To the 401(k) Advisory Committee of

ASM America, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of **ASM America, Inc. 401(k) Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ASM AMERICA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(1) Description of the Plan

The following description of the **ASM America, Inc. 401(k) Plan** (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

- A. **General** – The Plan was established on June 1, 1991 and is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan provides for employee pre-tax, Roth and after-tax contributions, profit sharing and matching employer contributions in accordance with Sections 401(k) and 401(m) of the Internal Revenue Code ("IRC"). Employees of ASM America, Inc. (the "Company" or the "Plan sponsor"); a subsidiary of ASM International N.V., are eligible to participate in the Plan upon attaining the age of 21.
- B. **Plan administration** – The Company is the designated Plan administrator and named fiduciary, and has appointed a plan committee to serve in these capacities. Empower Trust Company, LLC ("ETC") is the directed trustee and has custody of the mutual fund assets and notes receivable from participants. Empower Annuity Insurance Company ("EAIC") has custody of the guaranteed investment account. Empower Retirement Plan Services LLC (collectively with ETC and EAIC, "Empower") serves as the record keeper.
- C. **Contributions** – Eligible employees are automatically enrolled into the Plan with 6% of the participant's salary contributed on a pre-tax basis. Eligible employees are notified 30 days prior to enrollment and can then elect not to participate or change their election percentage. Participants may contribute their pre-tax annual compensation up to the maximum allowable under the Internal Revenue Code (\$23,000 in 2024). Employees may also make after-tax and Roth contributions also subject to maximum allowable limits. The Plan permits participants who are age 50 or over by the end of the calendar year to make additional "catch up contributions" up to the maximum allowable under the Internal Revenue Code (\$7,500 in 2024). Participant contributions made under Automatic Enrollment are invested in the retirement strategy funds based upon the projected retirement age of the participant.

Throughout 2024, the Plan sponsor's matching contribution was 100% of the first 3% and 50% of the next 3% of pre-tax compensation that a participant contributes to the Plan, up to a maximum of 4.5% of compensation.

Profit sharing contributions may be made at the discretion of the Plan sponsor. Only participants who are employed on the last day of the Plan year are eligible to receive allocations of the Plan sponsor's profit sharing contributions. No profit sharing contributions were made for the year ended December 31, 2024.

- D. **Participant accounts** – Each participant's account is credited with the participant's contributions, the Plan sponsor's matching contributions, and allocations of (a) the Plan sponsor's profit sharing contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.
- E. **Investments** – Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers mutual funds, a common collective trust, and a guaranteed investment account as investment options for participants.

ASM AMERICA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(1) Description of the Plan (continued)

- F. **Vesting** – Participants are immediately vested in their contributions plus actual earnings thereon. The participant's vesting in the Plan sponsor's matching and profit sharing contributions, plus actual earnings thereon, is based on years of credited service. The vesting percentage is based on the following years of credited service:

<u>Years of service</u>	<u>Percentage</u>
< 1	0%
1	50%
2	75%
3	100%

- G. **Distributions** – Distributions of Plan assets occur upon participant termination from the Plan sponsor, disablement, retirement, death or hardship and are recorded when paid. In addition, participants are allowed in service distributions after participants reach or exceed the age of 59 and a half.
- H. **Unallocated accounts** – Unallocated accounts include forfeited non-vested Plan sponsor contributions. At December 31, 2024 and 2023, unallocated accounts totaled approximately \$285,000 and \$166,000, respectively. The accounts may be used to reduce future Plan sponsor matching contributions or to pay certain Plan administrative expenses. During 2024, unallocated non-vested accounts totaling approximately \$162,000 were used to reduce Plan sponsor matching contributions. During 2024, unallocated non-vested accounts totaling approximately \$1,000 were used to pay Plan administrative expenses.
- I. **Notes receivable from participants** – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, unless the loan is used for the purchase of a primary residence in which case the term may be extended to ten years. Loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate at the date the loan is made. Principal and interest are paid ratably through biweekly payroll deductions.
- J. **Plan termination** – Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting – The Plan follows accounting principles generally accepted in the United States of America using the accrual basis of accounting in preparing its financial statements.

Management's use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

ASM AMERICA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(2) Significant accounting policies (continued)

Investment valuation and income recognition – The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Investments in shares of mutual funds are stated at net asset value, which are readily determinable fair values of the shares as they are published daily and are the basis for current transactions. Investments in the common collective trust are state at unit value, or the equivalent of net asset value, which is a practical expedient for estimating the fair value of the investment. The common collective trust has no unfunded commitments as of December 31, 2024 and can be redeemed daily with no redemption notice period or other redemption restrictions.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Participant-initiated benefit-responsive Plan withdrawals from the guaranteed investment accounts and transfers between the guaranteed investment accounts and the other investment options as allowed under the terms of the contract are performed at contract value. The contract's guaranteed investment accounts have no liquid market value because the contract is not tradable or assignable, and there are no defined maturities of the cash flows. The investment may be redeemed daily with no redemption notice period or other redemption restrictions and had no unfunded commitments as of December 31, 2024 and 2023.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative expenses – The Plan permits the payment of administrative expenses to be made from Plan assets. These expenses may be paid using the Plan's assets in the following methods: (1) allocated among the accounts of all participants, (2) from unallocated accounts (see Note 1), or from a specific participant account if the Plan incurs costs directly attributable to a particular participant in the Plan.

Risks and uncertainties – The Plan provides for investments in various fund options, which in turn invest in any combination of stocks, bonds and other investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Benefits paid to participants – Benefits are recorded when paid.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Subsequent events – The Plan's management has evaluated subsequent events through October 15, 2025, which is the date the financial statements were available to be issued.

ASM AMERICA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(3) Investment contract with insurance company

The Plan has a group annuity contract with Empower Annuity Insurance Company that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount to be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The Key Guaranteed Portfolio fund does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

- (a) Amendments to the Plan document (including complete or partial Plan termination or merger with another plan),
- (b) Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions,
- (c) Bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or
- (d) The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

(4) Party-in-interest transactions

Administrative fees paid to Empower by the Plan amounted to approximately \$24,000 for the year ended December 31, 2024. Amounts paid to other service providers totaled approximately \$130,000 for the year ended December 31, 2024. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

ASM AMERICA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(5) Fair value measurements

Financial Accounting Standards Board Accounting Standards Codification (“FASB ASC”) 820, *Fair Value Measurement*, establishes a common definition for fair value to be applied to U.S. generally accepted accounting principles requiring the use of fair value, establishes a framework for measuring fair value, and expands disclosures about such fair value measurements. It also establishes a hierarchy for ranking the quality and reliability of the information used to determine fair values by requiring that assets and liabilities carried at fair value be classified and disclosed in one of the following three categories:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 162,325,569	\$ 162,325,569	\$ -	\$ -
Common collective trust*	\$ 7,632,261	\$ -	\$ -	\$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 137,314,546	\$ 137,314,546	\$ -	\$ -

* In accordance with Subtopic 820-10, certain investments that are measured using net asset value per share (or its equivalent) as a practical expedient for fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Additional information or changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

ASM AMERICA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(6) Federal income tax status

The Prototype Plan has obtained a favorable opinion letter from Internal Revenue Service dated June 30, 2020 stating that the Prototype Plan was designed in accordance with the applicable regulations of the Internal Revenue Code. The Plan administrator has not obtained an individual determination letter for the Plan. The Plan sponsors and the Plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(7) Information certified by the custodians and trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company and Empower Annuity Insurance Company have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(8) Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2024 and 2023 as reported in the accompanying financial statements, to the Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 181,038,495	\$ 148,535,799
Adjustment for employer contributions receivable	<u>(535,157)</u>	<u>(320,365)</u>
Net assets available for benefits per the Form 5500	<u>\$ 180,503,338</u>	<u>\$ 148,215,434</u>

The following is a reconciliation of the net increase in net assets as reported in the financial statements for the year ended December 31, 2024 to net income as reported in the Form 5500:

	<u>2024</u>
Net increase in net assets per the financial statements	\$ 32,502,696
Adjustment for 2024 employer contributions receivable	(535,157)
Adjustment for 2023 employer contributions receivable	<u>320,365</u>
