will not be paid, the principal amounts have been fully reserved.

**NOTE 9. SUBSEQUENT EVENTS**

The Plan has evaluated subsequent events through September 26, 2025, the date the financial statements were available to be issued, and they have been evaluated in accordance with relevant accounting standards.
