Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT

Administrative Committee of
The Sherwin-Williams Company
Employees' Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Sherwin-Williams Company Employees' Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

THE SHERWIN-WILLIAMS COMPANY
EMPLOYEES' PENSION PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN

Overview

Effective January 1, 2018, The Sherwin-Williams Company Employees' Pension Plan (the Plan) was spun-out from The Sherwin Williams Company Salaried Employees' Pension Investment Plan (SEPIP). The Plan provides pension benefits to eligible employees who are in a collective bargaining unit covered by an agreement between The Sherwin-Williams Company (the Company) and the bargaining unit. The Plan also includes certain eligible employees who were hired by the Company and participating subsidiaries prior to January 1, 1984. For these participants, accumulated plan benefits are determined by a defined formula based on final average pay and service. The defined benefit final average pay and service component of the Plan was closed to new participants on January 1, 1984.

The Plan is a noncontributory defined benefit pension plan. The Administration Committee, as Plan Administrator, is responsible for the general administration of the Plan. Subject to the provisions outlined in the Summary Plan Description (SPD), participants can elect to receive the value of their benefit by choosing between different forms of annuity payments, and in some circumstances, may elect to receive their benefits as a lump sum. Copies of the SPD and other Plan documents are available from the Administration Committee.

Funding Policy

The funding policy of the Plan is to contribute no less frequently than annually an amount at least equal to the minimum contribution required by law, if a minimum contribution is required. The Company may, at its discretion, contribute amounts in excess of the minimum required. The Plan has met the Employee Retirement Income Security Act of 1974, as amended (ERISA), minimum funding requirements for the plan years ended December 31, 2024 and 2023. There were no changes in the method of funding the Plan for the years ended December 31, 2024 and 2023.

Administrative Expenses

Administrative expenses related to operating and maintaining the Plan are paid by the Plan and the Company.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Master Trust

The value of the investment in The Sherwin-Williams Company Master Trust (the Master Trust), a group trust, represents the Plan's equity in the fair value of the net assets held by the Master Trust. At December 31, 2024 and 2023, the Plan owned 100% of the outstanding units of the Master Trust.

The net investment gain (loss) from the Master Trust represents the Plan's equity in the interest and dividend income, investment advisor fees and net realized and unrealized appreciation (depreciation) of the investments within the Master Trust. Interest and dividend income and investment advisor fees relating to the Master Trust are allocated solely to the Plan as the Plan was the only participant in the Master Trust in 2024 and 2023.

Investments within the Master Trust are stated at fair value. Fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. Net realized and unrealized appreciation (depreciation) in fair value of investments represents the change in the difference between the aggregate fair value and the cost of the Master Trust's investments, including investments bought and sold as well as held during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Accumulated Plan Benefits

The accumulated plan benefits are the actuarial present value of estimated future periodic payments that are attributable to services rendered by employees as of the valuation date under the Plan's provisions. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. See Note 4.

Payment of Benefits

Benefits are recorded when paid. The Pension Benefit Guaranty Corporation guarantees the payment of all nonforfeitable basic benefits, subject to certain limitations prescribed by ERISA.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from these estimates. Due to the uncertainties inherent in the estimation process, it is at least reasonably possible that changes in these estimates in the near term could materially affect the amounts reported and disclosed in the financial statements.

Risks and Uncertainties

Investments in securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Subsequent Events

Events occurring subsequent to December 31, 2024 have been evaluated through September 17, 2025, the date of the issuance of the financial statements, in accordance with the Subsequent Events Topic of the Accounting Standards Codification (ASC). During this period, there were no recognized subsequent events requiring recognition in the financial statements, and no non-unrecognized subsequent events requiring disclosure.

NOTE 3 – FAIR VALUE

The Fair Value Measurements and Disclosures Topic of the ASC applies to the Master Trust's financial assets. The levels of the fair value hierarchy are as follows:

Level 1: Quoted prices in active markets for identical assets

Level 2: Significant other observable inputs

Level 3: Significant unobservable inputs

The following tables present the Master Trust's financial assets that are measured at fair value on a recurring basis, categorized using the fair value hierarchy as of December 31, 2024 and 2023:

| | Fair Value at December 31, | | | |
|--------------------------------------|-------------------------------|--------------------|---------|---------|
| | 2024 | Level 1 | Level 2 | Level 3 |
| Mutual funds | \$ 112,542,959 | \$ 112,542,959 | \$ - | \$ - |
| Common stock | 10,723,644 | 10,723,644 | - | - |
| Total assets in fair value hierarchy | <u>123,266,603</u> | <u>123,266,603</u> | - | - |
| Collective trust funds | 25,301,378 | | | |
| Private equity | 157,109 | | | |
| Other | <u>4,993</u> | | | |
| Total Investments | <u>\$ 148,730,083</u> | | | |
| | Fair Value at December 31, | | | |
| | 2023 | Level 1 | Level 2 | Level 3 |
| Mutual funds | \$ 100,313,069 | \$ 100,313,069 | \$ - | \$ - |
| Common stock | 9,302,107 | 9,302,107 | - | - |
| Total assets in fair value hierarchy | <u>109,615,176</u> | <u>109,615,176</u> | - | - |
| Collective trust funds | 25,185,071 | | | |
| Private equity | 217,877 | | | |
| Other | <u>100,963</u> | | | |
| Total Investments | <u>\$ 135,119,087</u> | | | |

The fair value of the Level 1 investments is determined based on quoted prices in active markets for identical assets. Securities which are traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year; investments traded in the over-the-counter market and listed securities for which no sale was reported on the last day of the Plan year are valued at the average of the last reported bid and ask prices.

The collective trust funds and private equity investments are measured at net asset value (NAV) (or its equivalent) as a practical expedient. In accordance with the Fair Value Measurement Topic of the ASC, investments that were measured at NAV (or its equivalent) as a practical expedient are not classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the Master Trust financial statements presented in this note.

The fair value of participation units held in collective trust funds are based on the NAV per unit as reported by the fund managers. There are no unfunded commitments, significant redemption limitations or restrictions on the ability to sell these funds.

Private equity and other primarily consists of a limited partnership interest in a private equity fund that focuses on investments in U.S.-based venture capital. The investment is stated at fair value. The inputs used to determine fair value include financial statements provided by the investment partnership, which include the fair market value of the capital account balance. In reviewing the underlying financial statements and capital account balance, the general partner considers compliance with the Fair Value Measurements and Disclosures Topic of the ASC, the currency in which the investment is denominated and other information deemed appropriate. The general partner determines whether it is appropriate to value the investment based on the capital account balance provided by the investment partnerships or to adjust such value.

NOTE 4 – ACCUMULATED PLAN BENEFITS

The Plan's actuary estimated the accumulated plan benefits for the Plan by utilizing a defined benefit formula that applies actuarial assumptions to plan benefits earned by participants in the Plan. The time value of money (discounted for interest) and the probability of payment (reduced for situations such as death, disability, withdrawal or retirement) between the valuation date and the expected date of payment are reflected in the actuarial calculations. The accumulated plan benefit information as of December 31, 2023 and the changes in the accumulated plan benefit information for the year then ended is shown below.

| | December 31, 2023 |
|---|---|
| Actuarial present value of accumulated plan benefits: | |
| Participants currently receiving payment | \$ 35,491,064 |
| Vested benefits | 46,838,679 |
| | <u>82,329,743</u> |
| Non-vested benefits | <u>1,661,022</u> |
| | <u>\$ 83,990,765</u> |
| | <u>Year Ended December 31, 2023</u> |
| Actuarial present value of accumulated plan benefits | |
| at beginning of year | \$ 78,034,912 |
| Increase (decrease) during the year attributed to: | |
| Interest accumulation | 4,786,413 |
| Benefits paid | (2,949,301) |
| Plan amendments | 1,184,959 |
| Assumption changes | (38,410) |
| Other changes | 2,972,192 |
| Net increase | <u>5,955,853</u> |
| Actuarial present value of accumulated plan benefits | |
| at end of year | <u>\$ 83,990,765</u> |

Significant assumptions underlying the current defined benefit formula actuarial computations are:

| | |
|--------------------------|--|
| Mortality basis | Pri-2012 mortality table with MP 2021 |
| Retirement | Age 65, with allowances for early retirement |
| Long-term rate of return | 6.25% |

The actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. An actuarial valuation of the Plan's accumulated plan benefits as of December 31, 2024 has not yet been completed.

NOTE 5 – MASTER TRUST

The Master Trust is a group trust which held the assets of the Plan as of December 31, 2024 and 2023. The Northern Trust Company (the Trustee) holds the underlying assets of the Master Trust and executes transactions therein. All investment information for the Plan and the Master Trust disclosed in the accompanying financial statements as of and for the years ended December 31, 2024 and 2023, including investments held, net realized and unrealized appreciation (depreciation) in fair value and interest and dividend income, was obtained by management and was agreed to or derived from information certified as complete and accurate by the Trustee.

Financial information included in the accompanying financial statements relating to the Master Trust was provided by the Trustee. That information is summarized as follows:

The net investment gain of the Master Trust consisted of the following:

| | Year Ended December 31, | |
|--|-------------------------|----------------------|
| | 2024 | 2023 |
| Net realized and unrealized appreciation in fair value of investments | \$ 16,276,744 | \$ 16,842,633 |

| Net investment gain | <u>\$ 18,836,856</u> | <u>\$ 19,178,529</u> |

NOTE 6 - PLAN TERMINATION

The Company has the right under the Plan to discontinue contributions at any time and terminate the Plan. In the event of a termination of the Plan, the net assets of the Master Trust attributable to the Plan shall be distributed in accordance with applicable Plan provisions.

NOTE 7 - INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated May 12, 2020 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code), and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code, and therefore believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 8 – TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under Department of Labor (DOL) regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. Amounts paid by the Plan to parties-in-interest included fees paid for investment management and actuarial services. Certain professional fees for the administration and audit of the Plan were paid by the Company. Certain investments held by the Master Trust are managed by the Trustee. Therefore, these transactions and the payment of fees to these investment managers qualify as party-in-interest transactions.

| 1st Segment Rate | 4.75% |
| 2nd Segment Rate | 4.87% |
| 3rd Segment Rate | 5.59% |
| Interest Rates for Maximum Tax Purposes | Based on segment rates with a four-month look-back (as of September 2022), without regard to interest rate stabilization. |
| 1st Segment Rate | 3.62% |
| 2nd Segment Rate | 4.46% |
| 3rd Segment Rate | 4.52% |
| Salary Increases | |
| Minimum Funding Target Normal Cost | See Table 1. |
| Maximum Tax Expected Benefit Increase | See Table 1. |
| Social Security Wage Base Increases | Future wage indices are based on a national wage increase of 3.00% per year. |

| Optional Payment Form Conversion Interest Rate | Same as funding interest rates above for lump sums. |
| Optional Payment Form Conversion Mortality | Current IRC section 417(e) table for lump sums. |
| Retirement Age | |
| Active Participants | See Tables 2 – 5. |

|--|--|
| Disability Rates | See Table 9. Legacy Valspar participants have no assumed disability rates. |
| Decrement Timing | Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%). |
| Surviving Spouse Benefit | It is assumed that 80% of males and 80% of females have an eligible spouse, and that males are three years older than their spouses. |
| Valuation Compensation | 2023 Pensionable earnings rolled forward one year with the salary increase assumption. |
| Benefit and Compensation Limits | Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of \$275,000 and the IRC section 401(a)(17) compensation limit of \$345,000. |
| Valuation of Plan Assets | Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value. A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii). |
| Expected Return on Assets | |
| 2021 Plan Year | 5.00% |
| 2022 Plan Year | 6.50% ¹ , limited to 5.74% |
| 2023 Plan Year | 6.50% ¹ , limited to 5.59% |
| Trust Expenses Included in Target Normal Cost | \$535,000 |
| Actuarial Method | Standard unit credit cost method |
| Valuation Date | January 1, 2024 |

¹ Based on the expected long-term rate of return assumption under ASC 715 excluding any adjustment for plan expenses paid from the trust.

| Disability Rates | See Table 9. Legacy Valspar participants have no assumed disability rates. |
| Decrement Timing | Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%). |
| Surviving Spouse Benefit | It is assumed that 80% of males and 80% of females have an eligible spouse, and that males are three years older than their spouses. |
| Valuation Compensation | 2023 Pensionable earnings rolled forward one year with the salary increase assumption. |
| Benefit and Compensation Limits | Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of \$275,000 and the IRC section 401(a)(17) compensation limit of \$345,000. |
| Valuation of Plan Assets | Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value. A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii). |
| Expected Return on Assets | |
| 2021 Plan Year | 5.00% |

The Monthly Plan Compensation related formula is defined by a pay basis, service basis and benefit accrual percentage. Service is frozen. However, Monthly Plan Compensation is based on Compensation through date of termination. The formula is:

$1.25\% \times \text{Monthly Plan Compensation} \times \text{Benefit Service at Normal Retirement Date as of the service freeze date.}$

For participants terminating on or after May 6, 1991, the Standard Retirement Benefit cannot be less than:

\$29.00 multiplied by the Years of Benefit Service as of the service freeze date.

Lilly Bargaining unit participants have a minimum benefit of:

\$33.00 multiplied by the Years of Benefit Service as of December 31, 1995 for Laboratory participants or December 31, 1997 for Plant participants.

Participants who were age 55 or older with 10 years of vesting service as of the service freeze date receive the Standard Retirement Benefit plus:

0.5% of Monthly Plan Compensation multiplied by benefit service after the service freeze date to normal retirement date. Former Guardsman High Point Unit participants receive a monthly pension payable for life equal to \$18.50 multiplied by Years of Benefit Service as of March 13, 1999.

The monthly benefit for the surviving spouse of an active Participant is a life annuity equal to 50% of the benefit assuming the Participant elected a 50% Joint and Survivor Annuity the day before death. The benefit is reduced using the applicable Early Retirement Factors.

Any Other Vested Participant

The monthly benefit for the spouse of any other vested Participant who dies is a life annuity equal to 50% of the Participant's benefit as if the Participant had terminated on the earlier of date of death or date of termination, deferred payment to age 65, and elected the 50% Joint and Survivor form of payment. The benefit is reduced using the applicable Early Retirement Factors.

Lilly Eligibility

A surviving spouse is eligible for the Qualified Preretirement Survivor Annuity (QPSA) if all of the following are satisfied:

- The Participant was fully vested.
- The Participant's death occurred before the benefit commencement date of the first pension payment to the Participant.
- The Participant is survived by an Eligible Spouse.

Schedule SB Attachment (Form 5500) –2024 Plan Year

- A waiver of the QPSA was not in effect, if applicable.

Death of an Active Participant

The monthly benefit for the surviving spouse of an active Participant is a life annuity equal to 50% of the benefit assuming the Participant elected a 50% Joint and Survivor Annuity the day before death. The benefit is reduced using the applicable Early Retirement Factors.

Any Other Vested Participant

The monthly benefit for the spouse of any other vested Participant who dies is a life annuity equal to 50% of the Participant's benefit as if the Participant had terminated on the earlier of date of death or date of termination, deferred payment to age 65, and elected the 50% Joint and Survivor form of payment. The benefit is reduced using the applicable Early Retirement Factors.

If a married participant dies on or after meeting Normal Retirement requirements by prior to commencement, the surviving spouse is entitled to receive a death benefit payable in a monthly benefit for the spouse's remaining lifetime equal to one hundred percent (100%) of the adjusted monthly amount that would have been payable to the Participant had he retired on the day prior to his death and elected a 100% Joint and Survivor option. Payment will begin the first of the month following the Participant's death.

Lilly Plan Survivor Benefit

The Survivor Benefit is equal to forty percent (40%) of the amount of the monthly retirement benefit the Participant would have been entitled to receive under the Plan upon Normal Retirement Date as a Single Life Annuity, assuming no change in compensation or dollar factor in effect as of the Participant's date of death. The amount of the survivor benefit will be offset by actual dollar amount of the death benefit, if any. Payment is made to the Participant's surviving spouse unless the surviving spouse dies or is ineligible to receive the benefit. In this case the benefit is paid to the Participant's eligible surviving children under the age of nineteen (19) until payments are exhausted or the youngest child turns nineteen.

Normal Benefit Form

Single Life Annuity for single participants and 50% Joint and Survivor for married participants.

The Moline benefit is payable on December 31st nearest age 65 as a 10-Year Certain and Life annuity.
