## Independent Auditor's Report

To the Board of Trustees  
Washington Yu Ying 401(k) Plan  
Washington, DC

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Washington Yu Ying 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Washington Yu Ying 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Washington Yu Ying 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Washington Yu Ying 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Washington Yu Ying 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Washington Yu Ying 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H Line 4i – Schedule of Assets Held at End of Year as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**WASHINGTON YU YING 401(K) PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE A - DESCRIPTION OF PLAN**

Washington Yu Ying 401(k) Plan (the “Plan”) is a defined contribution profit sharing plan established on January 1, 2014. Washington Yu Ying Public Charter School (“WYY”) is the Plan Sponsor and administrator. Principal Trust Company and Principal Life Insurance Company are the Custodians of the Plan.

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan documents for a more complete description of the Plan’s provisions. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (“ERISA”), as amended.

Eligibility

There are no service requirements and employees are immediately eligible to join the Plan provided they have attained the age of 21; with the exception of non-resident aliens, leased employees, or independent contractors. Eligible employees may enter the Plan on the first day of the Plan year’s month coinciding with or following the date the eligibility requirements are met.

Participant Contributions

Eligible participants may elect to defer up to 80% of their aggregate compensation, up to the maximum allowable limit of pre-tax or after-tax (Roth) contributions under the Internal Revenue Code (“IRC”). Participants who are at least age 50 can make additional catch-up contributions as defined under the IRC.

Employer Contributions

WYY makes matching contributions equal to 100% of elective deferrals that do not exceed 3% of compensation. WYY may also make discretionary contributions at the end of the Plan year. No discretionary contributions were made in 2024 or 2023.

Rollover Contributions

Participants are allowed to rollover their former employer's qualified retirement plan funds, subject to the Plan provisions.

**NOTES TO THE FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**  
(continued)

**NOTE A - DESCRIPTION OF PLAN - continued**

Vesting

Participants are immediately vested in their voluntary contributions and related earnings thereon. Participants are 20% vested in employer contributions and related earnings thereon after a year of participation in the Plan; and 100% vested after five years of participation. Participants are automatically vested in the Plan regardless of the number of years of service upon attainment of normal retirement age, early retirement age; or retirement due to disability, death, or plan termination.

Investment Options

The Plan provides for participant-directed investment programs; whereby, the Plan Sponsor determines which investment options are available and the participants may choose among the available options. Participants may change their investment options at any time by reallocating contributions among different investment alternatives. Participants may also transfer contributions into and out of investments provided under the Plan, subject to possible restrictions.

Participant Accounts

The Plan qualifies as a participant-directed plan under Section 401(c) of the IRC. Each participant's account is self-directed and is credited with an allocation of the participant's elective contribution and an allocation of WYY's matching contributions and Plan earnings. Participant accounts are reduced by any withdrawals or distributions, investment losses, decreases in values of investments, and share of fees and expenses, as applicable. Allocations are pursuant to the Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The Plan allows active participants to borrow from their vested account balances. The minimum loan is \$500. Participant loans are limited to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. Loans are secured by the balance in the participant's vested account, and bear interest at the prevailing interest rates charged by lending institutions under similar circumstances. The interest rate shall remain fixed throughout the duration of the loan. Principal and interest are paid ratably through bi-weekly payroll deductions, and the repayment period is five years unless the loan is to buy a principal residence.

**WASHINGTON YU YING 401(K) PLAN**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**  
(continued)

**NOTE A - DESCRIPTION OF PLAN – continued**

Payment of Benefits

Benefits may be paid from participant accounts at retirement age of 65; early retirement age of 55 with three years of vested service if no longer working; age 59 ½ and still working; or upon death, disability, or termination of employment. A minimum distribution is required for participants who have reached age 72. Eligible participants may request an in-service hardship distribution of all or any part of their vested account resulting from elective deferrals, matching contributions, discretionary contributions, or qualified nonelective contributions, subject to the Plan's provisions.

Forfeited Accounts

When a participant terminates employment, any forfeited non-vested funds are held until the earlier of the participant's withdrawal of vested funds from the Plan or five years from the participant's termination of employment. Funds that are no longer on hold are credited to the current year forfeiture account and are available to pay plan administrative expenses or reduce employer contributions. During the years ended December 31, 2024 and 2023, forfeitures totaled \$8,307 and \$3,812, respectively; of which \$1,133 and \$370 was used to pay plan administrative expenses, respectively. During the years ended December 31, 2024 and 2023, \$7,112 and \$3,441, was used to reduce employer contributions, respectively.

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with generally accepted accounting principles in the United State of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Benefit Payments

Benefit payments to participants are recorded when such expenses are incurred.

**WASHINGTON YU YING 401(K) PLAN**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**  
(continued)

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued**

Investment Valuation and Income Recognition

Investments are stated at fair value, except those fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurement.

Net asset value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to common collective trust investment contracts, because net asset value is the amount participants would receive, if they were to initiate permitted transactions under the terms of the Plan.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts; because contract value is the amount participants would receive, if they were to initiate permitted transactions under the terms of the Plan.

Interest is recorded as earned and dividend income is accrued as of the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Administrative and Operating Expenses

Certain administrative expenses and professional services are paid by the Plan. Fees related to the administration of participant loans are charged directly to the participant's account and are included in administrative expenses. WYY pays all remaining administrative expenses.

**NOTE C - INFORMATION CERTIFIED BY CUSTODIANS**

The Plan administrator has elected the alternative method of compliance permitted by ERISA Section 103 (a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, information certified by Principal Trust Company and Principal Life Insurance Company, (the “Trustees” of the Plan), as of and for the years ended December 31, 2024 and 2023, was not audited, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedules.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2024 and 2023, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by the custodian of the Plan.

The following investment information has been certified by the custodians as of and for the years ended December 31, 2024 and 2023:

	2024	2023
Investments, at fair value	\$ 6,355,648	\$ 4,875,025

**NOTE D - FAIR VALUE MEASUREMENT**

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurement*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

- Level 1*      Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

**WASHINGTON YU YING 401(K) PLAN**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**  
(continued)

**NOTE D - FAIR VALUE MEASUREMENT - continued**

*Level 2* Inputs to the valuation methodology include a) quoted prices for similar assets or liabilities in active markets; b) quoted prices for identical or similar assets or liabilities in inactive markets; c) inputs other than quoted prices that are observable for the asset or liability; and d) inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in methodologies used at December 31, 2024 and 2023.

The fair value of mutual funds is determined by using the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan invests in stable value common collective trusts, for which the quoted prices are not available in active markets. Investments in common collective trusts are measured by using the net assets value ("NAV") per share, or its equivalent, as a practical expedient, as determined by Principal Life Insurance Company. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**NOTE D - FAIR VALUE MEASUREMENT** - continued

The following table presents the Plan's fair value hierarchy for investments measured at fair value on a recurring basis as of December 31, 2024:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,652,087	\$ -	\$ -	\$ 2,652,087
Investments measured at NAV				3,703,561
Total investments, at fair value				\$ 6,355,648

The following table presents the Plan's fair value hierarchy for investments measured at fair value on a recurring basis as of December 31, 2023:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,549,713	\$ -	\$ -	\$ 1,549,713
Investments measured at NAV				3,325,312
Total investments, at fair value				\$ 4,875,025

In accordance with FASB ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes the Plan's investment for which fair value is measured using the NAV per share practical expedient as of December 31, 2024. There are no participant redemption restrictions for these investments; and the redemption notice period is applicable only to the Plan.

Common collective trust funds	<u>\$ 3,325,312</u>	N/A	Daily	N/A

**NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT**

The Plan has entered into a fully-benefit responsive investment contract with Principal Trust Company (“Principal Trust”). Principal Trust maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

As described in Note B, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal Trust, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan’s prohibition on competing investment options or deletions of equity wash provisions; (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan’s ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan’s investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer. Investments measured at contract value as of December 31, 2024 and 2023, total \$26,524 and \$22,712, respectively.

**NOTE F - RELATED-PARTY TRANSACTIONS AND PARTIES-IN-INTEREST**

Principal Life Insurance Company and Principal Trust Company are custodians as defined by the Plan, and therefore, qualify as a parties-in-interest. For the years ended December 31, 2024 and 2023, fees paid by the Plan for investment management and administrative services totaled \$45,953 and \$22,147, respectively. Certain accounting and administrative functions of the Plan are performed by employees of the Plan Sponsor at no cost to the Plan.

**NOTE G - PRIORITIES UPON PLAN TERMINATION**

Although it has not expressed any intent to do so, WYY has the right under the Plan to amend the Plan, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA and the Plan document. Upon the Plan's termination, participants will continue to be 100% vested in their accounts.

**NOTE H - NON-EXEMPT TRANSACTIONS**

For the year ended December 31, 2022, the Plan sponsor failed to transmit certain participant contributions to the Plan, totaling \$750, within the time period prescribed by ERISA. Late transmissions of participant contributions constitute non-exempt prohibited transactions under ERISA Section 406, regardless of materiality. Although late, the participants contribution were remitted to the Plan on August 31, 2023, and the related lost earnings were remitted on October 10, 2024. There were no late remittances of deferral contributions during the year ended December 31, 2023.

**NOTE I - TAX STATUS**

The Plan has adopted a prototype non-standardized profit sharing plan sponsored by Principal Life Insurance Company. The Internal Revenue Service ("IRS") has informed Principal Life Insurance Company by an opinion dated March 31, 2014, that an employer who adopts the prototype plan will be considered to have a plan qualified under Section 401(a) of the Internal Revenue Code provided all terms of the Plan are followed and the eligibility requirement and the contribution or benefit provisions are not more favorable for highly compensated employees than for other employees.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there were no uncertain positions taken or expected to be taken that would require the recognition of a liability or (asset) or disclosure in the financial statements. The Plan's Form 5500 is subject to examination by the IRS for a period of three years from the date it was filed, except under certain circumstances. The Plan's Form 5500 for the years 2021 through 2023, are open for a tax examination by the IRS, although no request has been made as of the date of these financial statements.

**NOTE J - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE K - RECONCILIATION TO FORM 5500**

The following is a reconciliation of net assets available for benefits per the audited financial statements as of December 31, 2024 and 2023, to net assets available for benefit per the Form 5500:
