INDEPENDENT AUDITOR'S REPORT

To the Lakeland Regional Health
Retirement Plan Committee:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Lakeland Regional Medical Center Retirement Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets Held at Year End as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been

subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LAKELAND REGIONAL MEDICAL CENTER RETIREMENT PLAN AND TRUST

Notes to Financial Statements

Year Ended December 31, 2024

NOTE A--DESCRIPTION OF THE PLAN

The following description of the Lakeland Regional Medical Center Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions. The Plan sponsor is Lakeland Regional Medical Center, Inc. (the Plan Administrator), a not-for-profit, acute care hospital in the City of Lakeland, Florida.

General: The Plan is a defined contribution plan covering substantially all employees of Lakeland Regional Medical Center, Inc. and Lakeland Regional Health Systems, Inc. (collectively, the Employers) who have completed one year of service. The Plan is subject to the provisions of the Employee Income Retirement Security Act of 1974 (ERISA), as amended.

Contributions: The Employers contribute 2% of eligible employees' wages up to the Social Security taxable wage base for the Plan year plus 2% of eligible employees' wages in excess of such taxable wage base. Eligible wages for 2024 and 2023 were limited to total compensation of \$345,000 and \$330,000, respectively. The Plan does not permit participant contributions or rollover contributions from other qualified plans.

Participant Accounts: Each participant's account is credited with the Employer's contributions and allocation of Plan earnings and charged with an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting: Vesting in the Employer's contributions plus actual earnings thereon is based on years of continuous service. For Plan years beginning on or after January 1, 2007, a participant is 100% vested in the Employer's contribution after three years of credited service. The Plan provides 100% vesting of participant balances upon the earlier of (a) the death of an employee, (b) attainment of age 65, or (c) total and permanent disability.

Forfeitures: At December 31, 2024 and 2023, available nonvested forfeited accounts held by the Plan totaled approximately \$184,000 and \$147,000, respectively. Forfeited amounts are used for Plan expenses, and if funds are remaining, to reduce future Employers' contributions. Amounts used to reduce Employers' contributions for the year ended December 31, 2024, totaled approximately \$150,000. Amounts used to reduce Plan expenses totaled approximately \$12,500 for the year ended December 31, 2024.

Payment of Benefits: Upon termination of employment due to death, disability, retirement, or other reasons, a participant will receive a lump-sum account, a rollover to an individual retirement account, or a rollover to a qualified plan of another employer.

Year Ended December 31, 2024

Note Receivable from Participant: Effective January 1, 2012, loans are no longer permitted in this Plan. Prior to January 1, 2012, participants were allowed to borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan repayment periods range from six months to five years. Loans are secured by the participant's vested account balance and bear interest at the prime rate plus 1%, as set on the date of the loan origination. Principal and interest are paid ratably through an agreement with Fidelity Management Trust Company (Fidelity) and are direct debited through the participant's personal account. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Plan Termination: Although they have not expressed any intent to do so, the Employers may, at any time, discontinue their contributions to the Plan and/or terminate the Plan, subject to the provisions of ERISA. Upon permanent discontinuance of contributions or termination of the Plan, all accounts of the participants become 100% vested and are not subject to forfeiture. All assets of the Plan would then be distributed to the participants in accordance with the Plan document.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America.

Investments held by the Plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments, Investment Valuation, and Income Recognition: Fidelity is the Directed Trustee for the Plan. The investments held by Fidelity as the Directed Trustee are limited to shares of mutual funds and money market funds, with the exception of the Lincoln Stable Value Fund described in Note D. Fidelity, as Directed Trustee, credits a participant's purchase or redemption of investments on the business day (as described in the Directed Trustee Agreement) that Fidelity accepts authorized instructions.

The Plan's investments in mutual funds and money market funds are stated at fair value. Shares of mutual funds and money market funds are valued daily at the reported Readily Determinable Fair Value (RDFV) per share or unit values of the underlying mutual funds based on quoted market prices.

LAKELAND REGIONAL MEDICAL CENTER RETIREMENT PLAN AND TRUST

Notes to Financial Statements – Continued

Year Ended December 31, 2024

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments purchased and sold during the year, as well as held at year end.

Benefit Payments: Benefit payments are recorded when paid. There were no amounts of benefits requested and approved for payment but not paid as of December 31, 2024.

Administrative Expenses: The Plan pays trustee and asset management fees. Fees charged by Fidelity for recurring recordkeeping and administrative and participant services are structured in the form of a fixed annual amount (per participant with an account balance in each plan) and are debited directly from participant accounts. Individual participant transaction fees, including fees for loan requests, recurring loan maintenance, and Qualified Domestic Relations Orders (QDROs) are charged directly to the participant initiating the transaction. Revenue sharing payments, if any, are credited directly to the accounts of plan participants that invest in a fund that produces the revenue sharing payments. Float income, if applicable, is credited directly to the Plan and may be used for the payment of plan expenses or reallocated to participants as additional income. Fees for legal, accounting, and other services are paid by the Employers.

NOTE C--INFORMATION CERTIFIED BY THE TRUSTEE

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by Fidelity and was not subjected to any auditing procedures performed by the Plan's independent public accountants:

- The investments and note receivable from the participant, as shown in the accompanying Statements of Net Assets Available for Benefits, of \$181,211,254 and \$0, respectively, as of December 31, 2024, and \$169,395,694 and \$4,379, respectively, as of December 31, 2023.
- Net appreciation in fair value of investments of \$13,724,967 and interest and dividends of \$7,870,883 as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.
- All investment-related information in the accompanying supplemental Schedule H, Line 4i – Schedule of Assets Held at Year End as of December 31, 2024.

NOTE D--FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

In 2020, the Plan entered into an investment contract with Lincoln National Life Insurance Company (Lincoln). Lincoln maintains the funds in a general account. Lincoln is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the issuer. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

LAKELAND REGIONAL MEDICAL CENTER RETIREMENT PLAN AND TRUST

Notes to Financial Statements – Continued

Year Ended December 31, 2024

The Lincoln Financial Group Stable Value Fund is an unallocated group fixed annuity contract in which the value is derived from the contract's provisions. The interest rate is declared at the beginning of each quarter and guaranteed for contributions received that quarter. The contractually guaranteed minimum interest rate is 1.00%. Participant transfers to a competing fund are not permitted. Participant withdrawals and transfers from the account are not permitted for 90 days after a transfer from any other investment option in the Plan to a competing fund. Withdrawals from the account due to surrender of the contract by the Plan sponsor may be made at contract value over a 5-year period or in the form of a lump-sum payment, subject to a market value adjustment.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents; (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary), which cause a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE E--FAIR VALUE MEASUREMENTS

Fair value accounting guidance establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described as follows:

- *Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- *Level 2:* Inputs to the valuation methodology include:
 - Quoted prices for similar assets and liabilities in active markets;
 - Quoted prices for identical or similar assets and liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or are corroborated by observable market data by correlation or other means.
- *Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

LAKELAND REGIONAL MEDICAL CENTER RETIREMENT PLAN AND TRUST

Notes to Financial Statements – Continued

Year Ended December 31, 2024

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily RDFV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds: Reported at cost, which equals fair value.

The preceding investment valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
December 31, 2024				
Money market funds	\$ 4,007,445	\$ -	\$ -	\$ 4,007,445
Mutual funds	168,028,628	-	-	168,028,628
Total assets at fair value	<u>\$ 172,036,073</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 172,036,073</u>
December 31, 2023				
Money market funds	\$ 3,688,196	\$ -	\$ -	\$ 3,688,196
Mutual funds	154,520,301	-	-	154,520,301
Total assets at fair value	<u>\$ 158,208,497</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 158,208,497</u>

There were no transfers between levels during the years ended December 31, 2024 or 2023.

NOTE F--RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain assets are sub-advised by various divisions within Fidelity Investments, including Fidelity Management & Research Company, Fidelity Research and Analysis Company, and FMR Co., Inc.

These subadvisors are considered parties-in-interest with respect to the Plan. Fees paid by the Plan to Fidelity totaled approximately \$215,480 for the year ended December 31, 2024.

LAKELAND REGIONAL MEDICAL CENTER RETIREMENT PLAN AND TRUST

Notes to Financial Statements – Continued

Year Ended December 31, 2024

NOTE G--INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated January 5, 2018, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC); therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the applicable authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE I--SUBSEQUENT EVENTS

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued. During this period, management did not note any material recognizable subsequent events that required recognition or disclosure in the December 31, 2024, financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Lakeland Regional Health
Retirement Plan Committee:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Lakeland Regional Medical Center Retirement Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets Held at Year End as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been

subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LAKELAND REGIONAL MEDICAL CENTER RETIREMENT PLAN AND TRUST

Notes to Financial Statements

Year Ended December 31, 2024

NOTE A--DESCRIPTION OF THE PLAN

The following description of the Lakeland Regional Medical Center Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions. The Plan sponsor is Lakeland Regional Medical Center, Inc. (the Plan Administrator), a not-for-profit, acute care hospital in the City of Lakeland, Florida.

General: The Plan is a defined contribution plan covering substantially all employees of Lakeland Regional Medical Center, Inc. and Lakeland Regional Health Systems, Inc. (collectively, the Employers) who have completed one year of service. The Plan is subject to the provisions of the Employee Income Retirement Security Act of 1974 (ERISA), as amended.

Contributions: The Employers contribute 2% of eligible employees' wages up to the Social Security taxable wage base for the Plan year plus 2% of eligible employees' wages in excess of such taxable wage base. Eligible wages for 2024 and 2023 were limited to total compensation of \$345,000 and \$330,000, respectively. The Plan does not permit participant contributions or rollover contributions from other qualified plans.

Participant Accounts: Each participant's account is credited with the Employer's contributions and allocation of Plan earnings and charged with an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting: Vesting in the Employer's contributions plus actual earnings thereon is based on years of continuous service. For Plan years beginning on or after January 1, 2007, a participant is 100% vested in the Employer's contribution after three years of credited service. The Plan provides 100% vesting of participant balances upon the earlier of (a) the death of an employee, (b) attainment of age 65, or (c) total and permanent disability.

Forfeitures: At December 31, 2024 and 2023, available nonvested forfeited accounts held by the Plan totaled approximately \$184,000 and \$147,000, respectively. Forfeited amounts are used for Plan expenses, and if funds are remaining, to reduce future Employers' contributions. Amounts used to reduce Employers' contributions for the year ended December 31, 2024, totaled approximately \$150,000. Amounts used to reduce Plan expenses totaled approximately \$12,500 for the year ended December 31, 2024.

Payment of Benefits: Upon termination of employment due to death, disability, retirement, or other reasons, a participant will receive a lump-sum account, a rollover to an individual retirement account, or a rollover to a qualified plan of another employer.

Note Receivable from Participant: Effective January 1, 2012, loans are no longer permitted in this Plan. Prior to January 1, 2012, participants were allowed to borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan repayment periods range from six months to five years. Loans are secured by the participant's vested account balance and bear interest at the prime rate plus 1%, as set on the date of the loan origination. Principal and interest are paid ratably through an agreement with Fidelity Management Trust Company (Fidelity) and are direct debited through the participant's personal account. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Plan Termination: Although they have not expressed any intent to do so, the Employers may, at any time, discontinue their contributions to the Plan and/or terminate the Plan, subject to the provisions of ERISA. Upon permanent discontinuance of contributions or termination of the Plan, all accounts of the participants become 100% vested and are not subject to forfeiture. All assets of the Plan would then be distributed to the participants in accordance with the Plan document.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America.

Investments held by the Plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments, Investment Valuation, and Income Recognition: Fidelity is the Directed Trustee for the Plan. The investments held by Fidelity as the Directed Trustee are limited to shares of mutual funds and money market funds, with the exception of the Lincoln Stable Value Fund described in Note D. Fidelity, as Directed Trustee, credits a participant's purchase or redemption of investments on the business day (as described in the Directed Trustee Agreement) that Fidelity accepts authorized instructions.

The Plan's investments in mutual funds and money market funds are stated at fair value. Shares of mutual funds and money market funds are valued daily at the reported Readily Determinable Fair Value (RDFV) per share or unit values of the underlying mutual funds based on quoted market prices.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments purchased and sold during the year, as well as held at year end.

Benefit Payments: Benefit payments are recorded when paid. There were no amounts of benefits requested and approved for payment but not paid as of December 31, 2024.

Administrative Expenses: The Plan pays trustee and asset management fees. Fees charged by Fidelity for recurring recordkeeping and administrative and participant services are structured in the form of a fixed annual amount (per participant with an account balance in each plan) and are debited directly from participant accounts. Individual participant transaction fees, including fees for loan requests, recurring loan maintenance, and Qualified Domestic Relations Orders (QDROs) are charged directly to the participant initiating the transaction. Revenue sharing payments, if any, are credited directly to the accounts of plan participants that invest in a fund that produces the revenue sharing payments. Float income, if applicable, is credited directly to the Plan and may be used for the payment of plan expenses or reallocated to participants as additional income. Fees for legal, accounting, and other services are paid by the Employers.

NOTE C--INFORMATION CERTIFIED BY THE TRUSTEE

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by Fidelity and was not subjected to any auditing procedures performed by the Plan's independent public accountants:

- The investments and note receivable from the participant, as shown in the accompanying Statements of Net Assets Available for Benefits, of \$181,211,254 and \$0, respectively, as of December 31, 2024, and \$169,395,694 and \$4,379, respectively, as of December 31, 2023.
- Net appreciation in fair value of investments of \$13,724,967 and interest and dividends of \$7,870,883 as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.
- All investment-related information in the accompanying supplemental Schedule H, Line 4i – Schedule of Assets Held at Year End as of December 31, 2024.

NOTE D--FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

In 2020, the Plan entered into an investment contract with Lincoln National Life Insurance Company (Lincoln). Lincoln maintains the funds in a general account. Lincoln is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the issuer. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Notes to Financial Statements – Continued

Year Ended December 31, 2024

The Lincoln Financial Group Stable Value Fund is an unallocated group fixed annuity contract in which the value is derived from the contract's provisions. The interest rate is declared at the beginning of each quarter and guaranteed for contributions received that quarter. The contractually guaranteed minimum interest rate is 1.00%. Participant transfers to a competing fund are not permitted. Participant withdrawals and transfers from the account are not permitted for 90 days after a transfer from any other investment option in the Plan to a competing fund. Withdrawals from the account due to surrender of the contract by the Plan sponsor may be made at contract value over a 5-year period or in the form of a lump-sum payment, subject to a market value adjustment.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents; (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary), which cause a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE E--FAIR VALUE MEASUREMENTS

Fair value accounting guidance establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described as follows:

- *Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- *Level 2:* Inputs to the valuation methodology include:
 - Quoted prices for similar assets and liabilities in active markets;
 - Quoted prices for identical or similar assets and liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or are corroborated by observable market data by correlation or other means.
- *Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily RDFV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds: Reported at cost, which equals fair value.

The preceding investment valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
December 31, 2024				
Money market funds	\$ 4,007,445	\$ -	\$ -	\$ 4,007,445
Mutual funds	168,028,628	-	-	168,028,628
Total assets at fair value	<u>\$ 172,036,073</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 172,036,073</u>
December 31, 2023				
Money market funds	\$ 3,688,196	\$ -	\$ -	\$ 3,688,196
Mutual funds	154,520,301	-	-	154,520,301
Total assets at fair value	<u>\$ 158,208,497</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 158,208,497</u>

There were no transfers between levels during the years ended December 31, 2024 or 2023.

NOTE F--RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain assets are sub-advised by various divisions within Fidelity Investments, including Fidelity Management & Research Company, Fidelity Research and Analysis Company, and FMR Co., Inc.

These subadvisors are considered parties-in-interest with respect to the Plan. Fees paid by the Plan to Fidelity totaled approximately \$215,480 for the year ended December 31, 2024.

NOTE G--INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated January 5, 2018, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC); therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the applicable authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE I--SUBSEQUENT EVENTS

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued. During this period, management did not note any material recognizable subsequent events that required recognition or disclosure in the December 31, 2024, financial statements.
