Report of Independent Auditors

To the Administrator of MemorialCare 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the MemorialCare 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024, and 2023 and for the year ending December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant

ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not guaranteed that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H - Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report of Independent Auditors

To the Administrator of MemorialCare 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the MemorialCare 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024, and 2023 and for the year ending December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant

ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not guaranteed that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H - Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MemorialCare 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following description of the MemorialCare 401(k) Plan (the “Plan”) is provided for general information about the Plan’s provisions. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan’s provisions, copies of which may be obtained from the Plan sponsor.

General

Effective July 1, 2010, MemorialCare Medical Foundation established the Plan as a defined contribution plan designed to help its employees meet their long-range financial goals through the accumulation of funds during their career. These funds may be used to supplement Social Security benefits and personal savings to make retirement years more comfortable. Leased employees and nonresident aliens were excluded from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Effective January 1, 2018 the Plan was amended to match 100% of the participant contribution up to 5% of their contributions. The Roth 401(k) after-tax option was added as another way for participants to contribute to the Plan. Additionally, plan entry became monthly (instead of the previous semi-annual process).

Effective July 1, 2017, the Plan name changed to MemorialCare 401(k) Plan. The plan sponsor changed from the MemorialCare Medical Foundation to Memorial Health Services (the “Company”). The MemorialCare Retirement Plan, another defined contribution plan sponsored by the Company, closed to new employees and all participants from that plan were able to participate in the Plan.

Contributions

Plan participants make contributions by electing to have from 1% up to a maximum of 100% of their covered compensation (in increments of 1%) contributed directly to their Deferred Income Account under the Plan; however, the total contribution may not exceed the 401(k) Dollar Limit (as defined by Internal Revenue Code (“IRC”) and its regulations regarding annual 401(k) contributions and matching contributions). IRC contribution limits were \$23,500 and \$22,500 in 2024 and 2023, respectively.

Each year the Company makes a matching contribution to the eligible plan participant accounts. The Company match is equal to 100% of the amount the participant elected to defer as a 401(k) contribution for the year, up to a total matching contribution not to exceed 5% of their annual compensation. The Plan permits fully vested participants of age 60+ to withdraw an annual amount of up to 10% of their account balance while still employed.

Plan Administration

Vanguard Fiduciary Trust Company (the “Trustee” or “Vanguard”) is the trustee and recordkeeper of the Plan. The administrator of the Plan (the “Plan Administrator”) is an executive officer of the Company.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants who were employed by the Company on or after December 31, 2013 are 100% vested in the

MemorialCare 401(k) Plan

Notes to Financial Statements

1. Plan Description (Continued)

Company's contributions. Participants employed by the Company before December 31, 2013 vest in the Company's contributions according to the following schedule:

Years of Services	Vesting Percentage
Less than 1	0 %
1	10
2	30
3	50
4	70
5 or more	100

Investment Options

At December 31, 2024 and 2023, the Plan's assets were invested in participant-directed fund options administered by the Trustee. Upon enrollment in the Plan, participants may direct their contributions in 1% increments to any of the several investment options offered by the Plan. The Company's contributions are allocated in the same manner as that of the participants' elective contributions. Participants should refer to the plan document for a more complete description of the investment options.

Benefits

Upon retirement at age 65, death, disability, or termination of employment, a participant with a vested account balance of less than \$5,000 will receive a lump-sum distribution. In the event of a mandatory distribution of the nonforfeitable balance in the participant's account that is greater than \$1,000 but less than \$5,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan in a direct rollover or to receive the distribution directly, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan Administrator. The participant will pay all expenses associated with their Individual Retirement Account. If a participant's vested account balance is greater than or equal to \$5,000, the participant can elect to receive either a lump-sum distribution, or installment distributions. In the event that a participant is terminated and has a vested account balance that exceeds \$5,000, the participant may elect that the balance remain in the Plan and will continue to receive an allocation of the Plan's income until such time that the terminated participant's account is distributed.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$0. These accounts are used first by the Company to pay for expenses of maintaining the Plan, as applicable, and then to offset any required Company contributions to the Plan for the plan year. Forfeitures used to reduce Company contributions for 2024 were approximately \$60,000.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and allocations of the participant's share of the Plan's earnings. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options.

MemorialCare 401(k) Plan

Notes to Financial Statements

1. Plan Description (Continued)

Fund Management and Administrative Expenses

Investment management fees and certain administrative expenses are paid by the Plan, as permitted by law. All other administrative expenses of the Plan are paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their Plan accounts and distributions of their vested account balances will be made in accordance with the terms of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Units of the common/collective trust funds are valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were Vanguard Retirement Savings Trust III to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no other restrictions.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Net Appreciation/Depreciation in Fair Value of Investments

Realized and unrealized appreciation or depreciation in the fair value of the Plan's investments pertain to mutual fund investments and common/collective trust funds, and are recorded in the accompanying statement of changes in net assets available for benefits as net appreciation or depreciation in fair value of investments. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

MemorialCare 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits

All benefits are payable from net assets available for benefits. Benefits are recorded when paid.

Contributions and Contributions Receivables

Company and employee contributions are reported in the financial statements in the period in which the related employee services are rendered.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events

Management evaluated subsequent events through October 15, 2025, the date the financial statements were available to be issued and has concluded that there were no events that required recognition or disclosure in the financial statements.

3. Related-Party Transactions

The Trustee and the Company are parties-in-interest as defined by ERISA. The Plan invests in shares of mutual funds and common/collective trusts serviced by an affiliate of the Trustee. Such transactions qualify as party-in-interest transactions permitted by the Department of Labor's ("DOL") Rules and Regulations and are exempt under Section 408(b)(8) of ERISA.

4. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA. Vanguard Fiduciary Trust Company provided the Plan Administrator with certifications as to the completeness and accuracy of investment balances (at cost and fair value at December 31, 2024 and 2023). Total investments at fair value were \$300,143,000 and \$216,845,000 as of 2024 and 2023, respectively.

Other information certified by the Trustee includes notes receivable from participants of \$4,587,000 and \$3,445,000 as of December 31, 2024 and 2023, respectively; interest and dividends income of \$2,070,000, net appreciation in fair value of investments of \$30,345,000, and interest income on notes receivable from participants of \$307,000 for the year ended December 31, 2024. The Trustee has also certified the information in the supplemental schedule of assets (held at end of year) and investment amounts disclosed in Note 5.

5. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The Plan uses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 Inputs other than unadjusted quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
- Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk) and are based on the best available information, some of which is internally developed.
- The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments carried at fair value at December 31, 2024:

<i>(in thousands)</i>	Level 1	Level 2	Level 3	NAV Used as a Practical Expedient ^(c)	Total
Mutual Funds ^(a)	\$ 25,086	\$ -	\$ -	\$ -	\$ 25,086

5. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments carried at fair value at December 31, 2023:

<i>(in thousands)</i>	Level 1	Level 2	Level 3	NAV Used as a Practical Expedient ^(c)	Total
Mutual Funds ^(a)	\$ 80,557	\$ -	\$ -	\$ -	\$ 80,557
Collective Trusts ^(b)	-	-	-	136,288	136,288
Total investments at fair value	<u>\$ 80,557</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 136,288</u>	<u>\$ 216,845</u>

- (a) There were no mutual funds greater than 10% of total assets at December 31, 2024 and December 31, 2023, respectively.
- (b) This category includes all common/collective trust funds ("CCT(s)"). One CCT, the Vanguard Retirement Savings Trust III, is designated to deliver safety and stability by preserving principal and accumulating earnings, and is primarily invested in guaranteed investment contracts and synthetic investment contracts. For this fund, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund and has no future funding commitments to the fund. For all CCTs, participant-directed redemptions settle in one day and have no restrictions other than for the one CCT mentioned above. Other CCT funds include target date retirement funds with different target dates, a large cap growth and a value fund. The CCTs also include the following fund which is more than 10% of total assets. Institutional Total Stock Market Index Trust had a total fair value of \$32,123,000 and \$0 at December 31, 2024 and December 31, 2023, respectively.
- (c) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

6. Tax Status of the Plan

The Plan received a determination letter dated March 26, 2018 from the Internal Revenue Service ("IRS") indicating that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended and restated since receiving the determination letter, the Plan Administrator and Plan legal counsel believe that the Plan remains designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax-exempt.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has concluded that, as of December 31, 2024 and December 31, 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of the Plan for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

7. Risks and Uncertainties

The Plan invests in various mutual funds and common/collective trusts. Such mutual funds and common/collective trusts invest in investment securities, which are exposed to various risks such

as interest rate, market, and credit. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and the amounts reported in the financial statements. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such investments.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

<i>(in thousands)</i>	December 31,	
	2024	2023
Net assets available for benefits per the financial statements	\$ 329,125	\$ 239,754
Adjustment from contract value to fair value for common/collective trust	(356)	(366)
Adjustment to participant loans due to deemed distributions	(208)	(124)
Net assets available for benefits per the Form 5500	<u>\$ 328,561</u>	<u>\$ 239,264</u>

The Vanguard Retirement Savings Trust III, a stable value common collective trust, is recorded using NAV as a practical expedient to estimate fair value in the statements of net assets available for benefits and at fair value on the Form 5500. The fair value reported in the statements of net assets available for benefits is approximated by the contract value. As a result, unrealized gains or losses related to the stable value common collective trust are reflected in the Form 5500, but not included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500:

<i>(in thousands)</i>	Year Ended December 31, 2024
Net increase in net assets available for benefits per the financial statements	\$ 89,371
Adjustment from contract value to fair value for common/collective trust	10
Adjustment to participant loans due to deemed distributions	(84)
Net increase in net assets available for benefits per the Form 5500	<u>\$ 89,297</u>
