## *Independent Auditor's Report*

Board of Trustees  
Pipe Fitters Local Union No. 120 Annuity Fund

### ***Opinion***

We have audited the financial statements of Pipe Fitters Local Union No. 120 Annuity Fund (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### ***Basis of Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Board of Trustees  
Pipe Fitters Local Union No. 120 Annuity Fund

***Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

## Pipe Fitters Local Union No. 120 Annuity Fund

### Notes to Financial Statements

December 31, 2024 and 2023

#### Note 1: Description of Plan

The following description of Pipe Fitters Local Union No. 120 Annuity Fund (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

##### General

The Plan is a multiemployer defined contribution retirement plan. The Plan was established effective May 1, 1984, as a result of a collective bargaining agreement (CBA) between Pipe Fitters Local Union No. 120, United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada, AFL-CIO (the “Union”) and The Mechanical Contractors Association of Cleveland, Inc., the Air-Conditioning and Refrigeration Contractors of Cleveland, Inc., and the National Automatic Sprinkler and Fire Control Association, Inc., to provide retirement benefits to eligible participants and beneficiaries. To be eligible, an employee must be working for a participating employer who is subject to the CBA or for a participating employer subject to a Board of Trustee approved participation agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Administration of the Plan is the responsibility of the Plan’s Board of Trustees and is governed by a joint board consisting of equal representation from the participating employers and the Union.

##### Contributions

Under the terms of the CBA, participating employers contribute various amounts based upon the employee’s classification and hourly contribution rates as agreed upon between the Union and employers pursuant to a collective bargaining agreement or a participation agreement. Participants may elect to defer in increments of \$0.50 up to a maximum of \$6.00 per hour on a pre-tax basis. Participants may also contribute amounts representing distributions from other qualified multiemployer defined contribution plans (rollover). Effective January 1, 2024, the Plan was amended to allow participants to make elective employee contributions into the Plan. Participants may elect to defer in increments of \$0.50 up to a maximum of \$6.00 per hour worked on a pre-tax basis. Participants direct the investment of contributions into various options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

##### Participant Accounts

Each participant’s account is credited with contributions and allocations of plan earnings. Participant accounts are charged quarterly, with an allocation of administrative expenses that are paid by the Plan, which is analyzed and adjusted as needed to support the administration of the Plan. In addition, a quarterly per capita fee is charged to the participant accounts by the recordkeeper. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

##### Vesting

Participants are vested immediately in all contributions plus actual earnings thereon.

##### Payment of Benefits

On termination of service due to death, disability, retirement, or a break in service, a participant may elect to receive benefits. The benefit amount the participant receives depends upon specific qualifications as outlined in the plan agreement.

### Notes to Financial Statements

December 31, 2024 and 2023

#### Note 2: Summary of Significant Accounting Policies

##### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

##### Basis of Presentation

The Plan follows authoritative guidance issued by the Financial Accounting Standards Board (FASB), which established the FASB Accounting Standards Codification (ASC) as the single source of authoritative accounting principles generally accepted in the United States of America.

##### Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

##### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

##### Contributions Receivable

The Plan's policy is to recognize contributions based on the latest executed collective bargaining agreement on an individual employer basis. Contributions from participating employers (including amounts withheld from employees as employee contributions) are based on hours worked by covered employees and are payable to the Plan during the subsequent month. Contributions due but not paid prior to year-end are recorded as contributions receivable. Employer and employee contributions receivable represent amounts due from employers (including amounts withheld from employees as employee contributions) that were received subsequent to year-end. Therefore, the carrying amount of these receivables is not reduced by an allowance for amounts that will not be collected. In addition, it is impractical to estimate a recognition of revenue amounts due but erroneously unreported by employers.

##### Property and Equipment

Property and equipment are stated at cost. The Plan calculates depreciation on a straight-line basis over the estimated useful lives of the property and equipment ranging from five to seven years.

##### Cash

The Plan maintains its cash account at a national financial institution. The balance, at times, may exceed federally insured limits.

## Pipe Fitters Local Union No. 120 Annuity Fund

### Notes to Financial Statements

December 31, 2024 and 2023

**Note 2: Summary of Significant Accounting Policies (continued)**

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid by the Plan, as provided by the plan agreement. Expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. The Plan shares certain administrative expenses with the Union. In computing these allocated costs, various factors were considered, including the time spent, space used, costs incurred, and volume of transactions relating to the Plan, in relation to other related entities in the allocation (see Note 5). In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through June 16, 2025, the date the financial statements were available to be issued.

**Note 3: Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability; and
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

## Pipe Fitters Local Union No. 120 Annuity Fund

### Notes to Financial Statements

December 31, 2024 and 2023

#### Note 3: Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Registered investment companies:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Stable value fund:* Valued at the NAV of units of the fund. The NAV, as provided by the investment manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>12/31/24</u>
Registered investment companies	\$ <u>82,986,789</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>82,986,789</u>
	\$ <u>82,986,789</u>	\$ <u>-</u>	\$ <u>-</u>	82,986,789
Investments measured at NAV:

Investments measured at NAV:				
Stable value fund*				<u>15,496,816</u>
				\$ <u>88,775,010</u>

\*In accordance with the "Fair Value Measurements" topic of the FASB ASC, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying statements of net assets available for benefits.

#### Note 5: Related Party Transactions and Party in Interest Transactions

The Plan shares facilities and certain expenses with the Union. The Plan pays the Union for various administrative expenses including, but not limited to salaries, payroll taxes, benefits, postage, and office expenses. These expenses totaled \$51,135 and \$41,573 for the years ended December 31, 2024 and 2023, respectively. The amount payable to the Union for these expenses at December 31, 2024 and 2023 were \$11,584 and \$14,118, respectively.

## **Pipe Fitters Local Union No. 120 Annuity Fund**

### **Notes to Financial Statements**

**December 31, 2024 and 2023**

#### **Note 5: Related Party Transactions and Party in Interest Transactions**

The Plan's contributions are processed and collected by the Union. The Union collects late fines and penalties from delinquent employers, which are netted with payments made related to collection costs incurred. The Plan receives a portion of the excess of amounts collected over the costs incurred and pays a portion of the excess of costs incurred over amounts collected. At December 31, 2024 and 2023, the Plan was owed \$12,799 and \$971, respectively, from the Union related to this activity.

The Plan pays fees for several arrangements with service providers. These transactions are considered exempt party in interest transactions under ERISA.

#### **Note 6: Plan Termination**

It is the intent of the Plan's Board of Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved by the Plan's Board of Trustees. During termination, the Plan's assets should not be used for and diverted to purposes other than the exclusive benefit of the participants. In the event of termination, after providing for the plan expenses, the net assets of the Plan will be allocated and shall be distributed in the same ratio as the participants' individual accounts to the total individual accounts of all participants, as prescribed by ERISA and related regulations.

#### **Note 7: Tax Status**

The IRS has determined and informed the Plan by a letter dated September 2, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **Note 8: Risk and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.
