Independent Auditor's Report

To the Administrative Committee of
Savills Inc. Employee Benefit Plan

Opinion

We have audited the financial statements of Savills Inc. Employee Benefit Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Savills Inc. Employee Benefit Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024 and 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Savills Inc. Employee Benefit Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Savills Inc. Company Employee Benefit Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Savills Inc. Company Employee Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Savills Inc. Employee Benefit Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter—Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SAVILL INC.
EMPLOYEE BENEFIT PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

1. PLAN DESCRIPTION

The following description of the Savill Inc. (Company), Employee Benefit Plan (the “Plan”) is provided only general information purposes only. Participants should refer to the Plan document for more complete information.

General- The Plan is a defined contribution plan covering substantially all full-time employees of the Company. All employees of the Company are eligible to participate in the Plan after completing one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Board of Directors is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings, and monitors investment performance.

Contributions-

Profit Sharing. Each year, the Company contributes to the Plan, as the board of directors of the employer shall, in its sole discretion, determine a percentage of its current profit before pension and profit-sharing costs, and income taxes. Additional amounts may be contributed at the option of the Company’s board of directors. Contributions are subject to certain limitations.

401(k) Plan. Upon meeting the eligibility requirements, participants may contribute on a pre-tax basis. Participants may voluntarily change their deferral amounts on a quarterly basis or elect to decline participation. The maximum deferral percentage is 100% of their compensation, as defined by the Plan, not to exceed \$23,000 in 2024 and \$22,500 in 2023, subject to certain discrimination tests prescribed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company makes a matching contribution for every dollar you contribute up to \$1,500; your employer will add \$.50 to your account. The Company may make discretionary non-elective contributions to the Plan which will be allocated to each participant’s account based on their individual compensation as a percentage of total compensation, although the Company is not required to do so. During the years ended December 31, 2024 and 2023, the Company did not make any non-elective contributions. Contributions are subject to certain IRS limitations.

Participants may also contribute certain rollover amounts representing distributions from other qualified defined or defined contributions plans.

Participant Accounts- Each participant's account is credited with the participant's contributions, allocations of the Company' contribution, Plan earnings, and charges with an allocation of investment gains or losses, withdrawals and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments- Upon enrollment in the Plan, participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

Vesting-

Profit Sharing Plan. Your employer profit sharing contribution account will become vested 20% per year after year three and become fully vested based upon years of service after the seventh year.

401(k) Plan. Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Employees vest 20% per year after completing two years of service until becoming 100% vested after six years of credited service in accordance with the Plan document, or immediately if employment is terminated due to death, disability, or retirement upon attainment of the age of 65. The nonvested balance is forfeited upon termination of service.

Notes Receivable from Participants – The Plan permits participants to borrow a minimum of \$1,000 up to 50% of their vested account balance not to exceed \$50,000. The notes are secured by the balance in the participant's account and bear interest at 4.25%-9.50% which is commiserate with local prevailing rates. Principal and interest are paid ratably through payroll deductions and notes must be fully repaid within five years. Participant notes receivable are valued at their outstanding principal balance plus accrued and unpaid interest. As of December 31, 2024, and 2023, the Plan had outstanding notes to participants with principal balances totaling \$496,220 and \$457,411, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting-The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates-The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and changes therein, disclosure of contingent assets and liabilities. Accordingly, the actual amounts could differ from those estimates.

Investment Valuation and Income Recognition- Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on

the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Notes receivable from participants- Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Contributions-Contributions from employees are recorded as they are withheld from the participant's wages.

Excess Contributions Refundable-Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The plan distributed the 2024 excess contributions to the applicable participants prior to March 15, 2024.

Payment of Benefits-Benefit payments to participants are recorded when paid.

Recent Accounting Guidance- The Plan has adopted the provisions of FASB Accounting Standards Update (ASU) 2015-12 (Part II), "Plan Accounting (Topics 960,962 and 965): Plan Investment Disclosures," This ASU eliminates the disclosure of individual investments that represent 5 percent or more of the net assets available for benefits, eliminates the net appreciation or depreciation for investments by general type, and requires that investments be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics and risks. The Plan has adopted this standard as Plan management believes this presentation is more relevant to the users of the financial statements. Accordingly, this standard has been retrospectively applied to the prior period presented, as required.

3. INVESTMENTS (UNAUDITED)

The Plan's investments were held in trust and administered by the trustees at T. Rowe Price Trust Company for the years ended December 31, 2024, and 2023. All investment information disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee.

4. FAIR VALUE MEASUREMENTS

Fair value Measurements in accordance with current accounting standards, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy give the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the

lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023:

Mutual Funds: Valued at the daily closing price are reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$75,927,035</u>	_____	_____	<u>\$75,927,035</u>
Total at fair value	<u>\$75,927,035</u>	\$	\$	<u>\$75,927,035</u>
Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$52,975,405</u>	_____	_____	<u>\$52,975,405</u>
Total at fair value	<u>\$52,975,405</u>	\$	\$	<u>\$52,975,405</u>

5. INVESTMENT CONTRACTS: This contract, of the stable value fund, meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

6. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are selected by Savills Inc. Each mutual fund and collective trust funds has its own investment manager. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intension to do so, the Company has the right under the Plan to discontinue at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. FEDERAL INCOME TAX STATUS

The Company has adopted a prototype standardized plan pre-approved by the Internal Revenue Service ("IRS"). The IRS issued an opinion letter dated August 28, 2014, that the prototype standardized plan is acceptable with the applicable section of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Company and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provisions for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. CHANGE IN PLAN INVESTMENTS

Effective March 1, 2024, the Plan underwent a change in its investment structure. The Plan transitioned from a managed portfolio of mutual funds and target date funds to a hybrid investment structure, including mutual funds and a collective trust fund platform as part of an overall strategy to reduce investment fees. As a result of this change, certain investments were liquidated and proceeds were reinvested into the new investment options based on participant elections or, where no election was made, a default investment option selected by the Plan. The transition was completed on March 1, 2024, and all investment balances as of year-end reflect the new investment lineup. There were no penalties, surrender charges, or other restrictions associated with the transition, and the Plan Administrator has concluded that the change is in the best interest of participants and beneficiaries.

10. PLAN MERGER

Effective May 20, 2024, the Macro Consultants LLC 401(k) Retirement Plan (the "Macro Plan") was merged into the Savills Inc. Section 401(k) Plan (the "Plan"). This merger was completed in connection with the acquisition of Macro Consultants LLC by Savills Inc.

As a result of the merger:

- All assets and liabilities of the Macro Plan were transferred into the Plan as of the effective date.
- Participants in the Macro Plan became participants in the Plan and retained their account balances, which were transferred to their individual accounts in the Plan.
- The merger did not result in any significant changes to the Plan's provisions or the rights of existing participants.

The transferred assets were recorded at fair value as of the date of transfer. The Plan's financial statements as of and for the year ended December 31, 2024, reflect the inclusion of these assets and related participant account balances.

11. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

12. SUBSEQUENT EVENTS

For the year-ended December 31, 2024, the Company has evaluated subsequent events for potential recognition and disclosure through September 22, 2025, the date of the financial statement issuance.

13. RECONCILIATION TO FORM 5500

The following reconciles assets available for benefits, and additions to assets available for benefits from the Form 5500 to the Plan's financial statement:

	<u>2024</u>	<u>2023</u>
