Independent Auditor's Report

The Plan Administrator
County Services, Inc. 401(k) Plan
Amarillo, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of County Services, Inc. 401 (k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by Reliance Trust Company and by Transamerica Trust Company, banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). The Plan Administrator has informed us that Transamerica Trust Company held the Plan's investment assets and executed investment transactions from July 1, 2024 to December 31, 2024 and that Reliance Trust Company held the Plan's investments and executed investment transactions for the period from January 1, 2023 to June 30, 2024.

Management has obtained a certification from the qualified institutions as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Notes 4 and 5 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H Line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of County Services, Inc. 401(k) Plan (the Plan) have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires County Services, Inc. (the Plan Administrator and Employer) to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Investments

Investments are reported at fair value as determined by Transamerica Retirement Solutions (Transamerica), the recordkeeper of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments held by Transamerica are in mutual fund accounts and there is one Stable Value account. All investments are reported at fair value.

See Note 5 for discussion of fair value measurement.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable are reclassified based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

County Services, Inc. provides accounting and managerial services to the Plan at no charge. Certain expenses incurred in connection with the general administration of the plan that are paid by the plan are recorded as deductions in the accompanying statements of changes in net

assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investment presented in the accompanying statements of changes in net assets available for benefits.

Recent Legislation

On December 29, 2022, Securing a Strong Retirement Act (Secure 2.0) was passed into law. The provisions of Secure 2.0 continue the themes and reforms that began with the 2019 Secure Act, focusing on getting more participants into the retirement system and finding ways for them to accumulate more assets. These changes have various effective dates from December 29, 2022 through plan years beginning after December 31, 2027. Since the provision includes both required and optional elements, the Plan administrator will determine the optional provisions to elect.

NOTE 2 - DESCRIPTION OF THE PLAN

The following description of the Plan is provided for general information. Participants should refer to the Plan agreement for more complete information concerning the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of County Services, Inc. and Nutri-Feeds, LLC (collectively the Employer). Employees are eligible to participate after completing three months of service with one hour of service in each month and attaining the age of 18. The Plan entry dates are the first day of each calendar quarter following when Plan eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and is intended to qualify under Section 401(k) of the Internal Revenue Code (IRC). The Plan has an Eligible Automatic Contribution Arrangement (EACA) that permits a 3% default percentage to be withheld from each eligible employee's compensation. Employees have the option to make a written affirmative election to avoid having the default elective contribution withheld from their compensation. The EACA applies to any employee who becomes a participant in the Plan on or after January 1, 2014, and who does not have an affirmative election on file. Effective January 1, 2021, the Plan has a de minimis distribution threshold of \$5,000. Distributions greater than \$1,000 that are subject to the de minimis provision will be rolled over into an Individual Retirement Account.

Trust Fund Management

Transamerica is the recordkeeper of the Plan. The recordkeeper maintains trust fund records on a plan year basis. Reliance Trust was the custodian through June 30, 2024, and Transamerica Trust was the custodian starting on July 1, 2024. John Cates is the Trustee of the Plan.

NOTE 2 - DESCRIPTION OF THE PLAN (CONTINUED)

Contributions

The Plan allows employees to contribute up to 100% of their eligible compensation on a pre-tax basis, provided that contributions do not exceed Internal Revenue Service (IRS) limitations. The Employer allows employees who have attained age 50 before the close of a Plan year to make a catch-up contribution subject to IRS limitations. The amount of the catch-up contribution is not eligible for matching contributions under the Plan. Changes in an employee's individual contribution percentage may be made quarterly. These discretionary employee contributions are made under a salary reduction program.

The Employer may match participant contributions to the Plan in an amount equal to 100% of the elective deferral that does not exceed 3% of compensation plus 50% of the elective deferral that exceeds 3% of compensation but does not exceed 5% of compensation. Additional qualified non-elective contributions can also be made to non-highly compensated employees at the discretion of the Employer. Non-elective contributions are allocated to eligible employees in proportion to their compensation as a percentage of total compensation of all eligible employees. Employees' accounts are credited with their respective contributions, including Employer contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution under the salary reduction agreement and an allocation of 1) the Companies' contribution, 2) the Plan earnings, and 3) forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Loans are secured by the balance in the Participant's account and bear interest at the prime plus 2% for five years. Principal and interest are paid ratably through weekly payroll deductions. Loans that are considered in default will be deemed an in-service withdrawal, which is a taxable event for the participant.

Payment of Benefits

The Plan provides for payments of benefits to participants or their beneficiaries (i) upon reaching the age of 59 1/2 years or the normal retirement of the participant, (ii) in the event of total disability (as defined in the Plan), (iii) in the event of the participant's death, or (iv) in the event of termination of employment because of other reasons.

There is no mandatory cash-out provision in the Plan document. Participants have the option of leaving funds invested in the Plan after termination of employment. Terminated employees that elect to leave funds invested in the Plan continue to share in the allocation of income earned on trust assets; however, none of the annual contributions made to the Plan are allocated to such participants. Payment of benefits must be requested in writing from participants and the benefit will be paid out in a lump sum or a rollover to another qualified plan.

**COUNTY SERVICES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 2 - DESCRIPTION OF THE PLAN (CONTINUED)

Termination of the Plan

Although it has not expressed any intent to do so, the Employer has the right to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Vesting

Participants are immediately vested in their accounts under the voluntary salary reduction agreement and the earnings thereon. Participants are vested 100% in all Employer contributions made pursuant to the ADP Safe Harbor Contribution provisions. If the Employer makes non-elective contributions, vesting in the remainder of their accounts is based on years of credited service. A participant is 100% vested after six years of credited service.

Employee Investment Options

The Plan allows participants to self-direct 100% of their share of Plan assets in a variety of funds approved by the Plan's Trustee. The Plan currently offers 31 funds as investment options for Plan participants. Changes in allocations between funds may be made at the employee's discretion.

Forfeitures

The nonvested portion of a participant's account for termination of employment prior to normal retirement is considered forfeiture. The Plan document permits the use of forfeitures to be used to reduce Plan administrative expenditures and then Employer contributions. At December 31, 2024 and 2023, \$3,947 and \$3,664, respectively, of current year forfeitures remained uninvested in a cash account and \$143 and \$191, respectively, was invested in the Stable Value Fund for future allocation. Employer contributions and Plan expenses paid from the forfeited nonvested accounts for the years ended December 31, 2024 and 2023 were approximately \$15,000 and \$13,000 respectively.

NOTE 3 - TAX STATUS

The underlying non-standardized pre-approved profit-sharing plan has received a series of advisory letters from the Internal Revenue Service (IRS), the most recent dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the IRC, and therefore, the related trust is tax exempt. The Plan Administrator has determined that it is eligible to, and has chosen to, rely on the current IRS advisory letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if

NOTE 3 - TAX STATUS (CONTINUED)

the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1 – Quoted prices are available in active markets for identical assets or liabilities.

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3 – Unobservable inputs that are not corroborated by market data.

When available, quoted market prices are used to determine the fair value of investments held in the Plan, and such items are classified within Level 1 of the fair value hierarchy. A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements.

The following is a description of the valuation methodologies used for instruments measured at fair value, as well as general classification of such instruments pursuant to the valuation hierarchy. There have been no change in methodologies at December 31, 2024 and 2023.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Stable value fund: This investment is not a traditional GIC that relies upon underlying contracts for specific return guarantees or specific maturities. It is more similar to a bank certificate of deposit with a revolving interest guarantee. Investments are fairly valued at contract value and are thus deemed Level 2 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All transfers are assumed to occur at the beginning of the reporting period. There were no transfers into or out of fair value levels for the years ended December 31, 2024 and 2023.

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

Investments at Fair Value on a Recurring Basis

The following table represents the balances of the Plan's financial investments that were measured at fair value on a recurring basis as of December 31, 2024 and 2023:

	Fair Value Measurements Using:			Total
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
<u>December 31, 2024</u>

Stable value funds	-	1,528	-	1,528
Total investments	\$ 4,430,283	\$ 1,528	\$ -	\$ 4,431,811

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

The Employer provides certain administrative services to the Plan at no cost. These costs were not significant.

Certain Plan investments are shares of mutual funds managed by Transamerica. Transamerica is the participant recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan issues loans to participants which are secured by the vested balances in the participants accounts. The direct payments to Transamerica for Administrative expenses were \$38,793 and \$31,973 for the years ended December 31, 2024 and 2023, respectively.

**COUNTY SERVICES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 8 - SIGNIFICANT ESTIMATES AND CONCENTRATIONS

The current economy continues to present retirement plans with difficult circumstances and challenges, which in some cases have resulted in large and unanticipated declines in the fair value of investments. The financial statements have been prepared using values and information currently available to the Plan.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

NOTE 9 - RECENT ACCOUNTING PRONOUNCEMENTS

The Plan assessed recent accounting pronouncements, noting none that would impact the financial statements or notes to the financial statements.

NOTE 10- RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of financial statements to Form 5500 at December 31:
