INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Sharp Rees-Stealy Medical Group, Inc. Money Purchase Pension Plan
San Diego, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of Sharp Rees-Stealy Medical Group, Inc. Money Purchase Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [an ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2024, and the related statement of changes in net assets available for benefits – modified cash basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the 2024 audit of Sharp Rees-Stealy Medical Group, Inc. Money Purchase Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of Sharp Rees-Stealy Medical Group, Inc. Money Purchase Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2024 financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sharp Rees-Stealy Medical Group, Inc. Money Purchase Pension Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sharp Rees-Stealy Medical Group, Inc. Money Purchase Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Part IV, Line 4(i) as of December 31, 2024) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2023 Financial Statements

We have audited the 2023 financial statements, and in our report dated October 15, 2024, we expressed an unmodified opinion on those 2023 financial statements.

SHARP REES-STEALY MEDICAL GROUP, INC. MONEY PURCHASE PENSION PLAN

Notes to Financial Statements For the Year Ended December 31, 2024

NOTE 1. DESCRIPTION OF THE PLAN

General

The Sharp Rees-Stealy Medical Group, Inc. Money Purchase Pension Plan (the “Plan”) is a single-employer defined contribution plan established to provide eligible employees with savings for retirement. The Plan was established April 1, 1986 by Sharp Rees-Stealy Medical Group, Inc. (“the Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), and provisions of the Internal Revenue Code (“IRC”).

The following description of the Plan provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan’s provisions.

Eligibility

Employees, except those excluded by the Plan, become eligible to participate upon completion of two years of service and reaching age 21. A year of service for eligibility purposes is based on an employee being credited with at least 1,000 hours of service during the 12-month period beginning on the employee’s date of hire. An employee may enter the Plan on the first day of the month coincident with or next following the date the eligibility requirements are met. However, for an eligible employee to become a participant of the Plan on the applicable entry date, the employee must elect to participate by providing written notice by the first of the month following three months after the employee’s hire date.

Contributions

The Company contributes and allocates 18% of the participant’s compensation, as defined by the Plan, subject to certain limitations imposed by the IRC. The contribution is determined each pay period. At the discretion of the Plan administrator, participants may also contribute amounts representing distributions from other retirement plans.

Participant Accounts

Each participant has an account that is credited with the Company’s contribution. Participants direct the investment of their accounts among investment options made available by the Plan or in self-directed brokerage accounts. Investment income, losses and expenses are allocated to participant accounts based on the performance of their investments or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participant accounts are 100% vested at all times.

Notes Receivable from Participants (Participant Loans)

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum generally equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant’s account, and generally require spousal consent, if applicable. Loan transactions are treated as a transfer from (to) the investment fund to (from) the participant loan fund. Loan terms range from 1 to 5 years unless the loan is in connection with the purchase of a primary residence, in which case, the term may be up to 30 years. Loans bear interest at a fixed rate determined at the time of the loan and equal to the prime rate plus 1%. As of December 31, 2024, interest rates ranged from 4.25% to 9.50%. Interest and principal are paid ratably no less often than monthly.

SHARP REES-STEALY MEDICAL GROUP, INC. MONEY PURCHASE PENSION PLAN

Notes to Financial Statements For the Year Ended December 31, 2024

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct participant and employer contributions in any of the Plan's investment options. Subsequently, participants may change their allocations and transfer account balances between investment options in accordance with Plan provisions. The Plan also permits self-directed brokerage accounts where participants may direct participant and employer contributions into investments of their choosing and change their investments at any time.

Payment and Benefits

On termination of service due to death, disability or retirement, a participant will automatically receive a life annuity (if not married) and will automatically receive a joint and 50% survivor annuity (if married) under which payments will be received for life. The participant can elect an alternative form of payment. Alternative forms of payments include:

- a. single lump sum payment; or
- b. partial withdrawals of at least \$1,000
- c. in-kind distributions permitted only from self-directed brokerage accounts.

Participants who terminate employment for reasons other than death, disability, or retirement may elect to have their vested account balances distributed to them as soon as administratively feasible following their termination. At the election of the participant, upon reaching normal retirement age (62), a distribution will be made as soon as administratively feasible.

If a participant's vested account balance is less than \$5,000 (\$7,000 effective January 1, 2024) but greater than \$1,000, the Plan administrator may distribute the account balance to an individual retirement account. If a participant's vested account balance is less than or equal to \$1,000, the Plan administrator will distribute the account balance in the form of cash. If a participant's vested account balance is greater than \$7,000, the participant may elect to receive benefit payments in a single lump sum or direct rollover, or postpone payment to a later date and remain in the Plan as described below.

Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE" Act), which became law on December 20, 2019, and the SECURE 2.0 Act (Note 10), which became law on December 29, 2022, participants may generally defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reached the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires, except that –
- Beginning in 2023, the age a participant must begin taking distributions was raised to 73. If a participant reached the age of 72 during 2023, the participant may defer receiving distributions until April 1, 2025, the latest date that a required minimum distribution may be taken for 2024.

The Plan also allows for in-service distributions from any fully vested account if the participant has reached normal retirement age (62) or from the rollover contribution account at any time.

SHARP REES-STEALY MEDICAL GROUP, INC. MONEY PURCHASE PENSION PLAN

Notes to Financial Statements For the Year Ended December 31, 2024

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, contributions and interest and dividends are recognized when received rather than when earned (or declared), and expenses are recognized when paid rather than when incurred.

Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recognized when received. Net realized and unrealized appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Related fees are recorded as administrative expenses and are expensed when they are paid. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company or the participants and are excluded from these financial statements. Certain fees related to the administration of notes receivable from participants may be charged directly to the participant's account and included in administrative expenses or are paid directly by the participant. Administrative and other expenses include investment advisory and management fees.

Subsequent Events

The Plan has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule (Schedule H, Part IV, Line 4i), including investments held at December 31, 2024, and net realized and unrealized appreciation or depreciation in fair value of investments for the year then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company, a trustee of the Plan which is also a qualified institution as defined by ERISA Section 103(a)(3)(C).

The following highlights the investment information certified by the Matrix Trust Company as of and for the year ended December 31, 2024:

Included in Investments, at Fair Value in the Statement of Net Assets as of December 31, 2024:

Mutual funds and money market fund	\$ 23,976,388
Self-directed brokerage accounts	<u>256,381,777</u>
	<u>\$ 280,358,165</u>

Included in Investment Income in the Statement of Changes in Net Assets

Net realized and unrealized appreciation in fair value of investments	<u>\$ 30,844,055</u>
---	----------------------

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

SHARP REES-STEALY MEDICAL GROUP, INC. MONEY PURCHASE PENSION PLAN

Notes to Financial Statements For the Year Ended December 31, 2024

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2024 and 2023. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023.

Money Market Funds and Certificates of Deposit ("CDs"): Valued at carrying value, which approximates fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stock, Preferred Stock, Corporate Debt, and Government Securities: Valued at the closing prices reported on the active market on which the individual securities are traded.

Self-Directed Brokerage Accounts: Accounts consist primarily of registered investment companies and shares in common stock that are valued on the basis of readily determinable market prices for identical assets. The accounts also include fixed income securities and government securities valued at the listed price adjusted for discounts, premiums, etc. All other investments are not actively traded and other significant observable inputs are not available. The best available unobservable inputs were used to estimate fair value for these investments.

All Other Investments: All other investments are not actively traded and other significant observable inputs are not available. The best available unobservable inputs were used to estimate fair value for these investments.

* When a participant in the Plan is also participating in the Sharp Rees-Stealy Medical Group Inc. Profit Sharing Plan, the participant can maintain only one brokerage account or other investment option. The investments are reflected as an investment on the plan which holds the brokerage account or other investment option. The portion included therein belonging to this Plan is reflected above in "Investments held in brokerage account of affiliate plans".

There were no transfers in or out of level 3 between December 31, 2023 and 2024.

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's operating expenses are paid by the Company and the Company provides certain administrative services for the Plan at no cost to the Plan. In addition, the Plan allows participants to take loans against their account balances. These transactions are considered exempt party-in-interest transactions.

SHARP REES-STEALY MEDICAL GROUP, INC. MONEY PURCHASE PENSION PLAN

Notes to Financial Statements For the Year Ended December 31, 2024

NOTE 6. TAX STATUS

The Plan has adopted a pre-approved defined contribution plan and relies upon the pre-approved plan's opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that, in its opinion, the form of the plan is acceptable under and is designed in accordance with applicable sections of the IRC. The Company has not applied for a determination letter from the IRS specific to the Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

The modified cash basis of accounting requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

The Plan maintains deposit accounts at financial institutions that at times may exceed federally-insured limits. The Plan believes there is no significant risk with respect to these deposits.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2024:

Net assets available for benefits per the financial statements	\$ 307,294,679
Employer contributions receivable	7,740
Other receivable	92,894
Benefit claims payable	<u>(3,323)</u>
Net assets available for benefits per the Form 5500	<u><u>\$ 307,391,990</u></u>

Notes to Financial Statements For the Year Ended December 31, 2024

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income per the Form 5500 for the year ended December 31, 2024:

Net increase in net assets available for benefits	\$ 42,432,823
Add: Employer contribution receivable - December 31, 2024	7,740
Add: Other receivable - December 31, 2024	92,894
Less: Benefit claims payable - December 31, 2024	<u>(3,323)</u>
Net income per the Form 5500	<u>\$ 42,530,134</u>

In addition, certain items are categorized differently in the accompanying financial statements compared to the Form 5500, as of December 31, 2024 and 2023 and for the year ended December 31, 2024.

NOTE 10. SECURE 2.0 ACT

On December 29, 2022, the SECURE 2.0 Act of 2022 (the "SECURE Act 2.0") became law. The purpose of the legislation is to expand access to retirement plans and to help working Americans increase their retirement saving. In addition to the changes to distributions described in Note 1, the SECURE Act 2.0 includes various required and optional provisions that become effective through 2033, certain of which are described below.

- Beginning in 2033, the age for required minimum distributions will increase from age 73 to 75.
- Beginning January 1, 2025, a participant from the ages 60 to 63 can elect catch-up contributions up to the limit of the greater of \$10,000 or 150% of the catch-up contribution limit imposed by the IRS.
- Beginning January 1, 2025, long-term part-time workers (defined as employees who have worked for two consecutive 12 month periods during each of which they have at least 500 hours of service) will become eligible to enroll in their employer's retirement plan after two years.
- Beginning January 1, 2026, catch-up contributions will be made on a Roth basis, unless the participant earns \$145,000 or less.

Plan management has not yet determined which of the optional provisions, if any, the Plan will implement. Plan management expects to formally amend the Plan by December 31, 2026.
