INDEPENDENT AUDITOR'S REPORT

To the Plan Trustee and Participants of
The Contractors Retirement Plan - Sponsored by Hypower, LLC
Fort Lauderdale, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Contractors Retirement Plan - Sponsored by Hypower, LLC (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the December 31, 2024 and 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-12 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to such asset information related to the Plan’s investment in the Contractors Retirement Plan Master Trust, a trust meeting the requirements of 29 CFR 2520.103-12 (b) and (c) as a Direct Filing Entity (“DFE”) or 103-12 Investment Entity (“103-12 IE”) described in the instructions to Form 5500 Annual Return/Report.

Management has informed us that the 103-12 IE qualifies as a DFE under the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Act of 1974 for the year ended December 31, 2024 and 2023.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the Plan’s investment in the 103-12 IE, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by the 103-12 IE meet the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT (Continued)**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT (Continued)**Auditor's Responsibilities for the Audit of the Financial Statements** (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the investment information associated with the 103-12 IE, except for obtaining and reading the Form 5500 of the 103-12 IE, comparing the 103-12 IE investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the 103-12 IE information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT (Continued)**Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule - Schedule H, Line 4i, Schedule of Assets (Held at End of Year) (modified cash basis) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the 103-12 IE information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the 103-12 IE information, we compared such information to the Form 5500 of the 103-12 IE.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the 103-12 IE information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the 103-12 IE information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by the 103-12 IE meet the requirements of ERISA Section 103(a)(3)(C).

Basis of Accounting

Note 2 to the financial statements describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

YEAR ENDED DECEMBER 31, 2024

NOTE 1. DESCRIPTION OF PLAN

The following description of The Contractors Retirement Plan sponsored by Hypower, LLC (“the Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was formed on November 1, 2009, was restated on January 1, 2022 upon adoption of The Contractors Retirement Plan, and is a profit sharing plan which contains a cash or deferred arrangement pursuant to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligible individuals consist of employees rendering services for Hypower, LLC (“Plan Sponsor/Administrator/Employer”) on contracts subject to the Davis-Bacon Act, Service Contract Act, or other federal, state or municipal prevailing wage laws. Other employees whose services are not subject to such prevailing wage laws may be included. There is no age or service requirement to participate in the Plan.

The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Contributions

The Plan may make profit sharing contributions, as well as prevailing wage contributions, determined by the Employer based on rates that satisfy the wage determination issued by the governmental agency responsible for certain contracts. Such contributions cannot exceed the lesser of 100% of the employee’s compensation or \$69,000 for a year. Rollover contributions are also allowed. Contributions are directed by the Employer to one or more of the investment funds designated as investment options to each participant’s account.

Participant Accounts

Each participant’s account is credited with the participant’s allocation of the Employer’s contribution. Investment gain or loss is recognized in participants’ accounts on a daily basis as the unit values of the funds change. The benefit to which a participant is entitled is the benefit that can be provided from the distributable value of the participant’s account.

Notes Receivable from Participants

Effective July 1, 2022, the Plan was amended to allow loans to participants, with a maximum loan period of 60 months, a minimum balance of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account. The loan interest rate is set at the prime rate plus one percentage point, as defined in the Plan document. Principal and interest is billed monthly to the participants with a minimum payment amount due. Participant loans had an outstanding balance as of December 31, 2024 and 2023 of \$292,150 and \$102,315, respectively. With interest rates ranging between 5.25% and 9.5% and various maturities through 2029.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their share of prevailing wage contributions and net Trust earnings allocated to their accounts. Profit sharing contributions vest according to the following schedule:

<u>Years of Vesting Service</u>	<u>Vested %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Regardless of the vesting schedule above, a participant is automatically fully vested in their share of profit-sharing contributions upon death, total and permanent disability, or reaching the age of early retirement, which is age 55.

Payment of Benefits

On termination of service due to death, disability, termination of employment, or reaching age 55, a participant may elect to receive an amount equal to the value of the participant's vested interest on his or her account in either a lump-sum amount, subject to 20% withholding for income taxes, or a purchase of a Joint and Survivor or Life Annuity, or as direct rollover to an individual retirement account or another employer's tax qualified plan. A participant who terminates employment with a vested account balance exceeding \$5,000 may receive a distribution of his/her vested account balance within a reasonable period following the date the participant terminates employment upon a participant's request for distribution. A participant who terminates employment with a vested account balance that does not exceed \$5,000 will receive a single lump-sum distribution without the election or request of the participant.

Forfeitures

Forfeitures of contributions will be used toward Plan expenses or to reduce future Employer contributions. There were no forfeiture balances as of December 31, 2024 or 2023, and there were no forfeiture balances used during the year ended December 31, 2024.

Trustee and Special Trustee

SMARTTS LLC dba SMART Trust Services (previously known as ERISA Smart, Inc.) is a directed trustee, and LeafHouse Financial is the ERISA 3(38) Investment Manager Fiduciary of The Contractors Retirement Plan Master Trust ("the Trust"). The duties of the Investment Manager include selection and monitoring of the investment funds available to the plan sponsors that participate in the Trust.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Trustee and Special Trustee (Continued)

The directed trustee fee is a flat fee of \$34,880 annually, paid monthly and allocated on a per capita basis to the participants in the Trust. The investment manager's fee is 0.04% of the Trust assets annually, paid monthly and allocated on a per capita basis to the participants in the Trust. The Employer also designates a Special Trustee for the Plan in the adoption agreement and is responsible for the collection of Plan contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting and present net assets available for benefits and changes in those net assets. Under the modified cash basis of accounting, Plan Sponsor contributions are recognized when received rather than when accrued by the Plan Sponsor. In addition, benefit payments to participants are recorded when paid and administrative expenses are accrued monthly by the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the Plan's interest in the Trust is based on the beginning of the year value of the Plan's interest in the Trust; plus actual contributions and allocated investment income; less actual distributions and allocated administrative expenses. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(MODIFIED CASH BASIS)

YEAR ENDED DECEMBER 31, 2024

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan Sponsor and therefore are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value investments.

NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used as of December 31, 2024.

Group Trust - 103-12 Investment Entity ("103-12 IE"): The investment is valued based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The Net Asset Value ("NAV") is based on the market value of the underlying investments. The NAV is not a publicly quoted price in an active market.

NOTES TO FINANCIAL STATEMENTS
(MODIFIED CASH BASIS)

YEAR ENDED DECEMBER 31, 2024

NOTE 3. FAIR VALUE MEASUREMENTS (Continued)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth additional disclosures of the Plan's investment whose fair value is estimated using net asset value per share (or its equivalent):

The Plan's share of the net assets of the Trust is based on the underlying participant account values including the effects of contributions, allocated net investment income, withdrawals, and allocated administrative expenses. Net investment income, gains, and losses are allocated to participating plans on a daily basis based on participants' investment choices. As of December 31, 2024 and 2023, the Plan's interest in the net assets of the Trust was less than 1%.

NOTE 7. TAX STATUS

The Master Plan obtained its latest opinion letter, dated August 24, 2020, in which the Internal Revenue Service stated that the Master Plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Such an opinion is not a determination as to whether The Contractors Retirement Plan sponsored by Hypower, LLC qualifies under IRC Section 401(a). However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore believes that the Plan is tax-exempt.

In accordance with Financial Accounting Standards Board - Accounting Standards Update 740, *Accounting for Uncertainty in Income Taxes*, Plan management is required to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management believes that no such positions have been taken. The Plan is subject to routine audits by the taxing jurisdiction; however, there are currently no audits in progress for any tax periods.

NOTE 8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 8, 2025, the date the financial statements were available to be issued, and has determined that no such events have occurred that would require adjustment to, or disclosure in, these financial statements.
