## Independent Auditors' Report

THE AUDIT COMMITTEE OF  
THE BOARD OF DIRECTORS  
EPISCOPAL COMMUNITY SERVICES  
OF SAN FRANCISCO, INC. RETIREMENT PLAN  
San Francisco, California

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **EPISCOPAL COMMUNITY SERVICES OF SAN FRANCISCO, INC. RETIREMENT PLAN** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

### **Note 1 - Plan Description:**

The following description of the Episcopal Community Services of San Francisco, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution plan that was established July 1, 2004, and is sponsored by Episcopal Community Services of San Francisco, Inc. (ECS) to provide benefits to eligible employees, as defined in the Plan agreement. The Plan is a custodial account plan, designed to hold mutual funds. The Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan was restated effective January 1, 2018 to conform with the prototype 403(b) plan documents which received a favorable opinion letter from the U.S. Internal Revenue Service. The Plan was previously restated effective January 1, 2016, coincident with the appointment of a new Plan Custodian, to include an Eligible Automatic Contribution Arrangement and Qualified Default Investment Alternative, as well as to permit Roth salary deferral contributions and amend the eligibility requirements for employees to receive employer contributions. The Plan previously was restated effective January 1, 2011 to incorporate plan provisions required by the Internal Revenue Service (IRS) from prior amendments. Prior amendments include automatic rollovers, hardship conditions, Code §415 compensation, military service leave, Midwest relief, and the Final 403(b) Regulations.

#### Eligibility

Effective January 1, 2011, all employees are eligible to participate in the Plan. Previously, employees needed to defer at least \$200 annually and before January 1, 2009, employees also needed to work at least 20 hours per week to be eligible.

In order for the employee to participate in the employer discretionary "profit-sharing" or matching contribution portion of the Plan, the employee must be enrolled in the Plan, have worked for ECS for three months and 1,000 hours annually. Previously, until January 1, 2016, in order to participate in employer contributions, the employee had to have been enrolled in the Plan and have worked at ECS for either six months (discretionary) or three months (matching), and worked at least 20 hours per week. (See below for current and historical employer contributions.)

#### Contribution

Participants may make salary deferral (pre-tax and Roth) contributions annually up to 100% of their eligible pre-tax compensation not to exceed the amount allowable under current income tax regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make 403(b) catch-up contributions. In addition, employees who have worked at least fifteen years for ECS may make special 403(b) catch-up contributions as described in the Plan agreement. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

ECS may make discretionary matching contributions equal to a percentage of the participant's elective deferrals. From July 1, 2004 – October 18, 2009, ECS matched employee deferrals up to 1% of the employee's annual wage. ECS did not make employer matching contributions from October 2009 through December 2014. ECS resumed employer matching contributions effective December 22, 2014, the first day of the first pay period of 2015. For the periods 2015-2019, the employer matching contribution is 100% of the employee's contribution up to \$19.23 per pay-period or \$500. Effective January 1, 2020 ECS resumed matching employee deferrals up to 1% of the employee's annual wage.

Additional discretionary "profit-sharing" contributions may be made at the option of ECS's Board of Directors. From institution in January 1, 2005 until October 18, 2009, ECS made discretionary contributions in varying amounts between 1%-3% of the employee's eligible compensation (2005-2006: 1%; 2007: 2%; 2008-October, 2009: 3%). Effective October 19, 2009, the discretionary contribution was reduced to 2%; effective December 27, 2010, ECS ceased making the discretionary contributions. A 1% discretionary contribution was resumed for 2016 and 2% for 2017 through 2024.

#### Payment of Benefits

Upon termination of employment or retirement, the participants or their designated beneficiaries may elect to leave their account balances in the Plan, roll their account balance over into another qualified plan or IRA, receive their total benefits in a lump sum, receive their benefits in installment payments (fixed period or fixed payment) or in a life annuity (qualified joint and survivor, straight life, single life with certain periods, single life with installment refund or survivorship life with installment refund).

If the Participant has not reached age 65 and does not elect to receive a single lump sum payment or direct rollover to an eligible retirement plan, vested accounts that are more than \$1,000 and less than \$5,000 are directly rolled over into a traditional individual retirement account (IRA); vested accounts that are \$1,000 or less, are paid directly to the participant.

The Plan allows for hardship withdrawals of salary deferrals by the participant.

There were no participant requests to withdraw from the Plan at December 31, 2024 that have not been paid as of that date.

#### Participant Accounts

Each participant's account is credited with the participant's contributions, ECS's matching and discretionary contributions and investment earnings or losses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Participant Investment Options

Upon enrollment in the Plan, a participant must direct employee and ECS matching and discretionary contributions in any of the selected investments as made available under the Custody Agreement with Delaware Charter Guarantee & Trust Company, doing business as Principal Trust Company (the Custodian). In the absence of an investment election, per a Qualified Default Investment Alternative, funds are directed to the applicable Principal LifeTime portfolio based on the participant's current age and the definition of normal retirement date under the Plan. Participants may change their investment options at any time throughout the year via their on-line account with the Principal Life Insurance Company (the Principal), selected by ECS as the administrative services provider and record-keeper to the Plan, via the Principal's interactive voice response system or by submitting an enrollment change form to the Principal.

#### Vesting

Participants become immediately vested in their employee contributions. The portion of the participants' accounts attributable to the ECS's contributions become 50% vested after two years of credited service, and 100% vested after three years of credited service, as defined in the Plan.

#### Forfeitures

Amounts of participants' forfeited non-vested accounts are used to reduce employer contributions or to pay other plan expenses. In 2024, forfeiture funds were used to reduce employer contributions.

The forfeiture account balance amounted to \$65,104 and \$51,346 as of December 31, 2024 and 2023.

#### Notes Receivable from Participants

The Plan does not allow for participant loans.

### Plan Custodian

Delaware Charter Guarantee & Trust Company doing business as Principal Trust Company, a member of the Principal Financial Group (the Custodian), is the entity selected by ECS to receive and hold assets of the Plan and issue the investment vehicles for accepting contributions pursuant to the Plan. Principal Life Insurance Company (the Principal) was selected by ECS as the administrative services provider and record-keeper to the Plan. The custodial account was established under a Custody Agreement between the Principal and the Custodian for the benefit of the Episcopal Community Services of San Francisco, Inc. Retirement Plan effective January 1, 2016.

### **Note 2 - Summary of Significant Accounting Policies:**

#### Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

#### Investment Valuation and Income Recognition

Investments of the Plan are held by the Custodian and invested based solely upon instructions received from participants or in the absence of instructions, a qualified default investment alternative.

The Plan's investments are reported at fair value as of the last day of the Plan year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments in the Statement of Changes in Net Assets Available for Benefits includes both the unrealized appreciation (depreciation) in the aggregate current value of investments and realized gains and losses on sale of investments bought and sold as well as held during the year.

The market volatility of equity-based investments may substantially impact the value of such investments at any given time.

It is likely that the value of the Plan's investments, both in total and in individual participant accounts, has fluctuated since December 31, 2024.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation (depreciation) in fair value of investments.

## Notes to the Financial Statements

---

### Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### Contributions

Contributions from Plan participants and the Company are recorded in the year in which participant compensation is earned.

### Benefits to Participants

Benefits are recorded when paid.

### Subsequent Events

The Plan Administrator evaluated subsequent events from December 31, 2024 through September 26, 2025, the date the financial statements were available to be issued, and there were no material subsequent events that required recognition or additional disclosure in these financial statements.

### **Note 3 - Certified Information:**

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investment held at December 31, 2024 and 2023, and net depreciation in fair value of investments and interest and dividend income for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company (the Custodians of the Plan).

### **Note 4 - Fair Value Measurements:**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

# Episcopal Community Services of San Francisco Inc.

## Retirement Plan

### Notes to the Financial Statements

---

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual Funds:* valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realized value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

# Episcopal Community Services of San Francisco Inc. Retirement Plan

## Notes to the Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

<b>December 31, 2024</b>	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 12,583,689	\$ 12,583,689		
Investments, at fair value	\$ 12,583,689	\$ 12,583,689	\$ -	\$ -

<b>December 31, 2023</b>	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 10,308,679	\$ 10,308,679		
Investments, at fair value	\$ 10,308,679	\$ 10,308,679	\$ -	\$ -

### **Note 5 - Plan Termination:**

Although ECS has not expressed any intent to do so, ECS has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, all participants immediately become 100% vested in their entire account.

### **Note 6 - Income Tax Status:**

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the Internal Revenue Code. Effective January 1, 2018, the Plan adopted a prototype non-standardized 403(b) plan sponsored by the Principal Life Insurance Company. A favorable opinion letter from the Internal Revenue Service was issued on March 31, 2017, regarding the qualified status of the prototype non-standardized 403(b) plan on which the terms of the Plan are based. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

## Retirement Plan

### Notes to the Financial Statements

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

#### Note 7 - Risks and Uncertainties:

The Plan currently provides for investment options in mutual funds. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the nature of risk associated with investment securities, it is at least reasonably possible that changes in the level of risk in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Approximately 35% and 40% of the Plan's investments are held in three accounts with Principal Trust Company at December 31, 2024 and 2023, respectively, as noted below. As such, this is considered to be a concentration of credit risk.

	2024		2023	
	<u>Value</u>	<u>Percentage of Total Investments</u>	<u>Value</u>	<u>Percentage of Total Investments</u>
Investments:				
Principal LifeTime 2025 Fund	\$ 1,550,335	12%	\$ 1,280,575	12%
Principal LifeTime 2040 Fund	1,449,748	12%	1,782,010	17%
Principal LifeTime 2045 Fund	1,338,767	11%	1,148,221	11%
Total	\$ 4,338,850	35%	\$ 4,210,806	40%

#### Note 8 - Related Party Transactions:

All Plan investments are managed by an affiliate of Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Custodian of the Plan. Any purchase or sales of these funds are performed in the open market. Such transactions, while considered a party-in-interest transaction under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.
