Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: WINDHAM BRANNON

(2) EIN: 58-1763439

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

| | Yes | No | Amount |
|--|-----|----|---------|
| a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.) | | X | |
| b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.) | | X | |
| c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.) | | X | |
| d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.) | | X | |
| e Was this plan covered by a fidelity bond? | X | | 2000000 |
| f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty? | | X | |
| g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser? | | X | |
| h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser? | | X | |
| i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.) | X | | |
| j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.) | | X | |
| k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC? | | X | |
| l Has the plan failed to provide any benefit when due under the plan? | | X | |
| m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.) | | X | |
| n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3. | | | |

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

1. Description of Plan

The following description of the McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more detailed description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of McKenney's, Inc. and Affiliated Companies (collectively, McKenney's or the Company). Employees covered by a collective bargaining agreement may participate in the Plan following the later of the date they complete three months of continuous service (as defined in the Plan document) or the date they attain age 21. All non-union employees are eligible to participate in the Plan immediately if they have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of December 31, 2024 and 2023, approximately 66% and 67% of the Company's labor force was covered by collective bargaining agreements. Approximately 21% of employee contributions to the Plan for the year ended December 31, 2024 were made by employees covered by collective bargaining agreements.

Contributions

Each participant may make pre-tax contributions of up to 60% of eligible compensation as defined by the Plan document, not to exceed a maximum of \$23,000 in 2024, plus an additional \$7,500 for participants 50 and over by the end of the Plan year. Within 30 days of employment, all eligible non-union employees will be automatically enrolled in the Plan at 3% of compensation unless they elect otherwise. This deferral rate will be increased each year on October 19th by 1% of their eligible compensation not to exceed 10% unless the employee elects otherwise. The contributions will be invested in a default fund based on the participant's age unless the employee elects otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make a discretionary profit sharing contribution as well as a discretionary matching contribution on behalf of non-union eligible employees who are employed with the Company on the last day of the Plan year. Employees covered by a collective bargaining agreement are not eligible for the Company's matching or profit sharing contributions unless negotiated in their union contract. The discretionary profit sharing contribution is based on eligible employee compensation as defined in the Plan document. The discretionary matching contribution is based on a ratio determined by the Company on an annual basis. In 2024, the Company contributed discretionary matching contributions of 100% of the first 5% of eligible

McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

participant compensation up to \$100,000 of eligible compensation, and 50% of the next 5% of eligible participant compensation in excess of \$100,000 of eligible compensation.

In 2025, the Company made contributions for the 2024 plan year totaling \$5,933,731 of which \$2,318,731 were discretionary matching contributions and \$3,615,000 were discretionary profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's matching and profit sharing contributions, and earnings and losses on the investments in their account, and is charged for certain transaction expenses for services received by individual participants. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus earnings and losses thereon. The Company's discretionary matching contributions and discretionary profit sharing contributions vest 20% per year of continuous service and are fully vested after five years of service.

Payment of Benefits

At the time of death, disability, termination of service, or retirement, the participant or his or her beneficiary may receive payment of the vested interest in his or her account in a lump-sum distribution or installment payments. Prior to November 8, 2024, terminated participants who had vested Company discretionary matching or profit sharing contributions equal to or greater than \$20,000 could not withdraw or rollover Company discretionary matching or discretionary profit sharing contributions until the earlier of normal retirement age as defined in the Plan document or there had been five consecutive one-year breaks in service or there was a certain hardship situation. Effective November 8, 2024, hardship distributions are limited to 1 occurrence per year and can only be withdrawn from the participant's contributions.

Forfeited Accounts

Forfeited non-vested account balances totaled \$409,729 and \$492,028 as of December 31, 2024 and 2023, respectively. These accounts may be used to pay administrative expenses or to reduce future Company contributions. During 2024, \$7,997 of forfeitures were used to pay administrative expenses. During 2025, \$400,000 of forfeitures were used to reduce the Company discretionary profit sharing and employer discretionary matching contributions.

McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

Administrative Expenses

Administrative expenses for specific participant transactions (i.e., distributions requests, etc.) are charged directly against the appropriate participant's account. The Plan document permits certain administrative expenses to be paid by the Plan. Expenses paid by the Plan in 2024 included recordkeeping fees and advisory fees paid to service providers of the Plan. These expenses paid to the service providers qualify for party-in-interest transactions. The Company pays all other administrative expenses of the Plan. The Company does not expect reimbursement from the Plan for these expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company discretionary matching and discretionary profit sharing contributions are payable to the Plan after approval by the administrative committee. Any unfunded participant or Company discretionary matching and discretionary profit sharing contributions are included in the employee or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2024 and 2023.

In accordance with the Financial Accounting Standards Board's Accounting Standards Codification (ASC) 326, *Financial Instruments—Credit Losses*, the Company estimates the current credit risk associated with employer contributions receivables. The Company determined that no allowance for credit loss was necessary as of December 31, 2024 and 2023.

McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net increase in fair value of investments includes interest, dividends, realized and unrealized gains and losses on those investments, and fees charged for investment management services on those investments.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 10, 2025, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, and the net increase in fair value of investments for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Institutional Trust Company (VOYA), the Plan's qualified institution.

4. Investments and Fair Value Measurements

Fees incurred by the Plan for the investment management services are included in net increase in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

Investments are exposed to several risks, such as market, currency, interest rate, and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, etc. It is at least reasonably possible that changes in their fair values will occur in the near term and that such changes could materially affect participants' account balances.

McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – observable data, including quoted prices for identical assets or liabilities in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Investments in mutual funds are valued at quoted market prices for the identical security in an active market (Level 1).

The Plan invests in a stable value fund held in common/collective trust funds. The stable value fund invests in fully benefit-responsive guaranteed investment contracts (GICs), which are general obligations of the insurance companies that issue the contracts, as well as synthetic GICs. The stable value fund trades at the net asset value (NAV), which is based on the contract value of the underlying investments. Participants transact at NAV daily in an active market (Level 1). The stable value fund includes certain redemption restrictions. If the Plan chooses to redeem all or a significant portion of the stable value fund, the issuer may require a 12-month wait period to redeem.

Investments in common/collective trust funds are valued daily using their net asset value (NAV). The NAVs are based on the fair value of the mutual funds, stocks, debt instruments, and other securities in the accounts. Participants can trade the common/collective trust funds daily at the published NAV (Level 1).

McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

The following table summarizes the Plan's investments based on the inputs used to determine their fair values as of December 31:

| | Level 1 | |
|---|-----------------------|-----------------------|
| | 2024 | 2023 |
| Mutual funds | \$ 114,396,471 | \$ 88,324,023 |
| Common/collective trust funds | 14,924,098 | 16,596,095 |
| Total investments, at fair value | \$ 129,320,569 | \$ 104,920,118 |

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their Company discretionary matching and discretionary profit sharing contributions.

6. Income Tax Status

In March 2022, the Plan that was based on a Volume Submitter Profit Sharing Plan with CODA (volume submitter plan) sponsored by Fidelity Management & Research Co. (FMRC) moved to a Non-Standardized PreApproved Profit Sharing Plan with CODA (pre-approved plan) sponsored by FMR LLC (doing business as Fidelity Institutional Asset Management). The Internal Revenue Service has opined and informed FMR LLC by letter dated June 30, 2020, that the pre-approved plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). During 2023, the Plan moved from the pre-approved plan sponsored by FMR LLC to a Non-Standardized Defined Contribution Pre-Approved Plan sponsored by Voya Retirement Insurance and Annuity Company. The Internal Revenue Service has opined and informed Voya Retirement Insurance and Annuity Company by letter dated June 30, 2020, the pre-approved plan is designed in accordance with the applicable sections of the IRC. The Plan has not received an individual determination letter and has been amended since FMR LLC and Voya Retirement Insurance and Annuity Company received the opinion letters. However, the Plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

1. Description of Plan

The following description of the McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more detailed description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of McKenney's, Inc. and Affiliated Companies (collectively, McKenney's or the Company). Employees covered by a collective bargaining agreement may participate in the Plan following the later of the date they complete three months of continuous service (as defined in the Plan document) or the date they attain age 21. All non-union employees are eligible to participate in the Plan immediately if they have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of December 31, 2024 and 2023, approximately 66% and 67% of the Company's labor force was covered by collective bargaining agreements. Approximately 21% of employee contributions to the Plan for the year ended December 31, 2024 were made by employees covered by collective bargaining agreements.

Contributions

Each participant may make pre-tax contributions of up to 60% of eligible compensation as defined by the Plan document, not to exceed a maximum of \$23,000 in 2024, plus an additional \$7,500 for participants 50 and over by the end of the Plan year. Within 30 days of employment, all eligible non-union employees will be automatically enrolled in the Plan at 3% of compensation unless they elect otherwise. This deferral rate will be increased each year on October 19th by 1% of their eligible compensation not to exceed 10% unless the employee elects otherwise. The contributions will be invested in a default fund based on the participant's age unless the employee elects otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make a discretionary profit sharing contribution as well as a discretionary matching contribution on behalf of non-union eligible employees who are employed with the Company on the last day of the Plan year. Employees covered by a collective bargaining agreement are not eligible for the Company's matching or profit sharing contributions unless negotiated in their union contract. The discretionary profit sharing contribution is based on eligible employee compensation as defined in the Plan document. The discretionary matching contribution is based on a ratio determined by the Company on an annual basis. In 2024, the Company contributed discretionary matching contributions of 100% of the first 5% of eligible

McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

participant compensation up to \$100,000 of eligible compensation, and 50% of the next 5% of eligible participant compensation in excess of \$100,000 of eligible compensation.

In 2025, the Company made contributions for the 2024 plan year totaling \$5,933,731 of which \$2,318,731 were discretionary matching contributions and \$3,615,000 were discretionary profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's matching and profit sharing contributions, and earnings and losses on the investments in their account, and is charged for certain transaction expenses for services received by individual participants. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus earnings and losses thereon. The Company's discretionary matching contributions and discretionary profit sharing contributions vest 20% per year of continuous service and are fully vested after five years of service.

Payment of Benefits

At the time of death, disability, termination of service, or retirement, the participant or his or her beneficiary may receive payment of the vested interest in his or her account in a lump-sum distribution or installment payments. Prior to November 8, 2024, terminated participants who had vested Company discretionary matching or profit sharing contributions equal to or greater than \$20,000 could not withdraw or rollover Company discretionary matching or discretionary profit sharing contributions until the earlier of normal retirement age as defined in the Plan document or there had been five consecutive one-year breaks in service or there was a certain hardship situation. Effective November 8, 2024, hardship distributions are limited to 1 occurrence per year and can only be withdrawn from the participant's contributions.

Forfeited Accounts

Forfeited non-vested account balances totaled \$409,729 and \$492,028 as of December 31, 2024 and 2023, respectively. These accounts may be used to pay administrative expenses or to reduce future Company contributions. During 2024, \$7,997 of forfeitures were used to pay administrative expenses. During 2025, \$400,000 of forfeitures were used to reduce the Company discretionary profit sharing and employer discretionary matching contributions.

McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

Administrative Expenses

Administrative expenses for specific participant transactions (i.e., distributions requests, etc.) are charged directly against the appropriate participant's account. The Plan document permits certain administrative expenses to be paid by the Plan. Expenses paid by the Plan in 2024 included recordkeeping fees and advisory fees paid to service providers of the Plan. These expenses paid to the service providers qualify for party-in-interest transactions. The Company pays all other administrative expenses of the Plan. The Company does not expect reimbursement from the Plan for these expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company discretionary matching and discretionary profit sharing contributions are payable to the Plan after approval by the administrative committee. Any unfunded participant or Company discretionary matching and discretionary profit sharing contributions are included in the employee or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2024 and 2023.

In accordance with the Financial Accounting Standards Board's Accounting Standards Codification (ASC) 326, *Financial Instruments—Credit Losses*, the Company estimates the current credit risk associated with employer contributions receivables. The Company determined that no allowance for credit loss was necessary as of December 31, 2024 and 2023.

McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net increase in fair value of investments includes interest, dividends, realized and unrealized gains and losses on those investments, and fees charged for investment management services on those investments.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 10, 2025, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, and the net increase in fair value of investments for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Institutional Trust Company (VOYA), the Plan's qualified institution.

4. Investments and Fair Value Measurements

Fees incurred by the Plan for the investment management services are included in net increase in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

Investments are exposed to several risks, such as market, currency, interest rate, and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, etc. It is at least reasonably possible that changes in their fair values will occur in the near term and that such changes could materially affect participants' account balances.

McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – observable data, including quoted prices for identical assets or liabilities in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Investments in mutual funds are valued at quoted market prices for the identical security in an active market (Level 1).

The Plan invests in a stable value fund held in common/collective trust funds. The stable value fund invests in fully benefit-responsive guaranteed investment contracts (GICs), which are general obligations of the insurance companies that issue the contracts, as well as synthetic GICs. The stable value fund trades at the net asset value (NAV), which is based on the contract value of the underlying investments. Participants transact at NAV daily in an active market (Level 1). The stable value fund includes certain redemption restrictions. If the Plan chooses to redeem all or a significant portion of the stable value fund, the issuer may require a 12-month wait period to redeem.

Investments in common/collective trust funds are valued daily using their net asset value (NAV). The NAVs are based on the fair value of the mutual funds, stocks, debt instruments, and other securities in the accounts. Participants can trade the common/collective trust funds daily at the published NAV (Level 1).

McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

The following table summarizes the Plan's investments based on the inputs used to determine their fair values as of December 31:

| | Level 1 | |
|---|-----------------------|-----------------------|
| | 2024 | 2023 |
| Mutual funds | \$ 114,396,471 | \$ 88,324,023 |
| Common/collective trust funds | 14,924,098 | 16,596,095 |
| Total investments, at fair value | \$ 129,320,569 | \$ 104,920,118 |

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their Company discretionary matching and discretionary profit sharing contributions.

6. Income Tax Status

In March 2022, the Plan that was based on a Volume Submitter Profit Sharing Plan with CODA (volume submitter plan) sponsored by Fidelity Management & Research Co. (FMRC) moved to a Non-Standardized PreApproved Profit Sharing Plan with CODA (pre-approved plan) sponsored by FMR LLC (doing business as Fidelity Institutional Asset Management). The Internal Revenue Service has opined and informed FMR LLC by letter dated June 30, 2020, that the pre-approved plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). During 2023, the Plan moved from the pre-approved plan sponsored by FMR LLC to a Non-Standardized Defined Contribution Pre-Approved Plan sponsored by Voya Retirement Insurance and Annuity Company. The Internal Revenue Service has opined and informed Voya Retirement Insurance and Annuity Company by letter dated June 30, 2020, the pre-approved plan is designed in accordance with the applicable sections of the IRC. The Plan has not received an individual determination letter and has been amended since FMR LLC and Voya Retirement Insurance and Annuity Company received the opinion letters. However, the Plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

1. Description of Plan

The following description of the McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more detailed description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of McKenney's, Inc. and Affiliated Companies (collectively, McKenney's or the Company). Employees covered by a collective bargaining agreement may participate in the Plan following the later of the date they complete three months of continuous service (as defined in the Plan document) or the date they attain age 21. All non-union employees are eligible to participate in the Plan immediately if they have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of December 31, 2024 and 2023, approximately 66% and 67% of the Company's labor force was covered by collective bargaining agreements. Approximately 21% of employee contributions to the Plan for the year ended December 31, 2024 were made by employees covered by collective bargaining agreements.

Contributions

Each participant may make pre-tax contributions of up to 60% of eligible compensation as defined by the Plan document, not to exceed a maximum of \$23,000 in 2024, plus an additional \$7,500 for participants 50 and over by the end of the Plan year. Within 30 days of employment, all eligible non-union employees will be automatically enrolled in the Plan at 3% of compensation unless they elect otherwise. This deferral rate will be increased each year on October 19th by 1% of their eligible compensation not to exceed 10% unless the employee elects otherwise. The contributions will be invested in a default fund based on the participant's age unless the employee elects otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make a discretionary profit sharing contribution as well as a discretionary matching contribution on behalf of non-union eligible employees who are employed with the Company on the last day of the Plan year. Employees covered by a collective bargaining agreement are not eligible for the Company's matching or profit sharing contributions unless negotiated in their union contract. The discretionary profit sharing contribution is based on eligible employee compensation as defined in the Plan document. The discretionary matching contribution is based on a ratio determined by the Company on an annual basis. In 2024, the Company contributed discretionary matching contributions of 100% of the first 5% of eligible

participant compensation up to \$100,000 of eligible compensation, and 50% of the next 5% of eligible participant compensation in excess of \$100,000 of eligible compensation.

In 2025, the Company made contributions for the 2024 plan year totaling \$5,933,731 of which \$2,318,731 were discretionary matching contributions and \$3,615,000 were discretionary profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's matching and profit sharing contributions, and earnings and losses on the investments in their account, and is charged for certain transaction expenses for services received by individual participants. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus earnings and losses thereon. The Company's discretionary matching contributions and discretionary profit sharing contributions vest 20% per year of continuous service and are fully vested after five years of service.

Payment of Benefits

At the time of death, disability, termination of service, or retirement, the participant or his or her beneficiary may receive payment of the vested interest in his or her account in a lump-sum distribution or installment payments. Prior to November 8, 2024, terminated participants who had vested Company discretionary matching or profit sharing contributions equal to or greater than \$20,000 could not withdraw or rollover Company discretionary matching or discretionary profit sharing contributions until the earlier of normal retirement age as defined in the Plan document or there had been five consecutive one-year breaks in service or there was a certain hardship situation. Effective November 8, 2024, hardship distributions are limited to 1 occurrence per year and can only be withdrawn from the participant's contributions.

Forfeited Accounts

Forfeited non-vested account balances totaled \$409,729 and \$492,028 as of December 31, 2024 and 2023, respectively. These accounts may be used to pay administrative expenses or to reduce future Company contributions. During 2024, \$7,997 of forfeitures were used to pay administrative expenses. During 2025, \$400,000 of forfeitures were used to reduce the Company discretionary profit sharing and employer discretionary matching contributions.

Administrative Expenses

Administrative expenses for specific participant transactions (i.e., distributions requests, etc.) are charged directly against the appropriate participant's account. The Plan document permits certain administrative expenses to be paid by the Plan. Expenses paid by the Plan in 2024 included recordkeeping fees and advisory fees paid to service providers of the Plan. These expenses paid to the service providers qualify for party-in-interest transactions. The Company pays all other administrative expenses of the Plan. The Company does not expect reimbursement from the Plan for these expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company discretionary matching and discretionary profit sharing contributions are payable to the Plan after approval by the administrative committee. Any unfunded participant or Company discretionary matching and discretionary profit sharing contributions are included in the employee or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2024 and 2023.

In accordance with the Financial Accounting Standards Board's Accounting Standards Codification (ASC) 326, *Financial Instruments—Credit Losses*, the Company estimates the current credit risk associated with employer contributions receivables. The Company determined that no allowance for credit loss was necessary as of December 31, 2024 and 2023.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net increase in fair value of investments includes interest, dividends, realized and unrealized gains and losses on those investments, and fees charged for investment management services on those investments.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 10, 2025, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, and the net increase in fair value of investments for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Institutional Trust Company (VOYA), the Plan's qualified institution.

4. Investments and Fair Value Measurements

Fees incurred by the Plan for the investment management services are included in net increase in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

Investments are exposed to several risks, such as market, currency, interest rate, and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, etc. It is at least reasonably possible that changes in their fair values will occur in the near term and that such changes could materially affect participants' account balances.

McKenney's, Inc. and Affiliated Companies Profit Sharing and 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – observable data, including quoted prices for identical assets or liabilities in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Investments in mutual funds are valued at quoted market prices for the identical security in an active market (Level 1).

The Plan invests in a stable value fund held in common/collective trust funds. The stable value fund invests in fully benefit-responsive guaranteed investment contracts (GICs), which are general obligations of the insurance companies that issue the contracts, as well as synthetic GICs. The stable value fund trades at the net asset value (NAV), which is based on the contract value of the underlying investments. Participants transact at NAV daily in an active market (Level 1). The stable value fund includes certain redemption restrictions. If the Plan chooses to redeem all or a significant portion of the stable value fund, the issuer may require a 12-month wait period to redeem.

Investments in common/collective trust funds are valued daily using their net asset value (NAV). The NAVs are based on the fair value of the mutual funds, stocks, debt instruments, and other securities in the accounts. Participants can trade the common/collective trust funds daily at the published NAV (Level 1).

Notes to Financial Statements December 31, 2024 and 2023

The following table summarizes the Plan's investments based on the inputs used to determine their fair values as of December 31:

| | Level 1 | |
|---|-----------------------|-----------------------|
| | 2024 | 2023 |
| Mutual funds | \$ 114,396,471 | \$ 88,324,023 |
| Common/collective trust funds | 14,924,098 | 16,596,095 |
| Total investments, at fair value | \$ 129,320,569 | \$ 104,920,118 |

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their Company discretionary matching and discretionary profit sharing contributions.

6. Income Tax Status

In March 2022, the Plan that was based on a Volume Submitter Profit Sharing Plan with CODA (volume submitter plan) sponsored by Fidelity Management & Research Co. (FMRC) moved to a Non-Standardized PreApproved Profit Sharing Plan with CODA (pre-approved plan) sponsored by FMR LLC (doing business as Fidelity Institutional Asset Management). The Internal Revenue Service has opined and informed FMR LLC by letter dated June 30, 2020, that the pre-approved plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). During 2023, the Plan moved from the pre-approved plan sponsored by FMR LLC to a Non-Standardized Defined Contribution Pre-Approved Plan sponsored by Voya Retirement Insurance and Annuity Company. The Internal Revenue Service has opined and informed Voya Retirement Insurance and Annuity Company by letter dated June 30, 2020, the pre-approved plan is designed in accordance with the applicable sections of the IRC. The Plan has not received an individual determination letter and has been amended since FMR LLC and Voya Retirement Insurance and Annuity Company received the opinion letters. However, the Plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

| | 2024 | 2023 |
|--|-----------------------|----------------|
| Net assets available for benefits per the financial statements | \$ 135,254,300 | \$ 109,392,454 |
| Rounding | (1) | (1) |
| Employer contributions receivable | (5,933,731) | (4,472,336) |
| Net assets available for benefits per the Form 5500 | \$ 129,320,568 | \$ 104,920,117 |

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2024:

| | |
|--|----------------------|
| Net increase in net assets available for benefits per the financial statements | \$ 25,861,846 |
| Plus: Employer contributions receivable at December 31, 2023 | 4,472,336 |
| Minus: Employer contributions receivable at December 31, 2024 | (5,933,731) |
| Net increase in net assets available for benefits per the Form 5500 | \$ 24,400,451 |

The Form 5500 is prepared on the cash basis method. The above reconciliations are included to show the difference between the cash basis Form 5500 and the accrual basis financial statements.
